# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

January, 1929

---

Newark, N. J., January 8, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, New Jersey, was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of December 31st, 1928, were read and approved.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the hearing be laid over until February 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating the construction, installation and inspection of plumbing and drainage; defining the power of Plumbing Inspectors; authorizing the examination, licensing and registering of persons intending to engage in busi-

ness as Master or Employing Plumbers; fixing the fees for examination and inspection and providing penalties for the violation of any of the provisions of this ordinance, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until February 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line, including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard?

Mr. Harry A. Augenblick, 24 Mechanic Street: Mr. Mayor and members

of the Commission. I appear on behalf of forty or fifty property owners on Sixteenth Avenue. I have had a petition prepared and I expected it would be here at this time. It isn't here yet, but I will hand it to the Commission before the meeting is over. The ordinance provides the improvement shall be a local improvement. Sixteenth Avenue is one of the main arteries of traffic. It extends from Springfield Avenue to Grove Street, and I think some distance beyond Grove Street in Irvington. It is rather a congested street and it is used by nearly everybody—

Mayor Congleton: Let me ask you one or two questions. You are not opposed to the improvement, are you?

Mr. Augenblick: I do not oppose the improvement.

Mayor Congleton: Your proposition is that it should be apportioned the same as Fourteenth and Fifteenth Avenue?

Mr. Augenblick: Correct.

Mayor Congleton: I think the Commissioners are in favor of that. I don't see how we can get away from it.

No one else appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line, including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Commissioner Gillen offered the following amendment:

Amend Section 2, by inserting after the word "and" in the first line, the words "80% of", and by inserting after the word "be" the first word in the second line, the following "paid by the City at large and 20% of the cost thereof shall be", and by striking out the word "the" where it appears as the fourth word in the second line, so that the section will be read as follows:

"Section 2. That said improvement shall be undertaken as a local improvement and 80% of the cost thereof shall be paid by the City at large and 20% of the cost thereof shall be assessed against property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance as amended was then read through by the Clerk, as follows:

An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Sixteenth Avenue from Springfield Avenue to the City Line shall be paved and repaved with asphalt pavement (1½" top-1½" binder) including the street railway track

area, the part outside the street railway track area to be on a new six (6) inch concrete foundation and the part inside of the street railway track area to be on a new concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 13, 1928, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands in the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and 80% of the cost thereof shall be paid by the City at large and 20% of the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the Act above referred to.

Section 3. That the sum of \$239,-

600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$239,-600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Commissioner Brennan moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: The ordinance has been amended and will come up for further consideration three weeks from today.

Commissioner Brennan: I feel on this proposition, Mr. Mayor, we should at some time set down a definite policy relative to these pavements.

Mayor Congleton: I think perhaps

we went too far when we made it eighty and twenty. I think sixty and forty is more equitable.

Commissioner Howe: You are getting pretty close to your margin when you do that.

Mayor Congleton: If it is the consensus of opinion that it should be sixty and forty—is that the consensus of the Commissioners?

Commissioner Brennan: I move you to that effect, Mr. Mayor, that it be the policy of the Board hereafter that all pavements on main arteries be considered that there should be no greater share on the City's part than sixty per cent.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement by purchase, or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: This is the property on Eighteenth Avenue.

Commissioner Gillen: I move the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

I offer in its place an ordinance for the purchase of that portion of the block excluding the paraffine plant.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys

received from the Estate of Alice W. Hayes.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the lands hereinafter particularly described, situate in the City of Newark, County of Essex and State of New Jersey, shall be acquired by the City of Newark, either by purchase or condemnation, for park purposes, in accordance with a decree of the Court of Chancery of New Jersey, dated November 2, 1917, which directed that the funds received by The City of Newark from the Estate of Alice W. Hayes should be used for public park purposes for the use and benefit of the people of the City of Newark, in the name of "Hayes Park":

BEGINNING at the intersection formed by the westerly line of Boyd Street with the southerly line of 18th Avenue; thence along the westerly line of Boyd Street south 24° 32' west 483.47 feet to a point in the westerly line of Boyd Street distant northerly 177.25 feet from the northerly line of Waverly Avenue and at the northeasterly corner of lot No. 23 on Block 2570, as shown on the Tax Maps of the City of Newark; thence westerly at right angles or nearly so to Boyd Street and along the northerly line of lots 23 and 36, on Block 2570, 242.33 feet to a point in the easterly line of Jeliff Avenue distant northerly 178.17 feet from the northerly line of Waverly Avenue; thence along the easterly line of Jeliff Avenue North 38° 11' east 493.25 feet more or less, to the intersection formed by the easterly line of Jeliff Avenue with the southerly line of 18th Avenue; thence along the southerly line of 18th Avenue South 67° 16' east 125.78 feet to the point or place of BEGINNING. Being known as 2-40 Jeliff Avenue, 135-169 Boyd Street and 245-253 18th Avenue.

Section 2. That the total cost of the purchase of said lands shall not exceed the sum of Two Hundred Twenty-Five Thousand Dollars (\$225,000);

Section 3. The sum of Two Hundred Twenty-Five Thousand Dollars (\$225,000) is hereby appropriated from the funds heretofore received by The City of Newark from Estate of Alice W. Hayes for the purpose of acquiring the foregoing described land for public

park purposes, as directed by a decree of the Court of Chancery of New Jersey;

Section 4. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Do you want to be heard on this, Mr. Brams? This is just first reading.

Mr. Herman W. Brams: I just wanted to express to the Commissioners the facts that there was a meeting of the Third Ward Improvement Association last night at which members of the Belmont Avenue Association and Springfield Avenue Association were present, and the consensus of opinion was that the matter of the acquiring of any land within the Third Ward be held off until such time as these three associations have had the opportunity of looking over the territory and deciding where the park should be located.

Mayor Congleton: Will they agree to get us a site within the amount of money we have to spend?

Mr. Brams: They hope to. They know you are limited as far as the amount of money is concerned and if they can get a spot that will serve the purpose within the amount specified we will cooperate with the man in charge. I just wanted to express our thoughts.

Commissioner Gillen moved that January 22, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of moneys received from the Estate of Alice W. Hayes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith

Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response). There is a request here from Mr. Jules E. Tepper that the matter be laid over. He represents the Daughters of Israel Home for the Aged which will be affected by this improvement and he is confined to his home and will appreciate one week's adjournment.

Commissioner Gillen moved that the ordinance be laid over until January 15th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of an alley 8 feet wide, from the easterly side of Renner Avenue easterly about 124 feet to its terminus, the northerly side of said alley intersecting the easterly side of Renner Avenue at a point distant 1,055.06 feet measured in a general southerly direction along the easterly side of Renner Avenue from the northeasterly corner of Renner Avenue and Hunterdon Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of an alley 8 feet wide, from the easterly side of Renner Avenue easterly about 124 feet to its terminus, the

northerly side of said alley intersecting the easterly side of Renner Avenue at a point distant 1,056.06 feet measured in a general southerly direction along the easterly side of Renner Avenue from the northeasterly corner of Renner Avenue and Hunterdon Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the vacation of an alley 8 feet wide, from the easterly side of Renner Avenue easterly about 124 feet to its terminus, the northerly side of said alley intersecting the easterly side of Renner Avenue at a point distant 1,056.06 feet measured in a general southerly direction along the easterly side of

Renner Avenue from the northeasterly corner of Renner Avenue and Hunterdon Street", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of an alley 8 feet wide, from the easterly side of Renner Avenue easterly about 124 feet to its terminus, the northerly side of said alley intersecting the easterly side of Renner Avenue at a point distant 1,056.06 feet measured along the easterly side of Renner Avenue from the northeasterly corner of Renner Avenue and Hunterdon Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus, as laid out on map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1385-V, dated December 22, 1928, shall be vacated as a public street or highway, under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2 That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad, as laid out on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1385-V, dated December 29, 1928, shall be vacated as a public street or highway, reserving, however, to the City of Newark a right of way for existing and additional sewers and water pipes and the right

to enter upon the land to be vacated for the purpose of inspecting, repairing, enlarging, reconstructing or maintaining said sewers and water pipes, their manholes and appurtenances between the lines of said street; under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances and parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as required by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hanford Street from Evergreen Avenue to Carrington Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Hanford Street from Evergreen Avenue to Carrington Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing and resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles, dated January 5, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$34,100.00 is hereby appropriated to pay the cost

of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$34,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Erennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Van Vechten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new 6" concrete base.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Van Vechten Street from Frelinghuysen Avenue to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new 6" concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 5, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall

be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$35,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$35,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Ludlow Street from Dayton Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Ludlow Street from Dayton Street to the City Line shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 5, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause such connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon

said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$37,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$37,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of the introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of Kensington Place 50 feet in width, from South Orange Avenue northerly about 550 feet to a line parallel to and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Kensington Place 50 feet in width, from South Orange Avenue northerly about 550 feet to a line parallel to and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place, as laid out on map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1379-V, dated March 30, 1928, shall be vacated as a public street or highway, under and by virtue of the provisions of Section 1, sub-division (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities", approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage,

and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, That the sum of One Thousand Two Hundred Eighty-One Dollars and Ninety-Four Cents (\$1,281.94) be and the same is hereby appropriated to the persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The following communications were  
received and read:

#### BOARD OF ADJUSTMENT City Hall .

Newark, N. J., January 3, 1929

The Board of Commissioners  
of the City of Newark.  
Honorable Sirs:

At a meeting of the Board of Ad-  
justment held this day resolutions  
were adopted granting the following  
applications for variations from the  
requirements of the Zoning Ordinance:

486-488 Central Avenue, Brooks and  
Kingsbury Tire Company, lessee; Hen-  
ry Buermann, owner; maintenance of  
a gasoline station and public garage.

829-837 Sanford Avenue, William C.  
Buob, owner; gasoline station.

366 Warren Street, H. Demel, owner;  
3-car commercial garage.

164 Ridge Street, Robert Doriety,  
owner; public garage, on condition  
that building set back four feet and  
sprinkler system be installed, and that  
no gasoline be sold or general auto-  
mobile repair work be carried on.

119 McWhorter Street, Anthony En-  
trabartolo, owner; gasoline station.  
and in accordance with Section 9, Chap-  
ter 274, P.L. 1928, the Board of Ad-  
justment respectfully recommends to  
your Honorable Body that the above  
structures and uses be allowed.

Respectfully submitted,

The Board of Adjustment.

R. B. Rankin, Secretary.

Ordered filed.

A communication from Joseph G.  
Wolber relative to a petition filed on

behalf of William C. Buob for variation of zoning ordinance with respect to his premises at 829-37 Sanford Avenue was received, read and on motion ordered filed.

Commissioner Brennan offered the following resolution:

WHEREAS, The Board of Adjustment has recommended in writing to this Board, upon the appeals herein-after set forth to it, from the decision of the Superintendent of Buildings refusing such permits on the ground that such applications do not meet with the requirements of the Zoning Ordinance, that the structures for which applications have been made be allowed:

1. Application of Brooks & Kingsbury Tire Co., lessee and Henry Buermann, owner, for maintenance of a gasoline station and public garage at 496-8 Central Avenue;

2. Application of William C. Buob, owner, for construction of gasoline station at 829-837 Sanford Avenue;

3. Application of H. Demel, owner, for construction of 3-car commercial garage at 366 Warren Street;

4. Application of Robert Doriety, owner, for construction of public garage at 164 Ridge Street, on condition that building set back 4 feet and sprinkler system be installed, and that no gasoline be sold or general automobile repair work be carried on;

5. Application of Anthony Entrabartola, owner, for construction of gasoline station at 119 McWhorter Street;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed forthwith to issue a permit for the respective applications above set forth.

W. J. Brennan  
Jerome T. Congleton  
John Howe,  
Jno. F. Murray, Jr.

Mr. William Krueger, Firemen's Building.

Mr. Mayor and members of the City

Commission: I appear here this morning on behalf of the Shore Realty and Investment Company to protest against the erection of a gasoline station on the property of William C. Buob, which adjoins this property which the Shore Realty and Investment Company owns. I want to protest further against the action of the Board of Adjustment in granting this permit. Before going into the legality of this question I want to call this City Commission's attention to the facts that exist with reference to this Sanford Avenue property. Application has been made five times for this permit. Three times the application was denied and once it was withdrawn. As late as January 6 application had been made for the erection of a gasoline station on this particular property. The Board of Adjustment found that the conditions up there did not warrant the issuance of a permit for another station inasmuch as within two blocks there were two stations selling gasoline. The Board of Adjustment has a regulation, as I understand it, when once an application is denied they will not bring up the same matter for hearing within six months. For the purpose of this application that regulation was suspended. At the meeting the Board of Adjustment suspended the regulation requiring notice to be sent to property owners. However, the matter was adjourned then and notices were thereafter sent out. Now, there is no necessity for a gasoline station on this particular property. We have two gasoline stations there within two blocks of this property and we do not need a third one. Application was made for a fourth gasoline station there and that was denied immediately after this one was passed, and as I see it the only reason it was passed this time was because Senator Wolber appeared on behalf of the claimants.

Commissioner Howe: I do not think that remark is necessary. It is uncalled for and unfair.

Mr. Krueger: It may be unfair and uncalled for, but I have expressed my view, Commissioner Howe. That is my view on the situation.

Mayor Congleton: Senator Wolber appeared in this case at the request of the Veterans' association. This applicant is a veteran and one of the victims of the war. It is about the only

business he can carry on. It is true the matter was turned down once or twice and others granted after this application had been made. The veterans were quite sore about it. Senator Wolber appeared at their request—I happen to know that.

Mr. Krueger: Mr. Mayor, you say that is the only business Mr. Buob is going to carry on, but as I understand it Mr. Buob is not going to carry on that business; he has made a contract for the sale of this property if he can secure a permit he will get a big price for this property.

Mayor Congleton: You don't deny he is an injured and wounded veteran.

Mr. Krueger: I don't know that. I know he is not a well man.

Mayor Congleton: The Shore Realty Company is the one who came into this territory first and took it away from a residential section, isn't that true?

Mr. Krueger: No, sir.

Mayor Congleton: You came here and asked the Board of Adjustment and came before this Board and applied very strenuously for the granting of permits for apartment houses against the wishes of some of the property owners, too, didn't you?

Mr. Krueger: That isn't so, Mr. Mayor.

Commissioner Howe: That is so, because I recall you from that.

Mr. Krueger: Just a moment, Mr. Howe.

Mayor Congleton: I recall distinctly Mr. Hilfers being here several times.

Mr. Krueger: That is not with reference to this particular house. At the time that this house was erected the law permitted the erection of such a building and it was not necessary to appear before this Board and no one did, and the Building Department issued its permit and no one appeared. I did appear subsequently for an apartment house and the zone has subsequently been changed because the City Commission found Sanford Avenue had outlived its usefulness—

Mayor Congleton: The reason the Commissioners came to that conclusion was because after they had used their best endeavors to keep apartment houses off and the courts held

that the ordinance was not constitutional and granted and granted and granted permits, we then felt in fairness to the other property owners Sanford Avenue should be put in a different zone, but we did try strenuously to keep Sanford Avenue in the private residential zone but the courts did not assist us.

Mr. Krueger: However, when this Shore Realty and Investment property was built the law permitted the erection of this type of building and no application was made.

Mayor Congleton: Our ordinance didn't.

Mr. Krueger: The Building Department issued that permit and nobody appeared before the Board of Adjustment. Reference has been made to the time I appeared here for Mr. Hilfers. Sanford Avenue was littered with stores from one end to the other and no builder would go in there to put one or two-family houses up, and at this time that house which was erected on the property adjoining Mr. Hilfers' is the best house on Sanford Avenue.

Mayor Congleton: That is your view of it.

Mr. Krueger: That is Mr. Hilfers' view of it, for I can quote him. He has been through the building and he is thoroughly satisfied with it. Now, this gasoline station is to be erected within 200 feet of a church, and my contention is that any gasoline station erected within 200 feet of a church is illegal. I want to read to you that section of the ordinance which relates to gasoline stations within 200 feet of a church. Section 6a says that, "Under no circumstances shall a permit be issued for the erection or enlargement of a public or commercial garage as defined in the Fire Prevention Code of the City of Newark, or to be used for such purposes in any district, whether it be a business district or an industrial district of any portion or part of a lot situated within a radius of 200 feet of (1) a public school; (2) relates to public schools; (3) Hospital; (4) Church." Now, this property is clearly within 200 feet of the Sanford Heights Presbyterian Church.

Mayor Congleton: They do not object and they request the granting of the permit.

Mr. Krueger: But it isn't within the province of the Church to waive the benefits of this Act any more than a school could waive—

Mr. Myers: I might say for your information that churches and schools have waived the benefits of that section.

Mr. Krueger: I still maintain, Mr. Myers, that this Act is mandatory and says "Under no circumstances," which means that the law has been construed—

Mayor Congleton: Prior to the adoption of the last Zoning Ordinance.

Mr. Krueger: I have read that 1928 law. Do you mean that?

Mayor Congleton: Yes.

Mr. Krueger: I read section of that Act the last time I was here and I think that section 2 of that Act which says that, all laws in effect at the passing of that Act are still in effect unless they are abrogated by the City Commission.

Mayor Congleton: And then there is another section which says that anything that is contrary to the ordinance more than 150 feet out of the district can be granted first by the Board of Adjustment, and if concurred in by this Board, can be granted.

Mr. Krueger: That doesn't relate to this particular section, Mr. Mayor. I have gone through that Act clearly and I have had read that part and it does not affect this ordinance one bit, so that this ordinance still stands. I therefore urge you gentlemen not to grant this permit. We do not want Sanford Avenue littered with gasoline stations. True enough, Mr. Buob may be a veteran. I am a veteran of the war, too. I have not been injured in the war, but aside from that, we have got to look into the entire neighborhood. We don't want to take into consideration just one man. He is going to materially harm us if he erects a gasoline station on that property.

Mayor Congleton: Senator Wolber is in Trenton attending the opening session of the Legislature. He has sent a letter which I would ask the City Clerk to read.

(Communication from Joseph G. Wolber was then read by the City Clerk.)

Mayor Congleton: Is there anything you desire to add, Mr. Yauch?

Mr. John H. Yauch, Jr., Prudential Building.

Mr. Mayor and Commissioners: there are just a few matters I would like to touch on which Mr. Krueger has referred to. When the matter was heard by the Board of Adjustment on December 28 and it was re-opened, they directed that notice be given to all the persons within the area of 200 feet of this property, and that was done. As the Senator says, no one appeared last Thursday objecting to it. As a matter of fact, some of the neighbors in that district appeared and requested the Board to grant the permit; and one lady in particular, as I recall, stated that she could see that the erection of a gasoline station would be better than the erection of such a building as Mr. Krueger has on his property now, because she said the property is not kept up—garbage is strewn around and so on. She said she would much rather have a gasoline station there than stores. Now, Mr. Krueger has also referred to the fact that the City Commission should not disregard the rights of the persons within the neighborhood,—that is, in order to favor a veteran. But, of course, the Commission was disregarding the rights of the people in the neighborhood unless Mr. Krueger feels he constitutes all the rights that should be considered, because everyone in that neighborhood agrees to it outside of Mr. Krueger. Now, it is exceptional that that should be so, because usually you find that you have more competition. In this case it is extraordinary; we have the consent of everyone. Now, that is a matter of extreme importance, I think, in considering this matter. And also, that the question that a gasoline station would be unhealthy, that it would create a menace. Now, I have the certificates and affidavits here but I am not going to refer to them. I think this Board has personal knowledge of the subject; you see them every day. They are modern today. You do not get gasoline fumes; they don't travel more than ten feet from where the gas is being put in the cars. I don't think you could smell gas. The stations are modern; they are kept clean because competition in that field

is great and they have to do it. So outside of that, I think the matter as it was presented to the Board of Adjustment is fully covered by Senator Wolber's letter, and unless there is something in particular that the Commissioners would like to know or need further information on, I have nothing further to say.

Mr. Krueger: Both Senator Wolber and Mr. Yauch appearing for Senator Wolber have emphasized the fact that there is only a single objector in this case. I take it, therefore, our rights should not be protected. Now, I have appeared at meetings of the Board of Adjustment where not a single objector appeared on the application but the Board of Adjustment has rejected the applications with not a single objector present. On Sanford Avenue with this property of Frank Sweiger there was not a single objector present and that application was denied. We had a single objector present in our case but that application was granted.

Mr. Yauch: I do not say the rights of a single objector should not be considered, but in weighing the question, if you have ninety-nine per cent. against it, of course, that should be considered.

Mayor Congleton: Does anyone else desire to be heard in this matter?

Commissioner Brennan: I move the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe: I move the recommendation of the Board of Adjustment be concurred in.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Gillen not voting.

Commissioner Brennan offered the following resolution:

RESOLVED, By the Board of Commissioners of the City of Newark that the following local budget of the City of Newark for the fiscal year 1929, be and the same is hereby approved, in accordance with the provisions of Chapter 192 of the Laws of 1917, and the Acts amendatory thereof and supplemental thereto; and

BE IT FURTHER RESOLVED, That a public hearing upon said Budget be held in the Board Room, City Hall, Newark, New Jersey, on Tuesday, January 22, 1929, at 10:00 A.M., when and where objections thereto may be presented by any taxpayer of said City; and

BE IT FURTHER RESOLVED, That the City Clerk be and he is hereby directed to publish said Budget together with a notice of the time and place of public hearing thereon, in accordance with the law, and also to forward immediately a copy to the Commissioner of Municipal Accounts, at Trenton, New Jersey.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

#### MUNICIPAL BUDGET OF THE CITY OF NEWARK FOR THE YEAR 1929.

Notice of approval of Local Budget of the City of Newark for the fiscal year 1929, and of the time and place of public hearing thereon, to be given by the Board of Commissioners of the City of Newark.

Public notice is hereby given that the Board of Commissioners of the City of Newark, at a meeting of said commission, held January 8, 1929, did approve of the following Local Budget of the City of Newark for the fiscal year 1929, in accordance with the provisions of Chapter 192 of the Laws of 1917 (and the acts amendatory thereof and supplementary thereto), and that the said Board of Commissioners of the City of Newark will give a public hearing upon said Local Budget at a meeting of said commission, to be held in the Board of Com-

missioners' chamber, City Hall, Newark, N. J., on Tuesday, January 22, 1929, at 10 o'clock in the forenoon, when and where objections thereto may be presented by any taxpayer of said municipality.

W. J. EGAN,  
City Clerk.

Dated January 8, 1929.

Commissioner Gillen offered the following resolution.

WHEREAS, The City of Newark has an interest in certain lands in the City of Newark, Essex County, New Jersey, more particularly described as follows:

BEGINNING at the point of intersection of the southeast corner of Second and First Street, as recently opened by the City of Newark; thence along the east line of Second Street south 21° 41' west 189.45 feet; thence south 86° 50' east 165.84 feet to the southwest line of First Street; thence along the same north 27° 18' west 208.42 feet to the point or place of BEGINNING.

Being known and designated as lot No. 48, Block 465, on the Tax Maps of the City of Newark.

and,

WHEREAS, Said lands are not suitable or needed for public use by said City;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of The City of Newark that by virtue of the authority of Article 18, of Chapter 152 of the Laws of 1917, of the State of New Jersey, said interest of the City in said lands be sold, at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality, at least once a week, for two weeks, prior to such sale; and

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized and directed to offer said lands for sale, to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

Charles P. Gillen  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the following bonds be and the same are hereby approved as to sufficiency, and the City Clerk hereby is directed to file the same with the Department of Public Affairs, who in turn file the same with the proper City Officer:

J. B. Gilligan- Casey Co., contract, maintenance and indemnity bonds, for paving and repaving of Green Street from Broad Street to Mulberry Street.

J. B. Gilligan-Casey Co., contract, maintenance and indemnity bonds, for paving Carnegie Avenue from Mt. Olivet Avenue to New Jersey State Highway Route No. 25.

Max Stadelhofer, contract and in-

demnity bonds, for alterations to buildings at 61-63 Chifton Avenue.

The Good Roads Machinery Co. of N. Y., a corporation, for furnishing and delivering Champion Snow Plows. (Contract bond).

Christian P. Hansen, for Electrical Work at Comfort Station at Newark Metropolitan Airport. (Contract and indemnity bonds).

Chris McCann, construction of buildings to house tractors at Haynes Avenue and Bound Creek. (Contract and indemnity bonds).

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

A communication from A. N. Barber, Secretary, Board of Public Utility Commissioners, dated January 4, 1929, in reference to the elimination of the railroad tracks of the Lehigh Valley and Pennsylvania R. R. Companies on Frelinghuysen Avenue in the City of Newark, was received, read and on motion ordered referred to Mayor Congleton.

A communication from Mr. Harry P. Farro, Cedar Grove, N. J., dated December 31, 1928, in reference to Broadcasting Station WGCP was received, read and on motion ordered referred to Mayor Congleton.

A communication from Messrs. Lilien and Lilien, 1860 Broadway, New York City, dated December 31, 1928, congratulating the Board of Commissioners of the City of Newark, the Prudential Insurance Company and Mr. Robert S. Sinclair as sponsors of the idea of building modern facilities for the needy working classes of the City of Newark, was received, read and on motion ordered filed.

The following reports of City Officers were received and ordered filed:

Department of Weights and Measures for December, 1928.

Department of Buildings for December, 1928.

Clerk First District Court for December, 1928.

Clerk Second District Court for December, 1928.

Clerk of Almshouse for December, 1928.

Clerk of Centre Market for December, 1928.

City Clerk (2) for December, 1928.

Richard P. Rooney, Clerk First Criminal Court, for December, 1928.

Ellsworth R. Noble, Clerk First Criminal Court, for December, 1928, Part Traffic.

Robert J. Beckley, Deputy Clerk, Second Criminal Court, Part 1, for December, 1928.

Thomas F. Guthrie, Clerk Second Criminal Court, Part 2, for December, 1928.

Arthur J. Connelly, Clerk Third Criminal Court, Part 1, for December, 1928.

Arthur J. Connelly, Clerk Third Criminal Court, Part 2, for December, 1928.

Elizabeth S. Lewis, Clerk Family Court, for December, 1928.

City Treasurer for December, 1928.

Comptroller for December, 1928.

Mayor Congleton: Has any person any matter to bring to the attention of the Commissioners this morning?

A communication from Louis Schlesinger, Inc., re: Zoning on Elizabeth Avenue, etc. (Sears-Roebuck), dated January 4, 1929, was received, read and on motion ordered referred to the Law Department to prepare ordinance.

Mr. Joel L. Schlesinger, Essex Building.

Mr. Mayor and Commissioners: As you no doubt know, the Sears-Roebuck Company has purchased a plot on Elizabeth Avenue for a Department Store. I am representing them and asking on their behalf that the zoning on that block, which is 200 by 450, 90,000 square feet, be changed so that the front of the block be in a business zone, which it is now, and the rest of the block be a light industrial zone. The reason for that is the first thousand feet of this block will be laid out for parking. They will have parking facilities for about 350 cars. Under the

present zoning it is part industrial and part residential and they cannot do that, and that is the reason I make request now to have that amended so that they can take care of the parking. There will be no parking on the street down there.

Commissioner Gillen: I move it be referred to the Law Department to prepare an ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mr. Schlesinger: I thank you.

Mayor Congleton: Does any other person have any other matter to bring to the attention of the Commission? Department of Revenue and Finance.

Office of the City Treasurer,  
City of Newark, N. J.

Jan. 2, 1929.

To the Honorable  
The Commissioners of  
The City of Newark, N. J.

Gentlemen:

John Howe,

Director of Revenue and Finance.

Mayor Congleton: Does anyone wish to be heard?

Mr. Louis K. Press, 786 Broad Street.

Mr. Mayor: I represent Bisogno and Lucetti. They are the owners of a parcel of ground on the northeast corner of Bridge and Ogden Streets, approximately 150 feet square. At the time of the purchase they contemplated erect-

ing there a transmarine service and land gasoline station. It fronts on the Passaic River and is in the industrial zone. The matter was before the Board of Adjustment for several months and they had in view at the time the question about the traffic situation and also the contemplated improvement by the City, County or State. We offered at the time of hearing to enter into an agreement to be drawn by the City's Law Department wherein we waived any damages as a result of any portion of the land which may be taken, and the Board of Adjustment accepted our offer and they granted us a permit. I have been waiting for the agreement, but I understand it came before this honorable body and has been tabled. As to the traffic situation, I might inform Director Brennan that it seems to me that it would have a tendency to divert traffic from Bridge Street and sort of relieve congestion which is in the Director's mind. It really would be a credit to the City and we still stand ready and willing to enter into the agreement with the City, State and County not to claim for any damages. I might also say this, that we are willing and have agreed with the Board of Adjustment to go back far enough so that any improvements which may be made by the County or State or City at any time will not interfere with the City. It was brought to the attention of the owners that we should possibly go back about ten feet and we said we will go back twenty feet because we have sufficient space there, and with that in mind, gentlemen, we would like you to give us consideration for the permit.

Commissioner Brennan: Is it not a fact, Mr. Press, that if the new State Highway which expects to parallel the location in addition to the turnpike travel, is going to make it a very undesirable location for a gas station?

Mr. Press: What my clients have in mind, Mr. Director, is a transmarine station. It really is the first of its kind on the Passaic River, and, I might say, it will be a step forward on the river.

Commissioner Brennan: For transmarine purposes. If we didn't have the other matters I wouldn't have any objection to it, but for a gasoline station, knowing as I do the conditions now existing there and the complaints

daily received relative to the congestion and impossible mode of getting over the bridge and the blocking of Ogden Street, it is one of the worst congested corners we have today in the City of Newark.

Mr. Press: I quite agree with you, Mr. Director, but ---

Commissioner Brennan: And the location of a gasoline station right on that corner is naturally going to bring more of a cross travel and create further addition to the blockage.

Mr. Press: Well, if the Director is familiar with the signboards on the ground at present, it really shuts off the view from Ogden Street coming north---

Commissioner Brennan: We expect, Mr. Press, that will be materially eliminated when the highway comes through there as proposed, if it comes through.

Mr. Press: But we want to cooperate in every possible way with the City to relieve the situation there.

Commissioner Brennan: I appreciate you may desire to do that, but my investigation so far discloses to me--- the fact remains that a gasoline station with in and out travel to such a station at a corner as congested as that is at the present time and which would become more so with the erection of a State Highway, is not conducive to the movement of traffic.

Mr. Press: It seems to me that if any improvements are made there by the authorities that certainly is not going to make the situation any worse.

Commissioner Brennan: Wherever you find a highway of any width, properly paved and opened up you are going to attract to it and see attracted to it, without any desire on the part of the municipality or those in charge of it diverting traffic, become in a short time so choked that it is almost impossible for you to move along. I presume you know in some of our improved streets in the downtown section that it is so. You take Washington Street as an illustration. At the time that was being paved people thought it was going to be a wonderful adjunct to Broad Street. It is harder to get along Washington Street than Broad Street now. The same thing applies to any well-paved highway. How-

ever, there are other matters connected with this particular application and permit that are under investigation, and personally I want to go somewhat further into it before I see any action taken by this Commission.

Commissioner Gillen: I move the matter be laid over for one week.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mr. Press: I will be glad to give the Director any information if he will call on me.

Commissioner Brennan: All right, Mr. Press.

Mayor Congleton: Does anyone else wish to be heard?

Mr. John N. Thomson, Federal Trust Building: I would like to submit to you and speak to you a moment about the proposition we have had before Commissioner Gillen to lease Lincoln Park as a parking station. You folks have heard a good deal about this subject and I am not going to try to tell you anything about the advantages of it.

Commissioner Gillen: You mean sub-surface?

Mr. Thomson: Yes, sir. I would like to speak a moment about the business end of it. We are pioneering in this proposition and we are now proposing to go to the section of the City that we believe is coming **very fast**, but at the particular moment is not quite as heavily built up as we would like to see it. Therefore, in estimating our probable income and probable cost of construction we have no criterion on which to go. We have no comparisons to make. And we feel, therefore, in considering this proposition that a certain amount of leeway should be given to considering just those points, because, after all, a successful and proper financing of such a project is one that we must very carefully consider. We want this thing to be a credit to the City as well as to ourselves and it can be provided it is so laid out in the first place that it does not get us into financial difficulties from income. The proposition as submitted would have a capacity for approximately 1,500 cars a floor and we

are contemplating a two-floor proposition. I would also say that is 240,000 square feet to a floor. It makes a big building, a two-floor building costing approximately \$3,000,000. We believe it would be a considerable improvement to the City and a great convenience for the public who drive down to their business every morning and ran around usually four or five blocks to find a place to park.

Mayor Congleton: The travel on the three sides of that park is now very heavy and you think it is a coming section. What could we do if we had a garage taking 1,500 cars to a floor running in and out on those main arteries at rush hours? That is the thing that concerns me very deeply. We might be making the situation worse rather than improving it. I think in the first instance the Commissioners have got to take it up and decide the policy.

Commissioner Gillen: I thought Director Brennan could decide it from the traffic standpoint.

I move this matter be referred to Director Brennan's department for study.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any other citizen have any matter to bring to the attention of the Commission?

Mr. Albert R. Johnson, 38 Shipman Street: I am representing the laborers. We want to call your attention to some conditions that we feel you could help us out on since we have acceded to the five day week in our community, according to the workings—understandings of organized labor we feel that it would help us out in the matter of giving work of the city to the contractors that invariably works a nine-hour day. We feel that this is not equally distributing the labor as it should be and causes a great deal of unemployment that might be eradicated if we could shorten working time of the people who were doing work for the City. We have worked a nine-hour day. You know, that is a 54-hour week, and it is about ten hours more than what we work for the City. It would be 14 hours more

than we would have to work if we could work a five-day week.

Mayor Congleton: What line of work are you engaged in?

Mr. Johnson: In the laboring work.

Mayor Congleton: What department do you work for?

Mr. Johnson: In the Water Division. Laying water pipe. We feel that if the contractors was insisted upon to live up to the law and go along with us with a five-day week, even if he would work an eight-hour day, we would have the work a little bit more evenly distributed. When a contractor works eight men a day of nine hours, of course, that takes a day's work away from some one man. And the understanding seems to be now, especially with the captains of industry, that a five-day week will more readily distribute more evenly the work that is being done throughout our community here and that more men could be employed in that way. We also have our doubts as to whether all the contractors is employing altogether citizen labor and whether they are living up to the minimum wage scale. We know that the contractor is working nine hours; he don't pay anything extra, any bonus for that extra hour which is understood to be paid by men who work longer a day, but in that way he fails to live up to the minimum wage scale.

Commissioner Brennan: How is he overcoming it? How is he overcoming the eight-hour day propositions?

Mr. Johnson: We wish you would find that out for us. I don't know how he is doing it. It seems he has been doing it for the last fifteen years since the law has been passed. The City has every way of finding out how much time the contractor is making because you have inspectors on all contract jobs and you are paying inspectors for the time and a half overtime that he works on that job. The contractor works a nine-hour day, from the very beginning. We agree with him that in an emergency we do work overtime, but very little. Contractors very seldom have an emergency because he goes ahead and lays his work down and there is no emergency, no reason why he should work a nine-hour day, and in opening a street or any other work that he has to do we always find the

contractor works a nine-hour day. You can very easily find that out and how the contractor gets by with it. Now is it that he gets by and how has he got by so long in violation to the State law, and we believe you could be helpful to us in eradicating this condition. The eight-hour day law is being violated, and as we said we doubt very much that he is keeping in the bounds of the law in employing his labor because we know numbers of instances where they do not even work a man according to names; they work by numbers. It seems the men hardly know their own names and if they are citizens in our community it seems a queer thing that we cannot converse with them, and we doubt whether they are working citizen labor and also, as I said before, that they are violating the minimum wage scale by working the nine-hour day and by overtime, as we understand it, without paying a bonus for the time given. When he does that he is, of course, working under the minimum wage. We feel that you could help us out in the matter and we accede to the five-day week which would give us forty hours a week and in that way, as I said before, that we might be able to have more men engaged. There is a way for you to find out whether he is employing alien labor and we have a suggestion to make along that line which would probably bring a little revenue in to the City as well as otherwise. It would be no hardship to the laborer himself and we could find out in that way whether he was working citizen labor altogether or not. Now, you know we haven't the machinery, we have no way to find out about these men. We can't go on the job and ask a man who he was or where he was from and all those kinds of things, whether he was naturalized and all that kind of stuff, whether it would be—why he would be gathered up and sent to some other place. But I am sure that the City fathers has a way of finding out such things without going to any great expense, but we have just pointed out to you that you have inspectors on the job and you are paying those inspectors for the overtime they make and naturally you have a chance of finding out how the contractor is getting along.

Mayor Congleton: Do you represent the so-called Citizen's Committee in the Department?

Mr. Johnson: No, sir.

Mayor Congleton: I have received letters signed "Citizens' Committee" and "Non-Citizens' Committee" without individual names and I pay no attention to any such letters because I have no way of getting in touch with the parties and bringing them and talking with them. If anybody in the department has any grievance that he thinks enough of to write a letter and sign his name he will get a reply, but I pay no attention to those letters that come signed by a general committee without any names.

Mr. Johnson: I saw an account of them and we know nothing of that condition.

Mayor Congleton: Well, it came from someone in the Department.

Mr. Johnson: It isn't with us, We have nothing to conceal; we are doing an open-shop service and we have nothing to conceal. We do not consider it altogether a grievance that we are bringing to you now. It is simply a matter that we believe could be adjusted and revised constructively to be helpful, as we are passing through a period of evolution, and I suppose that there can be some improvements made all along the line.

Mayor Congleton: As I understand your point, you men are now working 54 hours a week.

Mayor Congleton: What you want to do is to have that reduced to 40 and you want to put the 40 hours in in five days?

Mr. Johnson: Yes, in five days.

Mayor Congleton: The Commission will take it under consideration.

Mr. Johnson: Thank you.

Mayor Congleton: Does any other person have any other matter to bring to the attention of the Commission? If not, a motion to adjourn will be in order.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

APPROVED

JEROME T CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
W. J. BRENNAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., January 15, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of the meeting of January 8th were read and approved.

The City Clerk presented an ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until January 22nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints in the granite block pavement to be filled with mastic filler.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Van Buren Street from Passaic Avenue to Clifford Street shall be paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints in the granite block pavement to be filled with mastic filler, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street

intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated December 7, 1928, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$165,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$165,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township,

or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that February 5th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hobson Street from Chancellor Avenue to Keer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Hobson Street from Chancellor Avenue to Keer Avenue

shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 10, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$27,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or

notes shall be issued from time to time in an amount not to exceed \$27,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that February 5th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Wyndmoor Avenue from Keer Ave-

nue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Wyndmoor Avenue from Keer Avenue to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 10, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to

the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$11,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$11,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations, and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that February 5th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$500,000 Water Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplementary thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds", and to be dated not later than April 1, 1929, are hereby authorized to be issued for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of the construction and acquisition of water supply systems for The City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1928, and said improvements are of the class described in Clause (C) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or

is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$3,000,000 Water Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds", and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$3,000,000 for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of the construction and acquisition of water supply systems for The City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items, including the payment of the cost and expense of such of said properties or improvements as the City itself is authorized by law to acquire or make, and also the payment of

amounts required to be paid by the City to the North Jersey Water Supply Commission under the provisions of Chapter 71 of the Laws of 1916 of the State of New Jersey, as amended, and contracts between the City and said Commission, for the purpose of defraying the cost and expense of a water supply system in the watershed of the Wanaque River.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1929, and said improvements are of the class described in Clause (C) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinances and give public notice of its in-

troduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$165,000 Public Improvement bonds of The City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Public Improvement Bonds", and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$165,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied in the following sums, to the following purposes, respectively, viz.:

(a) The sum of \$40,000 to the purpose of paying for the erection of an addition to the building now used as a garage for automobiles owned or operated by The City of Newark and located on Empire Street in said City, authorized by ordinance adopted on October 16, 1928, which addition and building are both of fireproof construction, as defined in Clause (C) of Subdivision (1) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The sum of \$125,000 to the purpose of paying for the cost of acquiring land on the northeast corner of Clifton Avenue and Seventh Avenue and on the westerly side of Caroline Street in The City of Newark, for the purpose of erecting a building to be used as a garage for automobiles owned and operated by The City of Newark, or as a stable for horses and vehicles owned by said City, as auth-

orized by ordinance adopted on June 5, 1928, which building shall be of fireproof construction, as defined in said Clause (C).

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said property or improvements, the money herein authorized to be applied to the cost of such properties or improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements or properties for which bonds are hereby authorized to be issued were not completed or acquired prior to April 1, 1928.

(b) The probable periods of usefulness of said improvements and properties, as described in paragraphs (a) and (b) of Section 2 of this ordinance are, respectively, thirty years and forty years, and the average of said periods, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is thirty-seven years, beginning on the date of said bonds.

(c) No part of the cost of the improvements or properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading, as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Public Improvement Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$1,762,000 for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition of lands in The City of Newark for market purposes and the erection on said lands of market buildings, including the original furnishings, equipment, machinery or apparatus required in order to make such buildings suitable for market purposes, the said buildings all to be of fireproof construction, of the class described in Clause (c) of Subdivision (1) of Sub-

section (2) of Section 4 of the said act, the acquisition of which lands and the making of which improvements were authorized by an ordinance entitled "An Ordinance to authorize acquisition of lands to be used for market buildings and market facilities and for the erection thereon of buildings to be used as a public market and a parking station," adopted by the Board of Commissioners of The City of Newark on March 31, 1921.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended.

(a) The improvements for which bonds are hereby authorized to be issued were completed subsequent to February 1, 1925, and said improvements are of the class described in Subdivision (U) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning February 1, 1926.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been duly made and filed with the City Clerk, as therein required.

Section 5 This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Port Newark Improvement Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$2,000,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the following described improvements to be made by The City of Newark, pursuant to authority conferred by Section 13 of Article XXVIII of Chapter 152 of the Laws of 1917, and Sub-

division (J) of Section 1 of Article XX of said statute, and other statutes of the State of New Jersey, viz.:

(a) The making and construction of a channel or channels in navigable waters upon which front the lands heretofore acquired by The City of Newark pursuant to Chapter 272 of the Laws of 1907, and other statutes, for the purpose of constructing and establishing docks and shipping facilities (which lands and the improvements thereon are commonly known as "Port Newark Terminal");

(b) The filling in of said lands;

(c) The construction of bulkheads and docks on said lands and in the water adjacent thereto; and

(d) The acquisition of additional lands for wharves, piers, docks, slips and basins, and for the purpose of connecting docks with highways and railroads within the City, and with other public docks of the City.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1928, and said improvements are of the class described in Subdivision (U) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next

preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751.895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$75,000 Street Cleaning Apparatus Bonds of The City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of the City of Newark, to be known as "Street Cleaning Apparatus Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount

of \$75,000, for the purposes herein-after stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition of equipment, apparatus or furnishings to be used for the cleaning of the public streets of the City of Newark.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said properties, the money herein authorized to be applied to the cost of such properties shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties for which bonds are hereby authorized to be issued were not acquired prior to April 1, 1928, and said properties are of the class described in Subdivision (T) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said properties, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1926, as amended, is ten years, beginning on the date of said bonds.

(c) No part of the cost of the properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751.895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading,

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$75,000 Traffic Signal System Bonds of the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Traffic Signal System Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$75,000, for the purposes hereinafter stated, for which purposes it is necessary to raise the said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition and installing of a traffic lighting signal system on Broad Street, in the City of Newark, from Clinton Avenue to State Street, for the safety and convenience of persons and vehicles using said street.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost

of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements and properties for which bonds are hereby authorized to be issued were not completed or acquired prior to April 1, 1928, and said improvements and properties are of the class described in Subdivision (T) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements and properties, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is ten years, beginning on the date of said bonds.

(c) No part of the cost of the improvements or properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark,

N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the issuance of \$1,500,000 Street and Sewer Bonds of the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Street and Sewer Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$1,500,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied in the following sums to the purpose of paying the share of the cost of the following improvements to be borne by The City of Newark:

#### SCHEDULE

- (8) Summer Avenue, from Eighth Avenue to Bloomfield Avenue, authorized by ordinance adopted on April 19, 1927, and completed on September 1, 1927..... 40,500.00

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said properties or improvements, the money herein authorized to be applied to the cost of such properties or improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties or improvements for which bonds are hereby authorized to be issued were acquired or completed at the times stated in Section 2 of this ordinance.

(b) The probable periods of usefulness of said properties and improvements, as described in Groups (A), (B) and (C) of Section 2 of this ordinance are, respectively, forty years, thirty years and twenty years, computed from the date of acquisition or

completion of said properties or improvements, and the average of said periods, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is twenty-six years, beginning on the date of said bonds.

(c) All special assessments to be levied against property specially benefited by the acquisition of said properties or the making of said improvements, have been levied.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance appropriating \$1,000,000 for school purposes and providing for the issuance of bonds to meet said appropriation.

WHEREAS, The Board of Education of the City of Newark, in the County of Essex, has, by a resolution duly adopted on the 27th day of September, 1928, decided that it is necessary to raise money for the purposes hereinafter stated, and has prepared and delivered to each member of the Board of School Estimate of The City of Newark statements of the amount of money estimated to be necessary for said purposes (which purposes consist entirely of constructing, enlarging, furnishing and equipping of school houses within said City, and do not include ordinary current repairing or furnishing of the character of current expenses); and

WHEREAS, The Board of School Estimate has duly considered such statement so made by the Board of Education and has, by resolution adopted on the 29th day of October, 1928, fixed and determined the total amount necessary for said purposes to be the sum of \$1,000,000, and has made certificates of such amount, which certificates have been delivered to the Board of Education and to the Board of Commissioners of The City of Newark, in the manner provided by law, said purposes and the several amounts proposed to be expended for the several purposes, respectively, being described in the following schedule:

#### SCHEDULE

- (1) For the erection of an addition to the Barringer High School, to consist of an additional gymnasium, cafeteria, social room, and several rooms for recitation purposes .....\$ 300,000.00
- (2) For the erection of an elementary school on Chancellor Avenue, west of Aldine Street, on a plot about 262' x 535', to consist of sixteen classrooms, a two-unit kindergarten, auditorium, gymnasium, teachers' rooms, principal's office, toilets, medical rooms,

shop, etc. .... 350,000.00

- (3) For the erection of an stock room, standard elementary school on Ivy Street, between Richelieu Terrace and Ellery Avenue, on a plot about 200'x320', to consist of sixteen classrooms, a two-unit kindergarten, auditorium, gymnasium, teachers' rooms, principal's office, toilets, medical room, stock room, standard shop, etc.....\$ 350,000.00

Total .....\$1,000,000.00

Now, Therefore The Board of Commissioners of The City of Newark Do Ordain as follows:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, the sum of \$1,000,000 is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that each of the buildings and additions to buildings described in the preambles of this ordinance is of fire-proof construction as defined in Section 76 of said act approved October 19, 1903, as amended, and that the average of the different periods assigned by said Section 76 to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of thirty-seven years, beginning on the date of said bonds.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds", in the aggregate principal amount of \$1,000,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be

d for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be one thousand in number, numbered from 1 to 1000, inclusive, of the denomination of \$1,000 each, to be dated not later than April 1, 1929, and shall bear interest from their date at a rate which shall not exceed four and one-half per centum (4½ %) per annum, payable semi-annually in each year until maturity, and shall mature in annual installments or series, payable on the month and day on which said bonds are dated, in each year as follows, viz: \$25,000 of bonds in each of the years 1930 to 1951, inclusive, and \$30,000 of bonds in each of the years 1952 to 1966, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said City shall be affixed thereto or impressed thereon and attested by the City Clerk. The coupons to be attached to said bonds shall be signed by the fac-simile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on the date of said bonds, at The National State Bank in the City of Newark.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that January 29, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be considered further for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its in-

troduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An Ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specific uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of Districts for said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by extending the Industrial District as shown on the Use District Map so as to include the area described as follows:

Bounded on the north by Stanton Street, on the east by Sherman Avenue, on the south by East Bigelow Street, and on the west by a line one hundred feet east of and parallel to Elizabeth Avenue, and that the Use District Map which accompany said ordinance to which this ordinance is an amendment, be and the same is hereby changed to include within the Industrial District the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that January 29, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The United New Jersey Railroad & Canal Company.

I HEREBY CERTIFY that the following is a true and correct copy from the minutes of action taken at a meeting of the Board of Directors of The United New Jersey Railroad & Canal Company, held at the office of the Company, in Trenton, New Jersey, on the 5th December, 1928.

The following certified copy of a resolution of The Pennsylvania Railroad Company adopted November 28th, 1928, was read:

"RESOLVED, That the Board approves and authorizes the execution of the agreement, substantially in the form this day submitted to the Board, between the City of Newark, New Jersey, The United New Jersey Railroad and Canal Company and The Pennsylvania Railroad Company, Lessee, providing for the construction of improved station facilities and additional tracks in Newark, New Jersey, and new bridges over the Passaic River, upon terms and conditions in the said agreement fully set forth; and that the proper officers are authorized to take such action and execute such papers as may be necessary in connection therewith.

"RESOLVED, That The United New Jersey Railroad and Canal Company is requested to approve thereof."

WHEREFORE it was on motion

RESOLVED, That the Board approves and authorizes the execution of the agreement, substantially in the form this day submitted to the Board, between the City of Newark, New Jersey, The United New Jersey Railroad and Canal Company and The Pennsylvania Railroad Company, Lessee, providing for the construction of improved station facilities and additional

tracks in Newark, New Jersey, and new bridges over the Passaic River, upon terms and conditions in the said agreement fully set forth; and that the proper officers are authorized to take such action and execute such papers as may be necessary in connection therewith.

Attest:

T. F. M. Riegel,  
Secretary.

**The Pennsylvania Railroad Company**  
Office of the Secretary  
General Office, Philadelphia

I HEREBY CERTIFY that the following is a true and correct copy, from the minutes, of action taken at a meeting of the Board of Directors of The Pennsylvania Railroad Company, held at the General Office of the Company, in the City of Philadelphia, on 28th November, 1928.

RESOLVED, That the Board approves and authorizes the execution of the agreement, substantially in the form this day submitted to the Board, between The City of Newark, New Jersey, The United New Jersey Railroad and Canal Company and The Pennsylvania Railroad Company, Lessee, providing for the construction of improved station facilities and additional tracks in Newark, New Jersey, and new bridges over the Passaic River, upon terms and conditions in the said agreement fully set forth; and that the proper officers are authorized to take such action and execute such other papers as may be necessary in connection therewith.

RESOLVED, That The United New Jersey Railroad and Canal Company is requested to approve thereof.

Attest:

Lewis Neilson,  
Secretary.

Agreement between The City of Newark and The United New Jersey Railroad and Canal Company, owner, and The Pennsylvania Railroad Company, its lessee. Dated: January 9, 1929.

**Public Service Coordinated Transport.**

RESOLVED, That the contract between The City of Newark and Public

Service Coordinated Transport for the construction and operation of City Railway in the City of Newark, as presented, be approved; and that the President be and hereby is authorized to execute same for and on behalf of this company; and that the Secretary is hereby authorized to affix the corporate seal thereto and to attest the same.

BE IT FURTHER RESOLVED, that a copy of the contract be spread at length upon the minutes.

I HEREBY CERTIFY that the foregoing is a true and correct copy of a resolution adopted by the Board of Directors of Public Service Coordinated Transport at a meeting held on January 8, 1929.

Charles M. Brender.  
Secretary.

Agreement between The City of Newark and Public Service Coordinated Transport. Dated: January 9, 1929.

Mayor Congleton: These are the contracts executed during the past week and the Clerk is presenting them so they may be made part of the record. A motion that they be received and filed is in order.

Commissioner Brennan: I move they be received and filed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**Board of Chosen Freeholders**  
Hall of Records, Newark, N. J.

**PUBLIC NOTICE** County Budget.

Please note that there will be a public hearing on the Essex County 1929 Budget, Thursday, January 24, 1929, in the Freeholders' Meeting Room in the Hall of Records, Newark, N. J., at 10 o'clock in the forenoon, where objections to said budget may be presented by any taxpayer in the County of Essex.

Frank E. Ward,  
Clerk.

Referred to Director of Revenue and Finance.

A petition from Aurelius Marano relative to the payment of taxes on lots 6, 7 and 8 on block 705 of the tax maps of the City of Newark, was received, read and on motion ordered referred to the Director of Revenue and Finance.

A petition from Louis Cristello relative to the vacation of portion of Willett Street within the lines of Harper Street was received, read and on motion ordered referred to the Mayor.

A communication from the Broad Street Association relative to the construction of a county boulevard was received, read and on motion referred to Mr. Costello and Board of Commissioners to take it up in conference at its meeting next Tuesday.

**Essex County Park Commission**  
810 Broad Street

Newark, N. J., January 10, 1929.

The Honorable Jerome T. Congleton,  
Mayor,  
City of Newark,  
Newark, N. J.

Dear Mr. Mayor:

Enclosed herewith is a certified copy of a resolution passed by the Park Commission, asking for the care, custody and control of the property belonging to the City of Newark on the Passaic River in Belleville.

May I suggest that your Legal Department get in touch with our Counsel, Senator Harrison, as to the method of procedure.

Yours sincerely,  
Robert S. Sinclair,  
President.

Referred to conference.

To the Honorable  
Board of Commissioners of  
The City of Newark:

The undersigned, owners and occupants of property fronting on Park Place in the said City of Newark, hereby respectfully urge that you rescind the recent order making Park Place a one-way street. This order has already resulted in a very considerable loss to us because of the inability of southbound traffic to reach us conveniently and these losses will continue

so long as the present plan is enforced. The street was recently widened, for which a special assessment was levied which was paid by the owners and which was reflected in the rents for the property supposedly benefited. This burden, added to the ever increasing carrying charges, will make the property available but for few purposes unless there is a constant flow of traffic in both directions.

Signed by seven owners  
and occupants.

Referred to Mayor and Director of Department of Public Safety..

Commissioner Howe offered the following resolution:

WHEREAS, Aurelius Marano, of Newark, New Jersey, has made application in writing to this Board setting forth that he has an interest in the real estate situated in the City of Newark, to wit, premises known and designated as Nos. 2, 4 and 6 Monticeth Avenue, and also known as Lots Nos. 6, 7 and 8, on Block 705, upon which there are taxes and assessments accrued, amounting to One thousand two hundred eighty-five dollars (\$1,285.00) with interests and costs, which amount is greater than the assessed valuation of the premises covered;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the Comptroller of said City be and he hereby is authorized and directed to accept the sum of Nine hundred dollars (\$900.00) in full satisfaction of the said taxes and assessments, provided, however, that the applicant shall pay together with the said sum of Nine hundred dollars (\$900.00) the taxes assessed against the said premises for the year 1929, together with lawful interest thereon, and providing further, that the said amount, together with 1929 taxes and interest, is paid to him within thirty days from the date hereof, and he is further directed to cancel all other liens upon the said real property now unpaid. In the event that the sum of Nine hundred dollars (\$900.00) and the 1929 taxes, together with the interest thereon, be not paid within the thirty days hereafter, then all proceedings hereunder shall be without force and effect.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: The application of the transmarine station at Ogden Street was before us last week and was adjourned for one week.

Commissioner Brennan: I move you it is adjourned for two weeks.

Mayor Congleton: Do you want to speak on it, Mr. Press?

Mr. Louis K. Press: Nothing further than I have said last week.

Commissioner Brennan: I want to state for your information that I was informed this morning it would take a week or ten days to get through all the complications that have arisen on it.

Mr. Press: No objection.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission this morning? The Commissioners will remember that our meeting next Tuesday is called at ten o'clock for a public hearing on the budget.

Mr. Edward Amata, 17 Academy Street.

Gentlemen: I would like to know if the Commissioners have decided definitely on where they are going to establish the three parks that were going to be put in the City as the result of the Hayes fund.

Mayor Congleton: We have decided as to one. Commissioner Gillen can answer that.

Commissioner Gillen: Decided definitely?

Mr. Amata: Yes.

Commissioner Gillen: We decided on one definitely on Broadway and Arlington Avenue. There is another one at 18th Avenue and Jelliff Avenue the ordinance for which has passed on first

reading and comes up for final reading next Tuesday. These two are the only two definitely decided on. We were considering another one on Belmont Avenue but have not finally decided on it.

Mr. Amata: Well, I would like to say that I was approached by some citizens in the very heart of the Third Ward and where property can be acquired at a very reasonable cost to the City and at the same time it will clean a section of the city which I think deserves to be cleaned; and I am wondering if I can advise these people if they can get a petition together and have sufficient people to sign it and show sufficient cause to this Board, will it be considered?

Mayor Congleton: Certainly it will be considered. But I suggest that you get in touch with Commissioner Gillen; he has charge of it in the first instance and make known to him what you have—

Commissioner Gillen: Bring in the plot, wherever it is, and I will look it over.

Mr. Amata: I come here at this late day—

Commissioner Gillen: You know, some of these blocks up there are covered with buildings and it isn't within our ability financially to acquire them.

Mr. Amata: The block I am considering the buildings are of small value. I come here late because I was only approached yesterday afternoon.

Mayor Congleton: I would suggest that you get in touch with Commissioner Gillen on it.

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., January 22, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 10 A.M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: This is the time that has been fixed for a public hearing on the municipal budget for 1929. If any citizens desire to be heard, the Commissioners will be glad to hear them.

Mr. Charles H. Aufderhar, Chamber of Commerce: Mr. Mayor and gentlemen of the Commission, I am appearing for the Chamber of Commerce in behalf of Mr. Wollmuth, who has been called for jury duty. I just wish to say that in appearing here the primary purpose of the Chamber is not to oppose expenditures. It fully realizes the necessity of capital outlay for the large projects which have recently been planned and is appreciative of the expenditures incident to the proper administration of municipal government. I might say that we would like to have a little more time, if it could possibly be arranged, for the study of the budget. That is a twenty million dollar budget and we think ten days or two weeks is hardly enough time. Furthermore, the budget published, as published, is not a document that can be intelligently studied, that is, from an administrative point of view, with the object of making any definite recommendations. We have always tried in making these recommendations to make those which would, we believed, effect greater efficiency, and, if economy happened to be incidental to that, of course, it is a factor that should have consideration. We have not at this time any definite recommendations to offer, but there are several studies under way and we have copies of the budget—that is, the detail budget—coming, and we will be glad then to offer our recommendations as they are completed.

Mayor Congleton: Of course, you realize that the time for passing the budget is fixed by statute, and this budget was in the making for many weeks before it was discussed, and the conferences were public, as you know,

because you have heretofore attended them. The budgets have been on file; anyone could have seen them and studied them that cared to. Of course, you realize it would be impossible to publish these details in the paper, because here is mine alone, and while it is perhaps large in amount, it has not as many pages as some others. The budget has been in the making since the early part of December.

Mr. Aufderhar: I fully appreciate that, that the budget cannot be published in detail. I am wondering, however, if there could not be some way whereby a consolidated detailed budget statement could not be had, possibly a limited number of copies for distribution to those who wish to study them, because as the budget now is published it is impossible to intelligently study or arrive at any definite recommendations. In fact, it is entirely out of the question. We have been very fortunate and we have always received the cooperation of the Commission, as far as obtaining copies of the budget is concerned. The only thing, there is hardly sufficient time between the time of publication and the hearing—that is, the date of publication or official notification and the date of the public hearing—and even though we were able to get hold of the budget, let us say the day it was published, it would be very difficult to analyze it in time to make any intelligent recommendations.

Mayor Congleton: Does any other citizen desire to be heard?

Dr. William G. Hanrahan: Discussing the budget, Mr. Mayor, I would like to be heard on it from several different angles. I think that there has been an unjust criticism leveled at the City Commission, that is, in relation to the running expenses of the City, and I want to dilate and I will ask you to bear with me a little while while I go over this matter. It is a very important matter. I went over the figures, as far as I could obtain them, of the expense of the operation of the City, and I find that the budget is not increased for the great amount of increase of public works and public benefits which have been increased at the same proportion as in former years; and I think the Commission in that respect should receive the commendation of our people. There is only one department of the

City that has had an increase in its office expense, and there was a void left for a long time, I think, as there was a deputy vacancy left. Altogether there has only been an increase of \$443,686, which is a very small matter considering the vast amount of improvements made in the City of Newark in public works and public benefits. It was my lot the other day to go through the City Hospital and find out how that hospital was operated; and I found that they carried an additional 100 beds during the flu epidemic. The capacity is about 650 and they carried 750 beds. And in that department alone there was only an increase, I believe, of \$15,000 asked, which is very small, considering the great care taken of the people of the City of Newark. It is one thing, I believe, the city will have to look to, increasing that in capacity and size and perhaps going out to Ivy Hill. I looked at the food in that department where a lot of our money goes—the people of the City of Newark—and I found it wholesome—not extravagant, but very wholesome and very good. I went into the maternity ward. There the poor mothers get almost the same care as is given in the most expensive hospitals in this country, and that, I think, is a wonderful thing to the poor mothers to go and have their children delivered there almost with the same care. And one of the most wonderful things about it all is, it only costs \$3.50 a bed for the citizens of Newark to carry that. That is a big budget item. There are some people who have been leveling criticism because it is coming near election, on certain lines of the government, and this pertains to the budget as well as to other factors. The Department of Finance has been criticised as being not operated properly. I want to say if there is any one man on the job in the City Hall who takes care of his department, it is John Howe, because I know, because I am in and out of the Hall a great deal, and he tries to give every citizen everything that they are entitled to. I want to commend the building of this addition to the City Hall, and especially that bridge connecting between the two buildings, which is a work of art, and in time to come will be patterned after in many cities of the country, because there are very few stone bridges that are placed in the air connecting build-

ings. There has been a general criticism leveled at the City Commission because there are a lot of factories idle in the Ironbound District with broken windows and vacant. This question pertains to the budget because there are no taxable values. This City Commission cannot change the economic laws of this country, because the very self-same laws exist throughout every great city of the country during this business depression. There are a great many people out of work in this city. It is said three-fourths of the building trades people are out of work. The white collar people are out of work and the common laborer is out of work, and this City Commission cannot change the economic laws that exist from coast to coast and from the St. Lawrence to the Gulf. Another criticism has been leveled at Port Newark and the airport. There has been no bill of particulars furnished, but a lot of generalities—not glittering generalities, because they are duds, they are dead; there is nothing to them but political criticism, and I think the people of Newark ought to get wise to it when it gets near election. Four years ago I took up an economic program myself. I was sincere. I furnished facts and figures. I was decisively beaten. The people of Newark did not want that program, they wanted a program of fairly generous proportions, and if this government, like they did some years ago in Cleveland, cut down to the bone and deprived the people of what they are rightfully entitled to, they would be more roundly criticised if they spent only in fair proportions. And I think these critics, if they would come before the Commission and make constructive criticism, I think they would be doing the city a favor, because we would know just exactly where they are at. They speak of the management of Port Newark and the Airport. And I want to say, if there is any one department in this government that has capable and efficient men at the head of it, it is those departments. Late Mayor Raymond got around him some of the most able men in this country, and Mr. Congleton, I believe, is trying to do the self-same thing, to carry into effect a high class of ability that is productive of good results, and in the long run, very economical. And if the citizens would come more and make

constructive criticism instead of standing on the corners or in the clubs, or otherwise, and making criticism of the government, not having the courage to come here, the Commissioners themselves, I know, would appreciate it. This is a vital matter, the budget, and I am very sorry there has only been one speaker. I have just come in. Perhaps there were more before I got here on this vital matter. They should come here, because this is a public forum and you men, I feel, would co-operate with them in every possible way. And if those gentlemen that are criticising this government have not given any facts whatever; but a lot of generalities, as I have stated; if they would come in the open and make known what these shortcomings are, why, you people, I know, would appreciate it; you would overcome them, if it was possible and within reason, and the citizens of Newark would understand just exactly where they are. I want to say one more thing: There are these critics that criticise the government, and when they are doing it they are not doing this city justice. President Duffield of the Prudential Insurance Company has asked for a closer cooperation of the towns of Essex County with Newark. He is trying to build up. They are trying to destroy because they are driving the townships and the cities in Essex away from Newark when they are leveling that criticism around about waste and extravagance when it does not exist. One more thing in closing is this: that I want to commend Commissioner Brennan as a citizen for appointing Chief McRell, because I believe there is less gross crime in the City of Newark than any city of its size in the United States today, and is due largely to the efficiency and ability of Chief McRell of the Police Department. There are minor offenses, many of them, but how many hold-ups have we heard of when we compare them with other cities of the United States? I think with this I will close, and I want to thank you and I would be very grateful if some of those critics of the government would come forward and come in the open and show their hand and show what they have got, if they have got anything. I think Port Newark and the Airdrome is anything but a circus, and the economic benefits of that great place down there will be felt when the

trunk lines come in and the ocean steamers come in, and when they say there is nothing there, let them go down and see Sears-Roebuck, one of the great institutions of this country, and an enormous lumber yard with millions of feet of lumber, and other commercial enterprises are there now and in the future there will be more. I want to thank you, Mayor and Commissioners of the City of Newark, and I hope you will be able to operate the government with the same economy that you are asking this year in the budget.

Mayor Congleton: Does any other citizen desire to be heard?

(No response).

Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

WHEREAS, The Board of Commissioners of the City of Newark, at a meeting thereof held on January 9th, 1929, did approve of its local budget for the fiscal year 1929, under the provisions of Chapter 192 of the Laws of 1917, and the acts amendatory thereto, and did designate Tuesday, January 22nd, 1929, at 10 A.M., and the Board Rooms in the City Hall as the time and place when and where all objections thereto might be presented by any taxpayer of said municipality, and did direct the City Clerk to publish said budget, together with the notice of time and place of public hearing thereon, as provided for by said act, and also to forward a copy of said budget to the Commissioner of Municipal Accounts; and

WHEREAS, Proof of Publication of said budget and notice of hearing thereon has been filed, showing the publication thereof, as required by law; and

WHEREAS, The Board of Commissioners did meet at the time and place so fixed for the hearing of objections and having given all persons desiring to be heard upon said budget an opportunity to state their objections and having considered the same, therefore, be it

RESOLVED, By the Board of Commissioners of the City of Newark, that the following budget be and the same is hereby adopted as the local budget of the City of Newark for the fiscal year 1929.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

# MUNICIPAL BUDGET OF THE CITY OF NEWARK FOR THE YEAR 1929.

Notice of approval of Local Budget of the City of Newark for the fiscal year 1929, and of the time and place of public hearing thereon, to be given by the Board of Commissioners of the City of Newark.

Public notice is hereby given that the Board of Commissioners of the City of Newark, at a meeting of said commission, held January 8, 1929, did approve of the following Local Budget of the City of Newark for the fiscal year 1929, in accordance with the provisions of Chapter 192 of the Laws of 1917 (and the acts amendatory thereof and supplementary thereto), and that the said Board of Commissioners of the City of Newark will give a public hearing upon said Local Budget at a meeting of said commission, to be held in the Board of Commissioners' chamber, City Hall, Newark, N. J., on Tuesday, January 22, 1929, at 10 o'clock in the forenoon, when and where objections thereto may be presented by any taxpayer of said municipality.

Dated January 8, 1929.

W. J. EGAN,  
City Clerk.

Commissioner Murray: Mr. Mayor and gentlemen; shortly after the death of Mayor Raymond, Mrs. Dorothea B. Ridler came to my office and asked me if I thought we would be pleased to have her make an oil painting of Mayor Raymond for presentation to the City. I inquired of my colleagues and they all agreed that it was a very apropos act on her part and we would appreciate very much her kindly offer. In accordance with that I gave her a photograph which I had of Mayor Raymond and she has produced an oil painting of the Mayor. It is here this morning for presentation to the City. I think it goes without saying that a memento of this kind will be very

highly valued by all of us and by the people generally, and that we will find a proper place to hang it within the City Hall. And with the permission of the rest of the Commissioners, I would like very much to have Mrs. Ridler present that picture. She is not a speech maker. She is a good painter, but a little bit diffident, and her speech will be very short and to the point. Mrs. Ridler, will you come up here so I may present you to the Commission?

Mr. Mayor and gentlemen; this is Mrs. Ridler, and the picture which Mrs. Ridler has painted is the picture you see on the rostrum, now, and I think that most of us agree. that when

you get it in the proper light it is a splendid reproduction of a perfect photograph, and before Mrs. Ridler says anything I am going to take it upon myself to extend to her the thanks of the members of the Commission for her interest in this particular friendly matter to all of us and to congratulate her upon the quality of the work which she has done.

Mrs. Dorothea B. Ridler: It is with great pleasure that I present this portrait of the late Mayor Raymond to the City of Newark.

(Applause).

Commissioner Murray: Thank you very much. And it took two months to paint it.

Mayor Congleton: Mrs. Ridler, on behalf of this City we are very glad to accept this picture at your hands, and I assure you that we will do our best to find a very prominent place in which to hang it.

Mrs. Ridler: Thank you.

(At this time a recess was taken until 11 A.M.)

Mayor Congleton: The meeting will come to order and the clerk will call the roll.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, Our beloved fellow citizen, Felix Fuld, who departed this life on January twentieth, was a dominant, vital, active figure in the growth and development of the City of Newark, as well as in civic, philanthropic, cultural and mercantile affairs beyond the borders of the State and even of the Nation; and

WHEREAS, Throughout his remarkable career he was consumed with a strong and abiding interest in and affection for his fellowman, unlimited testimony of which is presented in his innumerable philanthropies, both public and private, his many years of sustained endeavors to increase educational facilities, his almost unceasing activities in welfare work in which he participated as an officer in state, na-

tional, and even international organizations; and

WHEREAS, He was numbered amongst Newark's greatest citizens; for nearly two-score years he was conspicuous for the high degree of ability which he brought to his labors in playing a most important role toward making Newark the great Meropolitan municipality it has become. Among the foremost leaders of business and finance he was a dominating factor; in civic affairs the same generous impulse which made him outstanding in the nation as a philanthropist also impelled him to give unsparingly of his time and his talents serving on officially appointed boards, taking active part in the proceedings of many civic organizations, and leading movements for the betterment of the public good and the people's welfare time without number; a patron of the fine arts, a lover of music and literature, he gave much of his fortune and ability to develop the spiritual and cultural life of this community; and

WHEREAS, In his great life work, the founding and developing, in association with Louis Bamberger, of one of the great department stores of the nation, he not only demonstrated his talent as a mercantile genius, but he was truly a merchant prince in the fullest sense and was so recognized by international leaders in the realm of business;

NOW THEREFORE BE IT RESOLVED, That the Board of Commissioners of the City of Newark, on behalf of the people of Newark, record this expression of deep loss which the city has suffered through the death of Felix Fuld, and that we express to the family of Felix Fuld our deepest sympathy on their great loss;

AND BE IT FURTHER RESOLVED, That a copy of these resolutions, suitably engraved, be presented to the family that it may preserve in tangible and permanent form some brief outline of the esteem and love which the people of the City of Newark felt for Felix Fuld and that it may be reminded as time goes on of the great reverence which the City of Newark will ever bear for the memory of one of its greatest citizens.

Jerome T Congleton  
John Howe  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray: Mr. Mayor, I would furthermore move that all municipal flags be half-masted for thirty days in respect to the memory of Felix Fuld.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts; and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard?

Resolutions adopted by the Mulberry Street Association and Market Street Association, requesting that the ordinance be amended to read that eighty per cent. of the cost of the improvement be assessed against the City at large, were received and ordered filed.

Mr. Ralph E. Lum, Griffith Building: May it please your Honors, I appear with Mr. Sanford, who is speaking for Senator Harrison, to ask if we may have this matter laid over for approximately two weeks. We realize this is a matter on which the city wants no delay and we want no protracted delay. We have endeavored to work out something with some engineers for the presentation of a plan to the City which we are going to ask you to give consideration to if it shapes as we are informed it will shape. Illness, which is almost universal these days, has

held up progress or we would have had it in shape for you at this meeting, and we are asking if we may have an additional two weeks.

Mayor Congleton: I think we might go on and hear the others who are here.

Mr. J. N. Carter, 497 Mt. Prospect Avenue: Mr. Mayor and Honorable Commissioners: Feeling that this ordinance involves a great project and the expenditure of a large amount of money, the property owners affected thought they could better express their views to the City Commission by organizing. A week ago the owners of property on Mulberry Street met in large numbers, and yesterday another meeting was held at which the owners in the entire zone were represented very largely. In view of the fact that both the primary purpose and effect of this improvement is an integral part of the contemplated municipal improvements in that section of the city, it will lessen traffic congestion and otherwise benefit the general public, I was made Chairman of the Committee to have counsel to represent our Association, the Mulberry Street Association. With your permission, I would like to introduce Mr. Hartshorne, who is our counsel.

Mr. Richard Hartshorne, 9 Clinton Street: Honorable Mayor and Commissioners: I confess as I stand here in front of that portrait that I speak with considerable emotion, in front of the peerless leader of this city for so many years. The present matter concerns a large number of property owners of this immediate vicinity. We have ninety-four signatures already from the Mulberry Street Association alone. We have a considerable number affiliated with the Market Street Association as well. We have only had a week and a half to communicate with these people and a lot of our communications have gone astray. The proposition involved with an estimate of \$3,850,000 is staggering to these property owners. When it comes to pay the assessment undoubtedly many of them will forcibly have to mortgage their properties. With that staring them in the face they have therefore cooperated to call to your Honors' attention the situation as it affects not only them but the public at large. It is obvious that the pur-

pose of this improvement is three-fold. First, to relieve the present traffic congestion in the bottle-neck; second, to connect with the State Highway, which is to run down River Street and across Ward; third, as an integral part of the Pennsylvania-Public Service improvement to affect that entire territory, and each one of those three purposes is a general public purpose. Therefore, it would seem only fair that the bulk of the expense, which is so staggering as to the individuals, should be borne by the public for whose benefit they are made. Now, there is no blinking the fact, and I certainly would not stand here and represent property owners who would blink the fact, that their properties are to be affected to a certain extent and benefits obtained from this improvement, and they should and will stand ready to bear a fair proportion. It comes down, however, to the question, first, of what is the fair proportion, and in the second place, that before they are committed to an improvement which is going to make them mortgage their properties, they ought to have some definite assurance as to what proportion they are going to bear. Now, under the present circumstances, gentlemen, which I need not elaborate upon, it is obvious that the only definite assurance that can be given is an assurance written in the ordinance itself. Accordingly, both of these Associations have joined in resolutions requesting your body to eliminate Section 2 and interpose in lieu of Section 2 the same proposition, placing the bulk of the expense upon the city and a minor part upon the property owners. Now, we cannot quibble and we cannot attempt to dictate percentages. We suggest that it would be fair, under all the circumstances, to place 80% upon the city and 20% upon the property owners; and we submit these resolutions for your consideration. But I think you will agree—I know you agree that it is a major public improvement and that each case should stand upon its own merits and that the objection which has been suggested that this might create an unfortunate precedent is not a well founded one, for these reasons: The purpose of this improvement is to meet an immediate need of traffic congestion. It is to be an integral part of this major improvement. None of the other improvements of a similar nature—

widenings, I mean—in the future can meet those two criterions. If you take an uptown street that is not a part of this improvement at all down here affecting this entire area. If you take Railroad Avenue, that is not subject to the present traffic congestion of Mulberry Street, so that whichever improvement you talk about, you haven't got a precedent and you gentlemen are not creating a precedent which we would not want to make an unfortunate one for you. Therefore, we suggest that the only fair thing for the property owners who are going to meet this staggering burden is to give them definite assurances in the only possible way before they are compelled to pay. That is our suggestion.

Mr. Joseph Zemel, Prudential Building. Mr. Mayor and gentlemen. Mr. Hartshorne has given you a number of reasons why this matter should be a city-wide improvement, and I just want to suggest one or two more. In the first place, the area to be affected immediately by this improvement is a rather small one, at least, for assessment purposes. Part of the frontage on Mulberry Street where it will be widened is taken up by the City Market and other part is taken up by the Plaza which has been leased to Mr. Lefcourt,—I understand the lease was signed yesterday,—and naturally every foot you take out that way leaves so many less feet upon which you can assess the burden—

Mayor Congleton: You are mistaken about that, Mr. Zemel; that property would have to be treated just the same as any other property, and it being city-owned property, it would have to be assumed by the city; it would be assessed just exactly on the same basis as the piece next to it and the city at large would have to assume that assessment.

Mr. Zemel: That is where my ignorance of municipal law comes in. Further, this street will be used to a large extent by the general public in Newark, by traffic going from one part of Newark to another or going from neighboring towns through Newark to another. I do not want to go through the entire matter. I think you realize as well as I do that the station is coming and that is going to use a large part of it. As to the immediate benefit to the property owners, I do not think

there will be any within the next four or five years. After all, property is worth more today than it was yesterday under one condition: if you can get more rent for it today than you could yesterday. If you cannot get a dollar more rent today than you could get yesterday it isn't worth more, and I think my experience and your experience is that these widenings do not increase the rental value. True, in five years the rental value may increase, but today or tomorrow or the time a man has to pay his assessments—but the rental increase that comes in five years is just the natural increase that comes to any part of the city. I do not want to take up time; I feel you will go into the matter, and I think you will give it your careful attention and proper consideration.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Fred Ehrenkrantz, 350 Montrose Avenue, South Orange: I own the southeast corner of Market and Mulberry Streets, the building the drug store is in, the building you contemplate taking away from me, and I am very much against that. The reason I say I am very much against that, I have a large frontage on Market Street and a very small frontage on Mulberry Street, and the thing is pretty well leased up right now and it is paying me a pretty fine rental, and if the city is going to take that away from me I think they are going to do an injustice to me and they are not going to benefit very much by that. I was noticing a piece that was taken away in Harrison Street, East Orange, right at the corner there. There was no difference that it made there, and furthermore, I have compared Market and Mulberry right along with Broadway, New York. It isn't any wider over there than it is right here in Newark, and I think it is very unfair that they have been talking about taking away that corner for twenty-seven years, and I think——

Mayor Congleton: It is too bad they didn't do it before, it wouldn't cost us so much today.

Mr. Ehrenkrantz: Yes, and it is going to cost me a lot of aggravation and I hope you gentlemen will look into that——

Commissioner Brennan: The owner

is reimbursed for anything that is taken.

Mr. Ehrenkrantz: Well, I hope I am, Commissioners. If I am not, I prefer they leave the building right where it is.

Mayor Congleton: The city has to pay you full value.

Mr. Ehrenkrantz: If I get rental value, that is all I ask.

Mayor Congleton: The reason for taking it is not alone to ease off that corner, but it is looking forward to the future when that side of Market Street down as far as the next street in all likelihood will have to be widened, and it would be foolish for us to just take the tip of the corner to make an easy turn and pay pretty near full value and leave the corner——

Mr. Ehrenkrantz: I don't know, gentlemen; I am not surveying the city, but I kind of size it up and I think it looks like the city will have to make a subway on Broad and Market Streets.

Commissioner Brennan: We realize that.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Charles J. Rich, 234 Market Street: Mr. Mayor and Commissioners: I for one didn't ask for the cutting off of the Mulberry Street property and I don't think there is many here that did, and the Washington Street and Market Street property owners did when the widening of that street, and I don't see why we cannot get a fair and sane shape as the Washington Street property owners got.

Mayor Congleton: You are getting exactly the same shape, as you call it, as Washington Street. The ordinance is in exactly the same form.

Mr. Rich: I don't want to stand in the way of progress of the City of Newark.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Herman J. Baum, 834 South 13th Street: I represent 102 to 103 Mulberry Street and 155 to 159 Mulberry Street and my opinion is the same as the former speaker, that the city ought to stand 80% and the property owners 20% for the reason that this will be used for a major improvement. That is all I have to say.

Mayor Congleton: Anyone else?

Mr. William Gaertner, 98 Mulberry Street: Mr. Mayor and Commissioners: I can speak for the property owners between Market and Commerce Streets on Mulberry Street, and Mulberry Street has never been a speculator's street, most of the properties being owned by the older owners, and so far as the rents are concerned, we have never been able to get enough out of the properties to practically cover our taxes. Now, an improvement of this kind unless it is spread over the city at large is going to be a hardship on every owner in that street. I don't see where we are going to benefit within the next five or ten years from the improvement as it is going through when it will be bringing a lot of foreign traffic through the street which don't benefit the street. I have tried to find every way by rebuilding or improving the property that we could get rental enough to cover our taxes, and we found it absolutely an impossibility. On my own place I have a "for sale" sign. We have had it there for seven years and never got a bid on it. We put it through the multiple listing of the city—the multiple listing among real estate brokers. We cannot sell; we are in a position it is going to lower it in addition, and the assessments in addition, and the road we are going to have at present—that is all.

Mr. William S. Righter, 37 Walnut Street: Mr. Mayor and gentlemen: I own a little piece of property on Mulberry Street just where they dip to go down under the Central Railroad. For years we have owned that property. I am way past three score years and ten and I think it was owned by the family before that time, and it has been very, very difficult to meet the taxes, repairs and assessments on that property. It has been hit again and again and again by assessments. First the dip under the railroad, then the repaving—three times, I think—then for Bradford Place, for which I could never see we got a cent benefit—of course, we had to pay—and I am going into that further. You can appreciate my standpoint when I simply say that it hardly carries itself.

Mayor Congleton: Is your property north or south of the Central Railroad?

Mr. Righter: North. Just where it starts to dip down. And I want to emphasize what has gone before, that by spreading this over the entire city as a city benefit, you will not create any precedent because that has already been done on the Mt. Prospect Avenue pavement and other places. I don't know that it is worth while to take up your time, because the point has been so ably put forward already.

Mayor Congleton: Does anyone else desire to be heard today?

Mr. W. C. Andrews, 165-171 Mulberry Street: I represent the W. T. Crane Carriage and Hardware Company and Mrs. Crane. I just want to go on record as approving Mr. Harts-horne's resolution. I feel that Section 2 should be changed so that property owners would bear 20 and the city 80, due to the fact that it is a major improvement for the three reasons already given.

Mayor Congleton: Does anyone else desire to be heard today?

Mr. Carter: Mr. Mayor, I would just like to say a word on the general proposition that the Mulberry Street Association adopted in their resolution. I think the large proportion of the people present are representing that Association. They have shown their interest in this matter by coming in person, and we would be glad to have them all speak, but I think it will take your time unnecessarily. We feel very strongly that it is not a local improvement and that a large proportion should be borne by the city; and we are particularly anxious to have that written in the ordinance. That is our main contention that we may have some assurance at this time that such a proportion will be made, and I simply want to urge at this time the earnest consideration by the Commission of that point.

Mayor Congleton: Well, we will wait until we have completed our hearing. The request now is that this be continued for one week, but inasmuch as two of the Commissioners are going to be away for the next two meetings and the rest of us would desire a full meeting of the Board of Commissioners on this important matter, I would suggest that the further hearing on this matter be adjourned until February 19th.

Commissioner Brennan: I move that

the further hearing be adjourned until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: The Mulberry Street matter is continued until February 19th. There will be nothing further done in the matter until that date.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Mr. Tepper is asking again to have this adjourned.

Commissioner Brennan moved that the ordinance be laid over until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the rebuilding of a portion of the Central Relief Sewer, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the re-

building of a portion of the Central Relief Sewer.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the rebuilding of a portion of the Central Relief Sewer" be taken for its third reading,

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the rebuilding of a portion of the Central Relief Sewer.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard?

Mr. Herman W. Brams: Gentlemen, there was a meeting of the Third Ward Improvement Association last night, at which members of the Belmont and Springfield Avenue Association were present. There seems to be a difference of opinion amongst the three organizations as to just where that park should be located, and it was finally decided that a committee definitely go over the entire section and choose a location that will be suitable, if possible, to the three organizations; or if the matter cannot be decided in that way, then that the matter be left entirely in the hands of the Commissioners. We ask that this matter be laid over, to give this committee an opportunity to go over the section thoroughly and make its decision, if possible. And as I said before, if they cannot decide, then we will leave it entirely in the hands of the Commissioners. There seems to be a feeling that that location is not the best, for the reason that in that location there is a lot of vacant land. It is true that might be bought quite cheaply, but the surrounding section does not lend itself to the establishment of a park or playground, and for that reason we ask it be laid over.

Mayor Congleton: It may be there are some better locations for park and playground purposes, but having looked over that territory personally, I think the city ought not to let the opportunity to buy a piece of property for a playground for the large school across the street go by the board.

Mr. Brams: You mean the Eighteenth Avenue School?

Mayor Congleton: Yes. I think that large school ought to have ample playground space. It may be there could be some other sites around for another park, but we have had the matter of the purchase of this particular piece before us now for at least two months and I do not believe that we can keep the owners up in the air indefinitely. It would cost us a great deal more if some of them go ahead and make some long term leases.

Commissioner Murray: It may be possible that your Committee would take the same piece.

Mr. Brams: Maybe, and we ask your indulgence, as long as you have waited this long, to wait one more week.

Mayor Congleton: The trouble with that is Commissioner Gillen will be away one week from today and it is a matter that he is vitally interested in.

Mr. Brams: They cannot decide it; at least, they should choose.

Commissioner Gillen: I might say for the benefit of Mr. Brams that when the Commissioners inspected that vicinity there as to the location of a park, they looked at this piece and also one on Belmont Avenue and Livingston Street, and I have made up my mind that this piece ought to be acquired and also the one at Belmont Avenue and Livingston Street, because that also has very few buildings of any value upon it and can be acquired at a very reasonable price.

Mr. Brams: You mean it runs from Belmont Avenue through to Livingston Street?

Commissioner Gillen: Yes.

Mr. Brams: Well, you know, facing that on the west there is a great many shops there that sell these old parts of automobiles, and stuff like that.

Mayor Congleton: We saw them.

Mr. Brams: And you may get them

away from that particular section, but across the street, there they are.

Commissioner Murray: Wherever it goes, it will make that property worth more, and they cannot afford to keep it for a junk yard.

Mr. Brams: That is a question.

Commissioner Gillen: You see, the City of Newark is going to grow up in the air, because our area is confined. We are going to go up in apartment houses and tenement houses, and it seems to me the city should acquire as many of these playgrounds as it can acquire, not only there, but in other parts of the city, wherever vacant land exists, because children must have a place to play in the future and the streets are unsafe today because of traffic; and therefore, it seems to me that the city is obligated to provide for the future in the matter of playgrounds and small parks—as many as it can possibly acquire without any injury to property values, to meet the demand that is to come.

Commissioner Brennan: Isn't there a possibility of establishing another park and playground if this under consideration is approved?

Commissioner Gillen: I saw the plot at Belmont Avenue and Livingston Street, but some people up there want a park on this plot or on the other plot. Well, you cannot put a park in everybody's back yard. If you come below Belmont Avenue, the blocks there are covered with so many big buildings that the cost would be prohibitive. It would run into a half a million or a million dollars; so we are trying to acquire those places that have no buildings on them, or buildings of very little value.

Mr. Brams: I took the trouble, last Thursday or Friday, to ride through the entire section, block by block, to check up on it; and I appreciate that there are a great many streets there that you cannot possibly touch because of the land values and buildings on them too. But I still ask that the Commission lay this matter over for a little while.

Mayor Congleton: I am frank to say, when I first heard of this site I was not enthusiastic about it, but after I went up and looked at it and saw this very large public school without sufficient playground space and with this

piece of property directly across the street, with a dead-end street where the park can be very easily fenced along the railroad tracks; it struck me that it was an ideal purchase for the city if it was not for any other purpose than a playground for the school children. And if we buy it now and use it for that purpose, I think we are doing a wonderful thing, myself.

Commissioner Murray: There is a street between the ground and the railroad, anyhow.

Mayor Congleton: Yes, so that they wouldn't run across to the railroad; and it might be, if we buy this now, we may turn it over to the Board of Education as a playground and still go ahead and use the Hayes money for something else.

Mr. Brams: May I ask this: Will the funds available still be of sufficient size so there will be enough money left over to consider another location in the Third Ward?

Commissioner Gillen: I think there is sufficient money to consider one or two other small parks.

Mr. Brams: Because as Commissioner Gillen told me last week, the idea is to pick up these small plots where a little breathing space must be established, and the Third Ward needs it badly.

Commissioner Gillen: Yes, and the city itself will have to do that in the near future.

Mr. Brams: Before I sit down I want to say that at a meeting of the Broadway Association last week, the Association went on record as thanking the Commissioners for having selected the Broadway and Arlington Avenue site for a park.

Mr. Robert L. Corbin, 239 Springfield Avenue: The Association has asked me to come up here and make a report as to this park. Is that the site that the Commission was looking at on Belmont Avenue?

Commissioner Gillen: It is over near Rose—between Rose and Waverly.

Mr. Corbin: Wasn't there something on that about leaving the corner properties on the property?

Commissioner Howe: Yes.

Commissioner Gillen: Yes, the corner would be too valuable to take for the funds we have.

Mr. Corbin: I am not coming up here as a property owner. I am just Secretary of the Association; but don't you gentlemen believe that the corner property on there will take away a lot of sunlight and air from the children?

Commissioner Howe: We have taken all that into consideration. Belmont Avenue is 100 feet wide and the sun crosses right over. It doesn't go north and south, it goes east and west. They will have the sun all day long.

Mr. Corbin: That is the only question we are interested in.

Mayor Congleton: The sun passes right over that tract.

Commissioner Gillen: I would like to take in the corner if we had the money, but we have not got the money.

Commissioner Howe: We took into consideration another thing: that having the corner and with these narrower streets, the children would run out; this way they can only come out on Belmont Avenue where there is plenty of room, and go around the corner. And it will save a lot of money and the sun is on there every day all day long.

Mr. Corbin: Thank you.

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys received from the Estate of Alice W. Hayes", be taken up for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the acquirement by purchase or condemnation of lands in the City of Newark, for park purposes, and providing for the payment thereof out of the moneys

received from the Estate of Alice W. Hayes.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the following additional alterations and improvements in the Main City Hall building be and the same are hereby authorized, to wit:

Electrification of elevators, alteration of offices on first floor, necessary changes in plumbing and heating plants.

2. That the total cost of completion of said additional improvements and alterations shall not exceed the sum of One Hundred and Fifteen Thousand Dollars (\$115,000).

3. Pursuant to the provisions of:

Section 12, Chapter 252, P.L. 1916, and the acts amendatory thereof and supplemental thereto, there shall be issued temporary improvement bonds of The City of Newark, in an aggregate principal amount not exceeding One Hundred Fifteen Thousand Dollars (\$115,000), bearing interest at a rate not to exceed six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of the improvements aforesaid and all incidentals connected therewith in order to make the same suitable for said purposes. All other matters in respect to said temporary improvement bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252, of the Laws of 1916, and the supplements thereof and

amendments thereto, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of One Hundred Fifteen Thousand Dollars (\$115,000.) to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that February 5th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving and resurfacing of Pennsylvania Avenue from Poinier Street to Lincoln Park with asphalt pavement (1 1/2" top-1 1/2" binder) either on a new six (6) inch concrete foundation or on the old base.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Pennsylvania Avenue from Poinier Street to Lincoln Park shall be repaved and resurfaced with asphalt pavement (1½" top-1½" binder) either on a new six (6) inch concrete foundation, or on the old base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 16, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed upon the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$114,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$114,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that February 13th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows.

An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That McWhorter Street from Ferry Street to Elm Street shall be paved and repaved with asphalt pavement (1½" top-1½" binder) including the street railway track area, the part outside of the street railway track area to be on a new six (6) inch concrete foundation and the part inside of the street railway track area to be on a new concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 17, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will

be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed upon the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$70,-100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$70,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that February 13th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage,

and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

A Further Supplement to an Ordinance entitled "An Ordinance to establish the names of certain streets in the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the name of the following public street or highway in the City of Newark, be and the same is hereby changed and shall hereafter be known and designated as follows:

Middlesex Street (also known as Kempel Street) from the Newark-Irvington Line northerly to Ivy Street to be changed to Hillside Terrace.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that February 13th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Custer Place from Custer Avenue to Meeker Avenue shall be repaved with asphalt macadam pavement, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 18, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said

street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that February 13th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Custer Avenue from Elizabeth Avenue to Peshine Avenue with asphalt macadam pavement, including removal of the parkways.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Custer Avenue from Elizabeth Avenue to Peshine Avenue shall be paved and repaved with asphalt macadam pavement, including removal of the parkways, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 18, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating or tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said

connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$19,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$19,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that February 13th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place

when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Pulaski Street from South Street to Malvern Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 18, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said

improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses or making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$23,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$23,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Board of Adjustment,**  
City of Newark,  
N. J.  
City Hall.

January 17, 1929.

The Board of Commissioners  
of the City of Newark, N. J.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, a resolution was adopted granting the following application for a variation from the requirements of the Zoning Ordinance:

61-65 Bragaw Avenue, Hyman Chodakewitz, owner; six additional garages, making a total of nine. The application was granted for four additional garages along the rear lot line.

In accordance with Section 9, Chapter 274, P.L. 1928, the Board of Adjustment respectfully recommends to

your Honorable body that the above structure be allowed.

Respectfully submitted,  
The Board of Adjustment,  
R. B. Rankin, Secretary.

Ordered filed.

Commissioner Brennan offered the following resolutions:

WHEREAS, The Board of Adjustmen has recommended, in writing, to this Board, upon the appeal herein-after set forth to it, from the decision of the Superintendent of Buildings refusing such permit on the ground that such application does not meet with the requirements of the Zoning Ordinance, that the structure for which application has been made be allowed;

Application of Hyman Chodakewitz for construction of six additional garages, making a total of nine; application granted for four additional garages along rear lot line, on property 61-65 Bragaw Avenue;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue a permit for the respective application above set forth.

The following communication was received and read:

Department of Parks and  
Public Property,  
City Hall,  
Newark, N. J.

January 16, 1929.

To the Board of Commissioners of  
The City of Newark.

Gentlemen:

I expect to absent myself from my official duties at the City Hall, for a temporary period, and in order that there may be someone to sign payrolls and to attend to other matters relating to my Department, I would request you to designate Mr. John J. Gillen to act in my place and stead during such temporary absence.

Yours respectfully,

Charles P. Gillen, Director.

Ordered filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, Charles P. Gillen, Di-

rector of the Department of Parks and Public Property, intends to temporarily absent himself from his official duties, for a short period; and,

WHEREAS, Said Charles P. Gillen has requested this Board to designate John J. Gillen to act in his place and stead during such temporary absence;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that under and by virtue of the provisions of Section 19, Article XXXVII, of Chapter 152 of the Laws of 1917, as amended by Section 3, of Chapter 319, of the Laws of 1920, John J. Gillen be and he is hereby designated to act in the place and stead of Charles P. Gillen, Director of the Department of Parks and Public Property, during his temporary absence; and that the acts of said John J. Gillen shall in all respects be legal and binding as if done and performed by said Charles P. Gillen.

Charles P. Gillen  
John Howe  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, The City of Newark has an interest in certain lands in the City of Newark, Essex County, New Jersey, described as follows:

BEGINNING at a point in the easterly line of Third Street distant northerly 317.75 feet from the northerly line of 7th Avenue west, which point is the northwesterly corner of lot 47, on block 464, as shown on the Tax Maps of the City of Newark; thence easterly along the northerly line of lot 47, on block 464, as above mentioned, 140.70 feet to an angle in said line; thence westerly and through lands belonging to the City of Newark 140.70 feet, more or less, to a point in the easterly line of Third Street distant 3 feet northerly from the said beginning point; thence southerly along the said easterly line of Third Street 3 feet to the point or place of BEGINNING.

Being part of lot 48, on Block 464,

as shown on the Tax Maps of the City of Newark.

and,

WHEREAS, Said lands are not suitable or needed for public use by said City;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that by virtue of the authority of Article 18, of Chapter 152, of the Laws of 1917 of the State of New Jersey, said interest of the City in said lands be sold, at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality, at least once a week for two weeks, prior to such sale; and,

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized to offer said lands for sale, to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

Charles P. Gillen  
John Howe  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, John P. Kirkpatrick has agreed to sell to The City of Newark, for the price of \$159,000.00, certain premises in the City of Newark, Essex County, New Jersey:

BEGINNING at the point of intersection of the easterly line of Wakeman Avenue with the southerly line of Arlington Avenue; and thence running (1) along said easterly line of Wakeman Avenue south 28° 31' west 161.88 feet to the line of lands now or formerly of Charles A. Wilson; thence (2) along said line of lands of said Wilson and others south 63° 48' east 350.39 feet, more or less, to the westerly line of Belleville Avenue; thence (3) along said westerly line of Belleville Avenue north 34° 48' east 120.34 feet, more or less; thence (4) still along said westerly line of Belleville

Avenue north 21° 34' east 28 33 feet to the southerly line of Arlington Avenue; thence (5) along said southerly line of Arlington Avenue; thence north 61° 29' west 359.81 feet to the easterly line of Wakeman Avenue and place of BEGINNING.

and,

WHEREAS, In the judgment of this Board, it is advisable that the City purchase said lands, at the price stated, which, in the opinion of this Board, is a fair price;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said Kirkpatrick to sell to the City the property above described, for the sum of \$159,000; and,

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property enter into agreement with said John P. Kirkpatrick for the conveyance of the lands aforesaid to the City, at the price above mentioned; and the said Director and the City Clerk be and they are hereby authorized and directed to execute an agreement of sale, on behalf of the City, for the acquisition by it of the lands aforesaid, which are to be conveyed by Warranty Deed, free and clear of all liens, except taxes for the year 1929, which are to be apportioned as of date of closing title, as more fully will appear by said agreement.

The following communication was received and read:

**Joint Meeting in the  
Matter of an Outlet Sewer**  
City Hall,  
Newark, N. J.

January 17, 1929.

Gentlemen:

At a meeting of the Joint Meeting for Construction, held January, 1929, the following resolution was passed:

RESOLVED, That the several municipalities do raise and pay to the Treasurer of the Joint Meeting the sum of \$100,000.00 which shall be assessed upon the Joint Municipalities in the proportion fixed by the contract between the several Municipalities in accordance with Article IV, Section 2, of said contract; and be it further

RESOLVED, That the Secretary be directed to notify the various Municipalities of such assessment and the proportion to be paid by each; and be it further

RESOLVED, That the said monies be paid to the Treasurer of the Joint Meeting within thirty days of the 17th day of January, 1929.

The portion of the assessment due from the City of Newark is the sum of \$16,340.00, being 16.34% of said \$100,000.00.

Respectfully,

Edward S. Rankin,  
Secretary.

Referred to Mayor and Auditor.

The following reports of City Officers were received and ordered filed:

Overseer of the Poor for November, 1928.

Overseer of the Poor for December, 1928.

The following communications were received and read:

**The Public Library of Newark, N. J.**  
January 18, 1929.

Hon. Jerome T. Congleton,  
City Hall,  
Newark, N. J.

My dear Mayor Congleton:

I am sending you herewith the Annual Report of the Public Library for the year 1928.

Yours truly,  
J. C. Dana.

Ordered filed.

State of New Jersey  
Passaic Valley Sewerage  
Commissioners  
24 Branford Place,  
Newark, N. J.

January 15, 1922.

Hon. Mayor and Board of  
Commissioners of the  
City of Newark,  
City Hall, Newark, N. J.

Gentlemen:

The estimate of the cost of operation and maintenance, cleaning and repair of the Passaic Valley Sewerage System for one year beginning January 1, 1929, has been determined by the Chief Engineer as \$65,000.00, and certified to by the Passaic Valley Sewerage Commissioners at their meeting held January 14, 1929. This estimate is based on the actual cost of operation during the calendar year just passed with an estimated allowance for additional cost due to the natural growth of the district, together with an estimated cost of new equipment, buildings and repair.

Enclosed herewith is a blueprint bearing Acc. No. L-5260, same being an allocation of the estimated expenditures for the period in question. This shows the proportionate share of the City of Newark to be \$306,430.23.

A statement of your account as of January, 15, 1929, has been prepared and is sent you herewith enclosed. Due to certain items that affect the account the net liability of the City of Newark as of January 15, 1929, is \$167,836.36. The balance \$153,215.11 will be due and payable July 1, 1929.

Payment is hereby respectfully requested in accordance with the contract which provides that the first semi-annual payment shall be made within ten days after the receipt of this communication.

Yours very truly,

Passaic Valley  
Sewerage Commissioners,  
By B. W. Terlinde,  
Chairman.

Ordered filed.

The following petitions were received and read:

To the City Commission,  
Newark, N. J.

Gentlemen:

As residents, property owners, manufacturers of the Ironbound Section of Newark, we would respectfully petition your Honorable Body to locate a City park in the Ironbound District, under the provisions of the deed of gift of the late Alice Hayes.

The Ironbound, as you know, is largely industrial, and its residents are mostly employed in industry and its allied interests. As a result, the need of recreation for its people is urgent, while the facilities for obtaining such recreations are limited.

Therefore we feel that the location of a park in this territory would add to the health and comfort of its people and thereby benefit the city as a whole.

Signed by Rev. F. J. Whiteley, 66 Fleming Avenue, and about 229 others.

Referred to Commissioner Gillen.

To the Honorable  
Board of Commissioners of  
The City of Newark.

Gentlemen:

We, the undersigned, residents of what is known as Ironbound Section and more particularly of the Twelfth Ward, do hereby respectfully petition your Honorable Body to grant us a city park on the contemplated site bounded by Passaic Avenue, Ferry Street and Waydell Street and an unnamed street. This property is now under discussion as to the advisability of the site and we urge your Honorable Body to grant us this park on the site as it is practically the only available vacant land in this section and is ideally located for playground and park purposes.

Signed by John O'Connor, Jr., 51 Brill Street, and about 500 others.

Referred to Commissioner Gillen.

Mayor Congleton: Does any citizen desire to bring any matter to the attention of the Commissioners this morning?

Mr. Joseph E. Dunn, Secretary of

The Ironbound Manufacturers' Association.

Representing the Ironbound Manufacturers' Association, our committee here and some other residents of the Ironbound District whose co-operation we have sought in order to crystallize the sentiment in favor of a park—a city park in the Ironbound District—we have here a number of petitions that have been circulated through that territory and have been signed by citizens and property owners; and I will begin by reading the petitions:

"As residents, property owners and manufacturers of the Ironbound section of Newark, we would respectfully petition your Honorable Body to locate a city park in the Ironbound District, under the provisions of the deed of gift of the late Alice Hayes. The Ironbound District, as you know, is large, very industrial, and its residents are mostly employed in industry and its allied interests. As a result, the needs of recreation for its people are urgent, while the facilities for obtaining such recreation are limited. Therefore, we feel that the location of a park in this territory would add to the health and comfort of the people and thereby benefit the city as a whole."

There are probably several hundred signatures here, including individuals, some church organizations, and so forth.

Representing one petition is the Rev. F. J. Whitely, of St. Aloysius' Church, who is here at the table; and the position of the Ironbound Manufacturers' Association is to urge upon the City Commission to designate a park in the Ironbound District.

As far as this organization is concerned, we have not picked out any particular site. Our interest is to have the city decide on the site in the Ironbound District for one of these parks. Again, some of the people that are here may have some preference. We have not. We have no preference for a site or against any site.

Commissioner Brennan: Have you any suggestions?

Mr. Dunn: We have no suggestions. There may be some others here—I understand there are some here today with some suggestions. We have not any, but we feel that if the City Commission will locate a park in the Iron-

bound District, which we believe is entitled to one of these parks, why, we are willing to co-operate in the selection of a site or in the recommendation or selection of several sites.

Commissioner Murray: We all agree with that.

Mr. Dunn: We feel that probably it would be a proper function of the City Commission to decide upon a site, and to make the best deal possible, figuring on the location and the price and the accessibility of the plot. In the negotiations for the last Market Plaza they sought the best terms possible. They stood here that they might follow out that same policy in selecting a site in the Ironbound District. We are not opposed to any site; we do not favor any site. But we are willing to cooperate in the selection of one or Commission will select a site in the Ironbound section—we are willing to cooperate in the selection of one or more sites which are presented here for your consideration. The sentiment is pretty generally crystallized down there; the people feel that they should have one of those parks, and they have been aroused over the report that there was a possibility of a park going somewhere else and the Ironbound being faded out of the picture. That they do not want, of course; and there are some other gentlemen here representing various organizations who, I think, would like to say something, too.

In the meantime, I leave these petitions with the City Commission.

Mr. John F. Rush, 13 Horatio Street.

Mr. Mayor and Commissioners: I speak as a member of a committee of the Saint Aloysius Holy Name Society, and as a resident of the Twelfth Ward.

This is the first time, to my knowledge, that a committee has ever come before this honorable body to seek any improvements for that particular section. It is well known to all of you that there are absolutely no playgrounds in that immediate section; and we are here to urge you to put a park on that side of our ward. We are entitled to it, and we need it. There is a school down there, the Hawkins Street School, and there is absolutely no playground down there. There is no playground east of the Riverbank Park,

and I think it would be an injustice to the families and children of the lower end to ask them to come up to the Riverbank to seek recreation. Therefore, I come here as a member of that committee and as a citizen from that section to urge you gentlemen to give us that park down in that section.

I have a petition here with approximately 700 names on from the immediate section, and I now present it to this Commission; and I hope they will give it the due consideration to which it is entitled.

Commissioner Brennan: Have you any suggestion as to a location?

Mr. Rush: Mr. Commissioner, I am in favor of a park east of Wilson Avenue. That is in the immediate vicinity of Saint Aloysius' Church. We have absolutely no playground there at all—and lots of children.

Commissioner Howe: How about Christie Street?

Mr. Rush: Of course, that is nearer the railroad, and we would have to go to the added expense of putting a great wall around there to fence out the railroad. You are going to jeopardize the safety of the children by allowing them to go over towards the railroad.

Commissioner Brennan: Where else could you put it?

Mr. Rush: Well, take the section that has been recommended: the particular section of Waydell, Passaic Avenue and Ferry Street—it is an ideal location. You have the people from the Island section and the people right from Saint Aloysius' parish and the Trinity Reformed Church.

You have all the children that flow from there.

There is absolutely no place down there for any type of recreation at all. Take the Hawkins Street School: the Board of Education has gone ahead and bought property down there and so far they have not given us a playground. The only thing we have down there is a big hole.

I do not want to stand here and criticize the Board of Education in any sense for that, but I think we are due for a little consideration.

Commissioner Murray: Any chance of that land down where the Neighborhood House is on Freeman Street?

Mr. Rush: That is occupied by St. Aloysius School.

Commissioner Murray: Across the street are the old brewery buildings?

Rev. Fred Whitely: They are using them now for storage.

Commissioner Murray: Wouldn't it be a good thing for you fellows to get rid of them?

Reverend Whitely: Yes, it would.

Commissioner Howe: It is too bad we didn't get to this before they put that Mission House on there.

Reverend Whitely: I would be in favor of it if you could buy a whole block and tear down a lot of those old houses down there that are not occupied by respectable citizens.

Commissioner Howe: You are right in the heart of that neighborhood, aren't you?

Reverend Whitely: Right in the heart of it.

Mr. Owen E. Fox, Wilson Avenue.

Mr. Mayor and Gentlemen: I represent the Radel Leather Company and the Ironbound Manufacturers' Association, and at our last meeting we felt that somebody should be appointed to come and see you gentlemen and urge the necessity of a park in the Ironbound section.

Now, we feel the Ironbound District is being discriminated against in a certain sense, and has been in the past; and it is only recently that they have got a few breathing spaces at the present time.

Now that this money is available and there is still good available plots in the Ironbound Section that can be purchased reasonably, we think we ought to take advantage of it now and give the working people of that section, which naturally you all know is the most congested part of the city; and we feel, also, that if there is a piece of property that is not improved, that it would be a better acquisition for the city to get that and it could be laid out to better advantage for a playground and running tracks and some sports where the boys and girls of the different sections can come after their day's work is done and let them get out and have a little pleasure and recreation. You will always find, if a boy has a chance to work off his energy in a legitimate way and get some recrea-

tion that he is a more desirable citizen than if he has to hang around the corners and break windows, or something like that that gives him a chance to work it off in an undesirable way. For that reason, we think we can get a larger area which is very desirable, rather than go to a bigger expense for a smaller area where you will have to pull down buildings, in twenty years from now, why, that property will be worth probably what it is worth today, and now is the time to take advantage of the unimproved property. Waydell Street is a desirable location. We feel there is no insurmountable obstacle that cannot be overcome, and that properly it should be overcome. If there are other places that are more desirable, all right; but we feel, when you come to a congested area like the Ironbound District, the places where the children do not have a possible chance, why, that is the better place all around.

Somebody suggested getting a couple of ball fields down at Port Newark, but that isn't the problem. It is to give the people, the working people especially, a chance to have a breathing space and get out and have games and let young fellows have a chance to show their endurance qualities and establish running tracks and other places where they can enjoy themselves.

Mayor Congleton: Does anyone else desire to be heard?

Father Whitely: Mr. Mayor and Honorable Commissioners: I am just here to urge the sentiments already expressed. I am a member of Saint Alcyus parish and at present we have no playground there whatsoever for our children. We have a school there with over seven hundred children in it, and I think some provision ought to be made for them. Now, the property at Waydell Street is suggested because it is free of any buildings, but if the Commission could see fit to purchase another property where there are buildings and could have money enough to tear down those buildings, it would be more appropriate to the vicinity of the Church; that would be better, I think, and I would also suggest to the Commission while I am here now that it would be a good proposition to improve the road leading into Newark. I know when I came here several years ago my impressions of

Newark were very poor when I came through from Jersey City, because of the condition of the highway. I felt I was in a jumping ground. Now, every large city today should have a particularly fine approach to it, as first impression is always lasting.

Mayor Congleton: Which street do you refer to?

Father Whitely: When you come from the Plank Road.

Mayor Congleton: We have Passaic Avenue now.

Father Whitely: Just an ordinary strip of park land with a strip of trees is all you need, and it makes it more beautiful. It isn't the paving, it is the side of the street.

Mayor Congleton: We cannot make trees grow in the city any more, Father.

Father Whitely: Thank you very much.

Mr. Joseph McGovern, 79 Filmore Street.

Honorable Mayor: I, as district leader in that Ward in the Fourth District and as a member of the Holy Name Society and appointed on this committee to act in behalf of a part in that section, I wish to state that there are sixteen blocks down there wherein there is no recreational place to take care of the recreational activities. Any corner you go along you will see the children crowded on the dangerous thoroughfares there about them, and for that reason, since the Commissioner here this morning has said in the future they intend to provide parks, I might say we are behind in the Ironbound section and we need not one park, but two of those parks to catch up; and I feel that the section spoken of should be one of the sections considered, because in that section of the island there are some four thousand and children in and around there from the age of five years of age up, and they are to be taken care of. There are thoroughfares there running inlets from New York where the thoroughfares are crowded continually with busy traffic, and I do think that the Commission would act wisely, and I would suggest that two parks be considered,—one of those small ones and a large one,—but at any rate, one is a necessity at the present time, and since there is provision made, I think

we should be extended the privilege of having the park in that section. If not one, two. I could go on specifically and relate instances and recreational things down there, but it isn't my duty to do that. It would take in city and county as well. I just want to recall one instance. There is a playground known in that section as Riverbank Park—known as a playground. In that section ever since—I represented fifty girls and boys of working age desirous of playing in the pastime of tennis. Well, an old ash heap in front of the park house was provided. We tried to work it out and made the best of the condition there and the situation. We had so many turned ankles we had to give up the idea of ever having any enjoyment out of it. As Riverbank Park is now, it has a ball field and there is certainly a need for ball fields in that section. There is two or three recreational centers that the Board of Education provided there, but that takes care of night activities, only, and there is no place to take care of the day activities, no play field; and I would like to take up more time, but I fear it would be burdening you, and I at this time would say I go on record as a citizen and leader of that district made up of the Ironbound make-up, and say there are two parks needed and we are behind; we need two. I don't blame anyone for it, but there is certainly that need, and since we have for the first time presented our case, I think you will give us consideration for at least one park, if not two.

Rev. J. Matthew Toohey:

Gentlemen: I do not want to steal anything away from Saint Aloysius; I would like to see a park down there, because they need it. The city has not given us any park before. The county has been very easy with us down there, but now that the airport is being developed and Fort Newark and the new station coming along, everybody might move down there again, so we have to have more breathing space. We are in favor of a park. We haven't any choice, but we give to the Commission for their consideration the proposition that at some future time they buy property along the river front. Don't let that go. Think of what a fine recreation park that would make in the summer. Many of you men drive down

Passaic Avenue on a summer's night and you find hundreds of people down there, all perched up on that rail like a lot of birds by the hundreds. I was talking to the late Mayor of happy memory before he died, and I understood from him it was his intention at some time to purchase that property and put a park there and to put a pier there—

Commissioner Murray: And a bath house.

Father Toohey: So I would like to ask you to consider that, if not now, at some future time. I do not want to say more than has been said here today.

Commissioner Brennan: I thought you might be talking for the Fifth.

Father Toohey: We haven't got any room in the immediate vicinity of the church for a park that is not built up, but we are humanitarians and we want good for everybody.

Mr. Dennis J. Dacey, 65 Joseph Street:

Honorable Mayor and City Commissioners: I represent one of this committee, but I happen to come from the further end, known as the Island. I have got five children, three going to school. No place to play whatsoever. One day last week a boy six years old, coming from school, had no place to play and went to the Morris Canal skating or else sliding on the ice. The consequences were, he came home soaking wet. He was sick for a couple of days. Now, what we are after is to get an ideal location, which I think is down at Passaic Avenue, Waydell and Ferry Streets. Over on the Island there is one street paved. That is Lister Avenue. About a year or so ago an unfortunate thing occurred down there. Three children were killed. Now, I have submitted to the Chief Engineer's office this morning a petition to have Joseph Street paved. They filled in Joseph Street three weeks ago with some refuse from some pipe place down there—the Lock Joint Pipe Company. There are quite a number of us people who have cars, and we cannot go through our own street for the simple reason that we are continually getting flat shoes. Now, I think that with the paving of Joseph Street and this park down there, it would be a godsend to the children of the Ironbound District.

Mayor Congleton: Didn't we try to pave Joseph Street a while ago?

Mr. Dacey: Brown Street.

Mayor Congleton: We have had several streets up in that section that the Board of Commissioners have been willing to go along and pave, and more than two-thirds of the property owners have protested against it, and that acted as a veto of the ordinance.

Mr. Dacey: Well, that was Albert Avenue. Another thing, Mr. Mayor, on Albert Avenue there is a corporation that has taken their poles down, but you cannot use Albert Avenue with your car for the simple reason you sometimes take a drop of six inches from the car tracks that are there. Now, I think it would be a godsend to get that out of there. We haven't had recognition on that Island, I suppose, for the last fifteen or twenty years. We never had our gutters cleaned, never had the streets graded. The curbing is a mess. Now, there is only one thing we want down there. I have submitted my petition to Mr. Costello's office this morning, with a sample of the stuff that they put in Joseph Street. There is thirty-odd buildings on that particular street and there is nineteen of those people down there signed that petition. Four refused to sign it and six I could not locate, so I think our average is pretty good. Thank you.

Mayor Congleton: Well, we will have a survey made in the Department. We have been very anxious to improve it. We think it would be of great benefit from many angles to get that section cleared up, and if the rest of the property owners were of your same mind, it would not be hard to do it.

Mr. Dacey: There was a false alarm fire down there some two or three weeks ago early in the morning and there was one of the fire apparatus came through that street and I thought—a hook and ladder, rather—I thought he would crack right in half, the way it bounced. Now, if a man is not familiar—

Commissioner Brennan: He did damage it, for your information.

Mr. Dacey: He would break every bit of apparatus there is.

Commissioner Brennan: It had to be sent into the shop.

Mr. Matthey Cumisky: As an old resident of the Twelfth Ward, I would like to say a few words in regard to placing that park. It is a necessity very much needed. There is no place for a man after working all day to come out and take a breathing spell. There is no place for the children to play down there. There is no use talking about any sections; the section that the committee has looked over, I think it would make an ideal place for a park, and by placing a park there it would be the cause of improving that part of the city very much. Those old ancient buildings would be coming down and people would be encouraged to build greater buildings. You know the development of the meadows. You have waterfront down there. That will cause an increase in the population. The people down there will want a place to go. They won't have to go headlong in those cars like a lot of cattle going to and from work. They don't care about riding where they have to go about a mile or maybe two or three and they spend an hour riding in the night. They go to the Vailsburg section and over to Arlington, Harrison, and such places as that.

Mayor Congleton: All the members of the Commission are in favor of the park down in the Ironbound district, so you don't have to argue to convince us of that. It is only a question of agreeing on a location.

Mr. Cumisky: I say as a man who has lived in the Ironbound district all his life, and I don't think here is anybody knows any more about the parks of the Twelfth than I do at the present time, the whole place is built up and congested, and I don't think it is possible for you to select a nicer site than the site that the committee has looked over.

Another thing, Mr. Mayor, and that is the section where the tourists come to your city. They come from all the States of the United States and every one of them passes that spot. Wouldn't it be a nice thing after coming over those meadows to get a spot made beautiful, a nice, beautiful spot? They never go to Broad and Market Streets. They pass back and forth, in and out. It is the oldest part of the city. That is the part of the city that is paying taxes through the manufacturers and

through the citizens when the other sections of your city is being swamps and woods. East side, west side, Hill-side and all of them. She is entitled to some better recognition than she has got at the present time. It is one of the most objectionable parts of your city.

Mayor Congleton: All right, sir.

KNOW ALL MEN BY THESE PRESENTS, That I, Abraham E. Lefcourt, of the City of New York, County of New York and State of New York, am held and firmly bound unto the City of Newark, a municipal corporation of the State of New Jersey, in the sum of Three Million Five Hundred Thousand Dollars (\$3,500,000.00), to which payment well and truly to be made I bind myself, my heirs, executors and administrators, firmly by these presents;

WHEREAS, said Abraham E. Lefcourt has on the day of the date of this bond entered into an Indenture of Lease with The City of Newark covering thaat portion of the so-called Market Plaza property in the City of Newark lying to the west of Commerce Court; and

WHEREAS, in and by paragraph nine (9) of said Lease it is covenanted and agreed that a fireproof building at least twenty stories in height, which building shall be designed for and used for hotel and/or office building, with or without stores, and which building shall be of a value of approximately Three million five hundred thousand dollars (\$3,500,000.00), shall be erected upon the demised premises and completed ready for occupancy on or before the first day of October, 1930;

NOW, THEREFORE, if the said building shall be completed (subject to delays by strikes, acts of God, or other causes beyond the control of the obligor) free and clear of all mechanics' liens or charges for work done or materials furnished to said building on or before the first day of October, 1930, this obligation to be void, otherwise to be and remain in full force and effect;

IN WITNESS WHEREOF, Said Abraham E. Lefcourt has hereunto set his hand and seal, this 21st day af

January, One thousand nine hundred and twenty-nine.

Signed, sealed and delivered  
in the presence of  
Arthur F. Egner.

Abraham E. Lefcourt.

Commissioner Gillen: I want to present to the Board the leases which have been duly executed by the City and Mr. Lefcourt for the Centre Market Plaza, together with Mr. Abraham Lefcourt's bond for the erection of the first building. I think that the City has made a very good bargain in this matter and I think the City should feel quite proud of having a man of Mr. Lefcourt's standing in the building business come to Newark from a great city like New York and to spread his activities in this community. It augurs well for the future growth and prospects of the city. I want to say, Mr. Mayor, that I also have the \$200,000—I had better give that up before I go to Florida—that Mr. Lefcourt has also given to me. I want to say that in trying to figure out what the City would probably get by way of rental and taxes for this property for the next

fifty years, I have computed it in this manner: According to the lease for the first twenty years the City will receive \$4,000,000. I believe at the end of the first twenty years that the value of the property will be at least \$10,000,000, and probably more. We will say for the sake of argument that it is \$10,000,000, and after the first twenty years the tenant has to pay six per cent. on the value of the property from then on until the end of the fifty year period; so I figure the average value of that plot for the last thirty years is \$10,000,000, and six per cent. of that for thirty years would be \$18,000,000. I figure that the City will assess the buildings and furnishing that are put in there for at least the sum of \$5,000,000; and if you compute that for a period of fifty years it leaves the amount of \$8,750,000. If you add all of these sums together you have the figure of \$30,750,000, and then at the end of fifty years you still have the property. We won't be here, but those who are will enjoy the benefit of it.

Mayor Congleton: I think the Commissioner should be congratulated on the consummation of this transaction. I feel as he does that it is a very wonderful thing for our city. The motion is that these leases duly executed be received by the City Clerk and filed and the proper note made in the minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Now, gentlemen, you will recall our meeting with Mr. Sinclair a short time ago and you directed the Law Department to prepare the necessary legislation which would enable the Prudential to carry out, under the supervision of the city, the scheme that was then presented. The Law Department now has the acts in shape and I would ask Mr. Myers to explain the sections to you; and I would like to have, if you approve, your formal approval of the introduction of this legislation so that when we put it in we will have the backing of the full City Commission.

Mr. Myers: I will make it very brief. The first section provides for legislative declaration as to congested sec-

tions, second, provides any corporation having authority to hold, purchase and convey real estate may enter into negotiations with the Board of Commissioners of any city of this state, presenting a plan showing the location of the property, estimate of cost, estimate of rentals which shall assure a return of five per cent; and upon filing that application, if the Board of Commissioners approve it and approve the project and approve the location they can pass the necessary resolution; and when the application is approved that the applicant must acquire the land, and if it is unable to acquire it the Board of Commissioners has the power to condemn; and upon payment to the owners by the City that the City will have the title in fee. But before that is done the investing corporation will have to enter into an undertaking with the City that they will take the land over; and after the land has been acquired it may be conveyed to the investing corporation, and thereafter they shall be charged with the duty of completing it. And it will be the duty of the Commissioners to fix the maximum rental, which shall equal at least five and which shall not exceed six per cent; and it may dispose of the property, but if it does that, it shall be subject to the same conditions for a period of twenty years. After twenty years the land is discharged of any public use and the owner is discharged of its obligations. Which means, that for twenty years at least the rentals will be under the control of the Board of Commissioners of the City. There is a companion act permitting insurance companies to enter into the negotiations and perform the acts referred to in the main act.

Commissioner Brennan: I move that the report of the Corporation Counsel be received and that the legislation be proposed.

Mr. Myers: I might add that in the Insurance Act there is one clause to be added limiting their investment to five per cent., but the present limit of the Prudential Insurance Company would be \$100,000,000, which would be more than ample for anything that Newark would be interested in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Mayor Congleton: Is there any other  
matter to come to the attention of the  
Commission? If not, a motion to ad-  
journ is in order.

Commissioner Howe: I move we ad-  
journ.

The roll being called, the motion  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-

len, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

JNO. F. MURRAY, JR.

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,

City Clerk,

Newark, N J , January 29, 1929

A regular meeting of the Board of Commissioners of the City of Newark, New Jersey, was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners Brennan, Howe, Mayor Congleton.

Absent: Commissioners Gillen and Murray.

The minutes of the meeting of January 22nd were read and approved.

The City Clerk presented An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until February 13th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until February 13th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Hanford Street from Evergreen Avenue to Carrington Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone pres-

ent desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Hanford Street from Evergreen Avenue to Carrington Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the grading, curbing, flagging and paving of Hanford Street from Evergreen Avenue to Carrington Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken up for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hanford Street from Evergreen Avenue to Carrington Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Van Vechten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new 6" concrete base, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until February 26th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading and paving of Ludlow Street from Dayton Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and paving of Ludlow Street from Dayton Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading and paving of Ludlow Street from Dayton Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading and paving of Ludlow Street from Dayton Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Kensington Place 50 feet in width, from South Orange Avenue northerly about 550 feet to a line parallel to and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion

was declared adopted by the following votes.

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Kensington Place 50 feet in width, from South Orange Avenue northerly about 550 feet to a line parallel with and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the vacation of Kensington Place 50 feet in width, from South Orange

Avenue northerly about 550 feet to a line parallel to and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Kensington Place 50 feet in width, from South Orange Avenue northerly about 550 feet to a line parallel to and distant 30 feet measured southerly at right angles from the northerly terminus of said Kensington Place.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line including the

street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving and repaving of Sixteenth Avenue from Springfield Avenue to the City Line including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance authorizing the issuance of \$500,000 Water Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$500,000 Water Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows.

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$500,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of construction and acquisition of water supply systems for The City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvement shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1928, and said improvements are of the class described in Clause (c) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the issuance of \$500,000 Water Bonds of the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issuance of \$500,000 Water Bonds of the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance authorizing the issuance of \$3,000,000 Water Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$3,000,000 Water Bonds of the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Water Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$3,000,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the payment of the cost of the construction and acquisition of water supply systems for the City of Newark, and any part or parts of such systems, and buildings, land and rights in land therefor, or any or all of such items, including the payment of the cost and expense of such of said properties or improvements as the City

itself is authorized by law to acquire or make, and also the payment of amounts required to be paid by the City to the North Jersey District Water Supply Commission under the provisions of Chapter 71 of the Laws of 1916 of the State of New Jersey, as amended, and contracts between the City and said Commission, for the purpose of defraying the cost and expense of a water supply system in the watershed of the Wanaque River.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1928, and said improvements are of the class described in Clause (C) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed in Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

Section 5. That this ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the issuance of \$3,000,000 Water Bonds of the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issuance of \$3,000,000 Water Bonds of the City of Newark.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance authorizing the issuance of \$165,000 Public Improvement Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$165,000 Public Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of the City of Newark, to be known as "Public Improvement Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$165,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied in the following sums, to the following purposes, respectively, viz.:

(a) The sum of \$40,000 to the purpose of paying for the erection of an addition to the building now used as a garage for automobiles owned or operated by The City of Newark and located on Empire Street in said City, authorized by ordinance adopted on October 16, 1928, which addition and building are both of fireproof construction, as defined in Clause (C) of Subdivision (I) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The sum of \$125,000 to the pur-

pose of paying for the cost of acquiring land on the northeast corner of Clifton Avenue and Seventh Avenue and on the westerly side of Caroline Street in The City of Newark, for the purpose of erecting a building to be used as a garage for automobiles owned and operated by The City of Newark, or as a stable for horses and vehicles owned by said City, as authorized by ordinance adopted on June 5, 1928, which building shall be of fireproof construction, as defined in said Clause (c).

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said properties or improvements, the money herein authorized to be applied to the cost of such properties or improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements or properties for which bonds are hereby authorized to be issued were not completed or acquired prior to April 1, 1928.

(b) The probable periods of usefulness of said improvements and properties, as described in paragraphs (a) and (b) of Section 2 of this ordinance are, respectively, thirty years and forty years, and the average of said periods, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is thirty-seven years, beginning on the date of said bonds.

(c) No part of the cost of the improvements or properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.,) have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

The City Clerk presented An ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Public Improvement Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$1,762,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition of lands in The City of Newark for market purposes and the erection on said lands of market buildings, including the original furnishings, equipment, machinery or apparatus required in order to make such buildings suitable for market purposes, the said buildings all to be of fireproof construction of the class described in Clause (c) of subdivision (I) of Sub-section (2) of Section 4 of said act, the acquisition of which lands and the making of which improvements were authorized by an ordinance entitled "An ordinance to authorize the acquirement of lands to be used for market buildings and market facilities and for the erection thereon of buildings to be used as a public market and a parking station," adopted by the Board of Commissioners of The City of Newark on March 31, 1921.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were completed subsequent to February 1, 1925, and said improvements are of the class described in Subdivision (U) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning February 1, 1926.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next pre-

ceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of The City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of The City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252

of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Port Newark Improvement Bonds" and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$2,000,000, for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the following described improvements to be made by The City of Newark, pursuant to authority conferred by Section 13 of Article XXVIII of Chapter 152 of the Laws of 1917, and Subdivision (J) of Section 1 of Article XX of said statute, and other statutes of the State of New Jersey, viz.:

(a) The making and construction of a channel or channels in navigable waters upon which front the lands heretofore acquired by The City of Newark pursuant to Chapter 272 of the Laws of 1907, and other statutes, for the purpose of constructing and establishing docks and shipping facilities (which lands and the improvements thereon are commonly known as "Port Newark Terminal");

(b) The filling in of said lands;

(c) The construction of bulkheads and docks on said lands and in the water adjacent thereto; and

(d) The acquisition of additional lands for wharves, piers, docks, slips and basins, and for the purpose of connecting docks with highways and railroads within the City, and with other public docks of the City.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said improvements, the money herein authorized to be applied to the cost of such improvements shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to April 1, 1928, and said improvements are of the class described in Subdivision (U)

of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, beginning on the date of said bonds.

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of the City of Newark," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of the City of Newark.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented an ordinance authorizing the issuance of \$75,000 Street Cleaning Apparatus Bonds of the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance authorizing the issuance of \$75,000 Street Cleaning Apparatus Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916, of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Street Cleaning Apparatus Bonds," and to be dated not later than April 1, 1929, are hereby authorized to be issued in the aggregate principal amount of \$75,000, for the purposes herein-after stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the acquisition of equipment, apparatus or furnishings to be used for the cleaning of the public streets of The City of Newark.

Section 3. In the event that there are any outstanding temporary loan bonds or notes issued to pay the cost of said properties, the money herein authorized to be applied to the cost of such properties shall be applied to the payment of such bonds or notes.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended.

(a) The properties for which bonds are hereby authorized to be issued were not acquired prior to April 1, 1923, and said properties are of the class described in Subdivision (T) of Sub-section (2) of Section 4 of said Chapter 252 of the Laws of 1916, as amended.

(b) The probable period of usefulness of said properties, computed in the manner prescribed by Section 4 of

said Chapter 252 of the Laws of 1916, as amended, is ten years, beginning on the date of said bonds.

(c) No part of the cost of the properties for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding valuations thereof in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$35,681,723.65.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk, as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The properties or improvements for which bonds are hereby authorized to be issued were acquired or completed at the times stated in Section 2 of this ordinance.

(b) The probable periods of usefulness of said properties and improvements, as described in Groups (A), (B) and (C) of Section 2 of this ordinance are, respectively, forty years, thirty years, and twenty years, computed from the date of acquisition or completion of said properties and improvements, and the average of said periods, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is twenty-six years, beginning on the date of said bonds.

(c) All special assessments to be levied against properties specially benefited by the acquisition of said properties or the making of said improvements, have been levied.

(d) The average assessed valuation of the taxable real property (including improvements) of said The City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$654,751,895.00.

(e) The net debt of said City, computed in the manner provided in said

The roll being calleed, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the issuance of \$1,500,000 Street and Sewer Bonds of The City of Newark.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance appropriating \$1,000,000 for School Purposes and providing for the issuance of bonds to meet said appropriation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance appropriating \$1,000,000 for School Purposes and providing for the issuance of bonds to meet said appropriation.

WHEREAS, The Board of Education of the City of Newark, in the County of Essex, has, by a resolution duly adopted on the 27th day of September, 1928, decided that it is necessary to raise money for the purposes hereinafter stated, and has prepared and delivered to each member of the Board of School Estimate of The City of Newark statements of the amount of money estimated to be necessary for said purposes (which purposes consist entirely of constructing, enlarging,

furnishing and equipping of school houses within said City, and do not include ordinary current repairing or furnishing of the character of current expenses); and

WHEREAS, The Board of School Estimate has duly considered such statement so made by the Board of Education and has, by resolution adopted on the 29th day of October, 1928, fixed and determined the total amount necessary for said purposes to be the sum of \$1,000,000, and has made certificates of such amount, which certificates have been delivered to the Board of Education and to the Board of Commissioners of The City of Newark, in the manner provided by law, said purposes and the several amounts proposed to be expended for the several purposes, respectively, being described in the following Schedule:

- |  |                |
|--|----------------|
| (1) For the erection of an addition to the Barringer High School, to consist of an additional gymnasium, cafeteria, social room, and several rooms for recitation purposes .....   | \$ 300,000.00  |
| (2) For the erection of an elementary school on Chancellor Avenue, west of Aldine Street, on a plot about 262' x 535', to consist of sixteen classrooms, a two-unit kindergarten, auditorium, gymnasium, teachers' rooms, principal's office, toilets, medical rooms, stock room, standard shop, etc. ....             | 350,000.00     |
| (3) For the erection of an elementary school on Ivy Street, between Richelieu Terrace and Ellery Avenue, on a plot about 200'x320', to consist of sixteen classrooms, a two-unit kindergarten, auditorium, gymnasium, teachers' rooms, principal's office, toilets, medical room, stock room, standard shop, etc. .... | 350,000.00     |
| Total .....  | \$1,000,000.00 |

NOW, THEREFORE,

The Board of Commissioners of the City of Newark Do Ordain as follows:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, the sum of \$1,000,000.00 is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that each of the buildings and additions to buildings described in the preamble of this ordinance is of fireproof construction as defined in Section 76 of said act approved October 19, 1903, as amended, and that the average of the different periods assigned by said Section 76 to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of thirty-seven years, beginning on the date of said bonds.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$1,000,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be one thousand in number, numbered from 1 to 1000 inclusive, of the denomination of \$1,000 each, to be dated not later than April 1, 1929, and shall bear interest from their date at a rate which shall not exceed four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, payable semi-annually in each year until maturity, and shall mature in annual installments or series, payable on the month and day on which said bonds are dated, in each year as follows, viz.: \$25,000 of bonds in each of the years 1930 to 1951, inclusive, and

\$30,000 of bonds in each of the years 1952 to 1966, inclusive.

Section 4. The said bonds shall be coupon bonds, registerable as to principal only or as to both principal and interest. The shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said City shall be affixed thereto or impressed thereon and attested by the City Clerk. The coupons to be attached to said bonds shall be signed by the fac-simile signature of said Director. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on the date of said bonds, at The National State Bank in the City of Newark.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance appropriating \$1,000,000 for school purposes and providing for the issuance of bonds to meet said appropriation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance appropriating \$1,000,000 for school purposes and providing for the issuance of bonds to meet said appropriation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone pres-

ent desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by extending the Industrial District as shown on the Use District Map so as to include the area described as follows:

Bounded on the north by Stanton Street, on the east by Sherman Avenue, on the south by East Bigelow Street, and on the west by a line one hundred feet east of and parallel to Elizabeth Avenue;

and that the Use District Map which accompany said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the Industrial District the area above described.

Section 2 This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that the title of an ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location, of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The ordinance having been read three times was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Roanoke Place from Roanoke Avenue to Lentz Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Roanoke Place from Roanoke Avenue to Lentz Avenue shall be graded, curbed and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or

relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 21, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,900.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,900.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement

commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that February 19, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Roanoke Avenue from Manufacturers Branch of Central Railroad to Foundry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Roanoke Avenue from Manufacturers Branch of Central Railroad to Foundry Street shall

be graded, curbed and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 26, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said

improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that February 19, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving

of Foundry Street from Passaic Street to Allegheny Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Foundry Street from Passaic Avenue to Allegheny Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected, on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 26, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connection with the sewer, gas and water mains to the curb lines of said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in propor-

tion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$63,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$63,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that February 19, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Custer Avenue from Elizabeth Avenue westerly about seven hundred and eighty (780) feet.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch reinforced concrete pipe sewer, for storm water only, shall be constructed in Custer Avenue from Elizabeth Avenue in a westerly direction approximately seven hundred and eighty (780) feet, together with all the other appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 17, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$7,500.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other mat-

ters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe moved that February 19, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer in Sixteenth Avenue from South 20th Street to South Sixteenth Street.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That a reinforced concrete pipe sewer, to be used for storm water only, shall be constructed in Sixteenth Avenue from South 20th Street to South 16th Street. The part from South 20th Street to South 19th Street to be eighteen (18) inches in diameter and the balance fifteen (15) inches in diameter, together with all the appurtenances necessary to complete the same under and by virtue of the provisions of an act entitled "An Act

Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 23, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$8,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$8,300.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Brennan moved that February 19, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place

when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a fifteen-inch storm water sewer in Van Buren Street from Chestnut Street to East Kinney Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch reinforced concrete pipe sewer, for storm water only, shall be constructed in Van Buren Street from Chestnut Street to East Kinney Street, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 24, 1929, and now on file in the office of the Department of Public Affairs.

Section 3. That the sum of \$6,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$6,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of

indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

A Resolution fixing the form and terms and providing for the sale of \$815,000 Bonds of The City of Newark, to be issued pursuant to Ordinances heretofore adopted.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, as follows:

Section 1. That \$500,000 Water Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$500,000 Water Bonds of The City of Newark", adopted by the Board of Commissioners of The City of Newark on January 29, 1929, shall be fifty in number, num-

bered from 1 to 50, inclusive, in the order of their maturity, and shall mature and be payable in annual installments as follows; viz., Two bonds of the denomination of \$10,000 each on March 1st, in each of the years 1930 to 1939, inclusive, and one bond of the denomination of \$10,000 on March 1st in each of the years 1940 to 1969, inclusive.

Section 2. That \$165,000 Public Improvement Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$165,000 Public Improvement Bonds of The City of Newark", adopted by the Board of Commissioners of The City of Newark, on January 29, 1929, shall be twenty-five in number, numbered from 1 to 25, inclusive, in the order of their maturity, and shall mature and be payable in annual installments as follows, viz.: One bond of the denomination of \$10,000 on March 1st in each of the years 1930 to 1937, inclusive, and one bond of the denomination of \$5,000 on March 1st in each of the years 1938 to 1954, inclusive.

Section 3. The \$75,000 Street Cleaning Apparatus Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$75,000 Street Cleaning Apparatus Bond" of the City of Newark, adopted by the Board of Commissioners of The City of Newark on January 29, 1929, shall be five in number, numbered from 1 to 5, inclusive, in the order of their maturity, and shall mature and be payable in annual installments as follows: One bond of the denomination of \$15,000 on March 1st in each of the years 1930 to 1924, inclusive.

Section 4. The \$75,000 Traffic Signal System Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$75,000 Traffic Signal System Bonds of the City of Newark", adopted by the Board of Commissioners of The City of Newark on January 29, 1929, shall be five in number, numbered from 1 to 5, inclusive, in the order of their maturity, and shall mature and be payable in annual installments as follows, viz.: One bond of the denomination of \$15,000 on March 1st in each of the years 1930 to 1934, inclusive,

Section 5 The said Water Bonds, Public Improvement Bonds, Street Cleaning Apparatus Bonds and Traffic Signal System Bonds shall be dated March 1, 1929, shall bear interest from their date at the rate of four and one-quarter per centum (4¼ %) per annum, payable semi-annually on March 1st and September 1st in each year, and shall be registered bonds. They shall be signed by the Mayor, countersigned by the Director of the Department of Revenue and Finance, and the seal of the City of Newark shall be affixed thereto and attested by the City Clerk. Both principal and interest of the bonds shall be payable at the National State Bank, in the City of Newark, in gold coin of the United States of America of the standard of weight and fineness existing on the date of said bonds, or the equivalent in lawful money.

Section 6. The said bonds shall be issued in substantially the following form:

No.                      United States of                      No.  
   America

STATE OF NEW JERSEY  
THE CITY OF NEWARK

\$                      .....BOND                      \$

The City of Newark, in the County of Essex, State of New Jersey, for value received hereby acknowledges itself indebted to and promises to pay to the Sinking Fund Commission of The City of Newark, or registered transferee, the sum of

.....DOLLARS (\$        )  
on the first day of March, 19    , with interest thereon from the date hereof at the rate of four and one-quarter per centum (4¼ %) per annum, payable semi-annually on the 1st days of March and September in each year. Both principal and interest of this bond are payable in gold coin of the United States of America of the present standard of weight and fineness, or the equivalent in lawful money, at The National State Bank, in The City of Newark.

This bond is registered on the books of the City and is transferrable only upon presentation to the Comptroller with a written assignment duly acknowledged or proved. Upon presentation of this bond with such assignment, the Comptroller will note such

transfer on this bond and on said books.

This bond is one of an issue of bonds of like date and tenor except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and pursuant to an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 29, 1929.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey, to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of this City, is within every debt and other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

IN WITNESS WHEREOF, The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereunto affixed and attested by its City Clerk, and this bond to be dated March 1, 1929.

Section 7. The offer to purchase said

bonds at par and accrued interest, submitted by the Sinking Fund Commission of The City of Newark, is hereby accepted, and the Mayor, Director of the Department of Revenue and Finance and City Clerk are hereby authorized and directed to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver the same to The Sinking Fund Commission of The City of Newark, upon receipt of the purchase price thereof.

John Howe  
Jerome T. Congleton  
W. J. Brennan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

**A Resolution fixing the form and terms and providing for the sale of \$9,262,000.00 Bonds of The City of Newark, to be issued pursuant to Ordinances heretofore adopted.**

**BE IT RESOLVED**, By the Board of Commissioners of The City of Newark, New Jersey, as follows:

Section 1. The \$3,000,000 Water Bonds of The City of Newark the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$3,000,000 Water Bonds of The City of Newark", adopted by the Board of Commissioners of The City of Newark on January 29, 1929, shall be three thousand in number, numbered from 1 to 3000, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments, as follows, viz.: Sixty bonds on March 15th in each of the years 1930 to 1939, inclusive; seventy bonds on March 15th in each of the years 1940 to 1949, inclusive; eighty bonds on March 15th in each of the years 1950 to 1959, inclusive, and ninety bonds on March 15th in each of the years 1960 to 1969, inclusive.

Section 2. The \$2,000,000 Port Newark Improvement Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$2,000,000 Port Newark Improvement Bonds of the City of Newark", adopted by the Board of Commissioners of The City of Newark on

January 29, 1929, shall be two thousand in number, numbered from 1 to 2000, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments, as follows: Forty bonds on March 15th in each of the years 1930 to 1949, inclusive, and sixty bonds on March 15th in each of the years 1950 to 1969, inclusive.

Section 3. The \$1,762,000 Public Improvement Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$1,762,000 Public Improvement Bonds of The City of Newark", adopted by the Board of Commissioners of the City of Newark on January 29, 1929, shall be seventeen hundred and sixty-two in number, numbered from 1 to 1762, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments, as follows, viz.: Forty bonds on March 15th in each of the years 1930 to 1933, inclusive; forty-one bonds on March 15th in each of the years 1934 to 1945, inclusive; sixty-one bonds on March 15th in each of the years 1946 to 1955, inclusive, and sixty bonds on March 15th in each of the years 1956 to 1965, inclusive.

Section 4. The \$1,500,000 Street and Sewer Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance authorizing the issuance of \$1,500,000 Street and Sewer Bonds of The City of Newark", adopted by the Board of Commissioners of the City of Newark on January 29, 1929, shall be fifteen hundred in number, numbered from 1 to 1500, inclusive, of the denomination of \$1,000 each, and shall mature and be payable in annual installments, as follows, viz.: Fifty bonds on March 15th in each of the years 1930 to 1935, inclusive, and sixty bonds on March 15th in each of the years 1936 to 1955, inclusive.

Section 5. The said Water Bonds, Port Newark Improvement Bonds, Public Improvement Bonds and Street and Sewer Bonds shall be dated March 15, 1929, shall bear interest from their date at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on March 15th and September 15th in each year, and shall be coupon bonds, registerable at the

option of the holder as to principal alone or as to both principal and interest. They shall be signed by the Mayor, countersigned by the Director of the Department of Revenue and Finance, and the seal of The City of Newark shall be thereto affixed and attested by the City Clerk. The coupons to be attached to said bonds shall bear the fac-simile signature of the Director of the Department of Revenue and Finance. Both principal and interest of the bonds shall be payable at The National State Bank in the City of Newark, in gold coin of the United States of America of the standard of weight and fineness existing on the date of said bonds, or its equivalent in lawful money.

Section 6. The said bonds shall be issued in substantially the following form:

No.                      **United States of America**                      No.  
    **STATE OF NEW JERSEY**  
    **THE CITY OF NEWARK**

**\$1,000.....BOND \$1,000**

The City of Newark, a municipal corporation in the County of Essex and State of New Jersey, for value received hereby promises to pay to the bearer, or, if bond be registered, to the registered holder thereof, the sum of

**ONE THOUSAND DOLLARS (\$1,000)**

on the 15th day of March, 19   , with interest thereon from the date hereof at the rate of four and one-half per centum (4½%) per annum, payable semi-annually on March 15th and September 15th in each year, upon presentation and surrender of the annexed coupons therefor as they severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal and interest of this bond are payable in gold coin of the United States of America of the present standard of weight and fineness, or the equivalent in lawful money, at the National State Bank in The City of Newark.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, after which no valid transfer hereof shall be made except on said books until after registered transfer to bear-

er Such registration shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery. At the request of the holder of this bond, it will be converted into a fully registered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable only to the registered holder hereof.

This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of the City of Newark on January 29, 1929.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City, is within every debt or other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

IN WITNESS WHEREOF, The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereunto affixed and attested by its City Clerk, and the annexed coupons to bear the fac-simile signature of said Director, and this bond to be dated March 15, 1929.

.....  
    Mayor.

Section 7. That the \$1,000,000 School Bonds of The City of Newark, the issuance of which was authorized by an ordinance entitled "An Ordinance appropriating \$1,000,000 for school purposes and providing for the issuance of bonds to meet said appropriation", adopted by the Board of Commissioners of The City of Newark on January 29, 1929, shall be issued in substantially the form prescribed above, except that the following paragraph of said form shall be stricken out, viz.:

"This bond is one of an issue of bonds of like tenor, except as to ma-

turity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark, on January 29, 1929."

and there shall be substituted in lieu thereof the following paragraph, viz.:

This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to an Act of the Legislature of the State of New Jersey, entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on January 29, 1929."

Section 8. The bonds shall be sold at public sale upon sealed proposals, at 11:00 o'clock A.M., on March 6, 1929, at the office of the Director of the Department of Revenue and Finance of The City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award bonds and reject bids therefor is hereby delegated to him.

Section 9. The notice of sale of the bonds shall be in substantially the following form:

**NOTICE OF SALE**

The City of Newark, New Jersey.  
\$9,262,000 4 1/2 % Bonds.

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until March 6, 1929, at 11:00 o'clock A.M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The City of Newark of the following authorized issues, viz.:

1. \$3,000,000 Water Bonds, maturing \$60,000 of bonds on March 15th in each of the years 1930 to 1939, inclusive; \$70,000 of bonds on March 15th in each of the years 1940 to 1949, inclusive; \$80,000 of bonds on March

15th in each of the years 1950 to 1959, inclusive, and \$90,000 of bonds on March 15th in each of the years 1960 to 1969, inclusive.

2. \$2,000,000 Port Newark Improvement Bonds, maturing, \$40,000 of bonds on March 15th in each of the years 1930 to 1949, inclusive, and \$60,000 of bonds on March 15th in each of the years 1950 to 1969, inclusive;

3. \$1,762,000 Public Improvement Bonds, maturing, \$40,000 of bonds on March 15th in each of the years 1930 to 1933, inclusive; \$41,000 of bonds on March 15th in each of the years 1934 to 1945, inclusive; \$51,000 of bonds on March 15th in each of the years 1946 to 1955, inclusive, and \$60,000 of bonds on March 15th in each of the years 1956 to 1965, inclusive;

4. \$1,500,000 Street and Sewer Bonds maturing, \$50,000 of bonds on March 15th in each of the years 1930 to 1935, inclusive, and \$60,000 of bonds on March 15th in each of the years 1936 to 1955, inclusive;

5. \$1,000,000 School Bonds, maturing, \$25,000 of bonds on March 15th in each of the years 1930 to 1951, inclusive, and \$30,000 of bonds on March 15th in each of the years 1952 to 1966, inclusive.

All of the bonds will be of the denomination of \$1,000, will be dated March 15, 1929, will bear interest from their date at the rate of four and one-half per centum ( $4\frac{1}{2}\%$ ) per annum, payable semi-annually on March 15th and September 15th, and will be coupon bonds, registerable at the option of the holder as to principal, or as to both principal and interest. Principal and interest will be payable in gold coin of the United States of the present standard of weight and fineness at The National State Bank in The City of Newark.

The several amounts necessary to be raised by the sale of said five bond issues (exclusive of the amount of any interest accrued on the bonds), respectively, are the maximum authorized amounts of said issues, respectively, as stated above; and no more bonds of any issues will be sold than will produce the amount necessary to be raised by the sale of such issues (exclusive of accrued interest) and an additional sum of less than \$1,000 for such issue. If less than the maximum authorized amount

of any issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject any and all bids.

Any bidder may condition his bid on the award to him of two or more of said issues, but in that case, if there is a more favorable bidder for any one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs. Reed, Hoyt & Washburn, of New York, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the United States Mortgage & Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of the City of Newark.

Dated, January , 1929.

.....  
Director of the Department of  
Revenue and Finance of  
The City of Newark.

Section 10. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Hoyt & Washburn, Attorneys, as to the validity of the bonds, to be furnished to the purchaser or purchasers thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon receipt of the purchase price.

Section 11. In the blank space before the word "Bond" in the heading of the bond form set forth in Section 6 of this resolution, and also in the blank space before the word "Bond" in the coupon form set forth in said Section, there shall be inserted the word "Water" for identification of the Water Bonds, and the word "Port Newark Improvement" for identification of the Port Newark Improvement Bonds, the words "Public Improvement" for identification of the Public Improvement Bonds, the words "Street and Sewer" for identification of the Street and Sewer Bonds, and the word "School" for identification of the School Bonds.

W. J. Brennan  
Jerome T. Congleton  
John Howe

The roll being called, the resolution was declared adopted by the following votes:

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office Taxes amounting to Forty-four dollars and eighty-eight cents (\$44.88) on Block 705, Lot No. 1, made up as follows:

1923 Taxes—First half . . . .	\$5.64
Second half . . . .	5.64
1924 Taxes—First half . . . .	5.67
Second half . . . .	5.67
1925 Taxes—First half . . . .	5.67
Second half . . . .	5.67
1926 Taxes—First half . . . .	5.46
Second half . . . .	5.46

Reason for cancellation of the above taxes was that at the sale held by the Comptroller, September 28, 1926, the price received was insufficient to cover all liens.

W. J. Brennan  
Jerome T. Congleton

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

The following communications were received and read:

McCarthy & McTague  
921 Bergen Avenue  
Jersey City, N. J.

January 24, 1929.

Hon. William J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

I have been retained by the 20th Century Tourists Corporation, a corporation of New Jersey, to apply to your Honorable Board of Commissioners, for a municipal consent to operate buses within your city limits, and this

bus company is making an application to the Public Utility Commission to have them approve of the municipal consents to operate between Veterans Square, Jersey City, and Atlantic City, making stops en route to Newark, Elizabeth, Matawan, Freehold, Lakewood and Atlantic City, and I am taking this means of applying to your Honorable Board of Commissioners.

If this application is to be submitted to your City Commission, would you kindly advise me as to the time and place when your Commission will consider this application.

Thanking you for your courtesy, I am

Very truly yours,

Frank P. McCarthy.

Referred to the Mayor.

State of New Jersey  
Board of Commerce & Navigation  
1 Exchange Place  
Jersey City, New Jersey

#### NOTICE

A joint public hearing by the State Board of Commerce and Navigation and the State Highway Commission will be held on Thursday, February 7, 1929, at 2:00 P.M. in the Assembly Room, Newark Chamber of Commerce, 20 Branford Place, Newark, N. J., for the purpose of giving further consideration to the diagonal crossing by State Highway Commission over the Hackensack River between Jersey City and Kearny, on Route No. 1 Extension.

Victor Gelineau,  
Director.

Referred to the Mayor.

Passaic Valley Sewerage  
Commissioners  
24 Branford Place,  
Newark, N. J.

January 22, 1929.

City Clerk of the City of Newark,  
City Hall, Newark, N. J.

Dear Sir:

I am sending you herewith enclosed report of the audit of accounts of the Passaic Valley Sewerage Commissioners by the Comptroller of the Treasury of New Jersey for the fiscal year ending October 18, 1928.

Yours very truly,

J H Quigg,  
Secretary.

Referred to the Mayor.

A communication from Walter R. Darby, Commissioner of Municipal Accounts, regarding the bonding of employees handling funds and also the responsibility for over-expenditures, was received, read and on motion ordered referred to the Director of Revenue and Finance.

A communication from the Board of Public Utility Commissioners relating to a certain public highway in the City of Newark, known as Frelinghuysen Avenue, which crosses at the same level the tracks of the Lehigh Valley Railroad Company and the Pennsylvania Railroad Company, in the City of Newark, was received, read and on motion ordered referred to the Mayor.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission this morning?

Commissioner Brennan: Mr. Mayor, there was a matter referred to my department for investigation which was to come up this morning on the gas station at Ogden and Bridge Streets. I would move you that this be laid over until the 13th when the entire Commission is present.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

Mayor Congleton: If there is no other business to come to the attention of the meeting a motion to adjourn is in order.

Commissioner Brennan: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

### February, 1929

---

Newark, N. J., February 5, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of the meeting of January 29th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for a hearing on the same.

The Board then entered upon said hearing.

Commissioner Brennan moved that the ordinance be laid over until March 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating the construction, installation and inspection of plumbing and drainage; defining the power of plumbing inspectors; authorizing the examination, licensing and registering of persons intending to engage in business as Master and Employing Plumb-

ers; fixing the fees for examination and inspection and providing penalties for the violation of any of the provisions of this ordinance.

Commissioner Murray moved that the ordinance be laid over until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Two petitions protesting against the ordinance for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street, signed by ninety-seven property owners, were received, read and ordered filed.

The City Clerk presented An ordinance to provide for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints in the granite block pavement to be filled with mastic filler, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person wish to be heard on this ordinance?

Mr. Joseph C. Loew, 153 Delancey Street: Mr. Chairman, will you allow

to read this petition or do you want your Secretary to read it?

Mayor Congleton: You can read it or state the substance of it, whichever you please.

Mr. Loew: Well, there isn't very much of it. (Mr. Lowe then read the petition.) We have a petition here, Mr. Chairman, signed by 5,601 lineal feet of the property owners on that street.

Mayor Congleton: Don't you know that the total cost is never assessed on the abutting property?

Mr. Loew: According to the ordinance advertised and the notices sent out it says that the expense of repaving this street would be \$165,700, I believe, and it says that the expense would be charged to the abutting property owners.

Mayor Congleton: According to the benefits received. Now, if the City at large received benefits, which it does not from every street paving, that part is assessed on the city at large. There has never been street paving where the property owners paid 100% for the paving.

Mr. Loew: On Clifford Street within two years ago we petitioned to have that street paved with asphalt, and after we received our assessments we received assessments charging us with at least 98% of the entire cost of the pavement. We objected to it at the Assessment Board but we were told that it was too late, that the assessments had already been confirmed by the Court. If I ain't mistaken, the contract was at that time \$62,000 and the property owners paid about \$60,000 of the entire expense of paving that street.

Mayor Congleton: Was that brand new pavement?

Mr. Loew: Yes.

Mayor Congleton: The first pavement it ever had?

Mr. Loew: Yes.

Mayor Congleton: Of course, in a situation of that kind the abutting property owners get more than if it had a repaving. But this Van Buren Street, for the information of the Commission, from Ferry to Passaic Avenue is granite on sand laid in 1903; Ferry to Walnut Street is granite on sand laid in 1892; Walnut Street to Nichols granite on sand laid in 1897;

Nichols to Clifford Street granite on sand laid in 1903 with brick gutters. From Clifford Street to South Street, granite on concrete, laid in 1911. So these are very old streets and on repaving property owners never get any such assessment as you are talking about.

Mr. Loew: Well, there is through streets in the City of Newark that on observation we find is in worse condition than Van Buren Street. I believe that the property owners in that section who has to pay taxes, and who do, should have to pay for the pavement of this street as long as they feel that with some repairs that the street could be put into condition. We can not understand why it should be torn up just to please some foreign corporation that made application to have that street paved.

Mayor Congleton: The situation is that the city can not keep repairing these old streets that are laid on a sand cushion within the repairing account. This improvement was initiated at the request of the Ironbound Manufacturers Association. They have appeared here and so have private individuals from time to time, saying that they felt their section of the city had been neglected and we have said to them that we were ready to go along with them in so far as we can; and this street is one of the ones that they have requested to be repaved and it is a crosstown street and the city will bear a very substantial part of the assessment.

Mr. Loew: Mr. Chairman, that is one of our objections. We can not understand why the Ironbound Manufacturers Association has the right to come before this Board and propose the improvement of our property. These members have no equity on that street and we object to it.

Mayor Congleton: They use it, don't they? And they have their plants down there.

Mr. Loew: Not in that section.

Mayor Congleton: In the Ironbound Section and they have to get in and out.

Mr. Loew: Not the Ironbound Manufacturers Association, because I am living there for over fifty-six years and I have my factory on Clifford Street and I pretty near know everything

that is going on down there—born and raised in that section, lived there all my life time—there is not a member down there that belongs to the Ironbound Association that has any trucking to do on that street. Now they come in, these here members of the Manufacturers Association, possibly lives away in our suburbs. They do not pay any taxes probably in the City of Newark except for their plants.

Mayor Congleton: They have their plants down there.

Mr. Loew: Not their homes.

Mayor Congleton: They have places of business that employ a lot of hands.

Mr. Loew: It would be kind of out of place for us on Van Buren Street to get up a petition and come up here to have some streets in their section repaved. How do you think they would like that? They have absolutely no right to come up here and suggest the paving of other peoples' property where the expense falls on the abutting property owners. We object against that.

Mayor Congleton: Does anyone else desire to be heard on this ordinance?

Commissioner Murray: How would your people feel about paying half of the cost?

Mr. Loew: Well, we had a meeting Sunday. We are organized. We have our minutemen and we have our officers elected; president, vice-president, secretary, treasurer; and we intend not only to make a fight against the pavements but we are for or against anything in civic matters where it is for the benefit of the locality at large; but in this particular case it is an imposition. We feel it is an imposition placed on our property owners by somebody else that has no equity in that street.

Commissioner Murray: This petition represents 5,600 feet?

Mayor Congleton: Out of how many?

Mr. Loew: Out of 7,800.

Mayor Congleton: Well, this is a very important improvement as we view it; it is a main north and south thoroughfare from Passaic Avenue straight across the city to the highway. Now, there has got to be some street there. Does anyone else desire to be heard?

Mr. Herman Schlesinger, 184 Ferry

Street: Gentlemen, in spite of the fact I signed this petition here to some extent I do not agree with the previous speaker, I am sorry to say. I know the Ironbound District for almost fifty years. I never remember but that Van Buren Street ever was paved during all these years although it says there that some streets were paved. Van Buren Street should be paved. I agree with the Mayor, but the expense should not be put on the property owners any more than we did on Ferry Street and quite a few other streets. I believe the property owners would be satisfied to pay 20% and 80% the City to stand. We can not; it is impossible to do; to put any more on the taxpayers on Van Buren Street property owners. This is impossible because it is only small old shacks there, all broken up, in a bad condition and everything else. I am afraid if you put more expense than 20% the city will have to sell these properties for paying for the street pavement, and that would be wrong. Another thing, Mr. Chairman, I am pretty well opposed to this. Who pays—we have the library, the high school, the park, the community house. Who pays for that pavement?

Mayor Congleton: The City.

Mr. Loew: The City pays that; that isn't put on the property owners.

Mayor Congleton: Any piece of property that is on that street when it is treated by the Assessment Commission is treated just exactly the same as the piece of property next door and just because it is city owned property or county owned property, it can not be assessed and the city has to absorb that part of the assessment.

Mr. Schlesinger: That is all right. I feel the City ought to look into that because that is going to be a regular highway and there is going to be big traffic there because of this and will come from the Jackson Street bridge.

Commissioner Murray: It will make your property better.

Mr. Schlesinger: What can be on Van Buren Street? On one side is a park and the other side is the high school. What can be there? It never will be a street and you can not get today, Commissioner, any living man, I am sorry to say—Every penny I possess is invested in Ironbound District property. I got 225 feet on Van Buren

Street, but what man today, or builder will come down in the Ironbound District and build? I would like to see one of them. We have the poorest of the poorest class of people living there. They are all right; I have no objection to anybody, but they can not afford it; they do not make any money. We came down between twenty-five and fifty per cent. with rents already. Expenses goes on just the same. The men in the Ironbound Manufacturers Association—it doesn't make any difference with these factories; they can manufacture anywhere. Therefore, I am satisfied if Van Buren Street is paved. That is necessary but the expense should not be any more than on Ferry Street and a good many other streets and I would be very much satisfied.

Mayor Congleton: Does anyone else desire to be heard?

Mr. Joseph H. Gunn, Secretary, Ironbound Manufacturers Association: Mr. Mayor and Commissioners, this application for the improvement of Van Buren Street was put in at the request of the Ironbound Manufacturers Association. I had no information that there was any objection to the paving but I feel sure that if the City handles the pavement of Van Buren Street as it has done on other streets—main thoroughfares—that the property owners down there will be perfectly satisfied. There is not any question but that Van Buren Street is a main cross street in the Ironbound territory. Placing it in good condition is going to aid very materially in the improvement of the entire territory. As a result, it will bring an increase in value, it will bring more business, it will facilitate transportation that goes through there to different places and it will be an incentive to invite more manufacturers to locate there; and in the Port section of the city, or adjacent to it, you will find there are a number of vacant establishments. Now, a good thoroughfare through there will serve to attract and bring in manufacturers to that territory. Wilson Avenue was paved on a basis of eighty-twenty—eighty per cent. borne by the City and twenty by the taxpayers. That was the policy established some years ago when we advocated the paving of Doremus Avenue.

Commissioner Brennan: We have changed that policy by the unanimous

vote of the Commission not to make it greater than sixty-forty.

Mr. Gunn: I do not think there would be any objection by the property owners if they understood that; that is, twenty each side.

Commissioner Murray: Did you hear what Mr. Gunn said? If the property on each side was assessed twenty per cent., that would make forty per cent. by the property owners and sixty per cent. on the city as a whole.

Mr. Loew: Twenty per cent. on the property owners on each side of the street and sixty per cent. on the city.

Commissioner Murray: Yes.

Mr. Loew: If I ain't mistaken I understood him to say twenty-eighty.

Mr. Gunn: There have been some streets paved that were on the—

Mr. Loew: If I ain't mistaken I believe Doremus Avenue, the street where the Ironbound Manufacturers Association have their factories, I believe their street was paved on a twenty-eighty per cent. basis.

Mr. Gunn: There are lots of manufacturers of the Ironbound Manufacturers Association located on Doremus Avenue and also in other sections of the city.

Mr. Loew: Or in that vicinity.

Mr. Gunn: In that event all the way from the island to Port Newark. They are up in the City and all over that section that are not grouped in any particular territory.

Mr. Loew: Well, was that street paved on eighty-twenty—

Mr. Gunn: No, I believe Doremus Avenue was paved on a seventy-fifty-twenty-five.

Commissioner Howe: That was a different kind of a street. That was necessary to get to Port Newark. I want to say for the benefit of the Van Buren Street property owners that I lived on Van Buren Street for fourteen years and the street was in such a condition that I have seen the glasses in our china closet when a lumber truck would go by, topple over. That was directly in front of my house and I am out of there seven years, and if it was so bad then I don't know how it must be now.

Mr. Loew: I will tell you, Mr. Commissioner—

Commissioner Howe: I am naturally friendly to the people down there because I lived there for fifty-three years and we want to help you all we can.

Mr. Loew: You ought to understand conditions then what makes your house shake. I believe any man who lived down there as long as that ought to know that that territory around the East Side Park was nothing but swamps at one time and they were all filled in with all kinds of garbage and rubbish from all over the city. Up to Elm Street it isn't natural ground; it is the swamps filled in. From Elm Street down to Malvern Street all that territory, and west of Van Buren Street and Adams Street and Jefferson Street and Tyler Street—the old clay pits, Del Pond, Turk Pond—it was all filled in when I was a boy.

Commissioner Howe: You know that certain parts of New York Avenue have the finest sand and gravel in Newark.

Mr. Loew: Yes, the other side of Tyler Street but not along Van Buren Street, because all them lots was laying down in the hollow and the old clay pits was about across the street pretty near over your property.

Commissioner Howe: Between Adams and Van Buren I know that section of the city.

Mr. Loew: Well, I know a little about that section myself.

Commissioner Howe: I think you ought to come along with the proposition of sixty-four. That is only twenty per cent.

Mr. Schlesinger: Make it the same as on Ferry Street or any other; this is a poor section.

Commissioner Howe: Ferry Street is a main artery.

Mr. Schlesinger: I plead for the poor people. I do not ask as far as I am concerned but I know they are not able to pay for the taxes.

Commissioner Howe: You and I are not poor.

Mr. Schlesinger: It isn't a matter I want to tell you, Commissioner. I suppose the majority of you gentlemen take things from the map. I extend an invitation to you and all of the Commissioners and I am willing to pay for the taxes on cars or whatever the expense is, and take you out and

show you what the Ironbound District is today. I do not think that all of you gentlemen even realize that we have to contend with the poorest class of people. Men work gladly for \$10. to \$12. a week and that is little enough.

Commissioner Howe: The finest citizens in Newark were born in the Ironbound District. You can't get me to say anything against the Ironbound District.

Mr. Schlesinger: I have nothing to complain. I always got as much as I brought there.

Mayor Congleton: Does anyone else desire to be heard on this ordinance?

No one else appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street with asphalt pavement (1 1/2" top 1 1/4" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints to be filled to South Street the joints in the granite block pavement to be filled with mastic filler.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints in the granite block pavement to be filled with mastic filler", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving and repaving of Van Buren Street from Passaic Avenue to Clifford Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and from Clifford Street to South Street the joints in the granite block pavement to be filled with mastic filler.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordin-

ance to provide for the grading, curbing, flagging and paving of Hobson Street from Chancellor Avenue to Keer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard?

Mr. Joseph Kahn, President of University Land Company, 403 Lyons Avenue: Mayor, we have ninety per cent. of this property on Hobson Street and we would like to go through with this ordinance as quickly as possible. That is all I have to say.

Mayor Congleton: You say you are in favor of it?

Mr. Kahn: Yes, and we are ninety per cent. of the property owners.

No one else appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Hobson Street from Chancellor Avenue to Keer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Hobson Street from Chancellor Avenue to Keer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hobson Street from Chancellor Avenue to Keer Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curb-

ing, flagging and paving of Wyndmoor Avenue from Keer Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing:

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Wyndmoor Avenue from Keer Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that

said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Wyndmoor Avenue from Keer Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation"; be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Wyndmoor Avenue from Keer Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented an ordinance to authorize additional alterations and improvements in and about the main City Hall Building and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

Section 5 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners: Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion

was declared adopted by the following votes: 10 yeas and 1 nays. Commissioners Brennan, Howe, Murray, Mayor Congleton, and the Board of Public Affairs. The clerk then read the title of the ordinance as follows: "An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building and providing for the financing thereof; be taken for its third reading." The roll being called, the motion was declared adopted by the following votes: 10 yeas and 1 nays. Commissioners Brennan, Howe, Murray, Mayor Congleton, and the Board of Public Affairs. The clerk then read the title of the ordinance as follows: "An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building and providing for the financing thereof."

An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building and providing for the financing thereof. The ordinance having been read three times, was then declared to be upon its third and final passage. The roll being called, the ordinance was declared adopted by the following votes: 10 yeas and 1 nays. Commissioners Brennan, Howe, Murray, Mayor Congleton, and the Board of Public Affairs.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading: "An ordinance to provide for the grading, curbing, flagging and paving of Joseph Street from Lister Avenue to Euclid Avenue with asphalt pavement (1 1/2" top, 1 1/2" binder) on a new six (6) inch concrete foundation."

The Board of Commissioners of the City of Newark, Do Ordain: "Section 1. That Joseph Street from Lister Avenue to Euclid Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1 1/2" top, 1 1/2" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed; and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary for expedient or the grade

thereof may be affected on account of the laying of the pavement or the setting or resetting of the curb and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof in accordance with the plans, specifications and profiles, dated January 31, 1929, and now on file in the office of the Department of Public Affairs, in order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot."

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$37,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$37,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall

bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that February 26th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Waydell Street from Passaic Avenue to the Pennsylvania Railroad shall be graded, curbed, flagged and paved with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting

of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated January 31, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$40,-100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$40,-100.00, under and by virtue of the provisions of an act entitled "An Act to

authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters with respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that February 26th, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. votes:

Yeas: Commissioners Brennan,  
Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of  
the Department of Public Affairs be  
and he is hereby authorized to pur-  
chase approved cinders for the New-  
ark Airport Site, at a price not ex-  
ceeding \$1.00 per cu. yd. delivered in  
place.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan,  
Howe, Murray, Mayor Congleton.

Mayor Congleton: Gentlemen, in of-  
fering this resolution I ought to make  
you acquainted with the certain facts.  
You will recall that we have been get-  
ting dirt in there under a similar ar-  
rangement. We have recently adver-  
tised for cinders and our lowest bid  
received—and there were three bids—  
was \$1.22 a cubic yard. We are buying  
them for it in small quantities at \$1  
a yard and there are plenty of cinders  
around town that we can buy at that  
price; but when we advertised for  
cinders in large quantities there were  
only three bidders who would under-  
take to bind themselves to produce  
that quantity within a certain time,  
whereas smaller men will bring them  
in smaller quantities at a dollar, so I  
have offered this resolution so we may  
save twenty-two cents a cubic yard.

Commissioner Brennan: In other  
words, they had to pay for the re-  
handling because the bidders have to  
procure them from the smaller fel-  
lows to deliver them to you.

Mayor Congleton These small fel-  
lows deliver them right at the place.  
They would have the small fellows  
deliver them there and take a twenty-  
two cent profit.

Commissioner Brennan: I won't say  
that is profit, but it costs that to de-

live them and load them and unload them.

Commissioner Howe: What do you call it—pin money?

Commissioner Brennan: It would cost them that.

Mayor Congleton: It would if those fellows delivered them there.

Commissioner Brennan: Some would and some would not.

Mayor Congleton offered the following resolution:

WHEREAS, The Honorable John Howe, the Director of the Department of Revenue and Finance of the City of Newark entered into the service of the City of Newark as a member of the Tax Board twenty-five years ago today; and

WHEREAS, Since that time he has continued to serve our City faithfully, with honor to himself and to the offices which he has held;

THEREFORE, BE IT RESOLVED, That we, his colleagues, extend to him on behalf of the City, our sincere congratulations and good wishes.

Jerome T. Congleton  
W. J. Brennan  
Jno. F. Murray, Jr.

Commissioner Brennan: If he was a member of the Police or Fire Department he would be eligible for re-employment. Not being such we will continue him.

Commissioner Howe: Mr. Mayor and fellow Commissioners, I thank you for your good wishes and all the harm I wish any of you is that you will have the honor and pleasure and privilege to serve just as long if you care.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Murray, Mayor Congleton.

The following communications were received and read:

State of New Jersey  
State Highway Commission  
Trenton, N. J.

January 29, 1929.

Mr. William J. Egan,  
City Clerk,  
Newark, N. J.

My Dear Sir:

The State Highway Commission gives notice that it will on Tuesday, March 5, 1929, at 2:00 P.M., at the office of the State Highway Commission, Trenton, New Jersey, give a hearing to all parties interested therein, in accordance with the provisions of Chapter 319, Laws of 1927, preliminary to taking over as a part of the State Highway System, that portion of State Highway Route No. 10 from Jersey City to Dover by way of Kearny, Harrison, Newark, and thence in a generally westerly direction through Essex County into Morris County, and thence by way of Hanover, Whippany and Littleton in a generally westerly direction to connect with Route No. 6 at or near Dover in the counties of Hudson, Morris and Essex, as described in the said Chapter 319, Laws of 1927.

Very truly yours,

A. Lee Grover.

Referred to the Mayor.

January 29, 1929.

Hon. City Commissioners,  
City Hall,  
Newark, N. J.

Gentlemen:

I understand that your Honorable Body is about to issue a permit for the erection of a gasoline station at the southwest corner of Central Avenue and Summit Street, Newark, N. J.

I own a frame house at 59 Summit Street, Newark, and understand that this gasoline station will be directly next to my property.

At the present time the house is rented by four families who have children, and I think that the erection of same will be a menace and dangerous to the tenants and property owners on that block.

May I ask your Honorable Body to refuse to grant permit, and oblige

Very truly yours,

Raphael Caprio,  
124 Second Street,  
Newark, N. J.

Referred to the Board of Adjustment.

An invitation from the Association of Highway Officials of North Atlantic States to attend their Fifth Annual Convention to be held at the Hotel

Ambassador, Atlantic City, on February 14th and 15th, 1929, was received, read and on motion ordered referred to the Mayor.

A communication from the Tuxedo Manor Corporation relative to bills for assessments for Mt. Vernon Place Sewer against their properties on Eastern Parkway and Woodbine Avenue in the tract of Tuxedo Manor was received, read and on motion ordered referred to Commissioner Howe.

The following reports of City Officers were received and ordered filed:

Department of Weights and Measures for January, 1929.

Department of Buildings for January, 1929.

Clerk First District Court for January, 1929.

Clerk Second District Court for January, 1929.

Clerk of Almshouse for January, 1929.

Clerk of Centre Market for January, 1929.

City Clerk (2) for January, 1929.

Richard P. Rooney, Clerk 1st Criminal Court, for January, 1929.

Ellsworth R. Noble, Deputy Clerk 1st Criminal Court, for January, 1929.

Robert J. Beckley, Deputy Clerk 2nd Criminal Court, Part 1, for January, 1929.

Thomas F. Guthrie, Clerk 2nd Criminal Court, Part 2, for January, 1929.

Arthur J. Connelly, Clerk 3rd Criminal Court, Part 1, for January, 1929.

Arthur J. Connelly, Clerk 3rd Criminal Court, Part 2, for January, 1929.

Elizabeth S. Lewis, Clerk Family Court, for January, 1929.

City Treasurer for January, 1929.

Comptroller for January, 1929.

Department of Revenue and Finance,

Office of City Treasurer.

February 1st, 1929.

To the Honorable,  
The Commissioners of  
The City of Newark, N. J.  
Gentlemen:

In compliance with an Act of the Legislature entitled "A further supplement of the Act entitled 'An Act to amend and revise the Charter of the City of Newark, N. J.' approved Feb. 22nd, 1866," I herewith present a statement of the receipts and disbursements for the month of January, 1929, condensed as to source:

John Howe,  
Director of Revenue and Finance.

Law Offices  
**Joseph A. Ward**  
1060 Broad Street  
Newark, N. J.

February 4, 1929.

Board of Commissioners,  
City of Newark, N. J.

Gentlemen:

Joseph Weisberger, 57 Shanley Avenue, Newark, on December 29, 1928, filed application with the Board of Adjustment for approval of a proposed gasoline station at 617-619 Central Avenue, Newark. At a hearing held by the Board on January 17, 1929, the application was not approved.

The applicant now respectfully requests the City Commission to recommend to the Board of Adjustment that they reconsider the application in view of the fact that the applicant now agrees to construct and arrange the station in accordance with the recommendation of the Board.

Very truly yours,

Joseph A. Ward,  
For Applicant.

Referred to the Board of Adjustment with recommendation that request be granted.

Mayor Congleton: Does any citizen have any matter to bring to the attention of the Commissioners this morning.

Dr. W. P. Hanrahan: Mr. Mayor and Commissioners: I would like to amend that last resolution for Port Newark to take place. There has been some criti-

cism of expenditures down there and that is a direct saving and I believe there will be a great many of these great loads of ashes of cubic yards required for that. But the main thing I wanted to bring before the Commission was that point that is shaping the minds of our people. It is a step toward a greater Newark. About a week or two weeks ago the City of Irvington which has grown in a short space of time from five to fifty thousand population, asked the cooperation of the City of Newark. The City of Cleveland—the officials I have conferred with four years ago on this very matter, the Mayor, Mr. Hopkins, the City Treasurer, the City Clerk and the Chambers of Commerce of that city and other cities were leaning toward that thing; and if the City Commission could give impetus to that matter that has been in the minds of the editors of the papers and the civic organizations of our city, to bring about an understanding—a clear working understanding where the towns and cities would keep their identity, I think it would be a good thing for the townships because we have got to come to a rapid transit condition in the city in the way of subways. They also need, I believe, the city's cooperation in the way of sewers and in the way of other bigger things and I think if the impetus was put to it by the City Commission it would come up to the question that means so much to Newark and the communities in Essex County, and if by passing a resolution, you can do anything, I believe it would be a good matter. I believe there is a matter in the Legislature to have a survey, and I believe that the Commissioners will be back of this. I hope they will, and a great many of the men in the City of Newark have spoken to me. I have spoken to the president of the Ninth Ward Improvement Association this morning and he said he was strongly in favor of it. He says he knows his colleagues are. I hope this commission will take some action upon it. It has been spread over the front pages of our city papers and Cleveland has been eulogized. They made a survey that lasted eighteen months and it cost considerable money, but now they are going ahead to bring it to a culmination with legislation. They got forty-nine cities and towns in that community and I believe it would be a thing for

the City of Newark to follow up on that line and we would get the cooperation from them and they would get cooperation from us and they will not lose their own identity if it is brought along these plans and brought to a culmination.

Mayor Congleton: There is already a bill introduced into the Legislature by Senator Wolber providing for the appointment of a commission to make a study of the very matters you have suggested and this Board of Commissioners in its legislative conference has gone on record as being in favor of such a commission to study the situation.

Dr. Hanrahan: I didn't know that, Mr. Mayor. I thank you, nevertheless.

Mr. Loew: Mr. Mayor and Commissioners, I wish to ask whether I could have a little opening on that Delancey Street paving. I believe it has been—Van Buren Street I mean to say.

Mayor Congleton: We would be very glad to listen to you.

Mr. Loew: According to this notice this one block from Clifford Street to South Street is supposed to be eliminated. Now, that one block is just a block below the block that I own and that there block is just as bad and maybe worse condition than the block we are on or the other block above that, and if the street must be paved I would suggest that the top of that last block between Clifford and South Street, the block pavement should be taken off and make it correspond with the balance of the street.

Commissioner Murray: I think that is a good suggestion.

Commissioner Howe: The last block?

Mayor Congleton: Between Clifford and South?

Mr. Loew: Yes.

Mayor Congleton: Haven't they got an asphalt surface on it now?

Mr. Loew: No, it is just part of the block pavement on there.

Mayor Congleton: I will have that looked up.

Commissioner Howe: That looks like a fair suggestion.

Mr. Loew: I was going to say I was just speaking to some of the committee of the association and thought if

the Board could settle about what percentage they would allow and what they could expect—

Mayor Congleton: We do not settle that here. That is settled by the Assessment Commissioners.

Mr. Loew: I would like to have it on the record for the property owners.

Commissioner Howe: Then you leave it to the Commissioners. I told you that. We do not make it; it is done by the Assessment Commission.

Mr. Loew: All right; thank you.

Mayor Congleton: Does anyone else have any matter to bring to the attention of the Commission?

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N J, February 13, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, New Jersey, was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.  
Absent: Commissioner Gillen.

The minutes of meeting of February 5th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. John Francis Cahill, Market and Mulberry Streets: Mr. Mayor and Commissioners, I am associated with Mr. Frank Reardon of Jersey City who is very much interested in this and wishes to oppose it. I was just called on the phone not three minutes ago and I am authorized to request a continuance for one week.

Mayor Congleton: We have already continued it for two weeks at his request, Mr. Cahill. This is an important matter to us. We are under contract to vacate this under a contract made by the Board of Works years ago, when the new State highway was completed and when the railroad had paid a substantial sum for the building of the new highway.

Mr. Cahill: Well, since the matter won't be adjourned—or rather, that is the feeling expressed by you—I wish to oppose, if this is the proper time, the closing of Wheeler Point Road, on behalf of four clients who own land at Wheeler Point Road. I am not prepared at this moment to present the exact location; Mr. Reardon was to do that this morning. Therefore, in behalf of my clients I request that this matter be adjourned for one week; at that time I will be prepared whether Mr. Reardon is here or not.

Mayor Congleton: The ordinance was introduced and laid over for three weeks and subsequently adjourned two

weeks. You have had five weeks to look into it.

Mr. Cahill: At the request of Mr. Reardon.

Mayor Congleton: And personally I think we have postponed it long enough.

Mr. Cahill: There appears to be only one other person interested and that is the New York Bay Railroad, as far as I can see from the atlas at this time. The other people interested are represented by me—the owners. Their deeds and all that, I wish time to arrange and put before this body properly, and I therefore ask for a continuance of the matter for one week to enable me to do so. At that time Mr. Reardon will probably be ready—I don't know—he wasn't ready this morning; but I will be ready.

Mayor Congleton: Well, you have had five weeks to get ready. What is the pleasure of the Board?

Commissioner Murray: It won't do any material harm to give them one week.

Mayor Congleton: Except we have made this contract years and years ago and we are under obligation to do it. The railroad company had paid its good money to help build the road across the Oak Island Yards and I don't see how we can very well escape vacating it.

Mr. Cahill: The people I represent have also paid their good money for their land many years ago and own the land today and that is a means of access to their property and they want to oppose the closing of that street.

Mayor Congleton: And if they are damaged they will be compensated. The motion is that it be laid over until next Tuesday.

Commissioner Howe: I second the motion. You will be ready, of course, Mr. Cahill.

Mr. Cahill: Positively, on my own part.

Commissioner Murray moved that the ordinance be laid over until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does any person desire to be heard on this ordinance? Mr. Cahill, are you interested in Bay Avenue?

Mr. Cahill: No.

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken for its second reading:

An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that

said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Bay Avenue from a line in straight extension westerly of the southerly line of Thomas Street, southerly about 1,210 feet to the division line between the Lehigh Valley Railroad and the New York Bay Railroad.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

A petition signed by eighty property owners protesting against the repaving of Pennsylvania Avenue, was received, read and on motion ordered referred to Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving and resurfacing of Pennsylvania Avenue from Poinier Street to Lincoln Park with asphalt pavement (1½" top-1½" binder) either on a new six (6) inch

concrete foundation or on the old base and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. Bernard Mitnick, 393 High Street: Your Honor and gentlemen of the Commission; we appear this morning on behalf of the property owners on Pennsylvania Avenue to oppose this ordinance. We have approached ninety-five per cent. of the property owners on Pennsylvania Avenue and every one thinks that this ordinance ought to be postponed for a while. The pavement on Pennsylvania Avenue is in a fair condition and we think we ought to leave it go for the time being to wait until further developments of those railroad propositions and so forth. I have with me a petition signed by ninety-five per cent. of the property owners of Pennsylvania Avenue and each one is in favor of letting the thing go for a while.

Mayor Congleton: Does anyone else desire to be heard?

Mr. A. D. Crawn, 28 Thomas Street: Mr. Mitnick has practically given you the points that we have been working on. We feel for the present time that Pennsylvania Avenue is in a fair condition where after that sewer has been repaired or where the pavement over the sewer for the time being, that it could stand at least two or three years longer until that vicinity or that neighborhood gets a little more developed. The new tube station coming down there is going to change conditions very much down there. In the first place, if the traffic warrants it there is no question but what the street will have to be widened and the sidewalks will have to be made narrower, and that is not going to be done, according to this resolution that is here now. And it will mean tearing up the street again and we feel—of course, there has been reference made to the extra repairs or heavy repairs during the last year or two, but it has been on account of those tracks being with no concrete under them; heavy trucks going over them has made holes in the street continually.

Mayor Congleton: Do you think the street would be better with the tracks out?

Mr. Crawn: Yes, indeed.

Mayor Congleton: That is what we are doing. We have prevailed on the Public Service to take the tracks out, and that is one reason for repaving the street now. We can not wait to do all these improvements until your new South Street Station is there or we would have an awful condition on our hands. We are trying to anticipate some of those improvements. We are getting the trolley tracks out of the street and we want to repave it now and get it done before that other comes along.

Mr. Crawn: Wouldn't it be a good idea where the trolley tracks are to have them laid in concrete.

Mayor Congleton: We wouldn't do it that way because you wouldn't have a decent job and you people would have to pay for part of that and you would then come in here in a very few years and object very strongly to the street being made as it should be. The asphalt pavement that is down there now was laid in 1896, and that is quite a long time. It has outlived its usefulness so far as pavement is concerned and it has gotten to the point now where the City's repair budget will not keep a street up that is as old as that, from year to year. It is too expensive to keep it in repair. What is needed is a new pavement, in the judgment of our Department.

Mr. Crawn: Well, what we feel is that possibly that the concrete foundation is not sufficiently strong to hold up a new pavement? Is that the idea?

Mayor Congleton: This calls for a new concrete base. Now, the concrete base that was put down in 1896 was not put down with the thought that it would have to carry the traffic that the streets now have to carry and it would be a waste of money to put a new surface on that street on the old concrete base. If you are going to do it it should be done properly so as to carry the loads that streets now have to carry when nobody ever expected that they would have to carry.

Mr. Crawn: What percentage of the assessment would fall on the taxpayers on that street for that particular improvement?

Mayor Congleton: We can not tell you at this time. That would be determined by the Assessment Board; but no street on a repavement pays

anywheres near the full cost. The City assumes a very, very substantial part of it.

Commissioner Howe: It would be cheaper to have it done now than to have part of it done and——

Mr. Crawn: The point is, do we know what conditions are going to be fifteen years from now? I suppose when this new tube station is built down there and the heavy traffic—now there is Parker Street—there is cobbles there yet on Parker Street. Talk about poor condition streets; there is a street right in the center of the city still paved with cobblestones.

Mayor Congleton: I don't think there will be any occasion to widen that roadway for a considerable length of time because this improvement calls for a forty-five foot roadway and that is wide enough for four lanes of traffic and with the trolley tracks out of there you will have a nice wide street.

Mr. Crawn: If this traffic from the tube—there is a lot of traffic comes through from Frelinghuysen Avenue from the shore——

Mayor Congleton: And it is for that reason that the City will bear a very substantial part of the cost of paving because we do recognize that it is one of the streets that hook up with one of the main arteries.

Mr. Crawn: It is only a short time ago since Poinier Street has been repaved where more than half of the Lincoln Highway traffic comes right up Sherman Avenue from Frelinghuysen Avenue, up Pennsylvania Avenue to the Park. Even after that was done it was a year before the public got it in their heads that they were making better time by going through Broad Street after South Broad Street had been repaved, and yet at the present time there is a good percentage of the Lincoln Highway traffic that comes up Sherman Avenue to Pennsylvania Avenue to the Lincoln Park section. So that section by Pennsylvania Avenue there is really practically like a highway, a public highway.

Mayor Congleton: We look on it as an outlet to one of the main highways and that is why I say the City would bear a substantial part of the cost. Does anyone else desire to be heard?

Mr. Norman Kalb, 172-182 Penn-

sylvania Avenue: Do I understand that I have to put in sewer and gas connections for every twenty-five feet? I have 150 feet at the south end——

Mayor Congleton: It isn't necessary to put it in for every twenty-five feet. If you have some idea as to your development and how you want them. We don't require it for every twenty-five feet. It is put that way so the property owners will take it up with the City if they do not want them every twenty-five feet. That can be arranged to suit your needs.

Mr. Kalb: I think there is two connections now and possibly three and that factory—there is one building that is one hundred feet facing on Pennsylvania Avenue and I don't think there would be any need for putting in connections for every twenty-five feet.

Mayor Congleton: You can take it up with the Water Department and the Engineering Department. One reason for putting that clause in the ordinance is to give the property owners notice. For instance, if you had in mind the development of that property within a short time, say for an apartment house, you might want a larger water connection so as to get water up to the top story. It is done for the purpose of giving the property owners notice. You will get further notice from those two departments asking what you plan in the way of development of your property.

Mr. Kalb: I understand one of my neighbors, the Hoisting Engine Company down there, when Vanderpool Street was paved, they didn't put connections in every twenty-five feet.

Mayor Congleton: No; if the property owner will take it up with us. If we do not hear from him we assume that is what they want and we do it.

Mr. Kalb: The south end of the street that is between Vanderpool and Poinier Street, the paving is in pretty good condition—much better than the other end of the street; not bad at all. Would that mean they are going to tear up and put in concrete there?

Mayor Congleton: This ordinance provides from Poinier Street to Lincoln Park.

Mr. Kalb: That is all.

Commissioner Murray You will get plenty of notice and you can tell them what you want.

Mayor Congleton: In the last two blocks that concrete base is more recent than the other and in fairly good shape and will only have to be built up where broken down. The other parts, which have been tested—

Mr. Kalb: The last two blocks the concrete base is probably all right.

Mayor Congleton: Except here and there where it may have broken down. Does anyone else desire to be heard?

Mr. James McGuire, 167 Pennsylvania Avenue: These fellows down there says each piece of property would be considered twenty-five foot for the expenses. I only got sixteen and a half feet there.

Mayor Congleton: Well, you would only have to pay for the sixteen feet. You won't have to pay for more than anything you own.

Mr. McGuire: In those two blocks down there you couldn't very well make any better street than those two blocks. From Ellen Street to Lincoln Park is in bad shape, but from Ellen Street to Poinier Street is A-1. I think it is a waste of money; in fact, the taxes we are paying down there is an outrage and then to put this expense on top of it; I think it is an outrage to do that. I think you can very well mend them.

Mayor Congleton: The mending day has come to an end to keep patching that old street.

Mr. McGuire: There is no patching on them two blocks. It is in fine shape, but, of course, from Ellen Street to Lincoln Park it is in bad shape through the car tracks.

Mayor Congleton: The car tracks are coming up and we are going to make a nice street for you.

Mr. McGuire: Of course, we got to pay for it.

Mayor Congleton: Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving and resurfacing of Pennsylvania Avenue from Poinier Street to Lincoln Park with asphalt pavement (1½" top-1½" binder) either on a new six (6) inch concrete foundation or on the old base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the repaving and resurfacing of Pennsylvania Avenue from Poinier Street to Lincoln Park with asphalt pavement (1½" top-1½" binder) either on a new six (6) inch concrete foundation or on the old base", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving and resurfacing of Pennsylvania Avenue from Poinier Street to Lincoln Park with asphalt pavement (1½" top-1½" binder) either on a new six (6) inch concrete foundation or on the old base.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

A petition signed by 31 property owners protesting against the paving and repaving of McWhorter Street from Ferry Street to Elm Street, was received, read and on motion ordered referred to the Director of the Department of Revenue and Finance.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen desire to be heard on this ordinance?

Mr. Joseph H. Gay, 20 Bruen Street: Gentlemen, I have a petition of the

property owners on McWhorter Street which I understand represents about seventy per cent. It is our opinion that the street is in condition so that it will last for several years and we respectfully request that this repaving be delayed until some future time, having for one thing in view the new boulevard going through as to how it will change conditions of traffic along that street. As far as the——

Mayor Congleton: What boulevard do you refer to?

Mr. Gay: Along Pennsylvania Avenue.

Mayor Congleton: That is on the other side of the railroad.

Mr. Gay: That is on the other side.

Mayor Congleton: The new boulevard is on the west side of the Pennsylvania Railroad.

Mr. Gay: My idea was how it would change traffic along that street and whether or not that street would eventually want to be widened, but as far as the condition of the street is now the foundation is good and the surface is fairly good.

Mayor Congleton: Of course, you know that old granite block pavement was laid in 1895 and the only kind of foundation you have is a sand foundation; there is no concrete base there, nothing but a sand cushion.

Mr. Gay: Well, as far as my observation goes I feel the street was in fairly good condition and would last for several years.

Mayor Congleton: The idea was to widen the street three feet—the roadway—by narrowing the sidewalk and putting down an asphalt pavement and paving between the track area with asphalt so that you would have a full free use of the entire width of the roadway.

Mr. Charles C. Gunterberg, 20 Bruen Street: As a manufacturing concern we feel the amount of traffic on that street does not warrant paving at this time. Perhaps at some future date when traffic demands it we probably would, as a manufacturing concern, be willing to stand our pro rata share. We feel the amount of the property which we own there, which is a factory twenty-three by twenty-five lots on both sides, would be standing too

much at this time in view of the fact we have quite a lot of competition to meet on account of maintaining our tannery here instead of the west, as the majority of our business is in the west; and all we want to do is to keep our men employed.

Mayor Congleton: These gentlemen have a petition signed by approximately seventy per cent. of the property owners. I would suggest it be referred to the Director of Revenue and Finance for the purpose of checking up and that the hearing be laid over until next Tuesday.

Commissioner Murray: You gentlemen down there feel that traffic that runs over it now is fairly accommodated and there is no urgent reason until later development—

Mr. Peter Meyer, 59 McWhorter Street: For the present time, it is not a question of improving the street, but it is not the proper time. We feel this Pennsylvania Station is going to make a change and then it would be a question whether we widened the street one foot or two feet. Now, if we tear up the street at this time and then later on again it is just simply a waste of money.

Commissioner Murray: I move, Mr. Mayor, that the matter be laid over for one week.

Mr. E. J. Petrelli, 163 Lafayette Street. There is a lot of names on that list that misunderstood the man going around getting them. The majority of the names on that list now will come off that list. They are for the street and not against it. If the manufacturers don't want it that don't mean to say the rest of the neighborhood should suffer.

Commissioner Howe: Who is on here that will come off?

Mr. Petrelli: Mrs. Murray, Frank Linde, Mrs. Murray's mother, Mrs. Murphy, Petrelli, and there is seven or eight more to come off.

Mayor Congleton: The motion is it be laid over until next Tuesday and we will look into it further.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe: The only way we can consider that those names are off is for the persons who have signed to present a petition here or repudiate their signature personally.

Mr. Petrelli: I will have a petition here.

The City Clerk presented An ordinance A Further Supplement to an ordinance entitled "An ordinance to establish the names of certain streets in the City of Newark", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Commissioner Brennan moved that the ordinance be laid over until February 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

A petition signed by twenty-four property owners protesting against the removal of the parkway in Custer Avenue was received, read and on motion ordered referred to Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Custer Avenue from Elizabeth Avenue to Peshine Avenue with asphalt pavement, including removal of the parkway, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. Louis K. Press, 776 Broad Street: Mr. Mayor, I represent about ninety-five per cent. of the property owners on Custer Avenue from Elizabeth Avenue to Peshine Avenue, the ground it is contemplated to resurface. We do not object to the paving; as a matter of fact it was this same group that petitioned this Honorable Body to have the street paved, but we respectfully object that the parkway beds which are there at the present be left. I understand the ordinance includes the removal of the parkway beds.

Mayor Congleton: It does.

Mr. Press: In connection with that I might state that there are three schools there, the Peshine Avenue School, St. Charles Parochial School and there is also a Jewish synagogue and school there; and at the corner of Peshine Avenue and Custer Avenue approximately three thousand children pass there every day. It seems to be the consensus of opinion that all the property owners think that should the parkway beds be removed from there it will be a means of diverting traffic onto Custer Avenue. This is a one-family house residential district—

Mayor Congleton: You don't think many people will use that hill if they can avoid it, as a through thoroughfare, do you?

Mr. Press: Well, at the present time, Mr. Mayor, it seems that all the garbage wagons find that a very fine place to come down every morning.

Mayor Congleton: Probably because there is so little traffic on it and they have got to get down.

Commissioner Brennan: The Fire Department has voiced its opposition to these parkways in streets. They are dangerous, especially in the winter time, when they are responding to a fire. It is impossible for them to get to the scene of the fire where they are going because of the parkways being there, without running the risk of materially damaging both the apparatus and the men.

Mr. Press: Well, there is a space of fifteen feet between—at least fifteen feet—

Commissioner Brennan: I am talking of the apparatus trying to respond to an alarm going along the street where those parkways are in and there is a wagon pulled up delivering any kind of goods—coal wagons especially—

Mayor Congleton: You have got a roadway forty-two feet here and you have got a parkway here in the center twelve feet wide, which leaves you fifteen foot strips and it is almost impossible for automobiles, with the present wheelbase, if they have to make their turns and get in and out, and we have been spending large sums of money to take obstructions out of streets and make the streets available

for the purpose for which they were intended. They are a great hindrance to traffic and cause as many accidents as they prevent.

Mr. Press: Might I suggest, Mr. Mayor, if it is possible to cut those beds in half, so long as we keep a parkway there. It has been a source of pride to the owners there and I am speaking for the owners from Elizabeth Avenue to Peshine Avenue with the exception of Mr. Woerner, who was in Atlantic City at the time this petition was signed.

Mayor Congleton: That is very expensive. It would cost you more than it would to pave it. Is there a curb around that parkway?

Mr. Press: Yes, there is.

Mayor Congleton: A granite or concrete curb?

Mr. Press: A concrete curb.

Mayor Congleton: It would have to be moved out and a brand new one put in.

Mr. Press: It is just as high as the curb is.

Mayor Congleton: What is your pleasure?

Mr. Arthur Prior, 53 Custer Avenue: It helps the children.

Mayor Congleton: How does it help the children?

Mr. Prior: Well, there are nearly two thousand children there—

Mayor Congleton: How does the parkway in the street help them?

Mr. Prior: Well, the church and the parish and the schoolhouse there all opposite right there.

Commissioner Howe: You do not answer his question. How does it help them from a safety standpoint? Do they play in them?

Mr. Prior: They run all over it. They run right across from one place to the other and when the children are out at noon time you know what order they preserve.

Commissioner Murray: It really splits traffic and keeps them on each side.

Mayor Congleton: This parkway in the center of the street enhances the chances of having a lot of more accidents by running them down. They

run out from the shrubbery and bushes and you do not see them.

Mr. Prior: Traffic will be increased one hundred per cent. because of the parkways being taken away and consequently more dangerous to the children.

Commissioner Murray: I suggest that we adjourn the matter for a week.

Mr. Prior: Ninety-five per cent. of the property owners are for it.

Commissioner Howe: Could you make the parkway a little narrower?

Commissioner Murray: They would like us to make it half width.

Mr. Press: But my suggestion, Mr. Mayor, and I know conditions "up there"—I have lived on that block for over four years myself——

Commissioner Howe: You take a furniture van which backs in there and you have got to go across and up the other side the wrong way.

Mr. Press: Not a skilled driver, Mr. Howe.

Commissioner Howe: If they back the van in there.

Mayor Congleton: You represent, you say, ninety-five per cent. who want the parkway left?

Mr. Press: Yes.

Mayor Congleton: You know, this ordinance was initiated upon petition presented here by the property owners and signed by forty-three per cent. of the property owners asking to have the park strip take out.

Mr. Press: Mr. Mayor, the ones who presented that petition, I believe it was Mr. Klein on that street, signed this petition which I am presenting this morning and he owns one hundred feet on the street.

Mayor Congleton: I am only saying to you that that is the way in which this ordinance was initiated, and in that petition they asked that the parkway strip be taken out and it was signed by forty-three per cent. of the property owners.

Mr. Press: I am not familiar with that detail.

Mr. Prior: We have lots of the same people now who want it retained.

Mayor Congleton: Then they don't know what they want and they have got to leave it to us. The motion is

that the matter be laid over for three weeks from yesterday and referred back to the Engineering Department for further study.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until March 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. H. L. Kleinhans, 348 Van Buren Street: Mr. Mayor and Commissioners, I ask that Pulaski Street from Clifford Street to South Street be closed. In the first place, it is a dangerous approach under the center of the ramp on South Street and will cost, no doubt, life sooner or later. There is no way in which an approaching automobile from either direction can see whether somebody is coming through South Street or stop his automobile. In the middle of the ramp there is a drop of forty-nine feet. In other words, they will come down there from thirty to forty miles an hour coasting; and furthermore, we see no benefit excepting that it is a feeder to the public highway which is two hundred feet away from it, as Van Buren Street is a main street. In other words, that if at all it

is not a benefit to the immediate property holders; as being owners of property on both sides of that block we object to it as being only putting traffic in there and giving us no benefit, so that it is actually a benefit at large and not to the immediate property owners and we would like to have that consideration.

Commissioner Howe: You don't want the whole block closed—

Mayor Congleton: No, he wants the street from the first street north of South Street—Clifford Street to South Street vacated. Application has been in before and it was not acted upon favorably. But Pulaski Street now at South Street, the State Highway Commission has put a ramp and it is about three or four feet high. That is the point. I suggest that this ordinance be laid over and we inspect it.

Commissioner Murray moved that the ordinance be laid over until March 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray offered the following resolutions:

RESOLVED, That William A. Goldman of 325 Bergen Street, a resident of the Fourteenth Ward, be and he is hereby appointed a Constable from the said Fourteenth Ward for a term of one year, beginning on the first day of January, 1929.

Jno. F. Murray, Jr.  
W. J. Brennan  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That William Waller of 200 Roseville Avenue, a resident of the Eleventh Ward, be and he is hereby appointed a Constable from the said Eleventh Ward for a term of one year, beginning January 1, 1929.

Jno. F. Murray, Jr.  
W. J. Brennan  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That Edward L. Biedron of 220 Sussex Avenue, a resident of the Fifteenth Ward, be and he is hereby appointed a Constable from the said Fifteenth Ward for a term of one year, beginning January 1, 1929.

Jerome T. Congleton  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolutions:

RESOLVED, That the following bonds be and the same are hereby approved as to sufficiency:

#### Constables' Bonds

Anton D. Martina  
Morris Warner,  
Albert W. Reynolds,  
Nathan Breittkopf,  
John J. Fleming,  
Albert Margolis,  
William A. Goldman.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called; the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, Emigrant Industrial Savings Bank was the owner of eighty (80) one thousand dollar (\$1,000.) bonds of the City of Newark, with coupons attached, Nos. 536-560 inclusive, 601-650 inclusive, 696-700 inclusive, which were sent to the Director of the Department of Revenue and Finance with the request that said bonds be registered as to principal and interest in the name of Gaffney & Company, and

WHEREAS, The Director of the Department of Revenue and Finance reg-

istered said bonds, as to principal and interest, and destroyed the coupons attached thereto, and returned the bonds, without the coupons, registered in the name of Gaffney & Company to the National City Company; and

WHEREAS, The National City Company now informs the Director of the Department of Revenue and Finance that said bonds were registered through an error and now requests that new coupons be delivered to them in the place of the coupons heretofore registered in the name of Gaffney & Company, and

WHEREAS, The said National City Company has arranged with the U. S. Mortgage & Trust Company to reprint the coupons for the eighty (80) one thousand dollar (\$1,000.) bonds at its expense; now, therefore, be it

RESOLVED, By the Board of Commissioners of the City of Newark, that the U. S. Mortgage & Trust Company be and it is hereby authorized to reprint the coupons for the said eighty (80) one thousand dollar (\$1,000.) bonds, at the expense of the National City Company, said coupons to be delivered to the Director of the Department of Revenue and Finance.

John Howe  
Jerome T. Congleton  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

To the Board of Commissioners of the City of Newark, N. J.

Dear Sirs:

I respectfully submit the statement annexed (by items) of the amount in gross as shown by the records in this office of the several sewers, Chapter 152, Laws of 1917, now completed, which statements are now ready to be referred to the Board of Commissioners of Assessments for Local Improvements in order that assessments for benefits may be levied in accordance with law.

A. K. Brady,  
Acting Auditor of Accounts.

Second Avenue Relief Sewer  
and Branches .....\$18,002.37  
Broadway and Oriental  
Street Sewer ..... 55,222.62  
Washington Park Sewer—  
Washington Street to  
Broad Street ..... 9,408.53

RESOLVED, By the Board of Commissioners of the City of Newark, New Jersey, that the foregoing report and declaration of costs be and the same are hereby referred to the Board of Commissioners of Assessments for Local Improvements to assess benefits pursuant to the direction and provisions of the statutes in such case made and provided.

John Howe  
W. J. Brennan  
Jno. F. Murray, Jr.  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That Resolutions numbered 10109 and 10110, adopted by the Board of Commissioners of the City of Newark, N. J., at a meeting held January 22nd, 1929, providing for increases in salary from Four Thousand Dollars (\$4,000.00) to Four Thousand Five Hundred Dollars (\$4,500.00) for clerks in the First and Second District Courts be and the same are hereby rescinded.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office, Taxes and Assessments amounting to Eighteen Dollars and Seventy-five Cents (\$18.75), on Block 2563, Lot 73, property 81 Somerset Street, made up as follows:

Index	Amount
1923 9105	\$1.88
9105	1.88

1924	9750	1.89
	9750	1.89
1925	10180	1.89
	10180	1.89
1926	10937	1.82
	10937	1.82
1927	11530	1.90
	11530	1.89

The above cancellation is made because the amount received at the Tax Sale held by the Comptroller on December 19th, 1928, was insufficient to cover all liens.

John Howe  
Jerome T. Congleton  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office, Taxes and Assessments amounting to Ninety-two Dollars and Twenty-four Cents (\$92.24), on Block 3797, Lot 28, property 39-41 Garabaldi Avenue, made up as follows:

	Index	Amount
McClellan Street Grading, curbing and flagging \$22.18 bal.

The above cancellation is made because the amount received at Tax Sale held by Comptroller on December 19, 1928, was insufficient to cover all liens.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

RESOLVED, That the Comptroller be and he is hereby authorized to cancel from the records in his office, Taxes and Assessments amounting to Eighty-six Dollars and Fifty-four cents (\$86.54), on Block 3668, Part of Lot 14, property 417 Chadwick Avenue, made up as follows:

	Index	Amount
1921	13316	\$ .84
	13316	7.52
1922	12411	7.56
	12411	7.56
1923	11226	7.52
	11226	7.52
1924	12660	9.45
	12660	9.45
1926	13838	14.56
	13838	14.56

The above cancellation is made because the amount received at Tax Sale held by Comptroller on December 19, 1928, was insufficient to cover all liens.

WHEREAS, The approximate yardage, amounting to 1,500,000 cubic yards, provided for in the contract between the City of Newark and the Atlantic & Gulf & Pacific Company, which contract is dated September 11, 1928, has been dredged; and

WHEREAS, For the following reasons it is expedient that the dredging of additional yardage to the amount of 280,000 cubic yards at the unit price of 41.4 cents a cubic yard, which price is fixed in the above mentioned contract, be and the same is hereby authorized.

The said contract is for dredging a connecting channel between the north and south city channels within the United States Government Pierhead Line. The connecting channel is irregular in shape, being 1,800 feet long in some places and 1,400 feet in others, and, running with the tides, it is likely to develop shoals in the areas already dredged. The channel lies within the area set aside for the future development of piers by the City of Newark, and additional yardage is required in the airport area at this time for the purpose of extending the northwest-southeast cross runway.

Miller & Pillsbury, furnish and deliver printed forms. (Contract bond.)

F. Bowden Company, furnish and deliver tile pipe and specials. (Contract bond.)

Faitoute Iron & Steel Company, furnish and deliver soft steel. (Contract bond.)

Lee Tire Sales Company, Inc., furnish and deliver solid and cushion tires. (Contract bond.)

Jerome T. Congleton  
W. J. Brennan  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Wainwright Street from Chancellor Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Wainwright Street from Chancellor Avenue to the City Line shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning

Municipalities," approved March 27 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 7th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands in the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$26,900.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$26,900.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be deter-

mined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 5, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Fifteenth Avenue from Devine Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Fifteenth Avenue from Devine Street to the City Line shall be graded, curbed and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and

the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles, dated February 8, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipi-

ality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that March 5, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of the introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Ivy Street from Stuyvesant Avenue to the westerly side of Bayard Place with new oblong granite block pavement on a new six (6) inch concrete foundation, and from the westerly side line of Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Ivy Street shall be graded, curbed, flagged and paved with new oblong granite pavement on a new six (6) inch concrete foundation from Stuyvesant Avenue to the westerly side of Bayard Place, and with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, from the westerly side line of Bayard Place to Sandford Avenue with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 11, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property bene-

fited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$42,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$42,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 5, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Evergreen Avenue from Dayton Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Evergreen Avenue from Dayton Street to Frelinghuysen Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 11, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited.

Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of of \$31,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$31,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that March 5, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be considered further for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its in-

introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

An invitation from the American City Officials Tour for attendance at the Fourth International Congress of Cities at Seville, Spain, was received and read.

Commissioner Brennan: I move that the invitation be filed and that as many as care to attend do so.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**County of Essex, New Jersey**  
**Office of County Engineer**  
Hall of Records, Newark

The Road Committee of the Board of Chosen Freeholders of Essex County has prepared for public distribution a 1929 edition, Map of Essex County, New Jersey. Considerable time and thought has been devoted to the preparation of this map by the officials of the County in order to give the traveling public such information and guidance which will be most beneficial in assisting and directing them throughout the County.

The map itself is a very comprehensive one, showing the boundary lines of the twenty-two municipalities within Essex County, the County Highway System, together with important connecting municipal roads, State highways and many other points of interest such as golf and country clubs, parks, railroads, lakes, bridges, etc. On the reverse side of the map we have endeavored to bring before the motorist the most important phases of the 1928 Traffic Act, together with a map showing the Metropolitan New Jersey motor roads.

The above information is just a brief outline of the many important features of the 1929 edition, Road Map of Essex County. Copies of this map are now available, and if you are de-

sirous of securing a supply of same for distribution among or through your organization, we will be very glad to furnish you with same if you will write or call at the office of the County Engineer, Room 511, Hall of Records, Newark, N. J.

Very truly yours,

Wm. A. Stickel,  
County Engineer.

Referred to Mayor.

**Department of Revenue and Finance,**  
**Irvington, New Jersey**

February 6, 1929.

Mr. W. J. Egan, City Clerk,  
City of Newark,  
Newark, N. J.

Dear Mr. Egan:

The Board of Commissioners of the Town of Irvington, New Jersey, in session at their regular meeting held February 5, 1929, adopted the resolution that is herewith enclosed, together with a certification of the same.

The writer was authorized to file with the governing bodies, as set forth in the said resolution, together with the Senator and Assemblymen of Essex County, a copy of the same, in order that it may be approved by said bodies, and that we together may cooperate on the project as set forth in said resolution.

Very truly yours,

W. H. Jamoneau,  
Town Clerk.

WHEREAS, Route No. 4 of the State Highway System has been designated by an act of the Legislature of the State of New Jersey to run through the Town of Irvington; and

WHEREAS, Said highway would be of immense value to, not only the town of Irvington, but the County of Essex as a through North and South highway, of which there are none, that are not congested, now running through the more populated section of the county; now, therefore

BE IT RESOLVED, That we, the Board of Commissioners of the Town of Irvington, do hereby petition the

said Highway Commission to provide for the construction of said State Highway No. 4 through the Town of Irvington; and

BE IT FURTHER RESOLVED, That the Town of Irvington hereby pledges itself to aid in every possible way, the construction of said highway; and

BE IT FURTHER RESOLVED, That the Town of Bloomfield, City of East Orange, City of Newark and the Township of Union, through which said highway will also run, are hereby suggested to co-operate and join in a petition to the State Highway Commission for the construction of the said highway; and

BE IT FURTHER RESOLVED, That the Board of Freeholders of the County of Essex be asked to cooperate and aid in any way possible this project; and

BE IT FURTHER RESOLVED, That a certified copy of this resolution be sent to the Town of Bloomfield, the City of East Orange, the City of Newark, and the Township of Union, and the County of Essex, and the State Senator and Assemblymen of Essex County.

Referred to the Mayor.

**New Jersey State League of  
Municipalities**

24 West State Street  
Trenton, N. J.

February 8, 1929.

To the Municipal Clerk.

Dear Sir:

Will you kindly favor us by reading the following letter at the next meeting of your governing body? And will you be good enough to distribute the enclosed invitations to the individual officials noted below? We will sincerely appreciate your cooperation.

Yours very truly,

Sedley H. Phinney,  
Executive Secretary.

To the Honorable Governing Body.  
Gentlemen:

You are cordially invited to attend

the 14th Annual Convention of the New Jersey State League of Municipalities, to be held on Tuesday and Wednesday, February 26th and 27th, at the Stacy-Trent Hotel, Trenton.

Cordially yours,

Sedley H. Phinney,  
Executive Secretary.

Referred to Director Gillen.

Commissioner Howe offered the following resolution:

RESOLVED, That the sum of One Thousand, Two Hundred Fifty-four Dollars and Seventy Cents (\$1,254.70) be and the same is hereby appropriated to the City Treasurer as per annexed certified list, being the weekly payroll of the Department of Parks and Public Property for week ending February 6, 1929, as follows:

Shade Tree .....\$1,254.70

Jerome T. Congleton  
John Howe,  
W. J. Brennan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does any citizen have any matter to bring to the attention of the Commission?

Mr. Herman Schlessinger, 184 Ferry Street.

Mr. Mayor and Commissioners: I appeared here last week and it is for almost the same thing now again. I made my business to go through Van Buren Street and see the conditions before I know what I was talking about. I met quite a few property owners there and they told me the entire pavement was only laying on sand. The water finds its way through and fills up their cellars with water. This is what they told me and I have proof of that myself. God knows it, we know—Van Buren Street needs to be paved. That is in very bad condition. There is hardly any curbstone any more. So consequently all the property owners absolutely do not object in spite of the fact they signed the same as I did myself, but on the other hand they are satisfied if Van Buren Street

will be paved. Of course, the question as to the pavement, we would be satisfied the same as Ferry Street was, twenty and eighty. But there is one fault, according to a circular which was spread there, why it has the pavement only as far as Clifford Street? Why not all the way through? Why to save just that one block? That would look, first of all, like patch work. The second thing is when anybody will come down the other way either with a truck or pleasure car, whatever it might be, it will make a pretty poor impression.

Mayor Congleton: Let me answer you. That last block is a more recent granite block pavement on a good foundation. The purpose is to clean out those joints and fill them with asphalt cement, or whatever they call it, and give that last block a very good pavement.

Mr. Schlessinger: Wouldn't that make a poor impression for people coming in the other way?

Mayor Congleton: One block of granite block that is nicely laid and filled up and then we will asphalt—

Mr. Schlessinger: It wouldn't be the same. On the other hand, Mr. Mayor, I can not see why we property owners on Van Buren Street—I myself have 225 feet—simply because there is a factory there and their trucks will go over our pavement and break it up. We can not do it to them; they are big manufacturers, of course, and they got a lot of trucks and there is no reason why they should be practically shielded about the matter. They should pay just as well as we and all Van Buren Street will be in good shape then. Otherwise it will never look any good. There is no reason for it. There is a very poor foundation under there too. You can have your engineers test it. The property owners tell me the stones were laid just on the sand and the water goes through and fills their cellars up.

Mayor Congleton: In the last block?

Mr. Schlessinger: In the last block.

Mayor Congleton: I will have it looked into further and if it is as you say we will have it corrected.

Mr. Schlessinger: I spoke to quite a number of people there. They remember when the street was paved there.

There is no reason why that block should be saved. According to this I can save quite some money in front of my own.

Mayor Congleton: I will have it looked into.

Mr. Kleinhans: I happen to be the owner of both sides of the street with the exception of one or two pieces.

Mayor Congleton: On Van Buren Street?

Mr. Kleinhans: Yes. And I am in full accord with what you said before that that was laid of a later date and is in absolute good condition. It would be just a waste of money and cost on our part to relay that thing. As the City Engineers have found it to be in good order, the proper thing to do, we agree with them in every respect, is the grouting out.

Mayor Congleton: You own on both sides?

Mr. Kleinhans: We own all excepting about forty feet on one side of the street.

Mayor Congleton: Are there houses on that forty feet that you don't own?

Mr. Kleinhans: Yes, there is one house.

Mayor Congleton: Is that the house you refer to, Mr. Schlessinger, that gets water in the cellar all the time?

Mr. Schlessinger: No, it is in the next block.

Mayor Congleton: I thought you said that block was all filled in with water.

Mr. Schlessinger: Well, it is practically all the same. It will not be the same.

Mayor Congleton: We will look into it. Has anyone else any matter to bring to the attention of the Commissioners?

Mr. J. C. Lowe, 153 Delancey Street.

There seems to be quite a controversy about this whole Van Buren Street about certain sections being paved and one section being a little better than the other. I really don't know whether the Commissioners are acquainted with the conditions on that whole street. I think it would be a good suggestion to have the Commissioners come down and look that thing over themselves. The last time we were here—last Tuesday—a week ago yesterday—I believe the Commissioners made some kind of

a proposition to compromise on the assessment. And if we could come to some agreement on that, why, I don't know whether it would make any difference to Mr. Kleinhans if the pavement was taken off and continue the asphalt top as long as it would be a general improvement. I don't think that would make much difference in the cost. The pavement between Clifford Street was laid at the time South Street was laid and the blocks between Chestnut Street and South Street is about pretty near in the same condition. Two or three blocks is laying on sand and that one block is laying on concrete, but nevertheless, the blocks in between Clifford and Chestnut are the old Belgian block and they are not broke up and chipped up. They don't chip up and break up the same as maybe softer blocks laid on South Street or Clifford or Van Buren. Why, last year the blocks was taken off of South Street from the ramp up to Pacific Street and that one block between Clifford and South Street was part of that improvement. It was laid at the same time. The blocks on South Street were removed and a new top of asphalt put on, and this one block I do not believe Mr. Kleinhans would have

much objection because of the little expense it would be to just take that top off and match up it all and make it one top asphalt from South Street continued right on.

Mayor Congleton: We will look it up again.

Commissioner Murray: You will be satisfied when the thing is finally determined.

Mayor Congleton: Does any other person have any matter to bring to the attention of the Commissioners? If not, a motion to adjourn is in order.

Commissioner Howe: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk,

Newark, N. J., February 19, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of meeting of February 13th were read and approved.

The City Clerk presented An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Ernest C. Lum, Griffith Building: I am here on behalf of my brother Ralph who represents people having an interest in this matter. He is in the Court of Errors and Appeals today and has asked me to request an adjournment of the hearing in this matter in view of the fact he has done a great deal of work and is the only person in the office who knows about it, and he desires to be heard; and on that ground I would like to have it continued, if possible, for a period of two weeks.

Mayor Congleton: Mr. Ralph Lum had me on the phone last night at my home. He is actually engaged in the trial of a case and is not finished. This matter will be adjourned for two weeks, but if there is anyone else here who desires to be heard at this time we would be very glad to hear him.

Mr. Charles E. Cohn, 60 Park Place: I represent Beitman's Pharmacy at the corner of Mulberry and Market Streets, an institution for the past sixty-nine years, I believe, at that corner; and it is of great interest, of course, to know why that corner is to be cut off.

Mayor Congleton: We can tell you in a very few words, sir. We believe the corner needs to be cut off to make a widening there for Market Street

going east, and it is the intention of the Board of Commissioners, as soon as our finances will permit it, to continue widening Market Street on the south side easterly to Lawrence Street.

Mr. Cohn: It would be advantageous and we can see it would be an advantage to cut off that side of the street on Mulberry Street, but when it comes to cutting off the street on Market Street side that simply widens it to an extent which is not necessary at the present time in the opinion of the tenant at that corner. I think that widening the street at that corner on Mulberry Street is necessary, and we agree that if it was continued on the other side it would widen it at a point where it requires it; but to widen it on that side of Market Street seems like a useless procedure. The street, if widened with the additional fifty feet on Market Street would make it approximately 150 feet at that point, would it not?

Mayor Congleton: Something like that.

Mr. Cohn: I think at the present time it is inadvisable and I think at the present time it is unnecessary because 150 feet would amply provide for the traffic at that point.

Mayor Congleton: The Market Street Association has requested the City of Newark to widen Market Street. We intend to do it as soon as we can. And in the widening of Mulberry Street we deem it advisable to cut that corner at this time.

Mr. Cohn: If it is the object of the Commission to cut it for esthetic purposes—

Mayor Congleton: It isn't for any such purpose; it is for the purpose of making a proper corner there to turn.

Mr. Cohn: I believe the Commission has in view the widening of Mulberry Street on the south side at some future time. Wouldn't it be well—

Mayor Congleton: To widen what? To widen Mulberry Street on the south side?

Mr. Cohn: Yes.

Mayor Congleton: You mean south of Market.

Mr. Cohn: Yes.

Mayor Congleton: Some day or other.

Mr. Cohn: Don't you think it would be advisable to lay over the cutting of that corner until such time as that is done?

Mayor Congleton: We don't think so. We think it is necessary to do it in order to give the proper width at Market and Mulberry Street now.

Mr. Cohn: Does the Mayor think that 150 feet is insufficient to provide for the necessary congestion at that point?

Mayor Congleton: I don't know what you mean by 150 feet.

Mr. Cohn: If Mulberry Street is cut on the north side to the extent of fifty feet off Mulberry Street that gives it an approximate distance of 150 feet between corners.

Mayor Congleton: On the north side?

Mr. Cohn: Yes.

Mayor Congleton: But it doesn't widen Market Street any for a person coming north on Mulberry Street who may want to turn east on Market and it doesn't give sufficient room, as we view it, for traffic east on Mulberry Street that wants to cross.

Mr. Cohn: How would cutting that corner off give any more room in turning? We appreciate that it projects slightly into Market Street—

Mayor Congleton: It projects into Market Street comparing Market Street east of Mulberry with Market Street west of Mulberry for its full width.

Mr. Cohn: For its full width?

Mayor Congleton: For its full width, which you can readily see if you will look at the map. Here is the piece you are talking about and here is the line of Market Street.

Commissioner Howe: Where do you get 150 feet?

Mayor Congleton: How do you make 66 and 47—150?

Mr. Cohn: 113 feet.

Mayor Congleton: That doesn't do any cutting over here.

(Discussion between the members of the Commission and Mr. Cohn out of hearing of the stenographer.)

Mr. Cohn: Well, we still want to enter our objection.

Mayor Congleton: Your objection will be noted. Does anyone else desire to be heard at this time?

Mr. Richard Hartshorne, 9 Clinton Street: May it please the Board, we have a number of representatives here who came here to be heard, but I presume it would be inadvisable to take up your time since you are going to adjourn the hearing.

Mayor Congleton: We would be glad to hear them today, but we do not want to hear them today if it merely means repetition at the next hearing.

Mr. Hartshorne: I think we would prefer to hear what the Caseboldt interests have to say.

Mayor Congleton: Does anyone else desire to be heard at this time?

Mr. William Righter, 196 Market Street: I don't think it is necessary for me to say anything if it is going to be postponed for two weeks, but from the smile I get from my friend here he probably would like to have me say something. Now, the only thing for me to say is I was very much pleased to have you change the ordinance from 80 per cent. on the property owners and 20 per cent. on the City to 20 per cent. on the property owners and 80 per cent. on the City. Now, I have a place right here in Mulberry Street. I can't do anything with it of any account, can hardly get enough out of it to pay taxes, simply because it is covered by parking automobiles. The tenant says he can't get things in and out. Of course, you have often heard that. Now, I don't hesitate and don't feel as the members of the Commission feel in paying out money when they get something in in return. Now, I am perfectly willing to pay the full assessment on the thing if it would guarantee me, through parking agreements, so I can use my property.

Mayor Congleton: You are in the same boat with a lot of others in that respect. We are doing the best we can with the traffic situation, Colonel Righter.

Mr. Righter: I know it. But personally, you know even the little drops of water will wear away a stone in time, and if I can wear away such a handicap on the City, and as the tenant often tells me, they are not Newark automobiles that are parking there,

they are not owners of automobiles that are going to vote for this Commission—

Mayor Congleton: That doesn't get anywhere with us. I suppose they are here in Newark doing business with Newark merchants, which the Newark merchants want. That is what they tell us. They are constantly clamoring with us to do things to bring people from out of town into Newark to do business.

Mr. Righter: Here is a merchant who can not do business because he is blocked up by outside automobiles. So that seems to answer. But the only thing is, if you will put this on the city, the large part, and not direct on the property owner, why, I will withdraw all objections and take my return with a smile.

Mayor Congleton: Your statement will be noted on the record and given consideration by us. Does anyone else want to be heard at this time? If not, the further hearing on the Mulberry Street widening ordinance will be two weeks from today.

Commissioner Brennan moved that the ordinance be laid over until March 5th.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. John Francis Cahill, 196 Market Street: Mr. Mayor and gentlemen of the Commission, I desire to be heard. I represent six owners of land on and contiguous to Wheeler Point Road.

Mayor Congleton: On the part proposed to be vacated by this ordinance?

Mr. Cahill, Yes.

Mayor Congleton: Will you give the names of your clients, Mr. Cahill?

Mr. Cahill: Surely, with pleasure I represent the Wheeler Point Land Company, a corporation of this state, Florence E. Cahill, Margaret Fitzsimons, the Dayhill Corporation and the Lafayette Land Company.

Mayor Congleton: I understand you claim they are owners of property between Bay Avenue and the New York Bay Railway line?

Mr. Cahill: Yes.

Mayor Congleton: When did you become the owner of it?

Mr. Cahill: Oh, at various times during the last ten years—my clients did.

Mayor Congleton: Well, I want to say the records do not show you to be the owners. The Lehigh Valley Railroad Company, through its holding company, is the owner of the property on both sides in the name of the United States Real Estate Company.

Mr. Cahill: Would I be allowed to deny that ownership?

Mayor Congleton: Yes, and your denial isn't any greater than your allegations in the complaints that you have filed in your cases against the City and I will pay no attention to them.

Mr. Cahill: You have that right, but there are other Commissioners.

Mayor Congleton: I want the Commissioners to know something about the allegations that you are making about the City's title.

Mr. Cahill: Has that got anything to do—

Mayor Congleton: It has a lot to do when you come up and make allegations about ownership of lands. I want my colleagues to know of the suits that Mr. Cahill has had instituted against the City for lands that he claims to own; with respect to one of them we purchased from Mr. Cahill, through a member of his household, and have their warranty deed.

Mr. Cahill: The City is well protected and there is a Law Department—

Mayor Congleton: I am not so sure the warranty is—

Mr. Cahill: The Law Department was informed no later than four days ago that that would be taken care of at their demand. There is no denial to that. Now, on behalf of these people I wish to protest against the clos-

ing of that street. I understood last week that the City, through a former administration, had entered into a contract—it is mere hearsay I heard last week—

Mayor Congleton: That is a correct statement.

Mr. Cahill (continuing)—entered into a contract through a former administration many years ago. As far as we can see today the improvements and so forth have never been carried out by the New York Bay Railroad. As far as we can see. We say today, at this time, as owners of land on the street sought to be vacated, that the present owners will certainly improve the land at once or in the immediate near future. The other one is going on for perhaps twelve or thirteen years and as yet there is only a promise visible somewhere on paper. That is all that there is, a thirteen-year promise. Now, on behalf of the people that I have named and the corporations I have named, representing them I wish to enter a formal protest against the closing of this street. That is all I have to say, Mr. Commissioners.

Mayor Congleton: I would like to say for the benefit of my colleagues before they vote on this ordinance, that we have had the titles examined and the property on both sides of Wheeler Point Road—that part of Wheeler Point Road to be vacated—is owned by the United Real Estate Company, which is the holding company of the Lehigh Valley Railroad, and that the City is under contract, by a contract dated in October, 1917, to vacate this part of Wheeler Point Road when the railroad company shall have performed its part of this agreement; and I say to you that they have performed their part of the agreement, and that all of us who rode down to Port Newark over the new State Highway on Sunday were reaping the benefits of the work done by the Lehigh Valley Railroad. That agreement called for the railroad company to pay a large sum of money for the bridge across the Oak Island Yard and then when the State Highway took over that route the Lehigh Valley still had to pay to the State its money and that the City was relieved through the State of the approaches that we would have had to pay for, and that the railroad

company has performed its full part of this contract made with the Board of Street and Water Commissioners in 1917, and that we are under not only a legal obligation but a moral obligation to carry out the part of the contract which our predecessors entered into. Does anyone further desire to be heard on this ordinance?

There being no one else to be heard, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of Wheeler Point Road from the westerly side of Bay Avenue southerly about 850 feet to its terminus.

The ordinance having been read three times was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until March 5th, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance regulating the construction, installation and inspection of plumbing and drainage; defining the power of plumbing inspectors; authorizing the examination, licensing and registering of persons intending to engage in business as Master or Employing Plumb-

ers, fixing the fees for examination and inspection and providing penalties for violation of any of the provisions of this ordinance, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until March 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Benjamin Braelow, 1060 Broad Street: Mr. Mayor and Commissioners, I have been requested by the Board of Directors of the Daughters of Israel Home for the Aged to note their objection to the opening of these two streets. Their objection seems to be first, that inasmuch as Hobson Street which recently had been opened is a dead end street, that the opening of Goldsmith Avenue and the continuation of Summit Avenue would not be of benefit to the vicinity and would not—does not improve the land occupied by the Daughters of Israel.

Commissioner Howe: Where is the street they want put through?

Mr. Braelow: Summit Avenue, this is one, and Goldsmith Avenue. The premises that we own—

Commissioner Howe: Is this open now here?

Mr. Braelow: This street has already been opened but is a dead end street.

Commissioner Murray: Hobson Street runs into where St. Peter's Orphan Asylum is now.

Mr. Braelow: Yes. The street that they want to continue now is Goldsmith Avenue and cutting right through our property up until the dead end

street. Then they want to continue Summit Avenue, which would cut off our property right down here—

Mayor Congleton: Let me ask you one question: Does the street as it is proposed to open it go through any of the buildings on your property?

Mr. Braelow: There are no buildings on the property now.

Mayor Congleton: Just vacant land.

Mr. Braelow: Vacant land; but we have plans which will have out-houses on the property.

Mayor Congleton: What is that?

Mr. Braelow: We have plans.

Mayor Congleton: But you have been trying to sell it recently?

Mr. Braelow: I know nothing about that.

Mayor Congleton: You tried to sell it to the Board of Education.

Mr. Braelow: I don't know. I have just been requested to appear by the Directors.

Mayor Congleton: Well, your clients did.

Mr. Braelow: That may be true. I am just following their instruction to note their objection.

Commissioner Howe: You will be paid for any land that is taken from you.

Mr. Braelow: Our experience shows we received a payment on Hobson Street that was inadequate, and the assessment was more than the payment they received for the opening of Hobson Street.

Commissioner Howe: For the purpose of selling, and it has come to the Commissioners' attention that you want to sell; it increases the value of your property, because if it is landlocked you won't get anything for it.

Mayor Congleton: So that you may have the situation, the Board of Education have bought this piece and they are buying these pieces here and they have bought (indicating on map) there, so that they want a street frontage here too, and it opens up all this property. You can not develop that property from that street frontage for that entire depth unless you have another street here.

Commissioner Howe: You have got a dead line here, but you are opening

it. There is a dead end there. You can not get through there.

Mayor Congleton: The Board of Education owns this whole thing and they are building a big building.

Commissioner Howe: You can not interfere at least with that street.

Mr. Braelow: Well, note my objection.

Commissioner Howe: If it was stopped here it wouldn't be so bad, and the City wants a street all around it. It might be satisfied with going to there—

Mr. Braelow: You see, they are leaving us with this piece right here, which makes the entire plot valueless, so far as the intent of the Board of Directors to build a home for these old people. This brings a lot of traffic. The plans intend building a large place which includes a large auditorium, plenty of out-houses and so on.

Commissioner Howe: Why don't you agree to get them to cut that, and they could still go on down there.

Mr. Braelow: There is our piece.

Commissioner Howe: But on the other hand, you still have forty-six feet front there, which is a nice piece of ground, on the side street.

Mr. Braelow: According to the plans that plot is valueless.

Commissioner Howe: Not if the City wants to buy it; you know that.

Mr. Braelow: The intent was to put up this nice place for the old people and have a place which was quiet.

Commissioner Howe: If I were you I would not object to this piece here because the City wants that for this school. Your claim up there would be fairer than this because this must be opened for the Board of Education.

Mr. Braelow: Then I would like to put in a request, inasmuch as this will render this piece of land valueless, that instead of this assessment becoming local so they have to pay it, and all these big men who are behind it, they are objecting to it and inasmuch as it would benefit the entire tract, make a general assessment and that the City pay it because it should not be a tax on the charitable institution.

Commissioner Howe: You might enter into an agreement to give the City

this strip of land for nothing and avoid any—

Mr. Braelow: May we have an adjournment to take it up with the Board of Directors?

Mayor Congleton: You will have plenty of time to take that up with the Board of Assessment.

Commissioner Howe: I just suggested it might be arranged if they would give us this longstrip the length of this tract for nothing that they would not be assessed for the whole of it.

Mayor Congleton: I think we would be glad to do that.

Mr. Braelow: May I suggest that to the Board of Directors and adjourn it—

Mayor Congleton: I suppose it won't do any harm to adjourn it again at the request of Mr. Braelow.

Commissioner Howe: Then we will have a frontage for the whole front of this property without any cost to you, you only having relinquished your title to this property here.

Mr. Braelow: May we offer all that the City wants right here, including an imaginary line drawn here and that you will not add this part here?

Commissioner Howe: You make that suggestion.

Mr. Braelow: I am taking an offer back with me so I can suggest it at the meeting.

Commissioner Brennan moved that the ordinance be laid over until March 5th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Roanoke Place from Roanoke Avenue to Lentz Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing and paving of Roanoke Place from Roanoke Avenue to Lentz Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing and paving of Roanoke Place from Roanoke Avenue to Lentz Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing and flagging of Roanoke Place from Roanoke Avenue to Lentz Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Roanoke Avenue from Manufacturers Branch of the Central Railroad to Foundry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing and paving of Roanoke Avenue from Manufacturers Branch of Central Railroad to Foundry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing and paving of Roanoke Avenue from Manufacturers Branch of Central Railroad to Foundry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch

concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Roanoke Avenue from Manufacturers Branch of Central Railroad to Foundry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Foundry Street from Passaic Avenue to Allegheny Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. Henry C. Pfaff, Foundry Street: I came here for the information about the sidewalk, how that is going to be placed under the railroad trestle.

Mayor Congleton: I can not tell you whether the plan shows that or not, but I would like to say for your benefit that we have received very many protests against the work going forward at this time.

Mr. Pfaff: I, myself, would not protest.

Mayor Congleton: Well, pretty near everybody else has.

Mr. Pfaff: I own on both sides of the road.

Mayor Congleton: There has been such a unanimous protest, practically, that the Commissioners do not feel

that they want to force this on the property owners against their will, and I will entertain a motion to strike out the ordaining clause.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The City Clerk presented An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Custer Avenue from Elizabeth Avenue westerly about seven hundred and eighty (780) feet, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that the following ordinance be taken up on second reading.

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Custer Avenue from Elizabeth Avenue westerly about seven hundred and eighty (780) feet.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that the title of "An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Custer Avenue from Elizabeth Avenue westerly about seven hundred and eighty (780) feet," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Custer Avenue from Elizabeth Avenue westerly about seven hundred and eighty (780) feet.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The City Clerk presented An ordinance to provide for the construction

of a storm water sewer in Sixteenth Avenue from South 20th Street to South 16th Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that the following ordinance be taken up on second reading.

An ordinance to provide for the construction of a storm water sewer in Sixteenth Avenue from South 20th Street to South 16th Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Murray moved that the title of "An ordinance to provide for the construction of a storm water sewer in Sixteenth Avenue from South 20th Street to South 16th Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a storm water sewer in Sixteenth Avenue from South 20th Street to South 16th Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The City Clerk presented An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Van Buren Street from Chestnut Street to East Kinney Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Julius Bahr, 45 Branford Place: If your Honor please, we have filed a formal objection which twenty-four property owners have signed. That objection is on file in the City Clerk's office. A number of the property owners are here now. The main objection is there is no peculiar benefit to the properties in the immediate vicinity

there. We can not see why we should be taxed.

Mayor Congleton: You see, in Oliver Street you have a very bad valley gutter and that type of construction was in the days of horse-drawn vehicles, but you can not have valley gutters today because they cause a great many accidents; and in order to take care of your storm water so that it will run off into the sewer, it is necessary to put through the storm water sewers in addition to paving the street. Now, if we are not permitted to put in the proper sewerage to take care of the water the street won't be paved, because we think it a waste of money to put down a pavement unless we take care of and provide for the proper drainage, which is after all, the life of a pavement. If you haven't proper drainage you won't have any kind of pavement.

Mr. Bahr: I think, if your Honor please, it is a public necessity. I do not see why the property owners in the vicinity should be taxed the entire amount.

Mayor Congleton: You won't be; you never are.

Mr. Bahr: There are several property owners here who would like to be heard.

Mayor Congleton: The apportionment of the cost as between the City at large and property owners is taken care of by the Assessment Commission and the City bears a very substantial part of all these improvements, but we feel it is a waste of money to put down a new hard surface pavement without providing first for proper drainage.

Mr. John F. Badoynoski, 297-299 Oliver Street: I don't find any reason account sewers because we live there in the neighborhood about fifteen years and we never seen any flood water at all, and my property was there located about 150 feet from the corner and I don't know what street and I got to pay expenses for the sewers and somebody else before or behind me. We paid big taxes for the last three years. We pay more and more every year, more valuation in all, and I don't see any reason why we pay for the sewers because one thing a sewer is not necessary to be there because it is good enough to last us. The street has been improved about twenty

years already and we never seen any flood at all and there is no water in the cellar. I know is only one property has got water in the cellar; I don't see anybody else.

Mayor Congleton: The point is that these valley gutters in Oliver Street act as an open sewer and carry the water off, but you can not have those valley gutters on newly paved streets. They are dangerous to the traveling public. Where you have that it will be smooth and if you do not provide some drainage system to carry off that water you are going to have water on the street all the time and it will undermine your pavement and then you will be coming up and complaining you got a poor job because water gets underneath it and forces it and heaves the pavement up. That is the reason for it.

Mr. Badoynoski: Is this street Van Buren Street built any higher, about six inches, then water stops, makes a level. What new drainage was there stopped there now? And it was go nicely because it is level all the way through.

Mayor Congleton: Well, that is our reason for it, and we have to be guided to a large extent by our experts in sewer matters and street matters, and we have usually found that their advice was very good advice to follow on the question of these improvements. The cost is very small and when it is spread over the territory—the whole cost is estimated to be in the neighborhood of \$5,000. When that is spread out between the people that benefit by it, plus the substantial part that the City assumes, you will find that it is a very small assessment.

Mr. Badoynoski: The cost was \$6,000 and I believe it will be more than that.

Mayor Congleton: What?

Mr. Badoynoski: The cost was \$6,000.

Mayor Congleton: Five thousand.

Mr. Badoynoski: Six.

Mayor Congleton: It will cost about \$5,000.

Mr. Bahr: The situation is this: On Van Buren Street there are very few properties. One side of the street is a park—

Mayor Congleton: That park doesn't cost you a penny. The City has to take that assessment just the same as though it were private property, and that park property and the school property will be assessed exactly the same amount per front foot as the property across the street and the City absorbs that part of the cost. You are not penalized by reason of that at all.

Mr. Bahr: When will we be in a position to ascertain what part of the cost the City will bear?

Mayor Congleton: After the work is completed the cost is certified to the Assessment Commissioners and you will get notice that they are going to take it up and you can go there and tell him after the improvement has been completed whether or not it has been a benefit to you, and if has not—

Mr. Bahr: May I have the names on the record of the people who are here?

Mayor Congleton: Yes, they will be noted.

Commissioner Howe: Are they on your petition?

Mr. Bahr: I have several on my petition.

(The following persons also appeared opposing the ordinance:

Mrs. Joseph Visco, 270 Van Buren Street.

Mrs. Janzia Nuiz, 300 Oliver Street.

Mrs. John Borak, 228 Oliver Street.

Mrs. Joseph Powelak, 294 Oliver Street.

Mrs. Mary Pitnoska, 295 Oliver Street.

Mrs. Walter Pankswiecz, 375 East Kinney Street.

Mr. Kalman Cantuloupo, 291 Oliver Street.

Mrs. William Teuriki, 300 Oliver Street.

Mrs. Mary Gotlowski, 362 East Kinney Street.

Mrs. Valenti Mudu, 369 East Kinney Street.

Mrs. A. Dziadoz, 364 East Kinney Street.

Mrs. Caspar Ziemian, 5 Oliver Street.

Mrs. John Stefanowicz, 367 East Kinney Street.)

There being no one else to be heard, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that the following ordinance be taken up on second reading.

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Van Buren Street from Chestnut street to East Kinney Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that the title of "An ordinance to provide for

the construction of a fifteen (15) inch storm water sewer in Van Buren Street from Chestnut Street to East Kinney Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Van Buren Street from Chestnut Street to East Kinney Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

The City Clerk presented An ordinance A Further Supplement to an Ordinance entitled "An ordinance to Establish the Names of Certain Streets in the City of Newark," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mrs. Marie Gamm, Kempel Street: We must have that go through for the simple reason that it is a very serious thing.

Commissioner Howe: Do you want it?

Mrs. Gamm: It has to go through. The name has to be changed.

Commissioner Howe: What name?

Mrs. Gamm: From Kempel Street to Hillside Terrace for the simple reason

Commissioner Howe: Are you here on the Van Buren Street sewer?

Mrs. Gamm: No, on Hillside Terrace. This changing of the name of the street must go through for the simple reason that this is a very serious thing. We have doctors come up there—if we call up a doctor you can not get a doctor there because they can not find the street. You see, it has no begin-

ning and no ending. I believe it is forty feet from the corner it only begins, and, of course, when Irvington paved that street, why, they took down Kempel Street. Naturally they would, because it wasn't Newark and they put up Hillside Terrace. So, of course, we are just nothing there right now.

Mayor Congleton: Madam, you realize, don't you, if we grant this request and call what is now Middlesex Street Hillside Terrace that we will be duplicating in Newark, so that I am afraid that you people up there in that section calling a doctor to come to your house, number so-and-so Hillside Terrace, he probably would go over here to the old Hillside Terrace just off of Clinton Avenue, a little west of Elizabeth Avenue. We have no objection to changing the name if the property owners along the street desire it, but we are afraid it will only add more confusion to the situation—

Commissioner Howe: We have Hillside Avenue and Hillside Street now.

Mrs. Gamm: That is all right, but it is proven that it isn't so, because there are parties on the street here and they don't get their goods from the stores, and the like, and we have given Hillside Terrace and they get it. When they give Kempel Street they don't get it.

Mayor Congleton: We have no objection to changing the name, but our suggestion would be that you pick on a name that we are not already using in Newark.

Mrs. Gamm: But that won't do any good.

Mayor Congleton: Oh, yes, it will.

Commissioner Howe: We can not have three streets—

Mrs. Gamm: Why not? If you went up there to find Kempel Street you couldn't find it.

Mayor Congleton: I think you will agree with me that the tax assessor will find it.

Mrs. Gamm: Well, he wants money; that is different. Go up there looking for the street and you can not find it, and another thing is, you can not go up on the corner and see a sign, because it is Irvington and you are not going to walk down half a block after you come to that street. If you don't see it right on the corner, you see

"Hillside Terrace" and you say this is Hillside Terrace. And down further it is Kempel Street. I would suggest that one of the names of the other streets be changed.

Commissioner Howe: Why not put an arrow point?

Mayor Congleton: Your suggestion is that we change the name of the other Hillside Terrace, but that would not be fair to those people who have had that address for years and probably have their stationery with that name on it.

Mrs. Gamm: That is very little, I think. When it comes to serious things, I don't know. I know I had my mother sick and I called up a doctor and we couldn't get him the next morning; he simply couldn't find it. If you try to get a taxi you can not get it. The Yellow taxi can not even find it.

Mayor Congleton: We will take the matter up and see if we can help you some way, but it isn't fair for us to cause confusion for the people living on the street that are already well known as Hillside Avenue and Hillside Place and Hillside Terrace and have another one put a few miles away within the same city, because that would only be making more confusion rather than straightening it out.

Mrs. Gamm: I can see that, but then this is a straight street right through.

Mayor Congleton: So are the others.

Mrs. Gamm: Then Newark has got to get in with Irvington and change the whole street and have the whole street changed to one name so it will all be one name.

Commissioner Howe: We would be glad to.

Mayor Congleton: We will see if we can not work it out some way or other, but we prefer not to pass this this morning because of the confusion that we are fearful it might create.

Commissioner Howe: I move that this ordinance be laid over until March 5th, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe: I might say, Mr. Mayor, when Vailsburg was taken

into Newark we had to change thirty-seven streets that were duplicated.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

**An Ordinance Relating to Taxes for the Year 1929.**

BE IT ORDAINED By the Board of Commissioners of the City of Newark, New Jersey, that there shall be assessed, raised by taxation and collected for the fiscal year 1929 the sum of Twenty-five million one hundred and eighty-six thousand dollars (\$25,186,000.00) for the purpose of meeting the appropriation set forth in the following statement of resources and appropriations for the fiscal year 1929:

**Resources:**

Surplus Revenue Appropriated .....	\$	821,675.12
Miscellaneous Revenue (estimated) .....		2,700,000.00

**Amount to Be Raised by Taxation as follows:**

For Municipal Purposes ...	\$17,386,000.00	
For Local Schools	7,800,000.00	25,186,000.00
		<hr/>
		\$28,707,675.12

**Appropriations:**

Budget Appropriations ...	\$20,907,675.12	
Local Schools	7,795,000.00	
Local Schools Manual Training	5,000.00	
		<hr/>
		\$28,707,675.12

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that February 26, 1929, at 11 A.M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark,

N J, be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the vacation of part of Tremont Avenue, on the northerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That part of Tremont Avenue, on the southerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid, as laid out on map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1386-V, dated February 9th, 1929, shall be vacated as a public street or highway, the part to be vacated being described as follows:

Beginning at the southeasterly corner of North Munn Avenue and Tremont Avenue; thence south 59° 52' 45" east along the southerly side of Tremont Avenue 65.87 feet to an angle in same; thence north 56° 22' 35" west in straight continuation of the line of Tremont Avenue as it is laid out east of the above mentioned angle 65.78 feet to the easterly line of North Munn Avenue; thence along the same south 33° 04' 45" west 4.02 feet to the place of beginning.

Under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan moved that March 12, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Chapman Street from its present northerly terminus about 102 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That Chapman Street from its present northerly terminus about 102 feet northerly to Ivy Street shall be graded curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary

or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 16, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amend-

ments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe moved that March 12, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of an eight (8) inch pipe sewer, for house sewage only, in Hobson Street from Chancellor Avenue to Keer Avenue.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That an eight (8) inch pipe sewer, for house sewage only, shall be constructed in Hobson Street from Chancellor Avenue to Keer Avenue, together with four (4) inch cast iron house connections to the curb lines, together with all the appurten-

ances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 11, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$6,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$6,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations, and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Brennan moved that March 12, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting

room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton:

Commissioner Howe introduced the following ordinance and moved its adoption on first reading,

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of an eighteen (18) inch reinforced concrete pipe sewer for storm water only in Pacific Street from Thomas Street to Tompkins Point Road.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an eighteen (18) inch reinforced concrete pipe sewer, for storm water only, shall be constructed in Pacific Street from Thomas Street to Tompkins Point Road, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-819) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated February 11, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,500.00, un-

der and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The following communication was received and read:

**Board of Adjustment,  
City of Newark,  
Newark, N. J.**

February 7, 1929.

The Board of Commissioners of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day a resolution was adopted granting the following application for a variation from the requirements of the Zoning Ordinance:

286-288 Chancellor Avenue, William Krautter, owner; gasoline station.

In accordance with Section 9, Chapter 274, P.L. 1928, the Board of Adjustment respectfully recommends to your Honorable Body that the above structure be allowed.

Respectfully submitted,

The Board of Adjustment,  
R. E. Rankin, Secretary.

Ordered filed.

Commissioner Howe offered the following resolution:

WHEREAS, The Board of Adjustment has recommended in writing to this Board, upon the appeal herein-after set forth to it, from the decision of the Superintendent of Buildings refusing such permit on the ground that such application does not meet with the requirements of the Zoning Ordinance, that the structure for which application has been made be allowed; Application by William Krautter, owner, for the construction of a gaso-

the station at 286-2387 Chandler Avenue.

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendation of the Board of Adjustment be and the same is hereby approved, and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed forthwith to issue permit for the application above set forth.

The following communication from the Board of Education, under date of February 14, 1929, was received and read:

The Board of Commissioners of  
The City of Newark.

Gentlemen:

At the meeting of the Board of School Estimate held on Thursday, February 14, 1929, it was decided to respectfully recommend to the Board of Commissioners of The City of Newark that the sum of seven million eight hundred thousand dollars (\$7,800,000.00) be appropriated to the Board for the current expenses of the schools for the school year beginning July 1, 1929, and ending June 30, 1930, as set forth in the attached certificate.

Yours truly,

R. D. Argue,  
Secretary.

RESOLVED, That the Board of School Estimate does hereby respectfully recommend to the Board of Commissioners of the City of Newark, that the sum of seven million eight hundred thousand dollars (\$7,800,000) be appropriated to the Board of Education for the current expenses of the schools for the school year beginning July 1, 1929, and ending June 30, 1930, and that five thousand dollars (\$5,000) of the above amount be specifically appropriated for manual training purposes.

Jerome T. Congleton  
Jno. F. Murray, Jr.  
John Howe  
Louis C. Schwartz  
Henry Young,

Board of School Estimate.

Ordered filed.

A petition, signed by 28 property owners, protesting against the construction of a fifteen (15) inch storm water sewer in Van Buren Street, was received and on motion ordered filed.

The following resolution was received, read and on motion ordered filed:

Joint Meeting in the matter of an  
Outlet Sewer for certain municipalities in Essex and Union Counties. Feb. 19, 1929.

WHEREAS, On December 6th, 1928, an assessment was levied of \$100,000 against the Treatment Plant, on the several municipalities in accordance with Article VII of the contract between the municipalities, and

WHEREAS, Due to an error, this assessment was apportioned to the several municipalities on the basis of the cost of Section 1 of the Supplementary Joint Outlet Sewer as set forth in Article IV, Section 1, page 15 of said contract, instead of on the basis of the percentages owned by them of the combined capacities of the existing and supplementary sewers as shown in Article III, Section 1, page 9 of said contract, therefore be it

RESOLVED, That said assessment be transferred from the Treatment Plant to Section 1, and the Secretary is hereby directed to so note on the books of the Joint Meeting and to mail to each of the municipalities a copy of this resolution.

I hereby certify that at a meeting of the joint meeting held February 14, 1929, the above resolution was presented and its adoption regularly moved and carried.

Edward S. Rankin,  
Secretary.

The following petition was received and read:

To the Mayor and Board  
of Commissioners of  
The City of Newark.

Application is hereby made by Transit Air Bus Co. for municipal consent to operate four (4) motor buses between the Plaza at Veterans Square, Jersey City, thence along the Hudson County Boulevard to Communipaw Avenue, and thence along Communipaw Avenue and Lincoln Highway to the intersection of Doremus Avenue, thence along Doremus Avenue to the Newark Airport and return over the same route.

The buses will be semi-de luxe in type and will accommodate approximately twenty-nine passengers. The fare to be charged is twenty-five cents (25c) one way. No stops are contemplated in Jersey City for the purpose of doing local business. A stop is contemplated at the intersection of Com-

muni-paw Avenue and the Hudson County Boulevard, and also at West Side Avenue and Communipaw. No local business will be done, however, and the destination of all passengers boarding said buses must be either the Newark Airport, Veterans Square, or one of the two stops herein mentioned.

Transit Air Bus Co.,  
By Henry Hohorst,  
69 Monticello Ave.,  
Jersey City.

Referred to Mayor.

A communication from the Mulberry Street Association, dated February 11, 1929, in reference to assessment for widening Mulberry Street, was received, read and on motion ordered referred to the Mayor.

A communication from Joseph C. Loew, 150 Clifford Street, dated February 18, 1929, in reference to continuation of repaving of Van Buren Street beyond Clifford Street to South Street as part of the proposed improvement of Van Buren Street, was received, read and on motion ordered referred to the Mayor.

Mayor Congleton: Does any person have any matter to bring to the attention of the Board of Commissioners this morning?

Mr. Albert Johnson, 38 Shipman Street, appeared before the Commissioners and stated that there was very much unemployment and quite a number of laborers on the street and hoped the Commissioners could find some way to give them work.

Mayor Congleton stated that there was not much work during the winter months, but now that spring was coming we will do the best we can in this respect and stated that he could inform his laboring men that the Board of Commissioners had not been unmindful of them, because in all of the large contracts that have recently been let—Pennsylvania Railroad work, etc., city railway and new Lefcourt building—the City Commissioners have urged those parties to employ local labor and local contractors as far as they possibly could. We are trying to do everything possible to see that the residents of Newark are taken care of first.

Mr. E. J. Loew, 153 Delancey Street.

Mr. Mayor and Fellow Commissioners; there has been an effort made at the last meeting here to close up Pulaski Street from Clifford Street to South Street. Now, the ramp is on that street there and the property owners along that thoroughfare, they don't think that they should close up that street.

Mayor Congleton: There is nothing pending. I had a letter from Mr. Kirk yesterday, who is the attorney for some property owner, and he seemed to have in mind that there was a hearing on an ordinance today for the closing of that block of Pulaski Street. I say to you and all the other property owners that there is nothing official before the Board of Commissioners. It has been agitated by certain parties. It was turned down by the late Mayor Raymond; and while the request has been renewed, our department has not initiated any proceedings to vacate that part of Pulaski Street. If it should ever come all the property owners along there will get formal notice telling them when the ordinance is coming up, but I do not mean for you to take from that statement that the ordinance is likely to come up in the near future, because we have no in-

tention of introducing any ordinance to vacate that part of Pulaski Street.

Mr. James Brooks, 32 Liberty Street, New York. We will withdraw that letter. I understand there is an application before the Board for the paving of Pulaski Street. Of course, we will all concur in that. Thank you.

Mayor Congleton: Has anyone else any matter to bring to the attention of the Commissioners?

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N J February 26, 1929

A regular meeting of the Board of Commissioners of the City of Newark, New Jersey, was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners, Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of February 19th were read and approved.

The City Clerk presented An ordinance relating to Taxes for the Year 1929, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance relating to Taxes for the Year 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance relating to Taxes for 1929," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance relating to Taxes for the Year 1929.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Van Vechten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete base," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Commissioner Brennan moved that the ordinance be laid over until March 26th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing flagging and paving of Joseph Street from Lister Avenue to Euclid

Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Joseph Street from Lister Avenue to Euclid Avenue with asphalt pavement (1½" top-11½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendmnt.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading,

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Joseph Street from Lister Avenue to Euclid Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Joseph Street from Lister Avenue to Euclid Avenue with asphalt pavement (1½" top-11½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mrs. Rachel Cohen, 74 Waydell Street: Well, I don't wish to have a

street there. There is four lots on my side there. And things isn't so extra there; we are suffering as it is with paying out taxes.

Mayor Congleton: Are there any houses on that street?

Mrs. Cohen: Yes, there is four houses I have there.

Commissioner Howe: What street?

Mayor Congleton: Waydell.

Commissioner Howe: One side is all built up. There isn't even a curb in the street.

Commissioner Murray: Nor a sidewalk.

Commissioner Howe: Nor a sidewalk. When it rains it goes all over.

Mrs. Cohen: Well, we are living so many years on the block and we are satisfied with it.

Commissioner Brennan moved that the ordinance be laid over until March 12th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Lang Street from Elm Road to Wilson Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. John A. Schroff, 69½ Lang Street: I have filed a petition and the majority of the people on Lang Street are not in favor of the repaving. The people figure the street is in a condition that it can be repaired and not a new pavement. Now, I don't think the street has been looked after in years in regards to repairing, so naturally the street would be in a bad condition.

Commissioner Murray: How many feet of the street is represented by your petition?

Mr. Schroff: I guess over 2,000 foot.

Mayor Congleton: Of course, your statement about repairing it calls for some reply. That street is in such condition because the type of pavement and the repair account can not carry

it any further. This pavement consists of granite block on sand laid in 1895, from Wilson Avenue to Walnut Street, and from Walnut Street to Elm Road in 1902. Those old sand cushioned pavements can not be kept in any fair state of repair with traffic as it is.

Mr. Schroff: Considering the amount of years that the street has been neglected, considering the amount of repair, it ain't in such bad shape at that. I personally can not refer back when this street was last repaired or looked over in general, so I don't see where it should be repaved.

Commissioner Murray: You object to it and say you have a majority of the property owners?

Mr. Schroff: Yes, sir; I have the majority—over two-thirds.

Commissioner Murray: I move that the ordaining clause be stricken out.

Mayor Congleton: Motion is made that the ordaining clause be stricken out. There will be very little spent for repairs because it is not in shape to do it.

Commissioner Howe: There isn't very much traffic on that street anyway.

Mr. Schroff: No, sir. About 150 foot to Wilson Avenue—

Commissioner Howe: That is right there at Hensler's.

Mr. Schroff: Yes, sir.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of McWhorter Street from Ferry Street to Elm Street and requiring the removal of obstructions, projections, or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of McWhorter Street from Ferry Street to Elm Street is hereby changed and established, as follows:

From Ferry Street to Elm Street ten and one-half feet.

Section 2. All obstructions, projections or encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed and abated any vault, platform, area sign, or any post or erection or any projection or otherwise in, over and upon said McWhorter Street between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 19th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, That the sum of Four hundred eleven dollars and ninety-six cents (\$411.96) be and the same is hereby appropriated to persons named on the annexed certified list, being the bills and claims of the Department of Revenue and Finance, as follows:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

Board of Adjustment,  
City of Newark.  
Newark, N. J.

February 21, 1929.

The Board of Commissioners of the City of Newark.

Gentlemen:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the following applications for variations from the requirements of the Zoning Ordinance:

617-619 Central Avenue, Joseph Weisberger, owner; gasoline station.  
137 Hudson Street, Maria T. De Maria, owner; public garage.

158-160 Schuyler Avenue, Congregation Anshe Russia, owner, synagogue and social center building.

In accordance with Section 9, Chapter 274, P.L. 1928, the Board of Adjustment respectfully recommends to your Honorable Body that the above structures be allowed.

Respectfully submitted,

The Board of Adjustment,  
R. B. Rankin,  
Secretary.

Ordered filed,

Mayor Congleton offered the following resolution:

WHEREAS, The Board of Adjustment has recommended, in writing, to this Board, upon the appeal herein-after set forth to it, from the decision of the Superintendent of Buildings, refusing such permits on the ground that the applications do not meet the requirements of the Zoning Ordinance, that the structures for which applications have been made be allowed:

1. Application of Joseph Weisberger for construction of a gasoline station at 617-619 Central Avenue;
2. Application of Maria T. De Maria for construction of public garage at 137 Hudson Street;
3. Application of Congregation Anshe Russia for construction of synagogue and social center at 158-160 Schuyler Avenue;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the recommendations of the Board of Adjustment be and the same are hereby approved and the Superintendent of Buildings, the administrative officer in charge of granting permits, be and he is hereby directed to issue permits for the respective applications above set forth.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following resolution:

RESOLVED, That the following bonds be and the same are hereby approved as to sufficiency:

**Constables**

Anthony Uzzolino,  
William Waller.

#### Returned from Leave of Absence:

George Mavor, Porter, 2-15-29.

#### Salary Increase:

Kathleen O'Beirne, Prenatal Nurse, from \$1,500 to \$1,560, 2-16-29.

Jno. F. Murray, Jr.  
 W. J. Brennan  
 Charles P. Gillen  
 Jerome T. Congleton  
 John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Carl Heller, Superintendent of the Newark City Home, has been continuously in the employ of the City of Newark for more than twenty-five years and has attained the age of seventy (70) years; and

WHEREAS, said Carl Heller has made application to the Board of Commissioners of the City of Newark to be

retired from services as of March 1, 1929;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that in pursuance of Chapter 103 of the Laws of 1923 said Carl Heller be retired from the employ of the City of Newark on March 1, 1929, and on and after such retirement that he paid the sum of Two thousand five hundred dollars (\$2,500) per annum, being one-half of the amount he is now receiving as compensation from the City as Superintendent of the Newark City Home; the same to be paid in the same manner and at the same time as other salaries are paid; and the City Clerk is hereby directed to place his name upon the pay roll in accordance with this resolution.

Jno. F. Murray, Jr.  
 W. J. Brennan  
 Charles P. Gillen  
 Charles P. Gillen  
 Jerome T. Congleton  
 John Howe,

Commissioner Murray: Mr. Mayor and gentlemen: It seems quite fitting that a matter such as this resolution should be noted a little bit specially, because it marks the closing of the career of a man in public service and public life who has been outstanding in his work. For twenty-five years Carl Heller has superintended the boys at the City Home, and my contact with him during the past four years has been such that I was compelled to admire his general judgment and discretion with difficulties that arise among a large number of boys in a public institutions. One of the best testimonials to him is the fact that where there are no fences, no walls, no bars on the premises, the running away of a boy is and has been for a long time a rarity. The executive ability of the man has been pronounced. He has been careful with the handling of the City's money in his department; but above all his economic practices his character development among the boys has been splendid; and it was a source of great satisfaction to hear from very good authority that of over one hundred boys sent to that home during recent years one has never come back in the Juvenile Court, which was a testimonial to Carl Heller and his moral

regulation of the boys in his care. He has now reached three score years and ten; his wife is somewhat of an invalid now; and having completed his twenty-five years I am very sure that if the people of Newark generally could know this man as we know him and could know the service which he has rendered the public through the reconstruction of citizenship of the boys in his custody, all Newark would rejoice in the fact that he is in fairly good health, with the right to hope for a number of years of useful life yet, and that we have his assurance that so long as he is actively able to go about he will do everything he can, and that while his official connection with the institution passes out, his heartfelt interest will continue. And I know I will be safe in conveying to him the very best wishes of my colleagues here and also equally safe in extending to him the felicitations of the people of the City that he has done for so well for so long a portion of his life; and I move the adoption of this resolution.

Commissioner Brennan: I second the motion, and I regret to see him leave.

Mayor Congleton: I would like to pay my tribute to the man. It has been my pleasure to know him in his official work almost the entire time he has been at the City Home. There is no man that I have met in the City's service that I have a higher regard for for the manner in which he has performed his work; and it has been my custom over the long series of years to drop in to see him at the City Home. There was never anything that he could do that was too much trouble to make the life of the boys with him a bit happier. I feel, as Commissioner Murray said, that the community is losing the services of a very valuable public servant. All in favor of the adoption of the resolution will signify by saying aye. The clerk will call the roll.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That Harry Grundman be and he is hereby temporarily appointed as Superintendent of the Newark City Home, at an annual salary of

Three thousand dollars (\$3,000.00) plus maintenance, same to take effect dating from March 1, 1929.

Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolutions:

RESOLVED, That the contract between the City of Newark and A. Steiert & Son, the lowest formal bidder in response to public advertisement for sealed proposals for furnishing and

delivering to the Department of Public Affairs of street brooms, fiber and wire, a copy of which contract dated December 31st, 1928, hereto is annexed, be and the same hereby is approved, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the same on the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the contract between The City of Newark and The Ideal Press, the lowest formal bidder in response to public advertisement for sealed proposals for furnishing and delivering to the Department of Public Affairs of printed forms, a copy of which contract dated December 24th, 1928, hereto is annexed, be and the same hereby is approved, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the same on the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That Eric A. Black be and he is hereby appointed as Assistant Designing Engineer, in the Department of Public Affairs (City Railway), at a compensation of \$4,200.00 per annum, effective March 1st, 1929.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The Director of the Department of Public Affairs, by authority of the Board of Commissioners of the City of Newark, heretofore entered into contracts for the furnishing and delivering to said Department of materials as hereinafter set forth; and

WHEREAS, All of said contracts contain a clause whereby the same may be continued in force for a further period of one (1) year upon the mutual consent of the parties hereto; and

WHEREAS, It is deemed advisable to continue said contract for a further period of one (1) year from February 15th, 1929, the contractors having in each instance agreed hereto;

THEREFORE, BE IT RESOLVED, That the following contracts hereinabove referred to, be and the same are hereby continued in effect for a further period of one (1) year from February 15th, 1929, upon the filing by such contractors with said Department of Public Affairs of the consent of the surety on said contracts:

The Brown Instrument Company, dated June 5th, 1928, for furnishing and delivering pressure gauges and converters.

Mack-International Motor Truck Corp., dated February 23, 1927, for furnishing and delivering repair parts for Mack Trucks and special equipment.

Mack-International Motor Truck Corp., dated December 20, 1927, for furnishing and delivering 5-ton Mack chassis with dump body and underbody hoist.

DeCozen Motor Car Co., dated June 12th, 1928, for the furnishing and delivering of Chrysler automobiles.

E. B. Kelley Company, dated October 23rd, 1928, for the furnishing and delivering of concrete mixing machines.

Millard G. Furman, dated December 27th, 1927, for the furnishing and delivering of repair parts for Watson wagons.

Jerome T. Congleton

W. J. Brennan  
Charles P. Gillen  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby authorized to advertise for sealed proposals for the construction of the following sewers:

Sewer in Custer Avenue from Elizabeth Avenue westerly about 780 feet.

Sewer in Sixteenth Avenue from South 20th Street to South 16th Street.

Sewer in Van Buren Street from Chestnut Street to East Kinney Street.

Bids to be received at the office of said Director between the hours of 10:00 and 10:15 A. M. on such date as he shall in said advertisement designate.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby directed to advertise for sealed proposals for the furnishing and delivering of Chlorine, repair parts for valves and hydrants, ignition units, starting and lighting systems for automobiles,

Bids to be received at the office of said Director between the hours of 10:00 and 10:15 A. M. on such date as he shall in said advertisement designate.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby directed to advertise for sealed proposals for the furnishing and delivering of asphalt tandem roller.

Bids to be received at the office of said Director between the hours of 10:00 and 10:15 A. M. on such date as he shall in said advertisement designate.

Jerome T. Congleton  
John Howe  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the following bonds be and the same hereby are approved as to sufficiency and the City Clerk hereby is directed to file the same with the Department of Public Affairs, which will in turn file the same with the proper city officer.

A. Steiert & Son, contract bond, furnishing street brooms, fibre and wire.

The Ideal Press, contract bond, furnishing printed forms.

Plumbers' Bonds: Henry A. Rath, Christian Maute, Jr.

Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission this morning?

Commissioner Brennan: I might say, Mr. Mayor, the question of the permit for a gas station at Ogden and Bridge Streets, which was laid over until the full Board met as per promise to the representatives. There are matters in the report on the investigation which I would like Commissioner Gillen, he not being here and not having had an opportunity to go over it, to have an opportunity to look that over before action is taken.

Commissioner Murray: I move the matter be laid over to March 5, so that that may be done.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe: I move that we adjourn.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the motion was declared adopted by the following votes:

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

March, 1929

---

Newark, N. J., March 5, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of February 26th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for a hearing on the same.

Commissioner Brennan moved that the ordinance be laid over until April 2nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Ralph E. Lum, Griffith Building: I desire to make application for a further continuance in this matter until we can have the completed report of the State Highway Commission engineers. There is a plan for a decided change which would make necessary a further conference with your engineers; and I ask for a further adjournment until we get the complete plan of the State Highway Commission.

Mayor Congleton: I think in view of the further study of Route 21 to be made by the State Highway Commission that may be advisable.

Commissioner Brennan: I move you, Mr. Mayor, that this ordinance be laid over until April 2nd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Custer Avenue from Elizabeth Avenue to Peshine Avenue with asphalt macadam pavement, including removal of the parkways, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Benjamin Shanefield, 810 Broad Street: I represent Morris Tesis, who owns four lots on Custer Avenue, Joseph Kahn, four lots, The B. & M. Land Company, which owns the corner of Elizabeth Avenue, 135 feet, and Harry L. Annus, who owns forty-five feet, 117 Custer Avenue, and they desire to have this parkway removed because it is a nuisance.

Mayor Congleton: As I recall, when this ordinance was up before there was no serious objection to the paving of the street, but the principal controversy was over removing or leaving the parkway. Am I right?

Mr. Louis K. Press: 776 Broad Street: That is right Mr. Mayor.

Mr. Shanefield: The people I represent want that parkway removed because it is dangerous and it is a nuisance and it is of no value.

Mayor Congleton: All right. Now we will hear the other side.

Mr. Press: Mr. Mayor and gentlemen of the Commission. I represent 69 property owners and Mr. Shanefield represents what comprises twelve lots. Now, certainly we are the ones who are going to pay for this work; and if I remember rightly the Honorable Mayor at the last meeting when this matter came up said he wanted to give us what the people want. When we bought those properties one of the assets of the street was these particular parkways. It enhances the beauty there. I might also say that one of the properties which Mr. Shanefield has called out that particular owner, gentlemen, is a piece of property which was started about a year ago over the objection of these very property owners who are here now asking that the park beds remain, and the cry at that time was we need apartments there. There has not been a nail driven in that apartment house in the last eight months, and I go by it twice a day. It is under foreclosure. It is an eyesore there, steel all over the street, bricks all over the place, and that is the reason they want these park beds removed to give them more room and perhaps an opportunity for them to

sell I didn't think counsel would be here this morning and we fortified ourselves with more property owners, and I think you gentlemen wish to hear some of them.

Mr. Shanefield: I think Mr. Press is talking of the wrong corner. That is not the corner we own.

Mr. Press: Another property owned by Mr. Tesis, who I understand owns four lots there, is interested in that particular property for sale purposes only. He doesn't live there and I understand the property is on the market and with the park beds out of there he may have a more ready market to sell.

Mayor Congleton: May I ask, are all the other gentlemen in favor of retaining the parkways?

Mr. Press: Yes, sir.

Mayor Congleton: Is there anyone else here in favor of the removal of them?

Mr. Press: If your Honor please, we suggested at the last meeting if the Commissioner deemed it advisable to shorten the park bed that certainly we will agree to that.

Mayor Congleton: We will have to introduce another ordinance if we go ahead with the ordinance with the parkways left.

Mr. Press: I might also suggest that the curbing of the parkway is concrete and not flagging.

Mayor Congleton: It seems a majority of the people do not want the parkway taken out.

Commissioner Gillen: The curbing is what?

Mr. Press: It is concrete instead of flagging. It was thought it might be difficult to remove flagging without greater expense, but it is concrete.

Mayor Congleton: It seems to be very hard to please a lot of them. We have a request from the pastor of St. Charles Church—

Mr. Press: He is strongly in favor of keeping the park beds there.

Mayor Congleton: Not according to his statement to me. He wants it removed from in front of his property no matter what happens to the rest of the street.

Mr. Edward Pryor, 65 Custer Ave-

nue: I called on Father Walsh personally and he signed gladly to have the parkway removed.

Mayor Congleton: He says he owns property on both sides of the street there and has requested that the parkway in front of his church be removed regardless of the other.

Mr. Shanefield: Mr. Tessis wants it removed in front of his property no matter what happens.

Mayor Congleton: Of course, we feel that these parkways are an obstruction, but where they exist we do not care to force our will against a majority of the property owners. That has been our general policy. But they are a great obstruction to the use of the streets for street purposes as intended.

Commissioner Brennan: They are always condemned by the Fire Department as a menace to their getting to their destination in response to alarms.

Commissioner Gillen moved that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading.

An ordinance to provide for the repaving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the repaving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the re-

paving of Custer Place from Custer Avenue to Meeker Avenue with asphalt macadam pavement.

The ordinance having been read three times was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

A petition from forty-one property owners on Pulaski Street requesting that said street be not vacated from Clifford Street to the approach of the New State Highway and further requesting that Pulaski Street be paved from Malvern Street to the approach of the New State Highway, was received, read and on motion ordered filed.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. E. J. Loew, 153 Delancey Street: Mr. Mayor and Commissioners: We have a petition signed by a majority of the property owners on Pulaski Street asking to have this street paved.

Mayor Congleton: Paved?

Mr. Loew: Yes, sir; paved, graded, curbed and flagged from Malvern Street to the approach of the ramp on Pulaski Street at South Street.

Mayor Congleton: This ordinance provides for paving from South Street to Malvern Street.

Mr. Loew: Well, the ramp comes down between South Street and Clifford Street.

Mayor Congleton: But South Street is the southerly end of Pulaski Street. It would mean a continuous pavement into the ramp if that was from Malvern Street to South Street. Malvern Street is the point your petition asks for.

Mr Loew Yes, sir

Mayor Congleton: It is very nice to have such a petition; we don't have one like that very often.

Mr. Loew: Now, Mr. Mayor, the property owners ask that this be done as quickly as possible because Van Buren Street is going to be paved and there will be a lot of traffic going on and off this highway and it will be necessary to have that opening to take away and relieve some of the traffic.

Mayor Congleton: If the ordinance passes we will immediately advertise for bids. Does anyone else desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Pulaski Street from South Street to Malvern Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading and paving of Wainwright Street from Chancellor Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading and paving of Wainwright Street from Chancellor Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the

ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the grading and paving of Wainwright Street from Chancellor Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading and paving of Wainwright Street from Chancellor Avenue to City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Fifteenth Avenue from Devine Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing and paving of Fifteenth Avenue from Devine Street to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading, curbing and paving of Fifteenth Avenue from Devine Street

to the City Line with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Fifteenth Avenue from Devine Street to the City Line with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Ivy Street from Stuyvesant Avenue to the westerly side line of Bayard Place with new oblong granite block pavement on a new six (6) inch concrete foundation, and from the westerly side line of Bayard Place to Sandford Avenue with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving

of Ivy Street from Stuyvestant Avenue to the westerly side line of Bayard Place with new oblong granite block pavement on a new six inch concrete foundation, and from the westerly side line of Bayard Place to Sandford Avenue with asphalt pavement (1 ½" top-1 ½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Ivy Street from Stuyvesant

Avenue to the westerly side line of Bayard Place with new oblong granite block pavement on a new six (6) inch concrete foundation, and from the westerly side line of Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Ivy Street from Stuyvesant Avenue to the westerly side line of Bayard Place with new oblong granite block pavement on a new six inch concrete foundation, and from the westerly side line of Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Evergreen Avenue from Dayton Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? (No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Evergreen Avenue from Dayton Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Evergreen Avenue from Dayton Street to Frelinghuysen Ave-

nue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Evergreen Avenue from Dayton Street to Frelinghuysen Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

A petition from seventeen property owners on McWhorter Street favoring the paving and repaving of that street was received, read and on motion ordered referred to Director Howe for checking frontage.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? I desire to say to the Commissioners that at a previous hearing we received a very extensive protest which has been checked up in the Department of Revenue and Finance and which shows 78 per cent. of the assessed value upon that street is opposed to it, which acts as a veto of this ordinance unless we are prepared to declare this improvement a public necessity, which I do not think we ought.

Commissioner Howe: In addition to that, I might add that 80 per cent. in frontage opposes it as well as 78 per cent. of the taxable value.

Mr. E. J. Pucciariello, 163 Lafayette Street: I have a petition in favor of paving McWhorter Street.

Mayor Congleton: It would be so small—

Mr. Pucciariello: I don't think so. Some of the names are on the other petition and when you take them off I don't think you will have forty per cent. The only trouble is down there these fellows went around saying the building was going up.

Mayor Congleton: If you will file that petition we will adjourn the matter for two weeks and make a recheck.

Commissioner Brennan moved that the ordinance be laid over until March 19th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? Isn't this Goldsmith Avenue the one that went through that Jewish Home for the Aged? Every time we have had protests here. I wonder if they have overlooked it or what? It is down on our calendar. I think, in order to avoid any possible misunderstanding it should be laid over for one week.

Commissioner Brennan moved that the ordinance be laid over until March 12th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented A Further Supplement to an Ordinance entitled

"An ordinance to establish Names of Certain Streets in the City of Newark." and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance? The young ladies there are interested in this.

Mrs. Sheps, 325 Kemple Street, and Mrs. Marie Gamm, Kemple Street, appeared in favor of the ordinance.

Mayor Congleton: Commissioner Gillen, this matter came up during your absence, and so you may be familiar with it, a street called Middlesex Street, request has been made to name it Hillside Terrace so as to conform to the name it bears in Irvington. We were doubtful about making the change because we already have a Hillside Avenue and Hillside Place, but in view of the fact that we can not get Irvington to change the name of the street from their end, I suppose we probably may have to take the chance of further confusion and grant the request. Is there anything further you want to add?

Mrs. Sheps: Our deeds are Hillside Terrace.

Commissioner Howe: That doesn't make any difference. Your deed is by block and lot.

Mayor Congleton: They want it but we were in doubt—we were perfectly willing to make the change, but we have so many Hillside streets the thought was whether or not Irvington might not change it in their town to some name we could use also so there wouldn't be so much confusion, but I understand the Irvington officials like Hillside Terrace and they want to keep it, so if we want to change it I guess we have to go along with them.

Commissioner Howe: Could we change it to your name?

Mrs. Sheps: No, it wouldn't make any difference.

Mr. Humbert Barodi: No name at all would help us because we are off the corner. They will never find the street. The only solution is Hillside Terrace.

Mayor Congleton: The dividing line between Newark and Irvington is not

at a street corner. At one end of the street it is Hillside Terrace and at the other end of the block it is Middlesex Street.

Mr. Barodi: Every store in the city has trouble in making deliveries there.

Commissioner Howe: We have no personal objection. We want to avoid confusion, people getting off Hillside Avenue, Hillside Place, Hillside Terrace—but it doesn't matter to us.

Mr. Sheps: How would you settle that matter? Our street starts in the middle of the block. It is only a few feet.

Mayor Congleton: I guess we will have to go ahead.

Mr. Barodi: There is no other name to change it from except Hillside. We could give directions "Two blocks east of Sandford Avenue" or "one block west of Stuyvesant" and anybody could find it, but no, they come into Hillside Terrace, Irvington, and they wouldn't find Kemple Street.

Commissioner Howe moved that the public hearing on the ordinance be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

A Further Supplement to an Ordinance entitled "An ordinance to Establish the Names of Certain Streets in the City of Newark.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "A Further Supplement to an Ordinance entitled 'An Ordinance to Establish the Names of Certain Streets in the City of Newark'", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

A Further Supplement to an Ordinance entitled "An ordinance to Establish the Names of Certain Streets in the City of Newark."

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan offered the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue with

asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1, That Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue shall be graded, curbed and paved with asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed, or may become necessary or expedient or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 1, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in pro-

portion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$18,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$18,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters with respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 26, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced

the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Verona Avenue from Broadway to Lake Street, including the street railway track area from Mt. Prospect Avenue to Parker Street, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Verona Avenue from Broadway to Lake Street, including the street railway track area from Mt. Prospect Avenue to Parker Street shall be paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 2, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and ex-

penses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$118,900.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$118,900.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that March 26th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is

hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 7 of an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended to read as follows:

#### Section 7—Height Districts.

For the purpose of regulating and limiting the height and bulk of buildings hereafter erected, the City of Newark is hereby divided into five classes of districts: (a) thirty foot districts, (b) fifty foot districts, (c) eighty-five foot districts, (d) one hundred and twenty-five foot districts, (e) two hundred foot districts, and (f) five hundred foot districts; as shown on the height district map, as revised to December 22nd, which accompanies this

ordinance and is hereby declared to be part hereof. The height district map designations which accompany said height district map are hereby declared to be a part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

(a) In a thirty-foot district no building shall be erected to a height in excess of thirty feet.

(b) In a fifty foot district no building shall be erected to a height in excess of fifty feet.

(c) In an eighty-five foot district no building shall be erected to a height in excess of eighty-five feet.

(d) In a one hundred and twenty-five foot district no building shall be erected to a height in excess of one hundred and twenty-five feet.

(e) In a two hundred foot district no building shall be erected to a height in excess of two hundred feet.

In two hundred foot districts the street wall of any building shall not be erected to a height in excess of two and one-half ( $2\frac{1}{2}$ ) times the width of the widest street on which it fronts, unless the face of such walls is set back from the street building line one (1) foot for each additional five (5) feet that the street wall is carried above the limit of two and one-half times the width of the street. A building on or near the intersection of two streets of different widths shall have the height of its street wall governed on the narrower street, by the width of the wider street for a distance of one hundred and fifty feet from such intersection. A street wall less than two hundred (200) feet high, may be carried above the height limit for such wall, for an aggregate horizontal distance of not more than fifty (50) per cent. of such wall, and to a total height of not more than two hundred (200) feet above the street curb.

(f) In five hundred foot districts no building shall be erected to a height in excess of five hundred feet.

In five hundred foot districts the street wall of any building shall not be erected to a height in excess of three and one-half ( $3\frac{1}{2}$ ) times the width of the widest street on which it fronts,

unless the face of such walls is set back from the street building line one (1) foot for each additional five and one half ( $5\frac{1}{2}$ ) feet that the street wall is carried above the limit of three and one-half ( $3\frac{1}{2}$ ) times the width of the street. A building at or near the intersection of two streets of different widths shall have the height of its street wall governed on the narrower street by the width of the wider street for a distance of one hundred and fifty (150) feet from such intersection.

A dormer, elevator bulkhead or other structure may be erected above the height limit at any limit for any part of a building, provided its frontage length on any given street be not greater than sixty (60%) per cent. of the length of such street frontage of such part of the building. Such frontage length of such structure at any given level shall be decreased by an amount equal to one (1%) per cent. of such street frontage of such part of the building for every foot such level is above the height limit. If there are more than one such structures, their aggregate frontage shall not exceed the frontage length above permitted at any given level.

## Section 2.

The Height District Map is hereby amended by including within the five hundred foot district the area bounded on the north by North Canal Street, on the east by Mulberry Street, on the south by Commerce Street, and on the west by Broad Street; and the Height District Map which accompanies said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the five hundred foot height district, the area above described.

Section 3. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Erennan, Gil-len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 19th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark,

N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

318 Elm Street  
Newark, N. J.

March 1, 1929.

To the Honorable  
Board of City Commissioners.

Gentlemen:

I understand that your honorable board is contemplating closing Wheeler Point Road. As I am a property owner facing on this street, I wish to protest against this action.

Our property has been considered very valuable up to now, because of the possibilities of improvements in that section. If your ordinance becomes effective our property will have no value whatsoever, and whatever we have invested in it will be completely lost.

I respectfully request your Honorable Board to reconsider your decision to close this street as it is a main artery and should be kept so.

Yours very truly,

Vincenzo Buonerbar.

Ordered filed.

Mayor Congleton: Does any other

citizen have any matter to bring to the attention of the Commission this morning?

Mr. Joseph H. Gunn, Secretary, Ironbound Manufacturers' Association:

Speaking for the Ironbound Manufacturers' Association, you will recall on two previous occasions we appeared before this Board recommending the location of a park in the Ironbound District. At that time we were asked if we had any sites to recommend. We did not at that time. We turned to our association and a committee was appointed. That committee went out and made a selection, reported back to the association and the association endorsed the action. I will read the report.

Newark, N. J., March 5th, 1929.

To the City Commission,  
Newark, N. J.

Gentlemen:

The Special Committee on Parks of the Ironbound Manufacturers' Association, pursuant to directions from said Association, has made a survey of the Ironbound District from Port Newark to the "Island", in quest of a site to be recommended to your body for a park to be built in accordance with the provisions of the will of the late Alice W. Hayes. The unanimous conclusions of this committee, and which have been concurred in by the Association for presentation to your honorable body, are as follows:

That we recommend the property known as the Boneykamper Farm, situated on Passaic Avenue, Waydell Street and Ferry Street for the proposed park, and we suggest that it be acquired by the City through condemnation proceedings.

We find the property admirably located for park purposes, and its area, approximately four acres, ample for recreational activities of many kinds. The site is adjacent to a thickly populated section of the City, whose residents are hard working people and who are at present without park accommodations. The property is adjacent to many factories whose employees seek recreation at noon time, and it is also within easy access of schools and churches, whose pupils and organization members would find

it convenient for outdoor games, exercises and recreation. The absence of any tall buildings or factories immediately adjacent to it, assures a clear breathing space, and a healthful spot for people to gather in the heated summer season.

This committee believes that the Boneykamper Farm would be further advantageous as a park site in that it is practically without buildings of any kind, and thus entailing no reduction in city ratables for building losses. For the same reason it could be quickly put into shape for park purposes, and it would bring a much needed improvement to this section of the city and to citizens who have been paying taxes for years. The need of a recreation center in this locality has been recognized for years. As far back as 1915, the Newark City Planning Commission recommended the location of a park on Lentz Avenue, and only a few short blocks from the Boneykamper Farm. The Lentz Avenue plot is now being developed for building sites, and many new homes have recently been erected on it. As a result, it has been removed from consideration as a park site.

This committee would also recommend that the City Commission keep in mind the location of other recreational centers in the Ironbound section as developments from time to time might suggest, and that further, if it is deemed feasible, that proper equipment be created for the transmission by radio to various parks, the band concerts given each summer under the City's auspices.

Respectfully yours,

Park Committee,  
Ironbound Manufacturers'  
Association.

W. P. Gregory, Chairman,  
Owen Fox,  
Graham McGregor,  
C. B. Snyder.

Referred to conference of Commissioners.

I have Mr. Fox here, who will speak for the committee.

Mr. Owen E. Fox, Ironbound Manufacturers' Association:

Gentlemen, we simply have to en-

hat this petition sets forth. We made a pretty thorough canvass of the whole Ironbound Section, Mr. Gregory, Mr. Snyder, Mr. McWhorter and myself, and we can not find anything in that section that would be as well located as this farm. There are other sections on the other side of the Central Railroad, but, of course, there is no chance of getting anything there for a couple of years until this viaduct is put across, so this is really the best that we can possibly find.

Mayor Congleton: Do you mean by that, Mr. Fox, if the viaduct was there that you think the location on the other side would be a better location?

Mr. Fox: Well, it would probably be central for a certain section of the city there that has not been taken care of at the present time; and, of course, that won't be available for a couple of years from now, so we figure there wasn't any use recommending any other at the present time.

Mayor Congleton: Well, we are about negotiating a contract with the Central Railroad and we took it up and negotiated it, and I think you are going to have that in shape to provide for the viaduct shortly, and if we enter into a contract it will go forward immediately, and I only asked that question because if it is in your opinion a better location and will meet the needs of more people, even though it might mean a little more delay, whether or not we ought not to do it.

Mr. Fox: Well, we figure that this section down there now, that this present park location, that it is the best that could possibly be found at the present time and probably for years to come. That is the way we look at it.

Mr. Meyer Zemel, 327 Market Street:

Gentlemen, as one of the heavy property owners down there, I represent my family, and we have over one hundred tenants within the immediate vicinity of this park that this gentleman preceding me spoke about, and everybody down there has families—two, three, five, six children—some of them eight and nine children. The section is densely populated and it would be a generous act upon the Commissioners' part to give them a park right there because it would keep the boys and girls off the railroad tracks and out of the streets, which is very dan-

gerous down there. The railroad running through that neighborhood is very dangerous; and it will also enhance the value of everything in the neighborhood; and another thing it will do, it will beautify the approach to the city from New York City. As you approach from New York up Passaic Avenue or Ferry Street, why, it doesn't look so well; it looks like a neglected part of the City of Newark or an abandoned part of the City of Newark, because we don't get much down there. The people up in the other parts of the city get very much more for their money and taxes, and we pay a good deal down that way, and I plead with you to put a park down there because we need it. It is much more heavier populated there than other places. I understood you gentlemen to speak about a viaduct on the—over at Wilson Avenue. In my humble opinion it is more populated down there and we need a park there, gentlemen. I thank you.

Mayor Congleton: Of course, we are very anxious to do things down in the Ironbound District, but until a very recent date almost every improvement we initiated was vetoed by the property owners themselves. There apparently has been a change of sentiments, and you having been to our meetings in recent weeks will recollect—

Mr. Zemel: I am conversant with the facts, but we need a park there.

Mayor Congleton: In the Pennsylvania Railroad improvement we have had in mind the improvement of the east side of the railroad. We contemplate having just as nice an approach—perhaps not quite as extensive—but just as nice an approach to this new station from the east as we have from the west.

Mr. Zemel: That is very nice of you, but we need that park and the proper place for it is bounded by Waydell, Ferry and Passaic.

Mr. John Rush, 13 Horatio Street:

Gentlemen, some few weeks ago when this park proposition was first brought up I appeared here and I believe I presented sound and logical reasons as to why we should have that park in that particular section. I presented petitions with at that time between eight and nine hundred names. I have petitions here with more names

that will run the grand total up to approximately eleven hundred names. I come here today as a citizen from that section to urge the adoption of a resolution for the purchase of park property in that section.

To the City Commission,  
Newark, N. J.

Gentlemen:

As residents, property owners or manufacturers of the Ironbound Section of Newark, we would respectfully petition your honorable body to locate a city park in the Ironbound District, under the provisions of the deed of gift of the late Alice W. Hayes.

The Ironbound, as you know, is largely industrial, and its residents are mostly employed in industry and its allied interests. As a result the need of recreation for its people is urgent, while the facilities for obtaining such recreation are limited.

Therefore, we feel that the location of a park in this territory would add to the health and comfort of its people and thereby benefit the city as a whole.

Signed by  
thirty-eight citizens.

Referred to conference of Commissioners.

Commissioner Gillen: Mr. Mayor, you remember I wanted to locate a park down there in the beginning and selected this site because we could find nothing else that was as suitable or as large without buildings on it. Now, since that time we have made a further canvass and I have also requested the Ironbound Manufacturers' Association to canvass the district and see if there was any other site available that could be purchased for any price near this price. They report that there isn't any because most every other location down there has buildings on it. The people there have been demanding a park and want a park. There is no question about that, and I think they are entitled to it. The only objection to this site, of course, was the one that was made principally by the newspapers that my relatives were interested in the ownership of that, and that perhaps the price was high. At the time the price was submitted they wanted \$160,000. I had the Real

Estate Board appraise it before we finally abandoned the idea of acquiring it. The Real Estate Board appraised it at \$158,000, which was close to the figure demanded by the owners. Before we finally abandoned it I had been negotiating with the owners and had reduced their price considerably, and I think the owners are willing to go along with the City if the Commissioners feel that that site could still be acquired properly and without any undue criticism on the part of the newspapers. The owners are willing, I believe, to re-enter into the spirit of the Hayes Park bequests and to reduce their price considerably. Now, if the Commissioners feel that there still should be a park located there—there is no use of fooling ourselves; you can not buy anything for less than half a million or so—I would further negotiate on this property and report back to you for your consideration.

Commissioner Murray: The people down there have a right to a park; there is no question about it. It is a question of locating it and only that, and the reason they have objected, as the Mayor says. They couldn't afford to pay for it, they didn't get enough revenue out of the property to pay for it. Now, it has changed and they are rapidly changing.

Commissioner Gillen: I move it be referred to a conference.

Mayor Congleton: Commissioner Gillen makes a motion that this matter be referred to a conference of the Commissioners.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Does anyone else have any matter to bring to the attention of the meeting?

The following petitions were received and read:

We, the undersigned, property owners, business men and residents of the Third Ward of the City of Newark, hereby authorize Herman W. Brams, Counsel of the Third Ward Improvement Association, to present this petition, and request the Commissioners of the City of Newark, or the respective Commissioner in charge to in-

crease lighting facilities in various places, especially certain places that are dark, and are unsafe and conducive to hold-ups, and other conditions which might be rectified or eradicated.

Kenneth K. King, Principal, Morton Street School, and 350 others.

Referred to the Mayor.

We, the undersigned, property owners, business men and residents of the Third Ward of the City of Newark, hereby authorize Herman W. Brams, Counsel of the Third Ward Improvement Association to present this petition and request the Commissioners of the City of Newark, or the respective Commissioner in charge, to install and erect traffic signals of a modern type at the corners, as follows: Court and Howard Streets, Springfield Avenue and Prince Street; Belmont Avenue and Springfield Avenue; Prince and Spruce Streets; Prince and West Kinney Streets; Belmont Avenue and Spruce Street; for the reason that the traffic conditions in and about the aforementioned places have become very heavy, and are a menace to the health and safety of the residents of these sections. Also, Court, Spruce and William Streets should be controlled by Signal Traffic Lights throughout.

We also request and petition that additional patrolmen be placed in the Third Ward, as we feel that although the patrolmen on the beats in this Ward are doing their utmost to prevent crime and apprehend criminals, we feel that the placing of additional policemen will overcome these dangerous conditions and prevent hold-ups that have taken place recently.

Signed by Kenneth K. King, Principal, Morton Street School, and 375 others.

Referred to Director Brennan.

We, the undersigned, property owners, business men and residents of the Third Ward of the City of Newark, hereby authorize Herman W. Brams, Counsel for the Third Ward Improvement Association, to present this petition, and request the Commissioners of the City of Newark, or the respective Commissioner in charge, to establish a park as provided for under the will of Miss Hayes. We believe that although a park was selected in a part of the Third Ward, it is nevertheless,

at the extreme western end of the Ward, and will not serve the densely populated section of the Ward, which lies east of Belmont Avenue.

We feel that this density of population and inadequate park facilities and playground facilities tends to be harmful to the health and safety of the children, who are compelled to play on the streets.

Signed by Kenneth K. King, Principal, Morton Street School, and about 325 others.

Referred to Commissioner Gillen.

Mr. Herman W. Brams, 951 Broad Street:

Gentlemen, I appear in behalf of the Third Ward Improvement Association. We had a very large meeting a week ago and we had Commissioners Brennan and Murray with us. They saw the extent of our membership and they listened to some of our pleas and they in turn gave us the opinions of what we could get. Various committees were appointed and at a meeting held yesterday the result of those committees' findings were, with petitions now to be turned over to you asking for these various improvements. We understand that it is—

Mayor Congleton: You say "various improvements."

Mr. Brams: Of various natures. And these petitions are so drafted that they can be turned over to the Commissioners in whose department the work is to be done. We realize that this work can not be done over night, but we would like very much that your honorable body consider these things and act upon them as quickly as possible. Especially are we interested, just as the previous group was, in the matter of the location of a park in our very densely populated section there, and we, of course, appreciate the fact that most of that section there is built up and it will require a great deal of money to buy up space there for the purposes of the park, but if the funds available are insufficient to carry out that project we ask that the Commissioners look and find some source where money might be obtained to carry out the project. In addition to the park we have the request for additional traffic lights in certain spots of the ward. All those have been gone over carefully and they are enumer-

ated in the petitions and we would like the various Commissioners to go over them carefully and give them consideration.

Commissioner Gillen: Are you still opposed to the idea of that other park in Belmont Avenue?

Mr. Brams: The committees have submitted certain sites. We have not given those sites out to the general public for the reason that we did not want anybody to take advantage of that knowledge and buy up or negotiate options. We would be very glad to turn those sites over to Commissioner Gillen. And as far as the location in that particular point at Belmont Avenue, we feel that Belmont Avenue itself is too important a thoroughfare to open up any space there and the population at that particular point, although coming from the east it is very heavy, from the west it is taken care of by the park that has already been decided upon, and we feel that the park should be located somewhere east of Belmont Avenue and west of High Street, south of Court Street and north of Spruce.

Mayor Congleton: I would suggest that the petition with reference to the park be given to Commissioner Gillen, the petition with respect to traffic to Commissioner Brennan, and the petition with respect to additional lighting to my department.

Does anyone else have any matter to bring to the attention of the Commission? If not, I have a matter I want to take up with my colleagues.

The act of 1900 (P.L. p. 502; C. S. 5298) imposed taxes on all corporations having "the right to use and occupy streets \* \* \* or other public places." Secs. 2 and 3 provided for an ad valorem tax on tangible property, at local rates. Secs. 4 et seq. imposed a franchise tax measured by the gross receipts. Sec. 7 provided that any money payable to any taxing district pursuant to any contract, shall be paid notwithstanding this act, and when paid shall be a payment on account of or in full, as the case may be, for the franchise tax imposed by this act. This act, by its terms, included street railways.

In 1906, street railway companies were segregated into a class by themselves for taxation by Chapter 290 of

the laws of that year (P.L. p. 644; C.S. 5283). The act follows closely the provisions of the act of 1900, and fixes the franchise tax at 5% of the gross receipts for the year 1911 and thereafter, and contains the same provision for credit for moneys payable under contracts.

In 1919, by Chapter 25, it was provided that in addition to the franchise taxes which are imposed by the statutes above mentioned, an additional annual tax at the average rate of taxation shall be assessed upon the gross receipts of such Corporations, which additional tax is declared to be in lieu of all taxes on personal property, equipment, etc. This act is declared by the Supreme Court in Salem, etc., Trac. Co. vs. State Board of Assessors 97 L. 386, to be a franchise tax for the use of the public streets. This statute does not provide that any part of the tax should be credited upon contract obligations.

Having these statutes in mind, we turn now to the contract between the City and Public Service for the construction and operation of an electric railway in the bed of the Morris Canal. The contract provides that the City will build the line, and that Public Service shall operate it. Article Five of the contract provides that, Public Service shall pay to the City, for the use of and right to operate the railway, the sum of \$125,000. per annum, but that nothing in the contract shall affect any existing contract for the payment to the City of five per cent. of the gross receipts of the traction company. This latter proviso was inserted especially to cover the point raised by Mr. Bigelow, and the language used was employed for the following reasons:

As has been stated, the acts of 1900 and 1906 imposed a franchise tax of 5% of the gross receipts of all street railway corporations. But many such corporations had built their lines in roads and streets under ordinances and contracts which imposed certain license fees or local franchise taxes of fixed amounts or on varying bases and rates, so that it was further provided that the moneys due under such contracts or ordinances should continue to be paid in full, and if such amounts were less than 5% of the gross receipts the difference should be paid, and if

more, then, such contract payments should be received in lieu of the 5% tax.

Under the general contract between the City and the Consolidated Traction Company and the North Jersey Street Railway Company, those companies and their successors, now the Public Service Coordinated Transport, are forever obligated to pay to the City five per cent. of the gross receipts from all passenger traffic in the City of Newark, which is on account of or in lieu of the franchise tax imposed by the act of 1906. This payment is for the exclusive benefit of Newark and is not subject to apportionment with any other municipality. It was therefore of importance to the City's interest to provide that the rental provision in the City Railway lease should not be construed to affect or modify the former contract requiring the payment of the 5% of gross receipts, which is received, as the statute provides, in lieu of the 5% franchise tax, and which fact apparently escaped Mr. Bigelow's attention in examining the matter.

Our Supreme Court recently had before it the case of Public Service vs. Clark, reported in VI Adv. Repts. 1024, in which it appeared that the town of Westfield made an agreement with the traction company to remove snow from the streets, the traction company to pay one-half of the expense. It was subsequently contended that the charge for this service could be credited upon the franchise tax of 5%. The court held that the charge was not deductible. In its opinion it states:

"If a street railway purchases its water from a municipality that company cannot deduct the amount so paid for water from the franchise taxes due under the act. Where the company receives an equivalent in value for the thing which it pays, no deduction can be made. This section 7 does not authorize any deduction by the railroad companies for commodities furnished or services rendered."

As the City is to give the Public Service the privilege of operating the railway and collecting the revenue from operations, it is to receive a substantial equivalent for the \$125,000. per annum payable to the City, and I fail to see any grounds for the theory upon which it could be asserted that

the rental should be credited upon any other obligation due from the traction company to the City.

The second franchise tax at the average rate of taxation is a special tax in lieu of a tax upon personal property, and as stated above, is not permitted by the statute to be set off against any other obligation existing by contract or by law.

It is my judgment therefore, that the interests of the City are amply defined and protected and that upon further consideration Mr. Bigelow will concur in this view.

I make that statement to you gentlemen so that if you are confronted with this question you may know where we are at.

Commissioner Brennan: I move you, Mr. Mayor, that the statement be received and spread on the minutes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following reports of City Officers were received and ordered filed:

Department of Weights and Measures for February, 1929.

Department of Buildings for February, 1929.

Clerk 1st District Court for February, 1929.

John Howe,  
Director of Revenue  
and Finance.

Mayor Congleton: Any further business?

Commissioner Brennan: Mr. Mayor, this question laid over from week to week relative to a permit for a gas station at Ogden and Bridge Streets, reports from the investigation have been furnished all of you, the men interested are here and I am bringing the matter up, believing you have had time to thoroughly digest the reports.

Commissioner Gillen: The sense of it—

Commissioner Brennan: You may draw your own conclusions from them, but there is really nothing—

Mayor Congleton: In the way of legal evidence.

Commissioner Brennan: Legal evidence. Personally, I am opposed to the station at that particular location because of traffic conditions and the proposed new highway route.

Mayor Congleton: I agree with Commissioner Brennan that it was a bad time to grant a permit at that point inasmuch as the State Highway Commission are now again re-surveying that particular location; and while in our contracts we have provided for a forty-foot street there, they are now contemplating making it seventy-five feet, and I do not think that we should do anything to change the situation as

it now exists, at least until the State Highway Commission has determined definitely how wide they are going to make the street and which side of the street they are going to pave.

Mr. Louis K. Press: Mr. Mayor, might I at this point interrupt and state that the owners of that particular station are willing to enter into an agreement with any authority the same as has been offered before and upon which basis the Board of Adjustment granted the permit, that they are ready to give any space which is necessary without having to go through any condemnation proceedings. They have a plot there 140 by 150 and there is ample room there to provide for 35 feet or even 50 feet.

Mayor Congleton: They are talking of a seventy-five foot roadway there now.

Mr. Press: I understand there is a 66-foot roadway at the present time and the Board of Adjustment suggested that we move our station back ten feet and we offered twenty feet.

Commissioner Brennan: You mean sixty-six feet on Ogden Street?

Mr. Press: That was my understanding.

Mr. Costello: Sixty-six feet between building lines.

Commissioner Howe: How wide is the street—forty?

Mr. Costello: It is forty-six and they are going to widen it three feet on each side.

Mr. Press: But we can go back far enough to give them sufficient ground which would be required for a seventy-five foot roadway.

Mayor Congleton: I understand that, but when the State was contemplating this improvement, and they are contemplating the question of viaducts, I don't think where we are interested and where we have to pay part of the expense if the street is widened further, I do not think we ought to do something that may be a hindrance to us. The Bridge Street widening also is there. I think this matter ought to lie over at least until the State Highway has finished its further survey, just the same as we laid Mulberry Street over until they get through making their further study on Route 21.

Commissioner Brennan: I move

you, Mr. Mayor, that the matter be laid over until after the report of the State Highway Commission.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: Any further business?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

JNO. F. MURRAY, JR.

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk,

Newark, N J., March 12, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of March 5th were read and approved.

The City Clerk presented An ordinance providing for the vacation of part of Tremont Avenue, on the southerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of part of Tremont Avenue, on the southerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance providing for the vacation of part of Tremont Avenue, on the southerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance providing for the vacation of part of Tremont Avenue, on the southerly side thereof, from North Munn Avenue easterly about 66 feet to an angle in the southerly side of Tremont Avenue aforesaid.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Chapman Street from its present northerly

terminus about 102 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any one desire to be heard on this ordinance?

(No response.)

No one appearing. Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Chapman Street from its present northerly terminus about 102 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that

said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Chapman Street from its present northerly terminus about 102 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Chapman Street from its present northerly terminus about 102 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of an eight (8) inch pipe sewer, for house sewage only, in Hobson Street from Chancellor Avenue to Keer Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton Does any one desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of an eight (8) inch pipe sewer, for house sewage only, in Hobson Street from Chancellor Avenue to Keer Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the construction of an eight (8) inch pipe sewer, for house sewage only, in Hobson Street from Chancellor Avenue to Keer Avenue," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of an eight (8) inch pipe sewer, for house sewage only, in Hobson Street from Chancellor Avenue to Keer Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of an eighteen (18) inch reinforced concrete pipe sewer for storm water only in Pacific Street from Thomas Street to Tompkins Point Road, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading.

An ordinance to provide for the construction of an eighteen (18) inch reinforced concrete pipe sewer for storm water only in Pacific Street from Thomas Street to Tompkins Point Road.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the construction of an eighteen (18) inch reinforced concrete pipe sewer for storm water only in Pacific Street from Thomas Street to Tompkins Point Road," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of an eighteen (18) inch reinforced concrete pipe sewer for storm water only in Pacific Street from Thomas Street to Tompkins Point Road.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a fifteen (15) inch reinforced concrete pipe sewer for storm water only in Lang Street from Elm Road to New York Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: This ordinance for a storm water sewer was introduced on the theory that the street would be paved, and as this ordinance for paving was killed last week—

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any one desire to be heard on this ordinance?

Mr. Braelow: Mr. Mayor and Commissioners, I speak for the Daughters

of Israel Home for the Aged, of whose land the Commission contemplates taking part for the opening of these streets. I find it advisable to get in touch with the directors who would like to consider this matter in detail. I respectfully submit that this ordinance should be laid over so as to give me an opportunity to get in touch with the directors in detail concerning this matter.

Commissioner Brennan moved that the ordinance be laid over until March 26th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance authorizing the making and execution of an agreement between The City of Newark and Louis Kamm, Inc., providing for the payment of commissions for services rendered in connection with the leasing of the Market Plaza to Abraham E. Lefcourt.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an agreement in the form hereinafter set forth be and the same is hereby authorized:

This agreement, made this..... day of March, 1929, By and Between The City of Newark, a municipal corporation of the State of New Jersey, hereinafter designated "City", of the first part; and Louis Kamm, Inc., a corporation of the State of New Jersey, hereinafter designated "Agent", of the second part;

WHEREAS, The party of the second part presented to the Director of the Department of Parks and Public Property a proposition on behalf of Abraham E. Lefcourt to lease the Market Plaza for a term of 50 years, at the annual net rental of \$200,000, which said offer was the highest and best offer submitted pursuant to an advertisement requesting that bids be ten-

dered for the leasing of said Market Plaza, and,

WHEREAS, The Director of the Department of Parks and Public Property agreed with said Louis Kamm, Inc., that in case said offer submitted by it should be accepted that the City of Newark would pay to said agents a commission of 2½ % on the sum of \$10,000,000, being the minimum total net rental to be received from said lessee during said period of 50 years; and,

WHEREAS, The City and said Abraham E. Lefcourt have executed four separate leases for the tracts constituting said Market Plaza, the net annual rental for the first and fourth tracts being \$115,000, aggregating for the period of 50 years the minimum sum of \$5,750,000, and the net annual rental for the second and third tracts being \$85,000, aggregating for the period of 50 years the sum of \$4,250,000;

NOW, THEREFORE, in consideration of the premises and of the sum of one dollar each to the other in hand paid, receipt whereof is hereby acknowledged, said City agrees that it will pay to said agents a commission of \$143,750, being 2½ % on said sum of \$5,750,000, and a commission of \$106,250, being 2½ % upon the sum of \$4,250,000, making a total sum of \$250,000 commission to be paid to said agents as commissions for negotiating the leases between the City and said Lefcourt; said sum of \$250,000 to be payable as follows:

\$100,000 upon the execution of this agreement;

\$ 43,750 in 12 equal monthly installments of \$3,645.83, beginning May 1, 1930;

\$106,250 in 16 equal monthly installments of \$6,640.63, beginning January 1, 1931.

The aforesaid sum of \$106,250 to be payable only in the event that said Abraham E. Lefcourt has not surrendered his rights under the leases for the said second and third tracts.

IN WITNESS WHEREOF, The party of the first part has caused this instrument to be signed by the Director of the Department of Parks and Public Property, attested by the City Clerk

and the corporate seal of said City to be attached; and the party of the second part has caused the same to be signed by its proper corporate officers thereunto duly authorized, attested by its secretary and its corporate seal to be hereto affixed, all in duplicate the day and year first above written.

Signed, Sealed and Delivered  
in the presence of

THE CITY OF NEWARK,  
By.....  
Director, Department of Parks  
and Public Property

Attest:

.....  
City Clerk  
LOUIS KAMM, Inc.  
By.....  
President

Attest:

.....  
Secretary

and the Director of the Department of Parks and Public Property and the City Clerk are hereby authorized and directed to execute such agreement on behalf of the City.

2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that March 26th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordin-

ance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1 1/2" top-1 1/2" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Waydell Street from Passaic Avenue to the Pennsylvania Railroad with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue with as-

phalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 5th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause such connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in propor-

tion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving

of Tremont Avenue from North Munn Avenue to Oraton Parkway with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Tremont Avenue from North Munn Avenue to Oraton Parkway shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 5th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property bene-

fit by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$29,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$29,700.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the

following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Maybaum Avenue from South Orange Avenue to the East Orange City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Maybaum Avenue from South Orange Avenue to the East Orange City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 5th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said

street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$50,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$50,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Carrington Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Carrington Street from Frelinghuysen Avenue to the City Line shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 6th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of

any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed upon the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$36,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$36,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will

be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of Verona Avenue from Mt. Prospect Avenue to Lake Street and requiring the removal of obstructions, projections, or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of Verona Avenue from Mt. Prospect Avenue to Lake Street, is hereby changed and established as follows:

From Mt. Prospect Avenue to Highland Avenue, on the north side, thirteen (13) feet.

From Mt. Prospect Avenue to Lake Street, on the south side, thirteen (13) feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed or abated any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Verona Avenue between the limits herein stated, contrary to the provisions of this ordin-

ance and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that March 26th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Morris Avenue from West Kinney Street to Springfield Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Morris Avenue from West Kinney Street to Springfield Avenue shall be paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or

relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 8th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$7,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an im-

provement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading, as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of West Kinney Street from High Street to Morris Avenue with asphalt pavement (1½" top-1½" binder on a new six (6) inch concrete foundation outside of the street railway track area, and with asphalt pavement and napped reclipped granite block pavement on a new concrete foundation inside of the street railway track area.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That West Kinney Street from High Street to Morris Avenue shall be paved and repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area, and with asphalt pavement and napped reclipped granite block pavement on a new concrete foundation inside of the street railway track area, together with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 8th, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands in the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by

virtue of the provisions of the act above referred to.

Section 3. That the sum of \$127,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$127,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

be and the same is hereby ratified and confirmed, such combination bid being the highest and best received for said bonds.

John Howe  
Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on September 29th, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two hundred thousand dollars (\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Sewer Construction, said Temporary Loan Bonds being numbered 1485, 1486, 1487, 1488 and 1489 and dated September 29th, 1928, and payable March 29th, 1929;

AND WHEREAS, The improvement for which said Two hundred thousand dollars (\$200,000.00) was issued was for sewers now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds

to pay the said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued;

**THEREFORE, BE IT RESOLVED,** That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two hundred thousand dollars (\$200,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

**FURTHER RESOLVED,** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two hundred thousand dollars (\$200,000.00) shall state in general terms the purposes for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk, be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

**FURTHER RESOLVED,** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
W. J. Brennan  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

**Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.**

**WHEREAS,** The City of Newark on September 24th, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Six hundred thousand dollars (\$600,000.00) for money borrowed in anticipation of the receipt of money expended for Sewer Construction, said Temporary Loan Bonds being numbered 1422, 1423, 1424, 1425, 1426, 1427, and dated September 24th, 1928, and payable March 24th, 1929;

**AND WHEREAS,** The improvement for which said Six hundred thousand dollars (\$600,000.00) was issued was for Sewers now in the course of construction or have been completed within six years and is an improvement for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay the said Six hundred thousand dollars (\$600,000.00) of Temporary Loan Bonds;

**THEREFORE BE IT RESOLVED,** That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Six hundred thousand dollars (\$600,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Six hundred thousand dollars (\$600,000.00) of Temporary Loan Bonds issued therefor;

**FURTHER RESOLVED,** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Six hundred thousand dollars (\$600,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be

executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

The roll being called, the resolution

was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, Under Article VI, Section 603, of Chapter 236, of the Laws of 1918, it is incumbent upon the governing body of each municipality to fix by resolution the rate of discount to be allowed for the payment of taxes previous to date on which the same become delinquent, and also the rate of interest to be charged for the non-payment of taxes on or before the date when the same become delinquent;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark: That

If any person who shall be assessed in any of the taxing districts of said city shall pay the second installment of his taxes for the current year between April 15 and June 1, the Director of Revenue and Finance shall deduct therefrom three per cent.

If any person who shall be assessed in any of the taxing districts of said city shall pay the second instalment of his taxes for the current year between June 2nd and July 1st, the Director of Revenue and Finance shall deduct therefrom two and one-half per cent.

If any person who shall be assessed in any of the taxing districts of said city shall pay the second installment of his taxes for the current year between July 2 and August 1, the Director of Revenue and Finance shall deduct therefrom two per cent.

If any person who shall be assessed in any of the taxing districts of said city shall pay the second installment of his taxes for the current year between September 2 and October 1, the Director of Revenue and Finance shall deduct therefrom one per cent.

If any person who shall be assessed in any of the taxing districts of said city shall pay the second instalment of his taxes for the current year between October 2 and November 1, the Director of Revenue and Finance shall deduct therefrom one-half of one per cent.

No person, however, shall be allowed any of the deductions above set forth unless the first installment shall have been paid, and no person shall be en-

titled to any deduction on the payment of the said first installment.

If any such installment of taxes shall remain unpaid on June 1, or December 1, respectively, or if that day falls on Sunday, the next day, it shall be the duty of the Director of Revenue and Finance to charge, receive and collect upon such installment of tax so remaining unpaid upon said days interest thereon from and after said dates at the rate of nine per cent per annum.

WHEREAS, For the safety, convenience and proper operation of the telegraph system of the Department of Public Safety it was necessary to have certain materials furnished and labor performed in order to properly operate said system, as specified on the sheet annexed hereto; and

WHEREAS, the Director of Public Safety was in receipt of an estimate for the work aforesaid, in the sum of \$1,102.74, such estimate being furnished by the New Jersey Bell Telephone Company, which estimate in his opinion is a fair and reasonable one for the work and materials involved in such repair work, and said Director

did accept said estimate and authorize the doing of the work aforesaid to properly complete the same by said Company;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that an exigency existed which would not permit of advertising for bids for the doing of the work aforesaid; and

BE IT FURTHER RESOLVED, That the action of the Director of Public Safety in entering into said agreement with said Company for the doing of the work aforesaid, at the price stated, be and the same is hereby ratified and confirmed; and

BE IT FURTHER RESOLVED, That the sum of \$1,102.74 be and the same is hereby appropriated to said New Jersey Bell Telephone Company in full settlement and discharge of the amount due said Company for the furnishing of labor and materials for the work involved in repairs to the telegraph system of the Department of Public Safety, under and by virtue of the power and authority of Section 1, Article XI, Chapter 152, P.L. 1917, (as amended).

The following communication was received and read:

Department of Parks and  
Public Property,  
City Hall,  
Newark, N. J.

February 18, 1929.

Subject: Re Sale of Lands at Public Auction to Albert R. Edwards.

The Board of Commissioners of  
The City of Newark,  
Addressed.

Gentlemen:

Pursuant to resolution of this Board, I advertised for sale on Monday, Feb. 18, 1929, at 10 o'clock, certain lands in the City of Newark, Essex County, New Jersey, described as follows:

Beginning at a point in the easterly line of Third Street distant northerly 317.75 feet from the northerly line of 7th Avenue, West, which point is the northwesterly corner of lot 47, on block 464, as shown on the Tax Maps of the City of Newark; thence easterly along the northerly line of lot 47, on block 464, as above mentioned, 140.70 feet to an angle in said line; thence westerly and through lands now belonging to the City of Newark, 140.70 feet, more or less, to a point in the easterly line of Third Street distant 3 feet northerly from the said beginning point; thence southerly along the said easterly line of Third Street 3 feet to the point or place of Beginning.

Being part of lot 48, on block 464, as shown on the Tax Maps of the City of Newark.

The highest bid received for said

land was that of Albert R. Edwards, in the sum of \$100, and I accordingly struck off said property to said Edwards, in accordance with his bid, such sum being the highest and best price which I could obtain for said land.

Yours very truly,

Charles P. Gillen,  
Director, Department Parks and  
Public Property.

Ordered filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, By resolution heretofore adopted by this Board, the Director of the Department of Parks and Public Property was authorized to sell, at public sale, for cash, to the highest bidder, certain lands in the City of Newark, Essex County, New Jersey, described as follows:

Beginning at a point in the easterly line of Third Street northerly 317.75 feet from the northerly line of 7th Avenue, West, which point is the northwesterly corner of lot 47, on block 464, as shown on the Tax Maps of the City of Newark; thence easterly along the northerly line of lot 47, on block 464, as above mentioned, 140.70 feet to an angle in said line; thence westerly and through lands now belonging to the City of Newark, 140.70 feet, more or less, to a point in the easterly line of Third Street distant 3 feet northerly from the said beginning point; thence southerly along the said easterly line of Third Street 3 feet to the point or place of Beginning.

Being part of lot 48, on block 464, as shown on the Tax Maps of the City of Newark.

and,

WHEREAS, In accordance with said resolution, the Director of the Departments of Parks and Public Property did expose, at public sale, the interest of said City in said lands, and the highest and best bid received therefor was that of Albert R. Edwards, in the sum of \$100, and did accept said bid;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the

aforesaid bid, be and the same is hereby ratified and confirmed; and the Mayor and City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with Covenant against Grantor's Acts, to said purchaser of said lands for the interest therein of the City of Newark.

Charles P. Gillen  
Jerome T. Congleton  
John Howe,  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the rate of wages of the women cleaners in the City Hall, Department of Parks and Public Property, be and the same is hereby increased from Three dollars and seventy-five cents (\$3.75) per day to Four dollars (\$4.00) per day, said increase to become effective March 15th, 1929.

Charles P. Gillen

W. J. Brennan  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark has an interest in certain lands in the City of Newark, Essex County, New Jersey, more particularly described as follows:

FIRST TRACT: Beginning at a point in the westerly line of Second Street distant northerly 250 feet from the northerly line of 7th Avenue, west; thence westerly and parallel with 7th Avenue west 40.92 feet, to the end of the third course mentioned in Deed R. 38-279; thence southerly along the fourth course as mentioned in above Deed 38.01 feet; thence easterly and parallel with 7th Avenue west and along the fifth course as mentioned in above Deed, 19 feet; thence still easterly and along the sixth course as mentioned in above deed 20.42 feet, to the westerly line of Second Street; thence northerly along the same 31.75 feet to the point and place of Beginning. Being known as No. 236 Second Street.

SECOND TRACT: Beginning at a point in the westerly line of Second Street distant northerly 250 feet from the northerly line of Seventh Avenue west; thence northerly along the westerly line of Second Street 46 feet; thence westerly and parallel with Seventh Avenue west 42.45 feet to the beginning of the third course as mentioned in Deed Q. 38-132; thence southerly and along the easterly line of lands described in above mentioned deed and continuing thereon 46.02 feet; thence easterly and parallel with Seventh Avenue west 40.92 feet to the westerly line of Second Street and point or place of Beginning. Being known as 238-240 Second Street.

THIRD TRACT: Beginning at a point in the westerly line of Second Street distant northerly 296 feet from the northerly line of Seventh Avenue, west; thence northerly along the westerly line of Second Avenue 34 feet; thence westerly and parallel with Seventh Avenue 43.58 feet to the north-easterly corner of lot 47 on block 464 as shown on the Tax Maps of the City of Newark; thence southerly along the easterly line of said lot 47, on block 464, on map as above mentioned 34.04 feet; thence easterly and parallel with Seventh Avenue west 42.45 feet to the westerly line of Second Street and point or place of Beginning. Being known as No. 242 Second Street.

and,

WHEREAS, Said lands are not suitable or needed for public use-by said City;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that by virtue of the authority of Article 18, Chapter 152 of the Laws of 1917, of the State of New Jersey, said interest of the City in said lands be sold, at public sale, to the highest bidder, for cash, after public advertisement given in a newspaper circulating in the municipality, at least once a week, for two weeks, prior to such sale; and

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property be and he is hereby authorized and directed to offer said lands for sale to the highest bidder for cash and to report said sale and the terms thereof to this Board for confirmation.

Charles P. Gillen  
Jerome T. Congleton  
John Howe  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, By the Board of Commissioners of The City of Newark that the sum of \$159,000 be and the same is hereby appropriated to John P. Kirkpatrick from the moneys received from the Estate of Alice W. Hayes, deceased, such sum representing the purchase price of certain lands in the City of Newark, Essex County, New Jersey, agreed to be conveyed by said Kirkpatrick and wife to The City of Newark, and which are more particularly described as follows:

Beginning at the point of intersection of the easterly line of Wakeman Avenue with the southerly line of Arlington Avenue; thence running (1) along said easterly line of Wakeman Avenue south 28° 31' west 161.88 feet to line of lands now or formerly of Charles A. Wilson; thence (2) along said line of lands of said Wilson and others about 63° 48' east 350.39 feet more or less, to the westerly line of

Belleville Avenue; thence (3) along said westerly line of Belleville Avenue north 34° 48' east 120.34 feet, more or less; thence (4) still along said westerly line of Belleville Avenue north 21° 34' east 28.33 feet to the southerly line of Arlington Avenue; thence (5) along said southerly line of Arlington Avenue north 61° 29' west 359.81 feet to the easterly line of Wakeman Avenue and place of Beginning; and

BE IT FURTHER RESOLVED, That said sum of \$159,000 be paid to John P. Kirkpatrick upon the delivery by him to the Acting Auditor of Accounts of a Warranty Deed from said John P. Kirkpatrick and wife to The City of Newark, embracing the lands above described, approved as to form by the Law Department.

RESOLVED, That Michael Miggins, whose name has been certified by the Civil Service Commission as eligible, be and he is hereby permanently appointed to the position of Track Foreman in the Department of Public Affairs (Bureau of Docks), at a compensation of \$1,800.00 per annum, effective as of April 1, 1929.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That the Director of the Department of Public Affairs be and he is hereby directed to advertise for sealed proposals for the furnishing and delivering of Low and High Pressure Cast Iron Pipe and Specials.

Bids to be received at the office of

said Director between the hours of 10:00 and 10:15 A.M. on such date as he shall in said advertisement designate.

Jerome T. Congleton  
W. J. Brennan  
John Howe,  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, That John W. Buckmaster, whose name has been certified by the Civil Service Commission as eligible, be and he is hereby appointed as Rodman in the Department of Public Affairs (Bureau of Docks), at a compensation of \$100.00 per month, effective March 16, 1929.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, In the opinion of the Director of the Department of Public Affairs it is necessary to acquire the hereinafter described lands in the City of Newark, in connection with the development of the Port of Newark, and to provide for a suitable approach thereto,

Beginning at a point on the east side of State Highway No. 1, 100 feet in width, distant 80.28 feet north from the intersection of same produced, with the north side of Port Street if produced, said east side of State Highway route being distant 50 feet east from the center line of Avenue I as laid out on the Commissioners' Map at right angles, said point being in the north line of land shown on the map of Henry Ebeling; thence south 66 degrees 15 minutes east 54.15 feet to land conveyed by Henry Ebeling to the City of Newark; thence along the same south 29 degrees 10 minutes west 54.16 feet to the northeast corner of a one acre tract con-

veyed by said Henry Ebeling to Galanti; thence along the north line of said one-acre tract, north 56 degrees 25 minutes west 37.61 feet; thence running on a curve to the right, with a radius of 136.75 feet, 34.51 feet to the east side of State Highway; thence along same north 31 degrees east 26.40 feet to the Beginning.

AND WHEREAS, The Director of the Department of Public Affairs is unable to agree with Julia Ebeling Wilson, the owner thereof, as to price to be paid to her for said lands,

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that the Corporation Counsel be and he is hereby directed to institute condemnation proceedings to acquire the said lands for the purposes aforesaid.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the sum of seventy-two hundred dollars (\$7,200.00) be and the same is hereby appropriated to Florence M. Forman, widow, Carrie V. Harrison, Kate E. Harrison, Edwin M. Harrison and Harold Harrison, being the purchase price for one-third interest owned by the parties above mentioned, in a certain tract of land in the City of Newark, Essex County, New Jersey, more particularly described as follows:

Being lot of Salt Meadow released by James Van Dyke to John Van Dyk:

Beginning at the corner of John Morris Meadow, on the northeasterly side of Maple Island Creek; thence along his line south 69° east 4 chains 48 links; thence along line of Stephen and Aaron King's land south 6° 30' west 5 chains 45 links; thence along same south 60° 30' east 4 chains; thence along Joseph Kingsland's meadow south 22° west 4 chains 35 links

to said James Van Dyk, thence along part of line north 67° west to said creek; thence along said creek the several courses to Beginning. Containing 6.75 acres.

Being lot 4, block 1695; lot 3, block 1694; lot 2, block 1693, also known as lot 4, block 1693; lot 1, block 1756; lot 1, block 1757 and lot 1, block 1758, on City Assessment Maps, Newark, and

BE IT FURTHER RESOLVED, That said sum of Seventy-two hundred dollars (\$7,200.00) be paid to said Florence M. Forman, widow, Carrie V. Harrison, Kate E. Harrison, Edwin M. Harrison and Harold Harrison upon the filing by said Florence M. Forman, widow, Carrie V. Harrison, Kate E. Harrison, Edwin M. Harrison, Harold Harrison, of a deed, in which Edwin M. Harrison and Harold Harrison shall join as Executors of the last will and testament of Edwin M. Harrison, deceased, under the power of sale given to said executors under the will of said Edwin M. Harrison, deceased, conveying the one-third interest aforesaid to the City of Newark, with the Acting Auditor of Accounts of The City of Newark, approved as to form by the Law Department.

Thompson-Goodyear Rubber Corporation, furnish and deliver rubber hose. (Contract bond.)

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

A communication from the State Board of Commerce and Navigation in reference to a public hearing at Bayonne, March 21, 1929, for the extension of the Bulkhead Line on Newark Bay to the boundary line between Bayonne and Jersey City, under date of March 6, 1929, was received, read and on motion ordered referred to the Mayor.

The following communication was received and read:

**Board of Adjustment,**  
Newark, N. J.

March 7, 1929.

The Board of Commissioners  
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the following applications for variations from the re-

quirements of the Zoning Ordinance:  
2-10 Irving Street, George Rosenbaum, owner; stores, public garage and gasoline station.

14-18 North Munn Avenue, Hollywood Realty Co., owner; soda water manufacturing.

In accordance with Section 9, Chapter 274, P. L. 1928, the Board of Adjustment respectfully recommends to your Honorable Body that the above structures be allowed.

Respectfully submitted,

The Board of Adjustment,  
Russell B. Rankin,  
Secretary.

Copy ordered transmitted to each of the Commissioners.

The following applications from Pennsylvania General Transit Company were received and read:

To the Honorable Mayor and  
City Commissioners of the  
City of Newark, N. J.

The Pennsylvania General Transit Company, pursuant to the provisions of the laws of the State of New Jersey, Chapter 136, of the year 1916, and the amendments thereof and supplements thereto, hereby requests your Honorable Body to grant consent to it to operate motor driven auto buses and/or automobiles for the carrying of passengers, freight and all proper transportable commodities for hire in and over certain of the street and public places of the City of Newark, N. J., on routes which are hereinafter described, in order that it may thereby be enabled to institute such bus service between the City of New York, N. Y., and the City of Atlantic City, New Jersey, stopping at Newark, N. J., and the several municipalities through which it passes en route. The route over which it desires to operate said vehicles in your municipality is as follows:

Passaic River Bridge, left turn into Ogden Street, to rear of Park Place Station (P. R. R.) or Center Street, reaching Center Street, half turn to right into Mulberry Street, through Mulberry Street to Pennington Street, right turn into Pennington Street, for two blocks to Broad Street, left into Broad Street for twelve blocks to Poi-

Street, right into Poinier Street, two blocks to Frelinghuysen Avenue, left turn into Frelinghuysen Avenue, which eventually leads directly into Newark Avenue, Elizabeth.

Pennsylvania General  
Transit Co.,

By: John A. Hartpence,  
Its Attorney.

March 6, 1929.

Ordered referred to Mayor.

To the Honorable Mayor and  
City Commissioners of the  
City of Newark, N. J.

The Pennsylvania General Transit Company, pursuant to the provisions of the laws of the State of New Jersey, Chapter 136, of the year 1916, and the amendments thereof and supplements thereto, hereby requests your Honorable Body to grant consent to it to operate motor driven auto buses and/or automobiles for the carrying of passengers, freight and all proper transportable commodities for hire in and over certain of the street and public places of the City of Newark, N. J., on routes which are hereinafter described, in order that it may thereby be enabled to institute such bus service between the City of New York, N. Y., and the City of Philadelphia, Pa., stopping at Newark, N. J., and the several municipalities through which it passes en route. The route over which it desires to operate said vehicles in your municipality is as follows: Passaic River Bridge, left turn into Ogden Street, through Ogden Street to rear of Park Place Station (P. R. R.) or Center Street, reaching Center Street, half turn to right into Mulberry Street, through Mulberry Street to Pennington Street, right turn into Pennington Street, for two blocks to Broad Street, left into Broad Street for twelve blocks to Poinier Street, right into Poinier Street, two blocks to Frelinghuysen Avenue, left turn into Frelinghuysen Avenue, which eventually leads directly into Newark Avenue, Elizabeth.

Pennsylvania General  
Transit Co.,

By: John A. Hartpence,  
Its Attorney.

March 6, 1929.

Ordered referred to Mayor.

To the Honorable Mayor and  
City Commissioners of the  
City of Newark, N. J.

The Pennsylvania General Transit Company, pursuant to the provisions of the laws of the State of New Jersey, Chapter 136, of the year 1916, and the amendments thereof and supplements thereto, hereby requests your Honorable Body to grant consent to it to operate motor driven auto buses and/or automobiles for the carrying of passengers for hire in and over certain of the street and public places of the City of Newark, N. J., on routes which are hereinafter described, in order that it may thereby be enabled to institute such bus service between the City of New York, N. Y., and the City of Asbury Park, New Jersey, stopping at Newark, N. J., and the several municipalities through which it passes en route. The route over which it desires to operate said vehicles in your municipality is as follows: Passaic River Bridge, left turn into Ogden Street, through Ogden Street to rear of Park Place Station (P. R. R.) or Center Street, reaching Center Street, half turn to right into Mulberry Street, through Mulberry Street to Pennington Street, right turn into Pennington Street, for two blocks to Broad Street, left into Broad Street for twelve blocks to Poinier Street, right into Poinier Street, two blocks to Frelinghuysen Avenue, left turn into Frelinghuysen Avenue, which eventually leads directly into Newark Avenue, Elizabeth.

Pennsylvania General  
Transit Co.,

By: John A. Hartpence,  
Its Attorney.

March 6, 1929.

Ordered referred to the Mayor.

Mayor Congleton: Gentlemen, you will recall that at our last meeting we received a very extensive petition sponsored by the Manufacturers' Association of the Ironbound District. We also listened to several people from that section advocating the requests of the petitions. Those petitions were referred to our conference which, as you know, we took up and discussed yesterday. Commissioner Gillen requested that he be excused from participating in the conference and his request now is that he be excused from voting on the res-

olution because of the fact that his brother has some interest in the corporation that owns this land.

Commissioner Howe: I move, Mr. Mayor, that the request be complied with.

Mayor Congleton: The motion is that on the resolution about to be submitted that Commissioner Gillen be excused from voting. All in favor say "aye."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Not Voting: Commissioner Gillen.

Mayor Congleton: I would like to say in this matter that the conference went over it very carefully and it was the unanimous opinion of the four remaining commissioners that there should be a park in the Ironbound District; and inasmuch as the Manufacturers' Association had appointed a special committee to canvass the entire neighborhood and now came in with a recommendation and request for a particular site, which request was unanimous, that we should go along with their suggestion. Further, in connection with the purchase of this land, I want to say that Commissioner Gillen had conducted negotiations with the owners, and while the Real Estate Board have appraised the property at \$158,000, he had, through his negotiations been able to get the owners to agree to take \$135,000. However, in view of all of the circumstances connected with this case, the City is not going to enter into a contract of purchase but will condemn the property and pay for it what the Condemnation Commissioners appointed by the Justice of the Supreme Court finds to be its fair market value. With that explanation I desire to offer this resolution directing the Corporation Counsel to commence condemnation proceedings to acquire the property. Commissioner Gillen, is there anything you would like to add?

Commissioner Gillen: The plan is entirely suitable to me. I simply leave it in your hands now and refrain from voting.

WHEREAS, The City of Newark has received from the Estate of Alice

W. Hayes certain funds, which are to be used for public park purposes for the use and benefit of the people of the City of Newark in the name of "Hayes Park", and

WHEREAS, The Board of Commissioners of The City of Newark has determined to acquire for public park purposes, in accordance with the will of said Alice W. Hayes, the following described land and premises in the City of Newark,

Beginning at a point formed by the intersection of the westerly line of Waydell Street with the southerly line of Passaic Avenue; thence westerly along said southerly line of Passaic Avenue 322.98 feet, more or less; thence south 2 degrees 13' east 502.71 feet, more or less, to a point, which point is 100 feet northerly from the northerly line of Ferry Street; thence easterly 31 feet, more or less; thence south 1° 38' east 100 feet, more or less, to the northerly line of Ferry Street; thence north 89° 34' east along said northerly line of Ferry Street 271.53 feet, more or less, to a point; thence north 61° 46' east and still along said northerly line of Ferry Street 36.86 feet, more or less, to the westerly line of Waydell Street 602.30 feet, more or less, to the southerly line of Passaic Avenue and the point and place of Beginning.

AND WHEREAS, It appears that a City Official is interested as one of the owners of said property, and it is contrary to the statutes of this State for him to deal with the City of Newark,

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the Corporation Counsel be and he hereby is authorized and directed to institute condemnation proceedings for the purpose of acquiring said premises for said purposes, in accordance with law.

Jerome T. Congleton  
John Howe  
W. J. Brennan  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Not Voting: Commissioner Gillen.

Mayor Congleton: I would ask the stenographer to note that Commissioner Gillen is not voting, having been excused by a vote of his fellow members. Does any citizen have any matter to bring to the attention of the Commission?

Mayor Congleton offered the following resolution:

RESOLVED, That the contract between The City of Newark and David W. Welch Tire Company, the lowest formal bidder in response to public advertisement for sealed proposals for furnishing and delivering to the Department of Public Affairs of Pneumatic tires and tubes, a copy of which contract dated December 24th, 1928, hereto is annexed, be and the same hereby is approved, and the Director of the Department of Public Affairs and the City Clerk hereby are authorized and directed to execute the same on the part of The City of Newark upon the adoption of this resolution.

Jerome T. Congleton  
W. J. Brennan  
John Howe  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved to adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
W. J. BRENNAN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., March 19, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Absent: Commissioner Gillen.

The minutes of meeting of March 12th were read and approved.

The City Clerk presented An ordinance regulating the construction, installation and inspection of plumbing and drainage; defining the power of plumbing inspectors; authorizing the examination, licensing and registering of persons intending to engage in business as Master or Employing Plumbers; fixing the fees for examination and inspection and providing penalties for the violation of any of the provisions of this ordinance, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until April 16th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance changing and establishing the width of the sidewalks of McWhorter Street from Ferry Street to Elm Street and requiring the removal of obstructions, projections, or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Commissioner Howe: There are over two-thirds of the property owners of record opposed to it.

Mr. Joseph H. Gay, 20 Bruen Street: I have a petition here gotten up at the instigation of the pastor of the church on the corner of McWhorter Street and Ferry Street, which is signed by twenty of the property owners in this district. As I understand it the other petition was in regard to paving the

street. This is in regard to widening. I don't know whether this action embraces both the paving and widening or not.

Mayor Congleton: It does. We won't do one without the other. If we don't pave it we won't cut down the sidewalks for the purpose of giving further width because we wouldn't have a decent street unless it is repaved. Is this petition against the widening?

Mr. Gay: Against the widening and also embracing the repaving as the other did.

Mayor Congleton: Commissioner Howe reports that two-thirds of the property owners of frontage are opposed to it.

Commissioner Brennan: I move the ordaining clause be stricken out.

Commissioner Howe: The main reason given by the committee was to see what the effect of Railroad Avenue widening amounts to.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of McWhorter Street from Ferry Street to Elm Street including the street railway track area, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area and on a new concrete base inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

Commissioner Brennan moved that the ordaining clause be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces

surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing:

Commissioner Brennan: One moment. That is the Market Plaza.

Mayor Congleton: This ordinance, gentlemen, for the change in the height district providing for the new Lefcourt building. The ordinance is up on third reading. Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading.

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 7 of an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing

penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended to read as follows:

#### Section 7—Height Districts.

For the purpose of regulating and limiting the height and bulk of buildings hereafter erected, the City of Newark is hereby divided into five classes of districts: (a) thirty foot districts, (b) fifty foot districts, (c) eighty-five foot districts, (d) one hundred and twenty-five foot districts, (e) two hundred foot districts, and (f) five hundred foot districts; as shown on the height district map, as revised to December 22nd, which accompanies this ordinance and is hereby declared to be part hereof. The height district map designations which accompany said height district map are hereby declared to be part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

(a) In a thirty foot district no building shall be erected to a height in excess of thirty feet.

(b) In a fifty foot district no building shall be erected to a height in excess of fifty feet.

(c) In an eighty-five foot district no building shall be erected to a height in excess of eighty-five feet.

(d) In a one hundred and twenty-five foot district no building shall be erected to a height in excess of one hundred and twenty-five feet.

(e) In a two hundred foot district no building shall be erected to a height in excess of two hundred feet.

In two hundred foot districts the street wall of any building shall not be erected to a height in excess of two and one-half ( $2\frac{1}{2}$ ) times the width of the widest street on which it fronts, unless the face of such walls is set back from the street building line one (1) foot for each additional five (5) feet that the street wall is carried above the limit of two and one-half ( $2\frac{1}{2}$ ) times the width of the street. A building on or near the intersection of two streets of different widths shall have the height of its street wall governed on the narrower street, by the width of the wider street for a distance of one hundred and fifty feet (150)

feet from such intersection. A street wall less than two hundred (200) feet high, may be carried above the height limit, for such wall, for an aggregate horizontal distance of not more than fifty (50) per cent. of such wall, and to a total height of not more than two hundred (200) feet above the street curb.

(f) In five hundred foot districts no buildings shall be erected to a height in excess of five hundred feet.

In five hundred foot districts the street wall of any building shall not be erected to a height in excess of three and one-half ( $3\frac{1}{2}$ ) times the width of the widest street on which it fronts, unless the face of such walls is set back from the street building line one (1) foot for each additional five and one-half ( $5\frac{1}{2}$ ) feet that the street wall is carried above the limit of three and one-half ( $3\frac{1}{2}$ ) times the width of the street. A building at or near the intersection of two streets of different widths shall have the height of its street wall governed on the narrower street by the width of the wider street for a distance of one hundred and fifty (150) feet from such intersection.

A dormer, elevator bulkhead or other structure may be erected above the height limit at any level for any part of a building, provided its frontage length on any given street be not greater than sixty per cent. (60%) of the length of such street frontage of such part of the building. Such frontage length of such structure at any given level shall be decreased by an amount equal to one per cent. (1%) of such street frontage of such part of the building for every foot such level is above such height limit. If there are more than one such structures, their aggregate frontage shall not exceed the frontage length above permitted at any given level.

Section 2. The Height District Map is hereby amended by including within the five hundred foot district the area bounded on the north by North Canal Street, on the east by Mulberry Street, on the south by Commerce Street, and on the west by Broad Street; and the Height District Map which accompanies said ordinance to which this ordinance is an amendment be and the same hereby is changed so

as to include within the five hundred foot district the area above described.

Section 3. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to amend an ordinance entitled 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings,

and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Lexington Street from Fleming Avenue to Ferry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Lexington Street from Fleming Avenue to Ferry Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street

intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 14, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$14,200.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$14,200.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipi-

pality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving of Hensler Street from Wilson Avenue to Niagara Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Hensler Street from Wilson Avenue to Niagara Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation with the necessary new curbing or resetting of

curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles date March 14, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,100.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,100.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incur-

ring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 12, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connection with the sewer, gas and water mains to the curb lines of said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,900.00 is hereby appropriated to pay the cost of said improvement, and for the pur-

pose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,900.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the

grading, curbing, flagging and paving of Pacific Street from Thomas Street to Tompkins Point Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Pacific Street from Thomas Street to Tompkins Point Road shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary, or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 14, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property bene-

fited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,500.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto, and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

**Yeas:** Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a fifteen-inch storm water sewer in Evergreen Avenue from Frelinghuysen Avenue to Hanford Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a fifteen (15) inch reinforced concrete pipe sewer, for storm water only, shall be constructed in Evergreen Avenue from Frelinghuysen Avenue to Hanford Street, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 13th, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$4,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$4,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the

Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4: This ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of West Kinney Street from High Street to Morris Avenue and requiring the removal of obstructions, projections, or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of West Kinney Street from High Street to Morris Avenue, is hereby changed and established as 10½ feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of

the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate, or cause to be taken out, removed or abated any vault, area, sign, on any post or erection, or any projection or otherwise in, over and upon said West Kinney Street between the limits herein stated contrary to the provisions of this ordinance, and the expense thereof shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3: That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that April 2nd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks on Morris Avenue, from Springfield Avenue to West Kinney Street, and requiring the removal of obstructions, projections or encroachments thereon.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. The width of the sidewalks of Morris Avenue from Springfield Avenue to West Kinney Street, is hereby changed and established as 10 1/2 feet.

Section 2. All obstructions, projections and encroachments in and upon said street and sidewalks, as hereby changed and established, which shall interfere with the construction of the new pavement, gutters and appurtenances shall be forthwith removed therefrom by the owner or owners of the premises respectively abutting thereon, and in case of the failure of the owner or owners of the abutting property to remove the same upon ten (10) days' notice from the Department of Public Affairs, the Director of the Department of Public Affairs is hereby authorized and directed to take out, remove and abate or cause to be taken out, removed or abated any vault, platform, area, sign, or any post or erection, or any projection or otherwise in, over and upon said Morris Avenue between the limits herein stated, contrary to the provisions of this ordinance, and the expense thereof, shall be recoverable of the owner or owners of the premises abutting thereon.

Section 3. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, The United States Post Office Department has ordered the transfer of air mail to Newark Airport and has requested the City of Newark to remove aerial obstructions within the Airport zone, which makes necessary the razing of the chimney of the Bay Avenue Sewer Pumping Station and the installation of emergency forced draft apparatus in the said Pumping Station after the chimney on said building shall have been removed; and

WHEREAS, The estimated cost of

installing such emergency forced draft apparatus amounts to One thousand five hundred four dollars and ninety cents (\$1,504.90);

THEREFORE BE IT RESOLVED, by the Board of Commissioners of the City of Newark that an exigency exists which will not permit of advertising for bids for the installation of such emergency forced draft apparatus aforesaid; and

BE IT FURTHER RESOLVED That the Director of the Department of Public Affairs be and he hereby is authorized and directed to cause the installation of such emergency forced draft apparatus in the said Bay Avenue Sewer Pumping Station without further delay, at a cost not to exceed One thousand five hundred four dollars and ninety cents (\$1,504.90), without resorting to competitive bidding therefor, under and by virtue of the power and authority of Section I, Article XI, Chapter 152, P.L. 1917, as amended.

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

The following communications were received and read:

**F. & B. Investment Company**  
17-19 William Street  
Newark, N. J.

March 16, 1929.

To the Honorable  
Board of Commissioners,  
City of Newark, N. J.

Gentlemen:

We would ask that you place the property No. 61 to 77 Ludlow Street, corner Van Vechten and Wharton Streets, in the light industrial section.

This property is a short distance from the west side of Frelinghuysen Avenue and plots on Hanford, Carrington, Van Vechten and Wharton Streets, which are now in the light industrial section being lots 3761 and 3762. This particular plot which is 200 by 100 is all vacant.

It is our opinion that the logical development is light industrial.

We enclose a map showing the property which we wish to have put in the light industrial section marked off in red. The other two plots opposite this property are already in the light industrial section.

Very truly yours,

F. & B. Investment Co.  
per T. M. Watson, Jr.

Referred to Board of Adjustment.

March 16, 1929.

To Municipal Clerks:

At this time many municipalities will be considering improvement plans for the coming year as well as giving some thought to their financial position as shown by the debt statement of December 31, 1929. I am therefore taking up certain matters relating to improvement ordinances and expenditures in general and also including balance of tabulation pertaining to 1929 taxes and budgets.

Unexpended Balances of Ordinance Appropriations.

Expenditures in excess of \$1,000,-000.00.

Budget Appropriation for Capital Improvements.

Respectfully submitted,

(Signed) Walter R. Darby,  
Commissioner of  
Municipal Accounts.

Referred to Director of Revenue and Finance.

**Reports of City Officers.**

The following reports of City Officers were received and ordered filed:  
Auditor for January and February.

Commissioner Murray offered the following resolutions:

RESOLVED, That resolution No. 10458-P, adopted at the City Com-

mission meeting, held February 26th, 1929, retiring Carl Heller, Superintendent of the Newark City Home, be and the same is hereby rescinded.

Jno. F. Murray, Jr.  
W. J. Brennan  
John Howe  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

WHEREAS, Carl Heller, Superintendent of the Newark City Home, has been continuously employed by the City of Newark for more than twenty-five years, and has attained the age of seventy (70) years; and

WHEREAS, said Carl Heller has made application to the Board of City Commissioners of the City of Newark, to be retired from services as of March 1, 1929;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that in pursuance of Chapter 103 of the Laws of 1923, said Carl Heller be retired from the employ of the City of Newark on March 1, 1929, and on and after such retirement he be paid the sum of \$3,000. per annum, being one-half of the amount he is now receiving as compensation, plus \$1,000.00 per annum, allowed for full maintenance from the City as Superintendent of the Newark City Home and the same to be paid in the same manner and at the same time as other salaries are paid; and the City Clerk is hereby directed to place his name upon the payroll in accordance with this resolution.

Jno. F. Murray, Jr.  
W. J. Brennan  
John Howe  
Jerome T. Congleton

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission?

Mr. James F. X. O'Brien, 45 Brantford Place:

I am appearing before the City Commission, Mr. Mayor and Commissioners, to ask the Commission to give certifications to the Ironbound Transportation Company, that I represent, of the fact that on January 6, 1926, permission was given to that company to operate four automobile buses on its Centre Market-Lafayette Street route. The facts of the case are briefly these: As you probably know, the Ironbound Transportation Company operates two lines in the City of Newark—its Chapel Street line and Avenue L line, and on the first of January, 1926, it had all permits for its buses, 5 on Chapel and 6 on Avenue L. There was a demand for increased service at that time, and because of that demand four more consents were given to the Ironbound Transportation Company to operate buses on Avenue L line and a record of these consents, together with the record of the insurance company covering the buses that were in operation, was made in the books of the Supervisor of Transportation of this City. The buses were bought by the Ironbound Transportation Company. They were ordered and as soon as they were able to operate them they put them on, and I might say it took some little time to get that equipment. On May 20, 1926, Mr. Crawford wrote the Ironbound Transportation Company and called their attention to these four permits that had been given to them and asked why they had not been operating all of them, that they had only one of them on; and the answer was that they would get the buses on as soon as possible. The company bought the buses, put them on and has been operating the buses for almost three years. Now, nothing would have come up if it were not at the time the permits were given the City neglected to send a certificate to the Ironbound Transportation Company, and the company has been brought before the Board of Public Utility Commissioners. The officers feeling they were properly operating have been operating these four buses illegally because they didn't have the consents filed with the Board and approved by the Board. The matter came on first after some adjournments, on January 3 of this year, and the matter has been put off from time to time down there

because I explained to the Board that these consents had been given and it was merely a matter at that time of asking the City for certification of these consents; as to the fact that they have been operating for three years that showed the obvious necessity and convenience of it and the only question that the whole matter hinged on in the Public Utilities is whether we had valid consents from the Public Utilities because we didn't have certificates showing it. I spent from before that time up to the present time almost three months in endeavoring to get some action from this City to give us certificates in acknowledgment of the fact that they had been issued. First when I went to Mr. Crawford I showed him the letter he had written, but that wasn't enough; he couldn't do anything on it. Then after a while I was sent to Mr. Costello and I took the matter up with Mr. Costello and spoke to him about it in the City Hall. Nothing was done on it. Then I wrote the Mayor a letter explaining everything in detail. I didn't get any answer from that letter—

Mayor Congleton: You called.

Mr. O'Brien: I called at your office.

Mayor Congleton: So you did get an answer to the letter.

Mr. O'Brien: And you told me at that time that you didn't recollect receiving the letter, that it may have been sent to some other department. So I left with you a carbon copy of that letter. I tried to see the Mayor several times after that but I was unable to, he was always busy. So I tried to take the matter up again with Mr. Costello and take it up with him. I tried to see him several times and couldn't see him either. Finally I was informed by his secretary that the matter was back—I believe it was his assistant—the matter was back into Mr. Crawford's hands. Now, Mr. Crawford said in the beginning he couldn't do anything about it, so it was a case of going up scale and down scale and we were just the same place we were when we started it. My interests determined to take this matter before the City Commission as a whole. Upon learning of that, Mr. Costello said he would arrange a conference with me between the Mayor and himself and me for Friday of last week. And when

I endeavored to ascertain the time of that conference on Thursday afternoon I was informed by Mr. Costello's secretary over the wire that he had taken the matter up with the Mayor and the Mayor refused to give any answer until he had finished his survey of traffic conditions in the city. The answer was somewhat of a surprise because it is almost obvious that a survey of traffic conditions can have nothing to do with four buses that have been operating for about three years when we are asking for certificates to keep those buses from being put off the streets. Now, we have been unable to get any action out of the Department of Public Affairs in this matter. I incidentally endeavored to get—

Commissioner Brennan: Where do you expect to get it from?

Mr. O'Brien: I expect to get it from the Commissioners of this City who have the duty upon themselves to look after transportation needs of the citizens of this community when a particular department refused to take care of it.

Commissioner Brennan: What does the act provide for the regulation of buses?

Mr. O'Brien: The act provides for a consent from the City, and therefore, strictly, it should be a consent in each case from the whole governing body.

Mayor Congleton: You apparently have not read the cases that have been decided by the courts construing the Walsh Act.

Mr. O'Brien: I don't think there is any question but the City Commission has a right to override—

Mayor Congleton: The courts have decided that when certain powers are delegated to a department they are in that department.

Mr. O'Brien: Yes, I believe that the department has that right, but I believe also the City Commission has a right to override that.

Commissioner Brennan: You expect the City Commission to override the head—

Mr. O'Brien: I certainly do; and the people.

Commissioner Brennan: As far as I am concerned you are wasting wind.

Mr. O'Brien: I just want to say there

is an attempt on the part of the Public Service in this case to run these four buses off the street and the only inference we can take from the action of the Department of Public Affairs is that they are cooperating with the Public Service.

Mayor Congleton: Well, sir, I resent that.

Commissioner Brennan: And everybody else.

Commissioner Murray: So do I.

Commissioner Brennan: I move you, Mr. Mayor, that the matter be closed.

Mr. O'Brien: Mr. Commissioner, I would like the courtesy of being permitted to finish my statement.

Commissioner Brennan: You are not entitled to courtesy, Mr. Counsellor, after your charges here.

Mr. O'Brien: My charges are charges which I have a right to prefer against anybody who holds public office, and I tried to get records to prove these charges and I wasn't permitted to see them.

Mayor Congleton: Yes, you were. Your representative was told by me personally that he could see any record in the department that he wanted; but what he wanted to do, and which I would not permit him to do—or anyone else—he not knowing what he wanted, he wanted to start into every pigeon hole and take out and inspect every paper. I told him he could have any paper he wanted.

Mr. O'Brien: No, sir; I wrote a letter.

Mayor Congleton: I am telling you what I personally told your representative; and he didn't know just what he wanted, and I told him to go back to you and find out, and he has never been back to tell me.

Mr. O'Brien: The letter was sent down with that representative and requested permission to see consents which had been issued to independents and Public Service covering the period—

Mayor Congleton: A period of two years. I told him he could take anything he wanted that was a public record and I told him to ask for it.

Mr. O'Brien: Before that conference with you, Mr. Mayor, when I asked Mr. Costello for permission to see that

after Mr. Crawford had said he could not give it, Mr. Costello said: "You are going to appear before the City Commission. Go ahead and appear before it. We are not going to give you ammunition to throw at us." Now, that meant those records contained ammunition to throw at the Department of Public Affairs.

Commissioner Brennan: You have got the right to subpoena them.

Mayor Congleton: I look upon them as a public record, and you may go there and look at anything you want to see that is a public record, but you cannot go in there and disrupt the department and attempt to start in at every folder that has papers in it and go through them. We have got work to do, whether you believe it or not.

Mr. O'Brien: There is no desire to do that, Mr. Mayor.

Mayor Congleton: That is just what your man wanted to do. He didn't know any particular thing he wanted to see.

Mr. O'Brien: I told Mr. Crawford what we wanted to see when I was there. The sum and substance in this complaint has been put off until it is finally before this Board this coming Thursday. Now, these people have been getting transportation in the Ironbound section for three years and a half past and those buses are not sufficient to carry the people. The Board of Public Utilities may be forced by the refusal of the City to give certifications of the fact that they gave consent, may be forced to order those buses, despite their obvious necessity and convenience, off the streets. If that is done the Ironbound Transportation Company which invested its capital in those buses and has been operating and paying the City five per cent. on the gross receipts of those buses for three years, will sustain a loss of its capital invested in those buses. Furthermore, I believe that the Ironbound section of the City will be deprived of transportation as will those men going to the factories down that way. Now, we are not asking for anything new; we are only asking for certification of the fact that they were given. That has been refused to us. Inasmuch as the Department of Public Affairs refused that I have come before this Commission as a whole in the name

f the riding public down there and in the name of the Ironbound Transportation Company; which I represent, and we are both asking and respectfully demanding that the Commissioners of this City vote on that. I might say any attempt to refer this matter back to the Department which has been so negligent and which has refused to look to the needs of the independent transportation company and the needs of the traveling public, any attempt to so refer it back to that department, can only mean they are okeing that department's action in, as I charge, practically and virtually cooperating with the attempt of the Public Service to force these buses off the street.

Mayor Congleton: Now, Mr. O'Brien, let me tell you something. There is nothing here to refer back. It is in my hands and I propose to keep it and attend to it. When you speak about great negligence that has happened, I throw that right back at you on your own statement that this thing happened in May, 1926, you say. This matter has recently come to my attention and I don't propose to be stampeded by you or anybody else in acting on this matter until I have satisfied my own mind as to what is the proper thing to do. Your veiled threats as to what the Ironbound citizens will think and about the discrimination is not going to bother me one bit. My course is one that I will follow as my own conscience dictates and my business judgment, and not your threats.

Mr O'Brien Mr Mayor, there is no intention to threaten.

Mayor Congleton: The matter is closed. You have had your answer. Sit down.

Mr. O'Brien: I think I am entitled to a vote of the City Commission on this.

Commissioner Brennan: No.

Mayor Congleton: There is nothing for the City Commission to vote on.

Commissioner Murray: There is no jurisdiction.

Mayor Congleton: Absolutely not. The matter is in my hands by a vote of the Commissioners.

Has any other citizen any matter to bring to the attention of the Commission?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

W. J. BRENNAN

JOHN HOWE

JNO. F. MURRAY, JR.

The Board of Commissioners of

The City of Newark, N. J.

W. J. EGAN,

City Clerk.

Newark, N. J., March 26, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A.M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of March 19th were read and approved.

The City Clerk presented An ordinance to provide for the paving and repaving of Verona Avenue from Broadway to Lake Street, including the street railway track area from Mt. Prospect Avenue to Parker Street, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: In order to save time, this street was put on our list for this spring's paving, but I have heard from so many of the property owners that they do not want it this year that I am asking the Commissioners to kill the ordinance.

Commissioner Murray moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance changing and establishing the width of the sidewalks of Verona Avenue from Mt. Prospect Avenue to Lake Street and requiring the removal of obstructions, projections, or encroachments thereon, and stated that today was the time fixed for hearing on he same.

Commissioner Brennan moved that the ordaining clause of the ordinance be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Van Vech-

ten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: I ask to have this ordinance laid over for four weeks.

Commissioner Murray moved that the ordinance be laid over until April 23rd.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing and paving of Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing and paving of Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the grading, curbing and paving of Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing and paving of Foundry Street from the north side of Roanoke Avenue to Allegheny Avenue with asphalt pavement (1½" top-1½" binder)

der) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Application has been made to have this ordinance laid over for two weeks.

Commissioner Brennan moved that the ordinance be laid over until April 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance authorizing the making and execution of an agreement between The City of Newark and Louis Kamm, Inc., providing for the payment of commissions for services rendered in connection with the leasing of the Market Plaza to Abraham E. Lefcourt, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? This is the ordinance in which the City will pay Louis Kamm, Inc., commissions for leasing to Mr. Lefcourt of the old Market Plaza. Is there anyone who desires to be heard?

(No response.)

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance authorizing the making and execution of an agreement between The City of Newark and Louis Kamm, Inc., for the payment of commissions for services rendered in connection with the leasing of the Market Plaza to Abraham E. Lefcourt.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance authorizing the making and execution of an agreement between The City of Newark and Louis Kamm, Inc., providing for the payment of commissions for services

rendered in connection with the leasing of the Market Plaza to Abraham E. Lefcourt," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance authorizing the making and execution of an agreement between The City of Newark and Louis Kamm, Inc., for the payment of commissions for services rendered in connection with the leasing of the Market Plaza to Abraham E. Lefcourt.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation;

THEREFORE, The Board of Commissioners of the City of Newark, Do Ordain:

1. That at 2 o'clock A.M., on the last Sunday in April, 1929, the standard time throughout the City of Newark shall be advanced one hour in all departments of the municipality over which the Board of Commissioners have jurisdiction, except that where time is fixed by any statute of this State, in which case the time shall be the standard time as fixed by such statute, and at 2 o'clock A. M. on the last Sunday in September in the year 1929, such time shall be retarded one hour.

2. All ordinances and parts of or-

ordinances inconsistent herewith be and the same are hereby repealed.

3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to authorize the purchase of original equipment and furnishings necessary for the City Hall Extension No. 3, and providing for the financing thereof:

1. That the purchase of the original equipment and furnishings necessary for the City Hall Extension No. 3, be and the same is hereby authorized.

2. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of the City of Newark, in an aggregate principal sum not exceeding two hundred thousand dollars (\$200,000.00), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of such original equipment and furnishings for the City Hall Extension No. 3. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the

provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it necessary to issue.

3. The sum of Two hundred thousand dollars (\$200,000.00) to be raised by the issuance of said temporary bonds is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

4. This ordinance shall take effect immediately upon final reading and publication in accordance with law.

Commissioner Gillen moved that April 9th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer in Carrington Street from Frelinghuysen Avenue to Sedgewick Street.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a pipe sewer shall be constructed in Carrington Street from Frelinghuysen Avenue to Sedgewick Street, as follows: From Frelinghuysen Avenue to Hanford Street to

be an eight (8) inch pipe sewer, and from Hanford Street to Sedgewick Street a twelve (12) inch pipe sewer, together with six (6) inch house connections to the curb lines and all other appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 22, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$8,500.00 is hereby appropriated pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$8,500.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 16th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Cleveland Avenue from Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Cleveland Avenue from Bayard Place to Sandford Avenue shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles, dated March 19, 1929, and now on file in the

office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$20,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$20,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall

take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 16th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinances and give public notice of its in-

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Bayard Place from Ivy Street to Schofield Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Bayard Place from Ivy Street to Schofield Street shall be graded, curbed, flagged and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under

and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 19, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$15,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$15,400.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be deter-

mined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 16th, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance granting permission to Essex and Hudson Land Improvement Co., to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That permission be and the same is hereby given to Essex and Hudson Land Improvement Co. to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue, as follows:

Albert Avenue: Beginning at a point in the southerly line of Albert Avenue distant 9.60 feet easterly from the southeasterly corner of Albert Avenue and Cornelia Street; thence running

northerly across Albert Avenue 66.87 feet, more or less, to a point in the northerly line of Albert Avenue distant 9.60 feet easterly from the northeasterly corner of Albert Avenue and Cornelia Street, as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1000-S, dated March 15, 1929;

Euclid Avenue: Beginning at a point in the southerly line of Euclid Avenue distant 954.46 feet westerly from the southwesterly corner of Lockwood Street and Euclid Avenue; thence running northerly across Euclid Avenue, curving to the right with a radius of 287.90 feet, 68.26 feet, more or less, to a point in the northerly line of Euclid Avenue distant 16 feet easterly from the northeasterly corner of Euclid Avenue and Cornelia Street, as shown on a map on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1001-S, dated March 15, 1929.

Section 2. That said permission be and the same is hereby given upon the condition and provisions that the said single track sidings shall be removed within ninety (90) days after the receipt by the said Essex and Hudson Land Improvement Co., or their successors, of notice from the City of Newark ordering the discontinuance of said single track sidings, and upon the further condition and provision that the said single track sidings shall be changed in grade to correspond to any changes that may be made in the grades of Albert Avenue and Euclid Avenue, and upon still further condition that the portion of the single track sidings within the limits of Albert Avenue and Euclid Avenue shall be constructed with nine inch Trilby rail and the area between the rails shall be paved with new granite block pavement on a concrete foundation with asphalt and sand filled joints and that a watchman with proper signals shall be stationed at the crossings whenever necessary to give warning of the passing of cars or locomotives.

Section 3. That the said permission is given upon the further condition that the said Essex and Hudson Land Improvement Co., shall, at their own expense, make all changes in the pavement, curb and sidewalk, including

sewer basin work, made necessary by the installation of said single track sidings at grade to the satisfaction of the Director of the Department of Public Affairs.

Section 4. That the said Essex and Hudson Land Improvement Co. shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim, or claims, whatsoever for any damage to any person, firm or corporation, arising from or in any way connected with the granting of said privilege or by reason of the location, grade, maintenance and existence of said single track sidings at grade.

Section 5. That such permission be and the same is hereby granted upon the further condition that the said Essex and Hudson Land Improvement Co. shall file with the Clerk of the City of Newark their written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand of the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

Section 6. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton offered the following resolution:

WHEREAS, It appears that the Newark City Home was one of the residuary legatees under the last will and testament of Aaron O. Price, who died May 12, 1880; and

WHEREAS, Because of the death of the last life tenant the final balance in the hands of the substituted trustee is now ready to be distributed; and

WHEREAS, The attorneys for the said estate advise the Director of the Department of Revenue and Finance that the balance of the principal in the hands of the executors is only \$1,568.92, which sum is insufficient to satisfy the pecuniary legacies under said will, and that nothing will remain for distribution to the residuary legatees; and

WHEREAS, The said attorneys request the Director of the Department of Revenue and Finance to waive further proceedings for distribution of the balance remaining in his hands in accordance with former decrees made in said matter;

Now, therefore, be it

RESOLVED, By the Board of Commissioners of the City of Newark that the Director of the Department of Revenue and Finance be and he is hereby authorized to execute such consent and to waive any claim on behalf of the City of Newark in the matter of the aforesaid legacy.

len, Howe, Murray, Mayor Congleton.

WHEREAS, The Town of Bloom-  
field has requested The City of New-  
ark to supply emergency connections  
to the water mains in Bloomfield, as  
hereinafter set forth:

16-inch connection at Broad Street  
and Bloomfield Avenue from the  
Pequannock line at Hepburn Road  
and Broad Street.

8-inch connection from Pequannock  
line at East Passaic Avenue and  
Broad Street.

8-inch connection from Pequannock  
line at Hepburn Road and Broad  
Street.

The cost of hook-up on the Pequan-  
nock line at Hepburn Road and Broad  
Street to be in the neighborhood of  
\$500, to be assumed by the Town of  
Bloomfield and the work to be done  
by the City of Newark.

and,

WHEREAS, The Director of the De-  
partment of Public Affairs has offered  
to supply said emergency connections  
provided the Town of Bloomfield  
would pay the said sum of \$500 and  
would also pay an annual charge to  
cover readiness to serve as follows:

16-inch connection, \$2,500 per year.

8-inch connection, 625 per year,

and,

WHEREAS, The Town Council of  
Bloomfield has adopted a resolution  
accepting said, offer;

NOW, THEREFORE, BE IT RE-  
SOLVED, By the Board of Commis-  
sioners of the City of Newark that the  
City of Newark and Town of Bloom-  
field enter into a contract for the doing  
of the work aforesaid and the making  
of the connections hereinabove set  
forth, upon the terms aforesaid; and  
the Director of the Department of  
Public Affairs and the City Clerk be  
and they are hereby authorized and  
directed to execute such contract on  
behalf of the City on the passage of  
this resolution.

The following communications were received and read:

**Board of Adjustment,  
City of Newark.**  
Newark, N. J.

March 21, 1929.

The Board of Commissioners  
of The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the following applications for variations from the requirements of the Zoning Ordinance:

77 Riverside Avenue, Burns Brothers, owner; storage of 300,000 gallons of fuel oil.

589 South 18th Street, Concetta Jenova, owner; store.

In accordance with Section 9, Chapter 274, P. L. 1928, the Board of Adjustment respectfully recommends to your Honorable Body that the above structures and uses be allowed.

Respectfully submitted,

The Board of Adjustment,  
Russell B. Rankin, Secretary.

Recommendation received and filed and a copy thereof ordered sent to each Commissioner to inspect before next meeting.

**State of New Jersey  
Board of  
Public Utility Commissioners**  
Trenton, N. J.

March 20, 1929.

Application Public Service Coordinated Transport for approval of an extension of the Port Newark-Do-remus Avenue bus route, to the Newark-Elizabeth City Line.

Mr. Wm. J. Egan,  
City Clerk,  
Newark, N. J.

Dear Sir:

This is to inform you that the above application has been placed on the Board's calendar to be called for hearing at a meeting to be held by the Board at its rooms in the Industrial Office Building, 1060 Broad Street, Newark, on Thursday, April 4, 1929, at 11:00 A. M.

Very truly yours,

A. N. Barber, Secretary.

Referred to the Mayor.

A communication from the Submarine Boat Corporation, dated March 20, 1929, relative to exercising the op-

tion granted to renew lease for one additional year from June 15, 1929, to June 15, 1930, was received, read and on motion ordered filed.

To the Honorable  
Board of Commissioners of  
The City of Newark.

United Hebrew Organizations of Newark, New Jersey, a corporation of New Jersey organized for the general welfare of its members and not for pecuniary profit respectfully presents this petition to the Honorable City Commission:

1. It has purchased a part of land in the City of Newark, County of Essex and State of New Jersey more particularly described as follows:

Beginning at the intersection of the southerly line of McClellan Avenue with the easterly line of Devlin Avenue; thence running in a course south 57 degrees 34 minutes east 286.98 feet to a point; thence south in a course 36 degrees 3 minutes west 267.10 feet to a stake north 475 feet from Virginia Street; thence running in a course 53 degrees 57 minutes west 89.27 feet to a stake; thence running in a course south 79 degrees 14 minutes west 5.79 feet to a stake and point on the easterly side of Devlin Avenue; thence running north 1 degree 8 minutes west and along the easterly line of Devlin Avenue 318.46 feet to the southerly line of McClellan Avenue and point and place of Beginning.

2. It desires to use the said lands as a cemetery for the burial of its deceased members and the deceased members of their families.

3. The lands are situated in a district devoted primarily to cemetery purposes, as will more fully appear from sketch of the lands in question and the surrounding lands, which sketch is submitted with this petition.

4. The Petitioner, therefore, respectfully requests that your Honorable Board, by proper resolution or other action of your Honorable Board permit the petitioner to use said lands as a cemetery.

5. Your petitioner undertakes in all things to comply with regulations and ordinances of the City of Newark and the regulations and statutes of the State of New Jersey governing cemeteries.

Respectfully submitted,

Hymán Arbetman, Pres.  
Louis Rappaport, Secy.

United Hebrew Organizations  
of Newark, N. J.

Commissioner Brennan moved that a public hearing on the application be held April 23, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

#### Annual Reports.

Annual Reports for the year 1928 for the following Departments were received:

Newark Technical School.  
City Clerk.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commission?

Mr. Samuel Wollman, 24 Branford Place:

I am appearing in behalf of my client, William Raynor, whose application for permit to install gasoline pumps on the Centre Market Plaza was turned down by the Zoning Board at the last hearing last week. The main objection at the Zoning Board hearing was that they feared that there would be a congested district if the pumps were installed.

I would like to clear any doubts on that point by stating that it is the intention to install two pumps merely for the service of the people using the parking privilege there. At the present time there are three hundred people using it and we expect that there will be an increase to five or six hundred people a day. The application was made for the installation of the pumps at the Mulberry Street end, but in view of the objections raised, my client is willing to install the pumps at any part of this space and as deep as 250 feet west of Mulberry Street, which would eliminate absolutely any congestion. There are three main entrances to the parking place on Commerce Street and the entire length of South Canal Street. I ask that the matter be referred back to the Zoning Board for rehearing.

Commissioner Gillen: As I under-

stand it, this man has taken a lease from Lefcourt for parking there and they accommodate quite a number of cars.

Mayor Congleton: How long a lease have you got?

Mr. Wollman: The lease has thirteen months to run, but there is a verbal understanding with the Lefcourt people that any part of the ground not used will be given to the present tenant for parking purposes.

Mayor Congleton: Personally I am opposed to using that property for any such purposes.

Commissioner Gillen: For temporary use. It takes the cars off the street and does not hurt at all while the construction is under way.

Mr. Wollman: It meets a great need in that section.

Mayor Congleton: I went along on parking, but to put a gas station in there—

Commissioner Gillen: No, not a gas station.

Mayor Congleton: They want to put in two or three pumps and tanks.

Commissioner Gillen: Well, it is merely for the accommodation of those parking there.

Mr. Wollman: Practically every car owner has requested the use.

Mayor Congleton: Well, there are other people paying rent and carrying on that line of business, and I am opposed to taking those vacant lots and putting gas stations on them and competing with people who are keeping regular places and maintaining a regular establishment. I am opposed to it myself.

Mr. Wollman: It has been heartily approved by some people there because it is a need for it.

Commissioner Gillen: As long as the land remains idle it could not be put to a better purpose than parking.

Mayor Congleton: I do not object to parking but I do object to putting in gas stations and competing with people who maintain regular establishments.

Commissioner Gillen: The land has been sublet by Lefcourt and they do not want gas stations in any sense of the word, but just a couple of pumps to take care of the people who park

there. I think it is only for accommodation because nobody else could get into it. It is all roped off.

Mr. Wollman: It will be fenced off with an eight-foot fence.

Commissioner Gillen: We can not let them put it near Mulberry Street.

Commissioner Brennan: Fenced off?

Mr. Wollman: The Lefcourt people have a clause in the lease whereby the lessee will put an eight-foot fence around the plot upon the start of the building operations.

Commissioner Murray: An eight-foot fence around there would not be any ornament.

Mr. Wollman: While building operations are in progress.

Commissioner Gillen: I do not think you could put any fence or any structure there without our consent, but putting a couple of pumps there, I can not see any harm in that if they do not interfere with traffic on Mulberry or Commerce Street.

Mr. Wollman: They will put them in as far as 250 feet from Mulberry Street.

Mayor Congleton: I am opposed to these open parking places and putting gasoline tanks in and competing with people who invest money to build buildings and pay taxes regularly and have these places that do business for a short length of time—I do not think it is fair to people who have invested large amounts of capital for permanent improvements. I am opposed to that form of competition. It is the same thing we have complaints from the merchants on Broad Street, Washington Street and Market Street about these fly-by-nights. They come in and take an empty store, put a stock of goods in to reap the trade at Easter time and Christmas time and other times. I do not see that there is a bit of difference between this proposition and that, and we have our merchants and people who are investing their capital and they are entitled to all the protection we can give them.

Mr. Wollman: There is no competition in that neighborhood.

Mayor Congleton: There is lots of it. You are competing with the people who have their garages and who are in that line of business where these car owners live.

Mr. Wollman: When a man needs gas on Broad Street he is not running home for gas.

Mayor Congleton: A careful driver does not get down to that point. I am only expressing my own views; I only have one vote. Is there any motion?

Commissioner Howe: Is this incident closed?

Mayor Congleton: If there is any motion I am ready to take it. His application is that it be referred back to the Board of Adjustment.

Commissioner Murray: They made an application to the Board of Adjustment and they declined it. Now, his procedure is to go back to the Zoning Commission.

Mayor Congleton: That is his application, to have us refer it back.

Commissioner Murray: There is nothing to refer.

Mayor Congleton: They haven't referred it to us.

Mr. Wollman: Well, I believe that the City Commission approves the action of the Zoning Board.

Mayor Congleton: It is only when they grant a permit which is in conflict with the ordinance and which has to have our concurring vote, but where they have declined it there is nothing here for us to act on.

Mr. Wollman: Then I ask that it be laid over temporarily so—

Commissioner Howe: There is nothing before us.

Commissioner Murray: You can take it up any way you want, but not here.

Commissioner Howe: It is up to you, not us.

Mayor Congleton: Does any other citizen have any matter to bring to the attention of the Commissioners?

Mr. William Umbscheid, 281 North 5th Street:

Mr. Chairman and Commissioners, your five Commissioners here today are ready to go out and take another term. I am a taxpayer here for the last twenty-one years. I am here today to inform you about the robberies that are going on in this City today.

Mayor Congleton: Robberies, you say?

Mr. Umbscheid: Robberies. You have men here, I think, under the staff of

the protective that could do duty in the day and night just as well. It does n't take a woman or a man seeing a man in an alley to call up the headquarters that some man is around. That has been done for years and years—since I know for the last twenty years. Anyone can make a guess and it is easy to guess. I tell you, gentlemen, there has got to be something done in regards. I have an apartment house for 21 years. I have robberies in there. Just call to headquarters, a detective comes up and that is the last you hear of it. I suppose they go out and do the best they can, but there must be a different remedy for this thing here; this is lasting too long. A year ago I went down in my bedroom, I got \$448 and some cents taken right out of my pants pocket and me sleeping right there, and the fellow could shake hands with me. Detective came. Nothing done. Simply came and reported it. I am not the man to tell these men what to do. We have high officials here such as Mr. Brennan here. If he thinks he is too old, well, let a younger fellow take his place. I don't think he is because he is ready to go out for another term. I don't blame him. But I tell you gentlemen—we got to have this thing stopped. Saturday night my daughter—lives on Milford Avenue—a little over \$600 was taken out of her house. Two policemen came, took it all down—my daughter says when they came in the door they had two guns and my daughter was scared to open—at last they came in. My, I said, "Those officers know that them fellows was gone long ago." I wouldn't have been scared; I would n't need to put up a gun. Now, Mr. Brennan at the head of Public Affairs, they go down to Trenton and make all kinds of laws. If you don't get together and make a law, if they made a law to shoot me I would make a law to put some of those fellows down at Trenton and lock them up and throw the key away. That is the only way you can do with them, not get them before a judge and give them six months. I can show you today—I can go around—I am 71 years old—I can go around—I lived in Hudson County for 44 years—I have seen all this kind of business. I am only coming here to give you people just a little idea. If my idea is no good why, throw it to the dogs. But I say

it must be something done. And it can be done. You don't want no woman to tell you that some man is allowed around my house and going away. You get the head of your staff, get on the job and work this thing right to the bottom end of it. You can do it and that is the only way. Send them down to Trenton and throw the key away. Thank you, gentlemen.

Mayor Congleton: Has anyone else any matter to bring to the attention of the Commission?

Mr. Joseph L. Lippman, 17 Academy Street.

Mr. Mayor and Commissioners: I am here on behalf of the Florists Association of the State of New Jersey and the florists of the City of Newark who are here to ask for your consideration and your assistance in protecting them—men who are taxpayers of the City of Newark, who are bona fide citizens of Newark and bona fide merchants—to protect them from these fly-by-night florists that come in here during this season that they can make a couple of dollars and then get out. They are not taxed for their wares, they don't help the City along, and under the 1921 laws of New Jersey the Legislature gave the municipalities the right to license and regulate transient merchants and itinerant vendors. Now, they have an urgent need at the present time for protection. The Commissioners will probably say, "Draw up an ordinance." I have prepared such an ordinance. But they have the urgent need of present day protection. Their season is coming and now a lot of these vacant stores are being taken by numerous farmers and fellows that go out and buy flower pots and put them in the store and they undersell these men who make a living in their florist trade, who don't come in just one day—one day they sell flowers, the next day they sell straw hats—they sell flowers throughout the year. We are asking you Commissioners, Mr. Mayor and Commissioners, if you will regulate the trade of the florists so that you can protect them by a proper license at the present time and then put through an ordinance so they will be protected for the future.

Mayor Congleton: Would the members of that association be in favor of an ordinance requiring every florist or

every person selling flowers to be licensed by the City?

Mr. Lippman: Yes, your Honor. I have prepared such an ordinance. It copies the State law verbatim—that is, I have used the words wherever I could in the City ordinance and I have prepared such an ordinance for submission to the Corporation Counsel if he so desires. But the thing is, your Honor, they need protection now and by the time this ordinance is passed these fly-by-night vendors will come in, and I think—

Mayor Congleton: We are quite familiar with that act. We have tried to enforce its provisions as fully as we could but we can not do it without the cooperation of the store owners—people who have vacant stores. We have found when enforcing this act that they resort to all kinds of subterfuge. They will give the prospective tenant for six months and then have some secret agreement between themselves that they will terminate on a few days' notice; and if a man has a lease for six months or a year on a store you can not very well say he is an itinerant merchant. Mr. Myers tells me where four people came in under this act with leases and they give the bond that the statute calls for. So far as my department is concerned, we want to cooperate with you as far as we can. I have issued orders that there shall be no street obstructions, that no one shall be permitted, so far as we can prohibit it, to sell flowers from the streets or in any way that we can stop it. We try to enforce that statute as best we can, but it is almost impossible to get results that you people want under that ordinance. We have it every summer with the straw hat men that you speak of.

Commissioner Brennan: And in the fall with the necktie men.

Mayor Congleton: Some of our most prominent citizens, from their standing in the business world, if they happen to have a vacant store will lease it out just in the manner I have intimated. How are you going to say a man is an itinerant merchant when he has got a lease on a prominent Broad Street store for six months or a year?

Commissioner Howe: Mr. Mayor, in answer to your remark, I want these men to know that we are doing our

part, for no later than yesterday I received two checks and bonds in compliance with the statute, from two of these itinerant men—one in the amount of \$10 and the other \$18. They have complied strictly with the law so far as we are concerned. I had a delegation of your men before me—Mr. Camp and the rest of them—and I asked them if they would be willing to pay a small fee themselves the same as we license icemen or milkmen or something else—a fee as low as a dollar for all-year merchants and a fee of \$100 for itinerant merchants. That is, all non-residents. And I think that would settle that question. They said they were even willing to pay \$10 if necessary for their own fee, and it seems to me that the great trouble is these people only come in to us a week or so before, but I think we should pass some sort of an ordinance. I have trouble because it is my duty to collect those fees and get after them and we have it in straw hat season and at Easter time each year. I think you all agree with me that these men are entitled to protection and consideration as against the florist who comes in from other counties—Union County especially.

Mayor Congleton: I had numerous applications to rent the old fish stand that used to be over the old market at Mulberry Street for this particular purpose. I suppose it is fair to say that I had close to fifty applications to rent that store over Easter. In order to be relieved of that nuisance I had the building torn down. I felt the men who were in the market right nearby who were paying rent month in and month out were entitled to protection; and to be relieved of that nuisance—it had to come down shortly—I tore it down so no one will use it this Easter anyhow. Insofar as any streets we have jurisdiction over, or public places, I have issued orders to the Street Department to absolutely prohibit anything of the kind.

Mr. Lippman: Mr. Mayor, in answer to your inquiry of the transient merchants or itinerant vendors Act of 1921, it defines the words "transient merchants or itinerant vendors shall for the purpose of this act be construed to mean and include persons and others engaged in a temporary or transient merchandising business."

Now, your question of the six months lease and then suddenly stopping it, I think if we can prove—and the bona fide merchants are willing to cooperate with the Commission and the Department of Licensing—prove they have perpetrated a fraud upon the Commission, I think we can bring them up before the criminal courts of the City and fine them under this Act.

Mayor Congleton: The trouble with that Act is that you can not say that six months or a year is a temporary period because we have no way of proving that at the end of six months or at the end of a year they intend to go out of business and don't intend to lease another place of business. That is the difficulty with that act, and we have attempted many times since 1921 to get that act amended and to strengthen it, but without success. We have the greatest sympathy for the permanent merchants and we want to do everything we can do. I think possibly if the members of your association will submit to an ordinance requiring everyone going in this line of business to be licensed, it may overcome it to a certain extent, but even then if there is enough profit in it, how are you going to prevent these fellows from coming down a few weeks before Easter time and applying for a license to carry on the floral business? If you will submit your draft of an ordinance to the Law Department and we can get something up, I am sure we all want to go along with you.

Commissioner Howe: Mr. Mayor, I think the people who are here and who are represented here today are all those who have been in business a year or more. If there was some clause in that that would provide for that they would get their license—anyone who had been a year or more to receive his license, and then any applicants thereafter would have to be passed on by us, we could come pretty near protecting those who are in the business now.

Mayor Congleton: I think you would have to issue a license to anyone. Your ordinance would be knocked out and you can not make it on the basis of residents and non-residents. There are any number of cases that have been decided where they have set aside ordinances where they have tried to do that very thing: Grant a license to a

resident and not to a non-resident. The courts held that there was not a proper basis for licensing.

Commissioner Howe: I mean where it applies to a wholesaler where we can investigate the hothouse man, the man who makes a specialty of raising flowers, if he should apply I do not think we should grant him a permit because these men buy from them.

Commissioner Murray: You can draw an ordinance requiring the applicant to come before the Licensing Commissioner at a specified time and to make his application and then the matter to be investigated and not to be handled within three weeks of that date, holding them off for a month and cut out a lot of them. I saw a sign on Springfield Avenue "On March 25 this store will be opened with a supply of Easter flowers."

Mr. Lippman: I have a list of all those stores that are putting out the same kinds of signs the Commissioner is now talking about.

Mayor Congleton: I would suggest that you take the matter up with the Law Department. Mr. Myers knows our desires in the matter, and see what you can work out. We desire to cooperate with you and we have great sympathy for your men and we think the itinerant merchant is working a great hardship, not only on this industry but on several others. You take it up with Mr. Myers.

Mr. David Trauth, 475 Orange Street.

On the construction of the 1921 statute it seems to me there is a \$200 license fee required in addition to the bond, and hearing Mr. Howe speak, it seemed all you people require is a bond. You should get a \$200 license fee.

Mr. Myers: The act doesn't say that. It says two per cent. of the cash value and \$200 in lieu of the bond.

Mr. Trauth: It says, "Two per cent. of the fair cash value or in lieu thereof of a \$200 license fee plus twenty-five per cent. bond." I have the Act right here with me.

Mr. Myers: I know the act by heart. The answer is if the merchandise on the basis of two per cent. is more than \$200 they have a right to put up \$200.

Mr. Trauth: Why not require them to put up \$200? You are only requiring the bond.

Commissioner Howe: The bond must be satisfactory to me, and I won't take it unless it is all right.

Mr. Trauth: In addition to the bond they have to put up \$200 for a license fee under the act.

Mayor Congleton: Well, we don't construe that statute that way, and we have had it before us many times.

Mr. Trauth: Well, I don't care—

Mayor Congleton: Well, you go in and argue it out with Mr. Myers. If you can show him he is wrong we would be glad. Then we could charge them a \$200 fee. But we have tried our best to put that construction on it. Is there any other matter to bring to the attention of the Commission?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON  
W. J. BRENNAN  
JOHN HOWE  
JNO. F. MURRAY, JR.  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

# MINUTES OF MEETINGS

OF THE

## Board of Commissioners

---

April, 1929

---

Newark, N. J., April 2, 1929.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M..

Present: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Absent: Commissioner Brennan.

The minutes of meeting of March 26th were read and approved.

The City Clerk presented An ordinance providing for the vacation of Magnolia Street from South Twelfth Street westerly about 95 feet to a property line, and stated that today was the time fixed for hearing on the same.

Commissioner Gillen moved that the ordinance be laid over until April 30th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and

stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title or "An ordinance to provide for the grading, curbing, flagging and paving of Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Martens Avenue from the Newark-East Orange City Line to about 158 feet south of Tremont Avenue with as-

phalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Tremont Avenue from North Munn Avenue to Oraton Parkway with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Isadore A. Sisselman, 45 Brantford Place: Mr. Mayor and gentlemen of the Commission, I wish to be heard on the ordinance relating to Tremont Avenue and also Maybaum, which I believe also comes up in the same way. I represent the Montefiore Cemetery Association who owns, I should say, about ninety odd per cent. of the total footage fronting the two streets about to be paved. We have no serious objection to the paving of both of these streets, but there are certain things that I want to call to your attention before we get into this matter. I do this for the purpose of avoiding any possible litigation that may come up after the work is done and after we resist an attempt to assess the property. I have already taken the matter up with the counsel for the City and advised him of my appearance here in this cause. Under the law, as I understand it, cemetery owned property is not subject to assessments of this kind of work; they are exempt from all taxation and all assessments. We really could sit back and wait for the work to be put through and then resist it, as I said before, the assessment; but I would rather we have the understanding and raise our objection at this time so you will know our position. This work involves an expense of about \$80,000, from which the

cemetery will really benefit very little because the roads that they need there can be put in at much less cost, at much less expense. However, I have been told this is necessary for the improvement of the City, and for that reason we have no objection to the work being done. As I said before, the only reason I appear today is rather than wait until the work is put in and then raise our objections. We want to state our objections at this time, simply stating that we do not object to this improvement but want it fixed that we are going to rely upon the law for this exemption, and if you gentlemen are satisfied to put the improvement in we would like to have it in with that understanding.

Mayor Congleton: Of course, the law will have to take its course. If there is any way by which cemetery property can be assessed, I assure you it will be assessed. With something like five millions worth of cemeteries in Newark, and the prices of lots are pretty high, I think cemetery property ought to pay the fair share of improvements the same as any other property.

Mr. Sisselman: I wish to state our position. We understand the law to be such and we do not object to the improvement going in, although we personally don't need it.

Mayor Congleton: The people to the north of you do and this is a lay out of some streets and the improvements of them under a gentlemen's agreement with East Orange, where they are going to continue these streets from the East Orange Line out to Central Avenue and open up that large tract of land, which will make it available for building purposes and increase our ratables and produce more homes for the people to live in, and they are the ones we have in mind rather than the cemetery.

Mr. Sisselman: The only thing I can answer to that is this: that on the road Maybaum Avenue, which is the bigger of the two jobs and which entails an expense of about \$50,000, the street is about 1,250 feet to the East Orange Line. The cemetery owns 1,100 feet, which would make available along that street merely 150 feet for any buildings to be put on there.

Mayor Congleton: Not the City of

Newark but the City of East Orange is opening Maybaum Avenue from the East Orange Line through north to Central Avenue, which will make another outlet for the people to use who use South Orange Avenue, and if you travel on North Munn Avenue you will appreciate that.

Mr. Sisselman: I merely say ratables will be increased on merely 150 feet and my objection is stated merely along the lines it is an objection by law.

Mayor Congleton: If you have it you will get it.

Mr. Sisselman: But we wish to inform you gentlemen of those reasons we object to the improvement going in.

Mayor Congleton: Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Tremont Avenue from North Munn Avenue to Oraton Parkway with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation:

o The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Tremont Avenue from North Munn Avenue to Oraton Parkway with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Tremont Avenue from North Munn Avenue to Oraton Parkway with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation:

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curb-

ing, flagging and paving of Maybaum Avenue from South Orange Avenue to the East Orange City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Sisselman: Mr. Mayor and gentlemen, for the purpose of record I wish to enter my objection to this one in the same manner I did the one previous.

Mayor Congleton: Your objection will be noted. Does anyone else desire to be heard?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Maybaum Avenue from South Orange Avenue to the East Orange City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Maybaum Avenue from South Orange Avenue to the East Orange City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Maybaum Avenue from South Orange Avenue to the East Orange City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curb-

ing, flagging and paving of Carrington Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response).

No one appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Carrington Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The Clerk then read the ordinance by sections.

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Carrington Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Carrington Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of Morris Avenue from West Kinney Street to Springfield Avenue with asphalt pavement (1½" top-½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Hyman Flax, 454 Belmont Avenue: Mr. Mayor and gentlemen of the Commission. I got a property on West Kinney Street the last 25 years. My residence was there five years I bought the property and the time when I was there the street was absolutely good. The last fifteen years the business decrease—

Mayor Congleton: Are you now speaking of Morris Avenue?

Mr. Flax: Morris Avenue and West Kinney Street. My property is on West Kinney Street. It is usually the flats there mostly empty now and I don't think we can afford the street should be improved now.

Mayor Congleton: You have got a traprock pavement there now, laid in 1893.

Mr. Flax: Yes, sir; the last 25 years I was living there and we was always satisfied with the street. Now I don't think it is good for improvement but it isn't good for the landlords. There are here about 10 or 15 landlords and they all agree with my opinion.

Mayor Congleton: Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving and repaving of Morris Avenue from West Kinney Street to Springfield Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the paving and repaving of Morris Avenue from West Kinney Street to Springfield Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving and repaving of Morris Avenue from West Kinney Street to Springfield Avenue with asphalt pavement

(1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the paving and repaving of West Kinney Street from High Street to Morris Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside the street railway track area, and with asphalt pavement and napped recliipped granite block pavement on a new concrete foundation inside of the street railway track area, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any person desire to be heard on this ordinance?

Mr. Salvatore Cortese, 185 West Kinney Street: Honorable Mayor, I have been a resident for many years on West Kinney Street. I received notice that the street would be paved and widened.

Mayor Congleton: It is to be widened by three feet.

Mr. Cortese: Three feet? I do not object to that personally. I only represent myself.

Mayor Congleton: You are in favor of the improvement?

Mr. Cortese: Yes. I went to Mr. Costello's office two weeks ago and made a suggestion that so long as we are going to spend money to improve Kinney Street, that one building on the corner of Morris Avenue and West Kinney Street be removed. We are willing to pay the City because it would make one stretch from 16th Avenue to Springfield Avenue, straight down to Port Newark.

Commissioner Murray: That is a good suggestion.

Mr. Cortese: There is only one building on the right hand side.

Commissioner Howe: Where is that?

Mr. Cortese: Morris Avenue and

West Kinney where the brewery is. There is a little catcorner over from one stretch to Sixteenth Avenue, just one building on the corner.

Mayor Congleton: I think that is a good suggestion. We will take that up.

Mr. Cortese: We are willing to pay whatever the cost is. We understand the City spent money we are supposed to pay for it. We understand that.

Commissioner Murray: You don't pay all of it.

Mayor Congleton: All right, sir; we will have that looked into and if we can we will carry it through with this improvement. Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that following ordinance be taken up on second reading:

An ordinance to provide for the paving and repaving of West Kinney Street from High Street to Morris Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area, and with asphalt pavement and napped reclipped granite block pavement on a new concrete foundation inside of the street railway track area.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the paving and repaving of West Kinney Street from High Street to Morris Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area, and with asphalt pavement and napped reclipped granite block pavement on a new concrete foundation inside of the street railway track area," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the paving and repaving of West Kinney Street from High Street to Morris Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation outside of the street railway track area, and with asphalt pavement and napped reclipped granite block pavement on a new concrete foundation inside of the street railway track area.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance changing and establishing the

width of sidewalks of West Kinney Street from High Street to Morris Avenue and requiring the removal of obstructions, projections, or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Herman F. Brams, 951 Broad Street: Mr. Mayor, may I suggest that part of that runs through the Third Ward in which the Third Ward Improvement Association has asked certain lights be placed on West Kinney Street.

Mayor Congleton: What is that?

Mr. Brams: The Third Ward Improvement Association has asked for lights on certain parts of the street, and it occurred to me that it might be advisable that that be done at the same time that these improvements are being made.

Mayor Congleton: It is before us now and if it can be done at that time, of course we will do it before the street is improved.

No one else appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the the following ordinance be taken up on second reading.

An ordinance changing and establishing the width of the sidewalks of West Kinney Street from High Street to Morris Avenue and requiring the removal of obstructions, projections, or encroachments thereon.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance changing and establishing the width of the sidewalks of West Kinney Street from High Street to Morris Avenue and requiring the removal of obstructions, projections, or encroachments thereon," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks of West Kinney Street from High Street to Morris Avenue and requiring the removal of obstructions, projections, or encroachments thereon.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance changing and establishing the width of the sidewalks on Morris Avenue, from Springfield Avenue to West Kinney Street, and requiring the removal of obstructions, projections, or encroachments thereon, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance changing and establishing the width of the sidewalks on Morris Avenue, from Springfield Avenue to West Kinney Street, and requiring the removal of obstructions, projections or encroachments thereon.

The clerk then read the title of the ordinance as follows:

An ordinance changing and establishing the width of the sidewalks on Morris Avenue, from Springfield Avenue to West Kinney Street, and requiring the removal of obstructions, projections or encroachments thereon.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until April 9th.

The roll being called, the motion

was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the repaving and resurfacing of South 16th Street from Eighteenth Avenue to Avon Avenue with asphalt pavement (1½" top-1½" binder) on the old macadam prepared.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That South 16th Street from Eighteenth Avenue to Avon Avenue shall be repaved and resurfaced with asphalt pavement (1½" top-1½" binder) on the old macadam prepared, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 25, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will

be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$31,300.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$31,300.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.  
take effect immediately and all or-

Commissioner Murray moved that April 23rd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place

when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS,** The City of Newark on October 2, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Eight hundred and fifty thousand dollars (\$850,000.00) for money borrowed in anticipation of the receipt of money expended for Pavings, Chapter 152, Laws 1917, said Temporary Loan Bonds being numbered 1445, 1446, 1447, 1448, 1449, 1454, 1455, 1456 and 1457, and dated October 2, 1928, and payable April 2, 1929;

**AND WHEREAS,** The improvement for which said Eight hundred and fifty

thousand dollars (\$850,000 00) was issued for Pavings now in course of construction or have been completed within six years, and is an improvement for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay the said Eight hundred and fifty thousand dollars (\$850,000.00) of Temporary Loan Bonds;

**THEREFORE BE IT RESOLVED,** That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Eight hundred and fifty thousand dollars (\$850,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Eight hundred and fifty thousand dollars (\$850,000.00) of Temporary Loan Bonds issued therefor;

**FURTHER RESOLVED,** That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Eight hundred and fifty thousand dollars (\$850,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

**FURTHER RESOLVED,** That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe,  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on October 2, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of One million one hundred and fifty thousand dollars (\$1,150,000.00) for money borrowed in anticipation of the receipt of money expended for Openings, Chapter 152, Laws 1917, said Temporary Loan Bonds being numbered 1451, 1452, 1453, 1458, 1459, 1460, 1461, 1462, 1463, 1464, 1465, 1466 and 1467, and dated October 2, 1928, and payable April 2, 1929;

AND WHEREAS, The improvement for which said One million one hundred and fifty thousand dollars (\$1,150,000.00) was issued was for Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay the said One million one hundred and fifty thousand dollars (\$1,150,000.00) of Temporary Loan Bonds;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of One million one hundred and fifty thousand dollars (\$1,150,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said One million one hundred and fifty thousand dollars (\$1,150,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to One million one hundred and fifty thousand dollars (\$1,150,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

RESOLVED, By the Board of Commissioners of The City of Newark that John H. Powers be and he hereby is appointed to the position of clerk in the office of the Comptroller, in the Department of Revenue and Finance, at a salary of One thousand eight hundred dollars (\$1,800.00) per annum; effective April 1, 1929.

#### PUBLIC NOTICE

##### To Whom It May Concern:

A public hearing will be held in the Assembly Room, 2nd floor, Army Building, 39 Whitehall Street, New York City, April 23, 1929, at 10:00 A. M., to consider the advisability of modifying the existing project for the New York and New Jersey Channels, so as to provide anchorage space for quarantine purposes in the vicinity of Perth Amboy. The hearing is called to obtain information from interested parties in order to comply with the following resolution of the Committee on Rivers and Harbors, House of Representatives, United States, adopted February 28, 1929:

"RESOLVED, By the Committee on Rivers and Harbors of the House of Representatives, United States, that the Board of Engineers for Rivers and Harbors created under section 3 of the river and harbor act approved June 13, 1902; be, and, is hereby, requested to review the report on New York and New Jersey Channels, submitted in House Document numbered 653, Sixty-sixth Congress, Second Session, with a view to determining the advisability of modifying the existing pro-

ject so as to provide additional anchorage space for quarantine purposes in the vicinity of Perth Amboy."

All interested parties are invited to be present at the hearing and to express their views. While for accuracy of records, all important facts and arguments should be submitted in writing, oral evidence will be heard.

R. T. Ward,  
Lt. Colonel, Corps of Engineers,  
District Engineer.

Referred to the Mayor.

196 Market Street  
Newark, N. J.

April 1, 1929.

To the Honorable,  
The Board of Commissioners,  
City Hall,  
Newark, N. J.

##### Gentlemen:

Since the City has decided to acquire the tract of land known as the Bonykamper tract at Waydell and Ferry Streets for a Hayes Park and have decided to acquire same by condemnation and inasmuch as the owners are naturally in sympathy with the project and wish to co-operate in every reasonable way with the City, the Corporation has decided to permit the City, if it so desires, to enter upon this tract at once and to do any preliminary work it sees fit in preparing the same for park purposes.

The Company makes this offer because the summer is approaching and we thought you might want to turn this land into a park this summer instead of waiting one more year. In other words, we are turning the land over to the City prepared to take whatever amount may be decided by the Courts.

There is a portion of this land that is low and you may want to do some filling there and that is an additional reason why we make this early offer. Besides we feel the children of the Ironbound Section knowing that this is going to be a park would like to have it prepared for them as soon as possible.

With best wishes, I am,

Sincerely yours,

Edward Solomon,  
President of the Company.  
Referred to Commissioner Gillen.

Mayor Congleton: Has any citizen any matter to bring to the attention of the Commissioners?

Statement of Meyer Zemel, 323 Market Street.

Mr. Mayor and Commissioners: I appear here today in the role of an objector to the leasing of Centre Market and the removal of the Farmers' Market. I am not trying to impede the tide of progress, but I feel that not every change is progress and the removal of the Centre Market and Farmers' Market would be a step backward.

On March 25th I spoke with Commissioner Gillen with reference to this matter and I drew his attention to the fact that the removal of the Farmers' Market from the Centre Market would mean ruination for the Centre Market. I suggested to him that one of the proper places for the Farmers' Market would be the old Lawrence Street School and adjoining property in the rear, with an entrance into the new proposed Ward Street. Because of the extent to which my interests are involved in this matter, I have given it deep thought and study, and have concluded that the proper place for the Farmers' Market would be over the Centre Market. The space over the present Centre Market would be ideal for a Farmers' Market. The space is large enough, it is well lighted, heated and ventilated, and in addition, is under cover and therefore is not at the mercy of the elements. Its close proximity to the Centre Market is an added advantage to both the Centre Market merchants and the farmers. By regulating the hours during which farmers could do business—for example, between the hours say, six in the evening to six in the morning, all congestion of traffic due to the farmers' vehicles could be avoided.

The Centre Market and Farmers' Market are only about six years old and cost our City in the neighborhood of five million dollars, and I urge it would be unreasonable and unjust to every property owner and taxpayer to abandon it. It is true that the proposition has been carried at an apparent loss since it was built, but any loss

can hardly be fastened on the Centre Market itself and the present Market. Any apparent loss is due to the fact that the City carried the old Farmers' Market land since the new markets were built. I believe that since that land has been leased to Mr. Lefcourt for \$200,000.00 a year, there will no longer be even an apparent loss.

But if we look at the matter in a broader light and view it in its true aspect, the erecting and maintenance of the Centre Market and the Farmers' Market has resulted in a distinct financial gain to the City of Newark. The time is not so long past that you can not remember or picture Commerce Street and the vicinity of the present Market before the erection of the Market, and a glance at the assessment books and a comparison of the present assessments with the assessments before the Market was erected will show the greatly increased income in taxes which the City now derives from property in the vicinity of the Market.

If the Farmers' Market is removed the vicinity of Commerce Street will look like Goldsmith's "Deserted Village" for the next ten years. It takes that long or longer to develop and adapt real estate to new surroundings. To see an actual example of this you need go no further than Commerce Street, between Broad and Mulberry Streets. Below the Public Library branch, opposite the old Farmers' Market, although it is five or six years since the markets were moved, that part of Commerce Street is still deserted. As property owners, therefore, we are entitled to and ask you to protect our interests and not to bring about a similar condition with our property. We must pay taxes, interest on mortgages and other carrying charges and to pay these charges on vacant property is a real hardship. I assure you, and you will readily understand that if you remove the Farmers' Market from this vicinity our stores will be vacant because our store tenants who pay us rent depend upon the farmers for their business, and this vicinity is the natural and logical location for the Farmers' Market and despite all the artificial attempts to move them, there are today and always have been more commission houses on Commerce Street than there are in the vicinity of Miller Street.

I wonder whether this Commission has taken into consideration the fact that the territory on Mulberry Street north of Market Street on the lower end of Clinton Street and Commerce Street depend for their entire business on the influence of the markets. If you remove the markets you will be destroying this influence, as a result of which the rental value will fall and consequently taxing value will fall and the City will lose taxing revenue from these properties.

To give you a concrete illustration and prove that the City gained when the markets were built on the present site: The property at 102-4 Commerce Street owned by us was assessed for taxing purposes at \$11,000.00, as the records of the taxing office will show. Since the markets were built these properties have been assessed for taxing purposes at \$66,000.00. Assessments in the entire neighborhood have been increased accordingly. Stop and think for a moment the immense taxing revenue that will be lost to the City of Newark and what a hardship you will impose upon this vast territory of property owners and taxpayers by removing these markets from this vicinity. Picture this locality with vacant stores, with windows boarded up, each displaying a tremendous "For Rent" sign and with no possibility of renting them.

Gentlemen, is Port Newark a paying proposition at this time? Yet if anyone came here and asked you to relinquish control of Port Newark you would not think of it. No, you would not even listen to it, and you and I both know that the City at large has carried and will carry Port Newark at a loss for a long time to come. That is, if we looked at it in a narrow light, but if we view this matter in its broader aspect we know that the influence of Port Newark on adjacent land and property makes it a valuable taxing asset in revenue for the entire City, and therefore not a real loss, and that is the same position which the Farmers' Market and Centre Market has upon the influence of ratables in their vicinity. To remove these markets at this time would be a hardship and calamity to all the property owners in this territory, and it is your duty to keep these markets in their present location.

Consider for a moment the enormity of the sacrifices which you are asked to make. The entire venture is only five or six years old. It cost Newark the tremendous sum of five million dollars and you are asked at this early day to destroy it because some private individuals want to make money out of it. It seems to me the interest of the City of Newark comes before the interest of a few individuals and I respectfully urge that the City ought not to sell this valuable birth-right for the mess of pottage that is being offered.

The mere fact that you could not sell or lease the old Farmers' Market to receive an income sufficient to carry it is no fault of the new market ventures. That fact is all the more reason that you should think for us and feel for us and not dispose of these markets and cause our buildings to be vacant at the present time. I need not tell you that there is plenty of vacant property in Newark. Wherever you go you see "To Let" signs and even Broad and Market Streets are not immune from this epidemic and every property owner and taxpayer has his or her troubles at this time. We plead, therefore, that you do not destroy us by removing these markets, which are the life blood and mean the very existence of our property. Consider for a moment that if the City of Newark feels the hardship of carrying a market at a loss of \$125,000.00, how much more of a hardship is it on the individual taxpayer.

Now as to the matter of leasing the Centre Market to private interests for store and parking purposes, that has already been tried on the floor over the Centre Market by a number of people and no one has made a success of it. The question resolves itself into this: Would the rental of the Centre Market to private interests be sufficient to compensate the City for the loss in taxes that the City will lose if this locality is demoralized by the removal of the Centre and Farmers' Markets from this vicinity? If we take the Lefcourt lease as a whole as a basis for the rental of the Centre Market building (and you can not go below the Lefcourt lease basis and be consistent) you must at least ask \$400,000.00 on a 10% basis of rental per year on a four million dollar valuation of the Centre Market building

and the adjacent ground—not to mention the fact that Lefcourt will probably pay from 10% to 15% for financing his buildings—and that at this rent, my contention is, no individual or corporation of the City of Newark can make this venture pay.

This building was built and meant for a Centre Market and the upper story or floor is sufficient for a Farmers' Market. Why should Newark, at this time, spend a large sum of money to acquire a new market site when it already owns the best one that money can buy or build?

At this time Newark is about to spend enormous sums of money for the canal railway and Pennsylvania Railroad development and improvements and in justice to every property owner and taxpayer, Newark can not afford to spend any money unless it is absolutely necessary. I contend, and it can not be denied, that the Centre and Farmers' Markets together, in the present locality, can not be equalled to anywhere in Newark. The buildings are erected and without spending an additional dollar you have a Centre and Farmers' Market under one roof. I know that you Commissioners are interested in the welfare of the City. By leaving the markets where they are I am sure you will be serving the City faithfully. I don't think that you will injure or endanger the interests of the many taxpayers and citizens for the selfish benefit of a few individuals.

Ordered filed.

Mayor Congleton: Has anyone else any matter to bring to the attention of the Commission?

Herman Z. Baum, 834 South 13th Street.

I think Mr. Zemel is perfectly right in what he said, and I think any changes is in time in about five years from now when things are ripe around that station to make any changes, or would be time five years from now. Things are not alive in changes at the present time. I think we ought to leave the Farmers' Market right there until that time.

Mayor Congleton: Does anyone else have any matter to bring to the attention of the Commission?

Mr. William S. Righter, 196 Market Street.

I don't know whether I am right in questioning this Commission for information. I, of course, have been in Newark probably longer than any of you and I have seen more things lately that I would like to have answered if I can. It isn't in the department of any member here, but it is in the police department. Now, I own a piece of property on Mulberry Street right back there coming in under the assessments for the widening of Mulberry Street. The place is about empty; tenants have moved out and they have been unable to make a living because they tell me they can't get in. There is automobiles being stopped there and they are not obliged to move on and I am told that they are there sometimes for twelve and fourteen hours and they can not get in. Now, right around the corner in Mechanic Street here there is a sign, "No parking within 15 feet of this sign. Police Department." That is in front of a wholesale pipe house, I think it is, a wholesale valve and pipe connections. Now, why is that sign permitted there and those people given rights beyond my property which pays his taxes just as well as that property? Mr. Mayor, is that sign paid for, do you know? If so, where does the money go? Does it go into the City?

Mayor Congleton: People who have signs pay for them themselves.

Mr. Righter: I know, but where does the money go?

Mayor Congleton: We don't sell them. We give sanction to them and the party who buys the sign pays the manufacturer.

Mr. Righter: That is all very well, but what does the City get for that sanction? Can I go to work and put a sign in front of my property?

Mayor Congleton: By taking it up with the police you may. Commissioner Brennan has tried to co-operate with property owners on the question of parking to the fullest extent.

Mr. Righter: I saw a policeman yesterday take an automobile that was parked in that part and move it away and leave a place there for the owner to drive up his truck. Now, I can't get a policeman to do that for any of my property.

Mayor Congleton: Have you tried?

Mr. Righter: Yes, sir.

Mayor Congleton: When?

Mr. Righter: A little while ago right here in—

Mayor Congleton: You will find the police as a rule very ready and willing to co-operate with you and assist you in every way they can.

Mr. Righter: That may be, Mr. Mayor, but I want to ask this question, if you know it: Is that right and that privilege paid for to the City of Newark?

Mayor Congleton: Policemen's salaries are paid for by the City of Newark.

Mr. Righter: I didn't ask that question. I asked if that right—

Mayor Congleton: What right?

Mr. Righter: To have that place free is paid by the owners of other property?

Mayor Congleton: Of course not, and you know it.

Mr. Righter: I don't know it.

Mayor Congleton: Well, you ought to.

Mr. Righter: I don't know it.

Mayor Congleton: You know the City is not selling out privileges in front of its curb lines, and you know that they can not.

Mr. Righter: I know they can not, too, apparently, but when I am told that they do what am I going to say?

Mayor Congleton: Well, we are telling you that they don't.

Mr. Righter: All right, sir. I will believe it. Then I will get your assistance, Mr. Mayor, if I get one of those signs or two of those signs and put them out in front of my property.

Mayor Congleton: I didn't say you would get my assistance. I said for you to take it up with Commissioner Brennan, that he tries to assist and co-operate with all property owners on the question of parking.

Mr. Righter: Then I couldn't get your assistance.

Mayor Congleton: I don't run the Police Department, and you know it.

Mr. Righter: You have an interest in it.

Mayor Congleton: Why, certainly.

Mr. Righter: You have a vote. Then that interest—the property owners, I am to infer from what you say, pay nothing for that privilege.

Mayor Congleton: That is what I said.

Mr. Righter: Thank you very much, indeed.

Mayor Congleton: Does any other person have any matter to bring up?

Commissioner Howe: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

APPROVED:

JEROME T. CONGLETON

JOHN HOWE

JNO. F. MURRAY, JR.

CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N. J., April 9, 1929.

A regular meeting of the Board of Commissioners of the City of Newark N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of the meeting of April 2, 1929, were read and approved.

The City Clerk presented An ordinance for the opening of Goldsmith Avenue from its present westerly terminus, about 424 feet westerly to Hobson Street, and for the opening of Summit Avenue from Chancellor Avenue northerly to Goldsmith Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does any citizen wish to be heard on this ordinance?

Mr. Braelow: I speak for Jules E. Tepper, who represents the Home for the Aged, owner of part of the property that the City contemplates taking and I find that Mr. Tepper is unable to appear and requests an adjournment. It has been difficult for him to get in touch with the Board of Trustees for the Home for the Aged, and for that reason, besides the fact that he is actively engaged in the upper court, I respectfully request an adjournment in this matter for let us say two or three weeks.

Mayor Congleton: We will adjourn it for two weeks, but it must go on then because we are getting toward the end of our term of office and the ordinance will die with this Commission if it is not acted upon.

Commissioner Brennan: I move that the ordinance be laid over to April 23, 1929.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Lexington Street from Fleming Avenue to Ferry Street with asphalt pavement

(1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

Mayor Congleton: Does anyone desire to be heard on this ordinance??

Mr. Michael Neubauer, 88 Lexington Street.

I tell you, gentlemen, Lexington Street certainly does need paving and it needs curbs, and so on, also. It would be a great thing to have it fixed up, but I received notice that connections is supposed to be made within thirty days. In order to do that there is a whole lot more to do; there is no gas pipes, no sewers in the streets, but I don't know what you gentlemen are going to do about it. At the present time it is a private sewer in the street. The gas pipe runs along on the building line. The man that built those houses, at that time, Mr. Reilly, he had one gas pipe coming right through about two feet from the building line from the houses, but there is no main pipes in the street for gas. You see, everything has been done on a cheap plan at that time.

Mayor Congleton: All of the utilities will be put in before the pavement is put down.

Mr. Neubauer: Well, that is the only time that people can act when things are there.

Mayor Congleton: They will all be put in before the street is paved.

Mr. Neubauer: Because we want to act according to our notice. It says within thirty days."

Mayor Congleton: Of course, you don't have to put in mains and gas pipes in the street, the company does that and that will all be done before the paving is put down.

There being no one else to be heard, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading.

An ordinance to provide for the repaving of Lexington Street from Flem-

ing Avenue to Ferry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the repaving of Lexington Street from Fleming Avenue to Ferry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Lexington Street from Fleming Avenue to Ferry Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the repaving of Hensler Street from Wilson Avenue to Niagara Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? Hensler Street.

No one appearing, Commissioner Murray moved that he hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the repaving of Hensler Street from Wilson Avenue to Niagara Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the repaving of Hensler Street from Wilson Avenue to Niagara Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the repaving of Hensler Street from Wilson Avenue to Niagara Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance? Hillside Terrace.

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Hillside Terrace from its present northerly terminus about 96 feet northerly to Ivy Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Pacific Street from Thomas Street to Tompkins Point Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and

stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Joseph H. Gunn, Ironbound Manufacturers' Association:

We represent the Ironbound Manufacturers' Association and some of the abutting property owners. We are in favor of this improvement. Due to the fact that it is going to open up a new territory down there and the further fact that there are a number of concerns just the other side of Pacific Street where this pavement ends, we are going to ask the City to take into consideration and absorb some of the cost of the paving. Mr. Moody of the Simmons Company, and Mr. Geger of the American Foundry Company—I think everybody down there is in favor of it. Sanitary sewer has been put through, storm water is to go through and the road is to be paved, but it is opening up new territory and most of the trucking is done by concerns the other side of the end of the pavement, and due to the fact it is going to help all the manufacturers in that section, we would respectfully ask the City to absorb some of the cost of that improvement.

Mr. Moody: We are in favor of it. It is rather hard—we have about 300 feet on the street, I suppose about one-quarter, which would make a pretty severe assessment.

Mayor Congleton: Of course, the City does absorb on all street pavements a substantial part. Of course, this is the original pavement, however; that street has never been paved.

Mr. Moody: No, it has never been paved.

Mr. Geger: We felt there would be an outlet there and a continuation of Pacific Street some day; and, of course, there will be a number of other vehicles using that street, and while we have been there thirty years, and very decent taxpayers, we have stood a lot of losses in fixing the street in the old days. Of course, this Commission has been very favorable to the manufacturers all along the line in the way of taking care of the street. We feel the City ought to stand at least a portion.

Mayor Congleton: Well, the City will stand a portion of it. We will see to that when it comes before the Assessment Board. Does anyone else desire to be heard?

There being no one else to be heard, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading.

An ordinance to provide for the grading, curbing, flagging and paving of Pacific Street from Thomas Street to Tompkins Point Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Pacific Street from Thomas Street to Tompkins Point Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Pacific Street from Thomas Street to Tompkins Point Road with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Evergreen Avenue from Frelinghuysen Avenue to Hanford Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance??

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the construction of a fifteen (15) inch storm

water sewer in Evergreen avenue from Frelinghuysen Avenue to Hanford Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the title of "An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Evergreen Avenue from Frelinghuysen Avenue to Hanford Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows.

An ordinance to provide for the construction of a fifteen (15) inch storm water sewer in Evergreen avenue from Frelinghuysen Avenue to Hanford Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance, "Whereas, the Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up second reading:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City favor an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance, 'Whereas, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City are in favor of an hour's daylight saving, and that it is beneficial for mental improvement and physical recreation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

WHEREAS, The Board of Commissioners of the City of Newark believe that a majority of those who labor in the diversified industrial occupations of the City favor an hour's daylight saving, and that it is bene-

ficial for mental improvement and physical recreation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to authorize the purchase of original equipment and furnishings for the City Hall Extension No. 3, and providing for the financing thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to authorize the purchase of original equipment and furnishings for the City Hall Extension No. 3, and providing for the financing thereof.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the

ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of "An ordinance to authorize the purchase of original equipment and furnishings for the City Hall Extension No. 3, and providing for the financing thereof," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to authorize the purchase of original equipment and furnishings for the City Hall Extension No. 3, and providing for the financing thereof.

The ordinance having been read three times, was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the

eleven (11) following described parts, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. Ralph E. Lum, Griffith Building:

May it please your Honors, we are making application this morning to have this ordinance laid over for an indefinite period. We realize that you have wanted to clear up all the pending matters before this same Commission came back in changed garments, but we are making this application, Mr. Mayor and Mr. Commissioners, on these grounds: Your engineer who made the survey, and did a very excellent piece of work here leading to the recommendation of these plans, did not have and could not, of course, have had any of the data of the very many things that have happened since this has been up. More things that vitally affect this proposition have happened in six months than would ordinarily happen in any other piece of property in six years, and all of them go to making it advisable to have further consideration before any exact and definite plan is adopted. In the first place, the matter of the State Highway Commission Route 21 is still open as it was the last time we made our application. We wanted all the data that could be obtained from that and we are, of course, as yet without it. Our engineer has made a very thorough study for us, and he desires very much indeed to have the definite data before he can give us a complete plan that would cover the property affected. We don't any of us know as yet whether the State Highway will cross at an elevation or at a depression or at surface, nor the exact width it will be, and, of course, all that will have an effect upon the amount of traffic on Mulberry Street.

There has very recently come up a very important question as to a possible change in the City Market. We need to know exactly what use was to be made of that. You would all want, I know, if you were going to pass on this as engineers, if you were going to pass on any perfected plan, to have the data and the future of the market

there. In the meantime it seems to me that if there is any pressing need there the change of parking through those two streets, the work which we have done in preparation, which I do not want to go into with this Commission this morning, unless you desire to go into the merits, which would take a very long hearing involving plans, photographs, and so forth, but I may just say in passing that it all goes to show that a great deal of the jammed condition that comes in those two blocks is due to parked traffic. Of course, I understand Mr. Brennan here has immediately made protests as soon as anyone is prevented from having the street in front of his property used as a private garage. The fact is that there is very ample garage space for either a short or a long period within a very few feet of that particular space. It seems to me that might relieve the immediate pressure and that we could in the meantime get this amount of important data that would enable us to determine whether a modified plan that could be presented would save a very great deal of expense to the city and perhaps would accomplish everything that was desired in the way of freeing the traffic there.

The objection to the old buildings there need not be given serious consideration by any of you. I am authorized to say on behalf of the property owners and tenants that as soon as a definite line is established the old rookeries that are so objectionable there will be cleared off immediately from the property all the way from Market to Clinton Street, so that we are not suggesting anything that will be a detriment to the City in any way, and we are asking now for this adjournment. This is a matter that you can always take up and initiate exactly where we are, and there seems to be every reason for the study of the new plans and nothing whatever against it. It is so important to the property owners affected that I urge very sincerely that it be laid over at this time.

Mayor Congleton: Mr. Lum, the difficulty with your proposition is that it rather assumes that the City had not given serious consideration to this before we introduced it.

Mr. Lum: I do not want to inter-

rupt, but I didn't mean any such thing, and I thought—perhaps I spoke too hurriedly—the very things that happened all since your plans. I do recognize it was studied very carefully, and we both know that in Tom's life four years ago we went very thoroughly into the thing and it is a matured plan, but these are things that occurred since.

Mayor Congleton: We had before the introduction of this ordinance given it very serious consideration and long study. We introduced this ordinance as a result of that study and we believe that if Mulberry Street is ever to be widened now is the time to do it. What I was just going to say was that we welcome any suggestions that the property owners have to offer, and it seems to me that now is the time for them to come forward with their suggestions so that we may take them up in conference and determine what we think is the wiser thing to do. We knew when we introduced this ordinance that Route 21 was going where it is going, but just to leave it hanging in the air without having your thought doesn't help us very much in our future studies, so if you are prepared to offer your suggestions it seems to me that now would be the time to do it so that we can give it the study that we think it warrants.

Mr. Lum: Then we will go into it briefly here, understanding that we will take it up further with the engineer later.

Mayor Congleton: And you may rest assured in making your suggestions to us that our minds are open and there is no intention of attempting to force the ordinance through. We will be very glad to take your recommendations and give them further study in connection with the studies previously made.

Mr. Spaulding Frazer, 24 Commerce Street:

I am representing, Mr. Mayor and gentlemen, the United Cigar Stores Company. Our position is very much the same as suggested by Mr. Lum. We do feel perhaps the continuance of the rookeries which have so often been referred to is one sound reason for the widening of the street, perhaps is an argument the other way. I know that my clients when the matter was up—it must be five or six years now—

Commissioner Brennan Nine years ago.

Mr. Frazer: Not as much as that, was it? Time flies a little faster than I thought—had at that time in mind the building of substantial buildings there. The situation, however, in that whole section became so uncertain with the pending plans for the Pennsylvania development, future tube extensions, and whatnot, the proposed opening of Ward Street, and then the abandonment of that, the uncertainty as to what type of development, what kind of street layout was to be made, made it impossible for them to determine what would be the appropriate building, and they assure me now as soon as the general situation there is arrived at they are prepared forthwith to go ahead with plans and provide for something—

Mayor Congleton: Something more than a taxpayer?

Mr. Frazer: Yes, sir; a very substantial building.

Mayor Congleton: I have never seen them do it anywhere yet.

Mr. Frazer: They have a long term lease and possibly at the outset a taxpayer to determine what the future construction will be, but they are ready to go into very substantial construction as soon as the type of the neighborhood is determined. As Mr. Lum has suggested, we are still in the realm of uncertainty as to what the effect of the traffic situation is going to be as a result of the opening of Route 21. A great deal of through traffic will doubtless be diverted from Mulberry Street. The street which is now at times badly congested may very well be less congested with that kind of a through thoroughfare there. All these considerations, I think, are matters which would leave to the conclusion of the advisability of laying this matter over for further consideration. That is briefly the position; and on the other hand we do not wish to be in the position of seeming to oppose a great or necessary public improvement.

Mayor Congleton: Of course, the State Highway Commission has not definitely stated the manner in which Route 21 will cross Market Street, whether viaduct or tunnel or grade. I will say for the people of the City who

are interested in the matter that we favor crossing at grade, and we believe that will be the way it will be done; with proper traffic signals we think it can be done and work out very nicely. To put a viaduct would not be sightly; to tunnel would destroy Commerce Street and the Boulevard running to the new station, because it would create then grades in the roadway and different grades still for the sidewalk, which is, of course, never good for any street in the center of the City; so that we are urging Route 21 to cross Market Street at grade. We believe the State is going to co-operate with us in that respect.

Mr. Lum: Of course, if that is done, these millions of expense of New Jersey Railroad Avenue will amount merely to make standing room, practically, for cars, because you can not move that traffic across Market Street any faster than Market Street traffic can get out of the way, and if a new center is to be created there to bring all the traffic contemplated in front of that station—the traffic won't be through traffic. Cavalry is no faster than the slowest horse and traffic is no faster than the jammed point; and the same thing we have in various other sections; it will mean a complete loss of all we hope to accomplish in the way of rapid transit. If it is done, traffic will not move through Newark from the time it hits there.

Mayor Congleton: We think with proper traffic lights it will move along very nicely on Route 21.

Mr. Lum: It would be if it was an ordinary place, but with the amount of traffic that is going to come to the new center, all you have got to do is picture for yourself what has happened at Seventh Avenue and 33rd Street, if you remember a dozen years ago, and the situation today, it becomes clear.

Mayor Congleton: We hope to have a subway on Market Street in the near future.

Mr. Lum: That will solve it, Mr. Mayor, and nothing less will.

Mayor Congleton: That is why we don't want the viaduct or tunnel on Route 21.

Mr. Lum: And that is why, perhaps, the expenditure here at Mulberry Street, such as is contemplated here, should wait—not that it should not be

done, we are not suggesting on behalf of any property owner that it should not be done, but it is a matter for future determination.

Mayor Congleton: Well, I must disagree with you in that, Mr. Lum; we have had such a sad experience in waiting. Mulberry Street, one block from Broad, is bound in the future to be a great street in the center of the City, and I can go back and remember the days when I was in the Common Council when they talked about cutting the corners of Market and Washington Streets and they didn't do it. We thought the expense was too great. Finally it became an absolute necessity and we went ahead and did it and it cost us \$1,200,000 just for the land for cutting the two corners. And then there is the further fact that there are other property owners along Mulberry Street that are waiting to make very substantial improvements and they are entitled to know what the new lines of Mulberry Street are going to be, and if we have any intention of widening we should determine that now rather than to let these new buildings go up and have to pay very, very high prices for the cutting off of the new buildings.

Mr. J. Henry Harrison, 810 Broad Street:

May I note my appearance, Mr. Mayor and gentlemen, in support of the request made by Mr. Lum and to make this as another reason why I think consideration should be deferred and that is that this is only a part, as I understand it, of a general improvement in traffic conditions, and your Honor, I believe, with the concurrence of your associates, has appointed a special traffic commission in the City, and it would seem out of all fairness to such a commission that the doing of any small item of this work should be deferred until some more comprehensive plan might have been arrived at or at least suggested by this commission. Your Honor has referred to increased cost that may result by reason of delay. It seems to me upon that point that I can make this observation, that the character of that neighborhood has not yet been determined and that probably only a small portion of this assessment could now be assessed upon that particular neighborhood. I don't know what it would

be, fifteen or twenty-five per cent. we will say, whereas if after this improvement has taken place which you have down there by reason of the location of Route 21, improvement of the Pennsylvania station and the added trolley facilities, that you would be in a position to probably assess a great deal more benefits than you can now assess.

Mayor Congleton: You don't really think that.

Mr. Harrison: I think that, and that the deferred cost, increased cost which is more apparent than real. Now——

Mayor Congleton: That has been our experience, Senator.

Mr. Harrison: Well, this is a very peculiar and very local situation you have there. You are now putting in a great many million dollars of improvements and I think no one is wise enough or prophetic enough to say what conditions are going to be there. Now, your great difficulty, as our photographs and our studies will show, has been there the blocking up of that street. You have a width there now which is quite substantial and with the use of both sides of the street for parking facilities with at least four hundred, as I recall, of encroachments upon that street, with traffic conditions which are peculiar and peculiarly local, and which may be modified as a result of these improvements, it seems to me, as I say, that you have a condition that is hardly comparable with the conditions you had at Washington Street, to which you have referred. That is our position. I think the freeholders are entitled to know——

Commissioner Brennan: Senator, your parking condition down there is not what would be considered real dead parking on that street. A great majority of it is trucks and delivery wagons used in the transaction of a business running along that particular street which we are powerless to prohibit, even though we try to, while they are making deliveries or loading.

Mr. Harrison: I cannot question that but these trolley situations are changing; you have two lines of trolley tracks. Who knows if you are going to have a reallocation of trolley routes and perhaps the elimination if not both of those lines of one of those lines?

Mayor Congleton: I might say we

used our best endeavors and best persuasive powers to have Public Service take the trolley tracks out of Mulberry Street, but without success; and furthermore, Mulberry Street now with a car parked at the curb, another car can not pass between it and the trolley, which absolutely makes a street in the center of the city, as we have traffic today, a useless sort of a street. I would not care—speaking now personally—what was going to happen much on Mulberry Street. If we could afford it at this time I would say make Mulberry Street a wide street all the way from River Street through to the southerly end of the city. Here we have Broad Street, a good wide, broad street, and it is not wide enough, so that we can not make these streets that are so close to the main artery too wide and we can not get at it too soon, in my own personal opinion.

Mr. Harrison: I think, Mr. Mayor, that even admitting that, that there is a limit beyond which you may go in widening streets. You can not put all traffic on one or a few streets. If there is a necessity where this traffic has got to be distributed to other centers we can not still be a Broad and Market Street city.

Mayor Congleton: We agree with you in that, and let me paint the picture for just a moment of what we have done and are trying to do. We started out by improving Washington Street and we believe that was a big improvement for the center of the city. We then went over west and we made Bergen Street—cut the dead end through where it stopped known as First Street, through into Park Avenue, so that we now have one well-paved artery from Park Avenue the entire length of the City to the south; to the Union County line. We have done the same thing with Norfolk Street by cutting through Jones Street so that the street now, when the work is entirely completed—some of it is not quite completed—we will have that other cross artery from Bloomfield Avenue across the city to the south almost to the county line. And now what we are aiming to do and what we think is absolutely necessary to do, is to have another wide artery connecting at River Street and running through to the south as far as we can

extend it so that even with Route 21 carrying through traffic that our street running at right angles to Broad Street will become business streets and people will have free access or as free as we can make it of getting in and out, making those streets real streets instead of having everything on Broad Street. Now, that is our aim for the future of the center of our city, and I do not think that we can make any mistake in pushing forward as rapidly as possible and widening all these parallel streets to Broad, and in so far as we can widening some of the side streets so as to make real business streets out of them.

Mr. Harrison: I think no intelligent citizen would question the breadth of your vision or method of execution you have adopted in carrying it out, but I still say, without taking too much of the Commission's time, that I think there is a limit beyond which the City may go, and if conditions in this locality are peculiar for that reason which I have stated and if we think that our request is substantial and may well be considered and granted by the Commission—

Mr. Richard Hartshorne, 9 Clinton Street:

Mr. Mayor, may I say just a word on behalf of the Mulberry Street Association, which represents some one hundred or possibly more property owners who will be financially interested if this ordinance goes through? What these men want primarily is to know where they stand. We have stood here patiently waiting for months or more. We greatly sympathize with your Honor's suggestion that the City ought to have the best suggestions which can be made, either by Casebolt Estate, or otherwise, to reach a rational suggestion. Now, we don't know but what when these engineering suggestions come in there may be some very good reasons presented why the improvement might not go through or why the width might be altered or why it should go through as written. But are we not entitled to know what is going to happen to these properties? If the State Highway Commission should come in a week from today with a definite plan, as we have all been praying would be the case for the last two months, and no plan has been presented, these gentlemen will

come before us again at that time and say, "We have now got to make specific suggestions," and you are held up for another month. Let us have the suggestions now. Let us consider the suggestions on their merits. Let us come back then and make the decision "Yes," "No," or a little of both.

Mayor Congleton: Well, that was the thought I had in mind when I spoke in reply to Mr. Lum and he hadn't gotten that information and I was about to ask him some specific questions and see if they were in a position to answer—you know, the width that our ordinance provides, I was going to say, "Do you think that is too wide?"

Mr. Lum: Yes.

Mayor Congleton: If so, what width do you suggest? And some concrete things that we can take up in conference, because speaking personally now for myself I am strong for the widening of this street regardless of what the State Highway may do on Route 21, because I don't think that we ought to miss the opportunity that we have today of getting that street widened before there are any substantial buildings along there.

Mr. Lum: I could answer you, Mr. Mayor, by saying that the possibilities that you showed by the fine work on Washington Street, gives a clue as to what could be properly done on Mulberry. You do have to take property in order to take the corners off. However, past that you then widened the street from the sidewalks.

Mayor Congleton: No, you are mistaken about that. We took fourteen feet from the end of Bamberger's store as it then existed, up to Warren Street, and the property owners north of Warren are now asking us to go along and continue that widening. In addition to the land taken with the narrow sidewalk, the Prudential Insurance gave us a deed without any compensation for fourteen feet for the purpose of widening Washington Street. The Washington Garage did the same thing. The Public Service did the same thing. So that in addition to narrowing the sidewalks as far north as Warren Street, we did take fourteen feet of private property.

Mr. Lum: I so understand, and that was a very great assistance. What I

had in mind and should have spoken more concisely, what you did on Washington Street from Market Street south where you took no property, where you had narrow sidewalks and where you made a thoroughfare, which is handling a tremendous amount of traffic with just as great facility as it would be handled if you had it half as wide again. It flows, in other words, until it strikes the stop, coming the other way and it makes comparatively little difference whether you have two or four lanes stopped in a row, they all stop. Now, in this case the map our engineer prepared did not come down with Senator Harrison's papers. They were brought down from his office and they came direct here. We will have that left wherever you direct later in the day. Of course, you would not want to go into the details of that now. There are also left photographs which are labeled on the back the time of being taken and so forth, and, Mr. Commissioner Brennan, you will see from these—that is four-fifteen on Friday afternoon, fifty feet north of East Park Street—you will see that there isn't a truck in sight.

Commissioner Brennan: Not there. I have reference to between Commerce and Market.

Mr. Lum: I have here one that will cover from Market to Mulberry and you will see that everything that is parked is a pleasure vehicle and not a truck parked. Here is one Saturday at eleven-thirty, Mulberry and North Canal Street, and I think any property owner who owns valuable property in this city that he wanted to keep a hold of, would feel very much aggrieved if that was taken with that condition showing at the busiest time, eleven-thirty on a Saturday morning on a normal day. This whole line of photographs, without going into them in all detail, are labeled. Here is one Friday afternoon, corner of Market and Mulberry Street, and you will see the line of traffic, all pleasure cars, stopped entirely; and Mr. Mayor, here is one Friday at four p.m., 100 feet north of Canal Street. There isn't a vehicle in sight on the entire street from the time you see that truck as far as your eye will carry. From my office you may look down where they turn from the park into Mulberry Street, and there isn't an average of a piece

of traffic a minute and you seldom see two in the same block at the same time. I came down yesterday with the Justices of the Supreme Court to the Essex Club that way. Here are other photographs. They are taken at different times to show your situation. Now, Mr. Mayor, I will leave them with you because you will want to study them much more carefully. Mr. Mayor, you spoke of the efforts you have made to have the Public Service give up their trolleys on Mulberry Street and with the lack of success, and that is the situation today, but when the changes are made in the re-routing of the trolleys, which will inevitably be done when the new station is completed, no more will trolleys come up Market and turn on Mulberry; it is inconceivable that any re-routing would leave that situation coming up from the station.

Mayor Congleton: They will have to, Mr. Lum. The plans do not call for trolleys coming from the east of the Pennsylvania tracks going into the canal. The cars that will be underneath the new station are the ones that come from the west and come down through the canal and loop around underneath the Pennsylvania station and go back. Of course, the cars coming from the north on Mulberry Street and from the south have got to go into the terminal building.

Mr. Lum: Practically all of those that come from the east of the station go on up South Orange Avenue and through. Practically none of them turn, and the application for changes from trolleys to buses is being made continuously. There would be a use for the line that is to the south of Market on Mulberry for nothing except the car that comes from Elizabeth every fifteen minutes or so and one single track would be all that would be ample and you will, in connection with the desires of the Public Service on the rerouting and various other things be in a position to impose any reasonable terms and two-line tracks on Mulberry Street will not be needed at that time. With the map, we say if you take the widened sidewalks and take away 188 encroachments upon the city property you can—The Sunday ones, Mr. Commissioner, were only taken for the purpose of showing the width. We couldn't get them at any other

time, but where you find pictures that are labeled Sunday you will see immediately it is merely shown to give you clear distances. The others on Fridays and Saturdays, both at noon and afternoon, show all your conditions that you have to meet and very little width would leave room for cars to pass—trolleys, and if there was no parking, for two cars to pass trolleys on each side. It can be done. The map that we will present shows that worked out.

Mayor Congleton: Mr. Lum, you made some reference to Washington Street south of Market where we had narrowed up the sidewalk. I only want to say to you for your information that was done and it made a wider roadway, but you have no idea as to what the property owners along there are saying, and through the Washington Street Association they have up with us now the question of a new setback line of the buildings for the purpose of widening the sidewalk space because they find it to be, as they say, a great difficulty in the transaction of their business, so that while that can be done in some places and helps out, to my way of thinking it isn't the proper way to meet this situation in the downtown section of our city and upon our prominent highways.

Mr. Lum: Certainly not the most desirable if we can possibly have full width sidewalks and full width roads.

Mayor Congleton: I don't think we can in the center of our city, for the purpose of saving a few dollars miss the chance to make the center of our city what it ought to be in the way of streets. Now, what would New York City give if it were possible for them to widen some of the streets in their downtown section? It is a wonderful thing from the fire standpoint to have a wide street which may act as a barrier if we happened to have a large fire, in addition to being something that we need for the moving of our traffic for people to get around. I suppose you have the same experience that I have, people who come to you from outside or within the city and want to talk for a few minutes in your office, and they do park, much as we dislike to have them occupy the streets, we can not drive everything off the streets, and the only other al-

ternative, as I see it, is ricre streets and wider streets in the center of our city.

Mr. Lum: \$ think that is sound judgment, Mr. Mayor, and I think in view of developing not alone the center but other sections which will make new centers is really a broader visioned view, and I think that it would be a very wise thing if you would have your expense rechecked. I speak of that because in my conversation with you I mentioned a figure and you suggested one at less than half of it. We have rechecked since and I think you will find the expense of this will run in excess of \$4,000,000, and in order to widen a little section, a very short section, because there is, if you will look and take your count on what you find north of Canal Street on Mulberry, you have got twice as much width as is ever used at any hour of the day, so you are really dealing with nothing but a pocket consisting of two blocks, and if you will consider what you can do in the way of improving other sections of the city with such an amount of money, and I am going to ask if it will be carefully rechecked because you might hesitate to put \$4,000,000 in the changing of two blocks when you are considering subways and could build half a mile of subways for that with an advantage again that is beyond calucuation. Mr. Mayor, if we had all the money that was needed in the city for all the purposes there would be no conceivable question as to the wisdom of thts. But limited as we are of necessity with the vast improvements, the airport and elsewhere looking to make Newark what it is bound to be, one of the very greatest of all cities in this country, looking forward into the future, there comes a point where we have got to stop and consider, and I say as a taxpayer, and a substantial taxpayer in the city, that I do not feel that \$4,000,000 is justified for this expenditure, and I am going to ask that it be given very careful study and that when it goes back to your engineer that we be given an opportunity to go over it with him.

Mayor Congleton: We want all the study made that can possibly be made, but let me give you a concrete example of what we are trying to avoid. You remember as I remember the

howl that went up about the opening of Branford Place.

Mr. Lum: Very well, indeed.

Mayor Congleton: What would have happened to the center of our city if somebody had not had the vision and the courage to go ahead with Branford Place? And the only trouble with that improvement is that they were called off and did not go ahead and widen Mechanic Street, and in the meantime the National State Bank has built a building which practically makes it impossible for us ever to widen Mechanic Street, and that is the very thing that we have in mind with respect to Mulberry Street, that now is the time to decide what to do and do it before someone builds buildings of the nature of the State Bank Building which will then make it, from the expense standpoint, prohibitive. We at the present time have very few substantial buildings along the line of this proposed improvement. And it is that that gives us concern. We feel very keenly the obligation that is upon us and we want to do the best that we can for the future.

Mr. Lum: We are very sure of that.

Mayor Congleton: And as I said at the outset, we have been studying the Mulberry Street situation for a long time and we were of the opinion, all of us, that now is the time to do it, but we welcome all suggestions that may be offered as to the manner in which it shall be done and anything that you submit to us will be given very careful consideration.

Mr. Lum: We woud be very glad to do it, and pust one single word to say that what you are contemplating here is only a very partial improvement, and perhaps a modified plan in which there was a partial widening and a setback so you would not have the situation develop as it did with Mechanic Street might be worked out.

Mayor Congleton: Personally I would like to see the Mulberry Street widening not stop at Market Street but to go all the way through, but having in mind the thing you spoke of about the money, we can not go any further at this time, but that is the first step in what I hope will be a widened Mulberry Street all the way across the city.

Commissioner Murray: Mr. Lum,

our reference to wiping out these rookeries, so called, are you going to give us any indication of the will of your property owners in the construction of new premises to constitute and maintain a setback of their own or allow us to cut sidewalks without cutting the property line?

Mr. Lum: We would be very glad to take that up and study and we might very easily be able to work out something on one block which would make a very great saving to you and us both.

Mr. Hartshorne: Mr. Mayor, to be quite clear, may we be sure that this map which is not here is the sole concrete suggestion and that that does not contemplate any change whatever in the property line? Is that correct?

Mr. Harrison: Commissioner Murray has already made a suggestion as to a voluntary setback line by the property owners. It is a suggestion we will be prepared to consider with the Commission, but we can not say we will consent to a one, two or ten feet, but we will take it up with our principals to see what their attitude is.

Commissioner Murray: Saving us money and saving themselves, too.

Commissioner Brennan: I think the suggestion is a fair one. I move further consideration of this hearing be postponed for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the removing and narrowing of the parkways and the paving and repaving of Custer Avenue from Elizabeth Avenue to Peshine Avenue with asphalt penetrated macadam pavement on the old foundation prepared.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the parkways on Custer Avenue from Elizabeth Avenue to Peshine Avenue shall be removed and narrowed and the roadway paved

and repaved with asphalt penetrated macadam pavement on the old foundation prepared, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 1st, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connection with the sewer, gas and water mains to the curb lines of said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$20,600.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time

in an amount not to exceed \$20,600.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: I might say with respect to this ordinance, gentlemen: You remember we had delegations down here from Custer Avenue. This ordinance is drawn to please everybody, I think. Father Walsh and his church wanted it out in front of his property and this ordinance provides for taking it out in front of his property on that block, and the rest of the block it narrows it by two feet on either side, but still leaves it for them.

Commissioner Brennan moved that April 30, 1929, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the grading and paving of Van Vechten Street from Frelinghuysen Avenue to the east side of Sedgwick Avenue, with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Van Vechten Street from Frelinghuysen Avenue to the east side of Sedgwick Avenue shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P.L. 1917—319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 4, 1929, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days, after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public

Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$20,800.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$20,800.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P.L.1916—525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 30, 1929, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final

passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a system of sewers to be known and designated as the "Tremont Avenue and Martens Avenue Storm and Sanitary Sewers."

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a system of sewers to be known and designated as the "Tremont Avenue and Martens Avenue Storm and Sanitary Sewers" shall be constructed as follows: in Tremont Avenue from Maybaum Avenue to North Munn Avenue; in North Munn Avenue from Tremont Avenue southerly about 370 feet; in Martens Avenue from a point about 150 feet south of Tremont Avenue to the City Line. The part in Tremont Avenue from Maybaum Avenue to Martens Avenue to be twenty-four (24) inch reinforced concrete pipe and the balance eighteen (18) inch reinforced concrete pipe; and the part in North Munn Avenue from Tremont Avenue southerly about 370 feet to be fifteen (15) inch reinforced concrete pipe; the part in Martens Avenue from a point about 150 feet south of Tremont Avenue eighteen (18) inch reinforced concrete pipe and from Tremont Avenue to the City Line fifteen (15) inch reinforced concrete pipe. These sewers to be used for storm water only, together with eight (8) inch pipe sewers for house sewers only in Tremont Avenue from Maybaum Avenue to North Munn Avenue and in Martens Avenue from a point about 150 feet south of Tremont Avenue to the City Line. These sewers to be constructed with four (4) inch cast iron pipe house connections to the curb lines, together with all appur-

tenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 27, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$22,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$22,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or part of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 30th, 1929, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can

be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to authorize additional alterations and improvements in and about the Main City Hall Building, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the following additional alterations and improvements in the main City Hall Building be and the same are hereby authorized, to wit:

Alterations to vault, additional electric, plumbing and painting work.

2. That the total cost of completion shall not exceed the sum of Seventy-five thousand (\$75,000.00) dollars.

3. Pursuant to the provisions of Section 12, Chapter 252 of the Laws of 1916, and the acts amendatory thereof and supplemental thereto, there shall be issued temporary improvement bonds of The City of Newark, in an aggregate principal amount not exceeding Seventy-five thousand dollars (\$75,000.00), bearing interest at a rate not exceeding six per centum (6%) per annum, payable semi-annually, for the purpose of temporarily financing the cost of the improvements aforesaid and all incidentals connected therewith in order to make the same suitable for said purpose. All other matters in respect to said temporary improvement bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of Chapter 252 of the

Laws of 1916, and the supplements thereof and amendments thereto, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor, and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Seventy-five thousand dollars (\$75,000.00) to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately upon final reading and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that April 23rd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received and read:

**Board of Adjustment  
City of Newark**

April 4, 1929.

The Board of Commissioners  
of the City of Newark:

Honorable Sirs:

The Board of Adjustment has con-

sidered the application of Mr T M Watson, Jr., on behalf of the F. & B. Investment Company, to amend the building zone ordinance so as to place the property situated at 61-77 Ludlow Street in the industrial district, which application was referred by your Honorable Body for recommendation and report.

The Board of Adjustment respectfully recommends that the application be granted.

Respectfully submitted,

Russell B. Rankin,  
Secretary.

Commissioner Brennan moved that the communication be received and the recommendation concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An Ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specific uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of Districts for said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark Do Ordain:

Section 1. That an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby

amended by extending the Industrial District as shown on the Use District Map so as to include the area bounded on the north by Wharton Street, on the east by Ludlow Street, on the south by Van Vechten Street, and on the west by a line one hundred feet west of and parallel to Ludlow Street; and that the Use District Map which accompanies said ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the Industrial District the area above described.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that April 23rd, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the fol-  
lowing resolutions:

WHEREAS, The City of Newark on  
October 19th, 1928, issued its short time  
obligations known as Temporary Loan  
Bonds in the aggregate amount of  
Eight hundred thousand dollars  
(\$800,000.00) for money borrowed in  
anticipation of the receipt of money  
expended for Openings, said Tempora-  
ry Loan Bonds being numbered 1473,  
1474, 1475, 1476, 1477, 1478, 1479,  
1480, 1481, 1482, 1483, 1544, 1545 and  
1546 and dated October 19th, 1928, and  
payable April 19th, 1929;

AND WHEREAS, The improvement  
for which said Eight hundred thou-  
sand dollars (\$800,000.00) was issued  
was for Openings now in the course of  
construction or have been completed  
within six years and is an improve-  
ment for which the City is authorized  
to issue bonds, and the City is without  
funds to pay the said Eight hundred  
thousand dollars (\$800,000.00) of  
Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED,  
That in pursuance of the provisions of  
An Act of the Legislature of the State  
of New Jersey, entitled, "An act to  
authorize and regulate the issuance of  
bonds and other obligations and the  
incurring of indebtedness by county,  
city, borough, village, town, township,  
or any municipality governed by an  
improvement commission," approved  
March 22, 1916, Chapter 252, of the  
Laws of 1916, and the amendments  
thereto, there shall be issued Tem-  
porary Loan Bonds in the amount of  
Eight hundred thousand dollars  
(\$800,000.00) for the purpose of tem-  
porarily financing the improvement  
aforesaid and renewing said Eight  
hundred thousand dollars (\$800,000.-  
00) of Temporary Loan Bonds issued  
therefor;

FURTHER RESOLVED, That each  
of the Temporary Loan Bonds author-  
ized by this resolution amounting in  
the aggregate to Eight hundred thou-  
sand dollars (\$800,000.00) shall state  
in general terms the purpose for

which it is issued, shall be dated as of  
the date of its issue, shall mature not  
exceeding six months after its date,  
shall bear such rate of interest not  
exceeding six per centum per annum,  
and be issued in such denominations  
and be executed in such manner as  
the Director of Revenue and Finance  
shall determine, and the Mayor, the  
Director of Revenue and Finance, the  
Auditor of Accounts and the City  
Clerk be and they are hereby author-  
ized and directed to execute in the  
name of the City the bonds authorized  
by this resolution, subject to the pro-  
visions of Chapter 252 of the Laws of  
1916;

FURTHER RESOLVED, That the  
Director of Revenue and Finance be  
and he is hereby authorized to sell  
said Temporary Loan Bonds at not less  
than par, either all at one time or  
from time to time.

John Howe  
W. J. Brennan  
Jerome T Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution  
was declared adopted by the following  
votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on  
October 5th, 1928, issued its short time  
obligations known as Temporary Loan  
Bonds in the aggregate amount of  
Five hundred thousand dollars (\$500,-  
000.00) for money borrowed in an-  
ticipation of the receipt of money ex-  
pended for Pavings, said Temporary  
Loan Bonds being numbered 1468,  
1469, 1470, 1471 and 1472 and dated  
October 5th, 1928, and payable April  
5th, 1929;

AND WHEREAS, The improvement  
for which said Five hundred thousand  
dollars (\$500,000.00) was issued was  
for Pavings now in the course of con-  
struction or have been completed  
within six years and is an improve-  
ment for which the City is authorized  
to issue bonds, and the City is without  
funds to pay the said Five hundred  
thousand dollars (\$500,000.00) of Tem-  
porary Loan Bonds issued;

THEREFORE BE IT RESOLVED,

That in pursuance of the provisions of An Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Five hundred thousand dollars (\$500,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Five hundred thousand dollars (\$500,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Five hundred thousand dollars (\$500,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
W. J. Brennan  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on

October 2, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Fifty thousand dollars (\$50,000.00) for money borrowed in anticipation of receipt of money expended for Grading, Curbing and Flagging, said Temporary Loan Bond being numbered 1450, and dated October 2, 1928, and payable April 2, 1929;

AND WHEREAS, The improvement for which said Fifty thousand dollars was issued was for Grading, Curbing and Flagging now in course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Fifty thousand dollars (\$50,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of An Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Fifty thousand dollars (\$50,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said Fifty thousand dollars (\$50,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Fifty thousand dollars (\$50,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to

execute in the name of the City the bonds, authorized, by this resolution, subject to the provisions of Chapter 252, of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

John Howe  
W. J. Brennan

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, The City of Newark on October 30, 1928, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of Two hundred thousand dollars (\$200,000.00) for money borrowed in anticipation of the receipt of money expended for Openings, said Temporary Loan Bonds being numbered 1512, 1513, 1514 and 1515 and dated October 30, 1928, and payable April 30, 1929;

AND WHEREAS, The improvement for which said Two hundred thousand dollars (\$200,000.00) was issued was for Openings now in the course of construction or have been completed within six years and is an improvement for which the City is authorized to issue bonds, and the City is without funds to pay the said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued;

THEREFORE BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled, "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, Chapter 252 of the Laws of 1916, and the amendments thereto, there shall be issued Temporary Loan Bonds in the amount of Two hundred thousand dollars (\$200,000.--

00) for the purpose of temporarily financing the improvement aforesaid and renewing said Two hundred thousand dollars (\$200,000.00) of Temporary Loan Bonds issued therefor;

FURTHER RESOLVED, That each of the Temporary Loan Bonds authorized by this resolution amounting in the aggregate to Two hundred thousand dollars (\$200,000.00) shall state in general terms the purpose for which it is issued, shall be dated as of the date of its issue, shall mature not exceeding six months after its date, shall bear such rate of interest not exceeding six per centum per annum, and be issued in such denominations and be executed in such manner as the Director of Revenue and Finance shall determine, and the Mayor, the Director of Revenue and Finance, the Auditor of Accounts and the City Clerk be and they are hereby authorized and directed to execute in the name of the City the bonds authorized by this resolution, subject to the provisions of Chapter 252 of the Laws of 1916;

FURTHER RESOLVED, That the Director of Revenue and Finance be and he is hereby authorized and directed to sell said Temporary Loan Bonds at not less than par, either all at one time or from time to time.

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

WHEREAS, R. Thomas Bowers and wife have agreed to sell to The City of Newark, for the price of \$90,000.00 certain lands in the City of Newark, Essex County, New Jersey, more particularly described as follows:

Beginning on the easterly line of Jelliff Avenue at a point therein distant southerly 181.95 feet from the corner formed by the intersection of said line of Jelliff Avenue with the southerly line of 18th Avenue; from thence running south 57° 42' east 70 feet; thence south 38° 11' west 24.15 feet; thence south 57° 56' east 105.94 feet to the westerly line of Boyd Street at a point therein 227.58 feet southerly from the intersection of said line of Boyd Street with the southerly line of 18th Avenue; thence along Boyd Street south 24° 32' west 41.14 feet; thence north 63° 55' west 87.36 feet; thence south 35° 12' west 63.56 feet; thence north 63° 55' west 4.89 feet; thence south 38° 11' west 97.81 feet to a point 127.63 feet westerly from the westerly line of Boyd Street measured on a course from Boyd Street north 65° 28' west from a point in said westerly line of Boyd Street 237 feet 3 inches northerly from Waverly Avenue; thence north 65° 28' west 89.17 feet; thence south 42° 10' west 32 feet; thence south 58° 8' west 24.26 feet to the easterly line of Jelliff Avenue; thence along Jelliff Avenue north 38° 11' west 301.95 feet to the place of Beginning.

AND WHEREAS, in the judgment of this Board it is advisable that the City purchase said lands, at the price stated, which in the opinion of this Board is a fair price;

THEREFORE BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the City hereby accepts the offer of said R. Thomas Bowers to sell said lands to the City at the price of \$90,000; and

BE IT FURTHER RESOLVED, That the Director of the Department of Parks and Public Property enter into agreement with said R. Thomas

Bowers for the conveyance of the lands aforesaid to the City of Newark, at \$90,000; and the said Director and the City Clerk be and they are hereby authorized and directed to execute an agreement of sale on behalf of the City, for the acquisition by it of said lands, which are to be conveyed by Warranty Deed, free and clear of all encumbrances except taxes for the year 1929, which are to be apportioned as of date of closing title, as more fully appears by said agreement.

The following communication was received and read:

Department of Parks and  
Public Property,  
City Hall,  
Newark, N. J.

April 8, 1929.

Subject: Re Sale of Lands to  
Philip B. Lawrence.

The Board of Commissioners  
of the City of Newark,  
Addressed.

Gentlemen:

In pursuance of a resolution of this Board, I advertised for sale on Monday, April 8, 1929, certain lands in the City of Newark, described as follows:

Beginning at the point of intersection of the southeast corner of Second and First Streets, as recently opened by the City of Newark; thence along the east line of Second Street south  $21^{\circ} 41'$  west 189.45 feet; thence south  $86^{\circ} 50'$  east 165.84 feet to the southwest line of First Street; thence along the same north  $27^{\circ} 18'$  west 208.42 feet to the point or place of Beginning. Being known and designated as Lot 48, Block 465, on the Tax Maps of the City of Newark.

The highest bid received for said land was that of Philip B. Lawrence, in the sum of \$9,200.00.

I accordingly struck off said property to said Lawrence, in accordance with his bid, such sum being the highest and best price which I could obtain for said land.

Very truly yours,

Charles P. Gillen,  
Director.

Ordered filed.

Commissioner Gillen offered the following resolutions:

WHEREAS, By resolution adopted by this Board the Director of the Department of Parks and Public Property was authorized to sell, at public sale, for cash, to the highest bidder, certain lands in the City of Newark, described as follows:

Beginning at the point of intersection of the southeast corner of Second and First Streets, as recently opened by the City of Newark; thence along the east line of Second Street south  $21^{\circ} 41'$  west 189.45 feet; thence south  $86^{\circ} 50'$  east 165.84 feet to the southwest line of First Street; thence along the same north  $27^{\circ} 18'$  west 208.42 feet to the point or place of Beginning.

Being known as Lot 48, Block 465, on the Tax Maps of the City of Newark,

at d,

WHEREAS, In accordance with said resolution, the Director of the Department of Parks and Public Property did expose, at public sale, the interest of said City in said lands, and the highest and best bid received therefor was that of Philip E. Lawrence, in the sum of \$9,200.00 and did accept said bid;

**THEREFORE BE IT RESOLVED,** By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid, be and the same is hereby ratified and confirmed; and the Mayor and the City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed, with covenant against Grantor's Acts, to said purchaser of said lands for the interest therein of the City of Newark.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the sum of seventy-one thousand three hundred forty dollars and eighty cents (\$71,340.80), be and the same is hereby appropriated to Consolidated Corporation, being the purchase price of 9 certain tracts of land owned by said company, situate in the City of Newark, Essex County, New Jersey:

FIRST TRACT: Beginning at north corner of lot of salt meadow belonging to heirs of Hannah Grummon, deceased, in that part of meadow called the Holland, in line of Elihu Bond and in middle of ditch called Upland ditch; thence along Grummon's meadow south 64° 30' east 7 chains 19 links to stake in line of Grummon and others; thence along their line north 0° 30' east 3 chains 29 links; thence north 64° west 5 chains 19 links to middle of Upland ditch; thence south 52° west 2 chains 18 links to Beginning. Containing 1.74 acres, strict measure.

Said premises are shown upon the assessment map of the City of Newark as being Section 18-2 plot 39, C.M.

SECOND TRACT: A tract of salt meadow situate in late Clinton township on west side of Bound Creek, adjoining Bound Creek and land of Josiah Meeker, now Security Land and Improvement Company.

Beginning at a stake at edge of Creek; thence (1) along Meeker's line north 78° 35' west 8.61 chains; thence (2) south 1° 35' east 1.31 chains to a stake; thence (3) south 88° east 8.60 chains to Bound Creek; thence (4) north along Creek 1.31 chains to Beginning. Containing 1 acre and 20 square rods, strict measure.

The above premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, No. 25 Clinton Meadow.

THIRD TRACT: Being a lot of salt meadow lying in Elizabeth Great Meadows so-called and in that part known and called Holland.

Beginning at the southwest corner of meadow of William Lyon in the line of Elihu Bond and running with said Bond's line 13° 40' west 3.35 chains to line of Robert C. Earl; thence with his line south 64° east 2.69 chains; thence with said Earl's line south 67° 30' east 5.35 chains to line of Mr. Baker; thence with his line north 7° east 5.41 chains to line of William Lyon; thence with his line north 81° 20' west 7.38 chains to the Beginning corner. Containing 3.34 acres, more or less.

Bounded on the west by land of Elihu Bond, on the south by Robert C. Earl, on the east by Baker and on the north by land of William Lyon.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, lot 15, C. M.

FOURTH TRACT: Beginning in middle of ditch in line of meadows of Matthias Hohn at northeast corner of meadow now or formerly owned by William E. Mooney or his wife; thence along Mooney's line south 9° 45' west 5.43½ chains to line of Celim Tichenor; thence along said Tichenor's line south 65° 25' east 1.16 chains to land of Charles Hunter; thence along Hunter's line south 88° 55' east 1.50½ chains to corner of meadow of Mrs. Abby A. Burnett, later the property of Matthias Hohn; thence along Burnett's line north 2° 45' east 5.49½ chains to center of ditch before mentioned in line of Matthias Hohn; thence along Hohn's line north 79° west 195½ chains to Beginning. Containing 1.263 acres, more or less. Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, lot 16, C. M.

FIFTH TRACT: Beginning at a point in center of ditch in line of meadow of Matthias Hohn at northeast corner of piece of meadow of Josiah M. Carter, later belonging to Matthias Hohn; thence along Carter's line south 2° 45' west 5.49½ chains to center of ditch in line of meadow of Charles Hunter (formerly estate of Obadiah Meeker, deceased); thence along Hunter's line south 88° 55' east 2.63 chains to line of meadow of par-

ties unknown, thence along said unknown line north 4° 45' west 5.60 chains to center of ditch before mentioned in line of Matthias Hohn; thence along Hohn's line south 79° west 1.97 chains to Beginning. Containing 1.20 acres.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, lot 17, C. M.

**SIXTH TRACT:** Being tract of salt meadow in what was formerly Township of Clinton, lying in Great Meadows:

Beginning at stake standing in middle of ditch as north corner of other salt meadow of John N. Earl, or formerly his; thence along middle of ditch north 13° 30' east 2 chains 28 links to stake standing as corner of meadow of William E. Mooney; thence south 68° 15' east 5 chains 95 links to stake; thence north 11° east 3 chains 79 links to stake; thence south 67° 30' east 6 chains 50 links to middle of ditch; thence along middle of said ditch south 3° west 3 chains 45 links; thence north 73° 30' west 12 chains 87 links to Beginning corner. Containing 3.70 acres, more or less.

Bounded on north by meadow of William E. Mooney and William Price; on east by meadow of Obadiah Meeker; on south by meadow of formerly John N. Earl; on west by a meadow of a Dutchman.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, plot 36, C. M.

**SEVENTH TRACT:** Beginning at the middle of a ditch at a stake standing at westerly corner of other meadows formerly of William Earl; thence (1) along line of meadow of said William Earl south 79° 30' east 12 chains 87 links to middle of ditch and stake standing at southwest corner of meadow of William Earl; thence (2) along middle of said ditch south 3° west 3 chains 65 links to middle of another ditch; thence (3) north 49° 15' west 3 chains 51 links; thence (4) south 88° 30' west 5 chains 42 links; thence (5) north 64° west 5 chains 27 links to a stake standing in the middle of Upland ditch in the line of a Dutchman; thence (6) along the middle of said ditch north 13° 30' east 1 chain 40 links to Beginning. Containing 3.02 acres, more or less.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, plot 38, C. M.

**EIGHTH TRACT:** Beginning at a point in line of meadow now or formerly owned by George Peabody Wetmore and Anna Hoyt at corner of meadow of Jonathan Winans; thence along Winans' line nearly due west to east line of Ann Francis Rivers 4 chains and 14 links; thence south along line of Rivers 10 chains and 62 links; thence in a northeasterly direction along line of land now or formerly of James C. Blake 5 chains and 32 links to land of George Peabody Wetmore; thence along Wetmore's line 6 chains and 84 links in a northerly direction. Containing 3.47 acres, more or less.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, No. 68 Clinton Meadows.

**NINTH TRACT:** A tract of land situate in (formerly) Township of Clinton Salt Meadows on the west side of Bound Creek at stake at southeast corner of land late of Isaac Thompson, now Fanny Ross; thence west along lands of said Ross 8.60 chains more or less to lands late of William Brown, formerly Jonathan Townley; thence south along said Brown's land to land of other parties; thence east along land of other parties to Bound Creek; thence north along Bound Creek to Beginning. Containing 3 acres, more or less.

Said premises are shown upon the Assessment Map of the City of Newark as being Section 18-2, No. 30 Clinton Meadows.

and,

**BE IT FURTHER RESOLVED,** That said sum of Seventy-one thousand three hundred and forty dollars and eighty cents (\$71,340.80), be paid to said Consolidated Corporation upon the filing by it with the Acting Auditor of Accounts of a Deed from said Company, conveying the lands above described, approved as to form by the Law Department.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following communication was received, read and ordered filed, and copy forwarded to each Commissioner:

**Board of Adjustment,  
City of Newark,  
City Hall,  
Newark, N. J.**

April 4, 1929.

The Board of Commissioners of  
The City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day resolutions were adopted granting the following variations from the requirements of the Zoning Ordinance:

94 Boylan Street, Standard Construction Co., contractor's office.

319-325 Osborne Terrace, I Hendler, twelve individual garages.

447 Central Avenue, Joseph Pace, automobile show room.

In accordance with Section 9, Chapter 274, P. L. 1928, the Board of Adjustment respectfully recommends to your Honorable Body that the above structures be allowed.

Respectfully submitted,

The Board of Adjustment,  
Russell B. Rankin,  
Secretary.

The following reports of City Officers were received and filed:

Department of Weights and Measures for March, 1929.

Department of Buildings for March, 1929.

Clerk of First District Court for March, 1929.

Clerk of Second District Court for March, 1929.

Clerk of Almshouse for March, 1929.

Clerk of Centre Market for March, 1929.

City Clerk (2) for March, 1929.

Richard P. Rooney, Clerk 1st Criminal Court, for March, 1929.

Ellsworth R. Noble, Deputy Clerk, 1st Criminal Court, for March, 1929. Part Traffic.

Robert J. Beckley, Deputy Clerk, 2nd Criminal Court, Part I, for March, 1929.

Thomas F. Guthrie, Clerk, 2nd Criminal Court, Part II, for March, 1929.

Arthur J. Connelly, Clerk, 3rd Criminal Court, Part I, for March, 1929.

Arthur J. Connelly, Clerk, 3rd Criminal Court, Part II, for March, 1929.

Elizabeth S. Lewis, Clerk, Family Court, for March, 1929.

City Treasurer for March, 1929.

Comptroller for March, 1929.

Mayor Congleton: Does any citizen have any other matter to bring before the Commission?

Mrs. Ida Morris, 123 Keer Avenue: I have already mentioned that we have an objection on our block to the four-family houses which are going up on Hansbury Avenue. We were not notified when the zoning law was passed there; Doctor Ward was not notified, and we hadn't any chance to object. They are certainly objectionable. They are not even good looking. They are not set back. They are almost on the sidewalk, and they destroy the section and the property values there, and I think before they put any more up there that perhaps you can rescind it.

Mayor Congleton: This lady's protest, gentlemen, as she gave it to me in the office the other day, is that some while ago an ordinance was passed amending the zoning ordinance

to permit apartments on Hansbury Avenue. This lady lives on Keer Avenue and these houses back up on her property——

Mrs. Morris: No, you only zoned the north side of the street. The south side is in the rear of our property.

Mayor Congleton: Leaving the south side unzoned. Leaves you with single family houses in back of you.

Mrs. Morris: Absolutely. Now, who is going to build one-family there? We have a man here who has an option on that property from Dr. Ward and he was going to put up one-family houses up there for that is the only thing you can sell up there. There have been two-family houses put up on Grummon Avenue and they have not been sold. This man that is putting these four-families—shall I call them fire-traps——

Mayor Congleton: What you ask us to do is to repeal the ordinance that was passed some time on Hansbury Avenue?

Mrs. Morris: Yes.

Mr. Max Brell, 127 Keer Avenue: Doctor Ward has mentioned to some of the builders he kept this place down there for a one-family district. He tried his best to have this place just a one-family affair. However, on the other side of Hansbury Avenue, a man by the name of Kaplan, if I am not mistaken, came in and is building four-family houses. One of our neighbors went up to this builder and says, "What are you building here?" He says, "I could build anything I please. I am going to build an apartment house." He says, "For money you could get anything you want." Well, we went to Doctor Ward and Doctor Ward says, "Why, I tried my best to keep my ground for one-family's, but now as long as they are building four-family houses and they are going to build an apartment house there I am going to sell the ground to any builder and he is going to build whatever they are building across the street." You cannot really blame Doctor Ward because if it is going to be one side apartments and four-family houses he is not going to sell this for one-family houses because nobody is going to buy any. So Doctor Ward says whatever you will do, "I will co-operate with you." He said, "I didn't know that

this man was going to build any four-family houses."

Mayor Congleton: Did this property that the four-family houses are being built on come from Doctor Ward?

Mrs. Morris: No, sir, I spoke to Mrs. Adams yesterday. They own 150 feet on Hansbury Avenue and probably 200 feet on Pompton Terrace, 150 feet on Chancellor—that is Mr. Adams that owns the Newark Theatre—and she said yesterday, "They destroyed our property. We built that home for a home. We love it, and look what they are doing to us." Now, you see, I am not coming here just on my own account because I practically was one of the first women that built on Keer Avenue. We have got \$30,000 homes there, we are taxed to capacity, none of the houses are more than two and a half to three years old, and if we thought that was going to happen we wouldn't live there. I like Newark. This is my city and I have a little pride in my city. I don't want them to stick such things in back of us. This same Kaplan has built two-family houses on Grummon Avenue and he hasn't sold a one; you can't sell that type house up there and he won't sell what he is building because they are a disgrace to Newark. They are not fit for the worst tenement section. He has got clapboards on the side—now, you may think I don't know anything about building, but I do. I have broad experience in building. We have owned all kinds of property in my lifetime—and dad and myself, too. I never saw such a trap go up in my life—one entrance, old-fashioned railroad flat and the sidings are cheaply constructed, and just one entrance in the center, steps are just on the sidewalk. I spoke to Mr. Davis and he said, "I have just lost a hat. I bet the Building Department wouldn't put that through and he beat me." So, you see, the Building Department was against that. I am awfully sorry that I had to come here before you gentlemen, but you simply must do something.

Commissioner Gillen: When the ordinance was introduced amending the zoning ordinance didn't you receive any notice?

Mrs. Morris: No, we did not, and Doctor Ward was out of town——

Mayor Congleton: You don't receive

notice on an ordinance.

Mrs. Morris: We don't know where to look for that. You should put a plaque on there, "Four-family houses to be erected."

Commissioner Gillen: I think people ought to receive notice of a serious change in the Zoning Ordinance.

Mayor Congleton: The new proposed ordinance provides for that, Commissioner, that when there is an ordinance pending to change a street that notices have to go the people on that street.

Commissioner Gillen: It should have been done before.

Commissioner Howe: You said this man said he could get anything he wanted down here for money.

Mrs. Morris: That is what he told.

Commissioner Howe: Who was the man that said so?

Mr. Brell: They claim one builder said it to the other, so "I can get any permit I want."

Commissioner Howe: Who is the one that said so, that is what we want to know.

Mr. Brell: The way I understand—

Commissioner Howe: We don't want hearsay. We want facts.

Mr. Brell: I understand that the builder himself, Kaplan—is he the builder—

Commissioner Howe: I don't know.

Mr. Brell: The only thing that he is building houses and he claims that he could get any permit for anything he wants to build right there. He says if he don't like it he is going to put up an apartment right there.

Mrs. Morris: He told me he could put up a six-story apartment and I could never—

Commissioner Gillen: I would offer a motion that this matter be referred to the Law Department to draft an amendment to the Zoning Ordinance that one-family houses only be permitted.

Mayor Congleton: Let us not lose that week if we are all in accord. I would offer an ordinance now to repeal the ordinance providing for the apartment houses on the northerly side of Hansbury Avenue and make it a one-family section.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to repeal an ordinance entitled: "An ordinance to amend an ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, which amendatory ordinance was adopted July 17, 1928.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That an ordinance entitled "An ordinance to amend an ordinance entitled: An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes, and providing penalties for the violation of its provisions," adopted December 31, 1919, which amendatory ordinance was adopted July 17, 1928, be and the same is hereby repealed.

Section 2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray Mayor Congleton.

Commissioner Brennan moved that April 23, 1929, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage,

and that the City Clerk be and he is hereby directed to publish said ordinances and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The following reports of City Officers were received, read and on motion ordered filed:

**Department of Revenue and Finance,  
Office of the City Treasurer,  
City of Newark, N. J.**

To the Honorable  
The Commissioners of  
The City of Newark, N. J.  
Gentlemen:

John Howe,  
Director of Revenue  
and Finance.

Mayor Congleton: Does any one else have any other matter to bring to the attention of the Commission?

Mr. Herman Baum, 834 South 13th Street: I want to know what about the leasing of the Market?

Mayor Congleton: The matter is exactly in the same position as last week.

Commissioner Gillen: Mr. Mayor, this afternoon the Centre Market merchants are going to send a Committee to my office to confer on the question, and there will be nothing hurriedly done with the matter at all. It is too important to rush through; we want to hear everybody on it.

Mr. Baum: Is the party still negotiating?

Commissioner Gillen: Yes.

Mayor Congleton: Their proposition is still pending. Does any one else have any matter to bring to the attention of the Commission?

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

**APPROVED:**

JEROME T. CONGLETON  
JNO. F. MURRAY, JR.  
JOHN HOWE  
W. J. BRENNAN  
CHARLES P. GILLEN

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk,

Newark, N J, April 16, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Absent: Commissioner Brennan.

The minutes of meeting of April 9th were read and approved.

The City Clerk presented An ordinance regulating the construction, installation and inspection of plumbing and drainage; defining the power of plumbing inspectors; authorizing the examination, licensing and registering of persons intending to engage in business as Master or Employing Plumbers; fixing the fees for examination and inspection and providing penalties for the violation of any of the provisions of this ordinance, and stated that today was the time fixed for hearing on the same.

Commissioner Murray moved that the ordinance be laid over until May 7th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the construction of a pipe sewer in Carrington Street from Frelinghuysen Avenue to Sedgewick Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading;

An ordinance to provide for the construction of a pipe sewer in Carrington Street from Frelinghuysen Avenue to Sedgewick Street.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance to provide for the construction of a pipe sewer in Carrington Street from Frelinghuysen Avenue to Sedgewick Street," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the construction of a pipe sewer in Carrington Street from Frelinghuysen Avenue to Sedgewick Street.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Cleveland Avenue from Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same:

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Howe moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Cleveland Avenue from Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Howe moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that the title of an ordinance to provide for the grading, curbing, flagging and paving of Cleveland Avenue from Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Cleveland Avenue from Bayard Place to Sandford Avenue with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance

was declared adopted by the following votes.

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Bayard Place from Ivy Street to Schofield Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

Mr. John Fuhrmeister, 350 Stuyvesant Avenue: I have no objection to make to the work that is supposed to be done, but there is practically a conundrum there. Now, in this ordinance it says that we are supposed to make all street connections before the pavement is made. Now, the thing is this: How in the world can we connect with a sewer. There is no proposal, such as I took notice of yet to be laid before the street is paved. There is no sewer there and as it is practically like farm land yet, Bayard Place only having been opened—

Mayor Congleton: Mr. Burnett, do you propose to put a sewer in Bayard Place from Ivy Street to Schofield Street?

Mr. Burnett: Yes, sir.

Mr. Fuhrmeister: Cleveland Avenue has the same condition.

Mayor Congleton: No pavement is put down until a sewer has been put in.

Mr. Fuhrmeister: I mean there is no ordinance made or no motion made for the purpose, and I was inquisitive how we should make those connections under that new pavement without that being there. I am not objecting to that work being done.

Mayor Congleton: All those other utilities are put in before any pavement is laid. There is no question as to that.

Mr. Fuhrmeister: There is no question. Every twenty-five foot—

Commissioner Murray: That is only where it is required.

Mr. Fuhrmeister: My lot and my neighbor's is forty foot and we don't want two connections on our lot.

Mayor Congleton: There won't be. We always take twenty-five feet because that is a city lot, and all you have to do is to tell the Sewer Department or Water Department what size your lot is, what connections you want, and that is all you will get.

Mr. Fuhrmeister: Another question -- I may be in error, but I was under the impression that the Water Board and Gas Company always made connections as far as the curb.

Mayor Congleton: They put the mains in the streets, but your house connections you have to pay for.

Mr. Fuhrmeister: I mean only as far as the curb, not to the house. I know we have to pay for it. Then we have to pay for that, too? The reason I said that, for instance, the time I bought my place on Stuyvesant Avenue the party that had it before, I believe they had to pay \$6 to the gas company, which was reimbursed when gas was made use of. Are those the conditions now?

Mayor Congleton: These house conditions are only from the curb line to your house.

Mr. Fuhrmeister: All right.

Mayor Congleton: Does anyone else desire to be heard?

(No response.)

No one else appearing, Commissioner Gillen moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Bayard Place from Ivy Street to Schofield Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections: :

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Gillen moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the title of "An ordinance to provide for the grading, curbing, flagging and paving of Bayard Place from Ivy Street to Schofield Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance to provide for the grading, curbing, flagging and paving of Bayard Place from Ivy Street to Schofield Street with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete foundation.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The City Clerk presented An ordinance granting permission to Essex and Hudson Land Improvement Co. to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance granting permission to Essex and Hudson Land Improvement Co. to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that the title of "An ordinance granting permission to Essex and Hudson Land Improvement Co. to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue," be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the title of the ordinance as follows:

An ordinance granting permission to Essex and Hudson Land Improvement Co. to construct, operate and maintain a single track siding at grade in Albert Avenue and in Euclid Avenue.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows.

An ordinance authorizing the making and execution of an agreement between The City of Newark and the Mayor and City Council of the City of Elizabeth, and the Board of Public Works of the City of Elizabeth, for the supplying of not exceeding 25,000,000 gallons of water per day to the City of Elizabeth.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That an agreement in form hereinafter set forth be and the same is hereby authorized:

THIS CONTRACT, made this sixteenth day of April in the year 1929, BETWEEN THE CITY OF NEWARK, a municipal corporation, party of the first part, hereinafter called Newark; AND, THE MAYOR AND CITY COUNCIL OF THE CITY OF ELIZABETH, AND THE BOARD OF PUBLIC WORKS OF THE CITY OF ELIZABETH, party of the second part, hereinafter called Elizabeth, WITNESSETH:

WHEREAS, Elizabeth is now receiving its municipal water supply through Elizabethtown Water Company Consolidated and Plainfield Union Water Company, two corporations of the State of New Jersey; and

WHEREAS, Elizabeth is desirous of establishing a municipal water supply, either independently or in conjunction with other municipalities; and

WHEREAS, Newark is one of the contracting parties to the development of the Wanaque Water Supply now being constructed by North Jersey District Water Supply Commission, which supply it is now estimated will be available during the year 1930, and will be entitled, upon the completion of said supply, to 40.5 per cent. of the total waters available from said supply, estimated at 100,000,000 gallons per day; and,

WHEREAS, For the purpose of supplying certain of the southerly sections of its City, Newark has commenced the laying of a new pipe line leading from Belleville reservoir, maintained by Newark, to the southerly sections of

said City, which pipe line to supply the needs of the City of Newark would be at least a 60 inch steel pipe from Belleville reservoir to Branch Brook Park, 42 inches from Branch Brook Park to Peddie Street and 36 inches from Peddie Street to the Newark City Line; and

WHEREAS, In order to furnish the service to Elizabeth herein provided for, it is necessary to increase the size of said pipe line to at least 60 inch pipe throughout the entire line thereof; and,

WHEREAS, Elizabeth realizes that said increased capacity is for the purpose of making available to Elizabeth water of the Wanaque supply; and

WHEREAS, Elizabeth deems it to its interest that such pipe be of said increased size and is ready and willing to bear its proportionate share of the cost incident to the increase in the size of said pipe beyond that necessary to supply the southern portions of the City of Newark; and

WHEREAS, Newark and Elizabeth have, as hereinafter set forth, agreed upon the relative advantage to their respective municipalities by virtue of the construction of said new pipe line and the increased capacity thereof and have determined the fair proportion of the cost of said line which each of said municipalities should bear by virtue of said respective advantages;

NOW, THEREFORE, It is agreed between Newark and Elizabeth as follows:

1. Upon the completion of the pipe line at least 60 inches in size herein referred to, and after delivery to Newark of water from the Wanaque supply, now under development, Newark agrees, as hereinafter provided, to supply to Elizabeth and its successors, and Elizabeth does hereby agree to purchase, take and receive from Newark, for a period not exceeding fifteen (15) years, and to terminate when water is ready for delivery from the Chimney Rock, or other joint supply, such water as the City of Elizabeth may from time to time require and which Newark shall have available for such use, not exceeding 25,000,000 gallons per day.

All of said water so taken shall be delivered into a pipe line or pipe lines to be supplied by Elizabeth to connect with the water mains of the City of Newark at the City Line between Newark and Elizabeth. The connection of the pipe line or lines of Elizabeth to the Newark line shall be made at the expense of Elizabeth and the point or points of such connections shall be agreed upon between the respective parties hereto and shall be made under the supervision and direction of the engineer of Newark.

Any rearrangement of the distribution system of the City of Newark or cross connections of its feeder mains in the southern section of the City or additional connections from the Newark distribution system to the mains of Elizabeth to provide an emergency supply to Elizabeth in case of interruptions on the main feeder line contemplated to be built under this contract, provided such changes or cross connections are mutually agreed upon by the Engineer of Newark and the Engineer of Elizabeth, shall be installed and the cost thereof shall be paid to Newark by Elizabeth less any pro-rated part of said cost which may represent the advantage of such changes to Newark, such pro-rated portion of the cost to be also agreed to by the Engineers of Newark and Elizabeth; provided, however, that the amount to be paid to Newark by Elizabeth for any such changes or cross connections of pipe lines shall not exceed \$20,000.00.

Delivery of water to Elizabeth City Line shall be at a pressure represented by elevation at least one hundred and twenty feet (120') above sea level, except at such times as interruptions to the supply may occur.

2. It is further understood and agreed that the obligations of the City of Newark to deliver water hereunder and of Elizabeth to receive the same shall be subject to the prior right of Newark to supply water to all of its present or future consumers within the corporate limits of Newark, and to any other territory now being supplied by Newark, and to the performance by Newark of contracts heretofore entered into for supplying water to other municipalities and to the lawful right and ability of Newark to give and continue the supply of water hereunder

required by Elizabeth but this contract shall take precedence during its continuance over any additional contract or contracts Newark may make to supply water to municipalities or water companies, and it is further understood and agreed that Newark shall not be liable under any circumstances to Elizabeth or to any person or corporation for any interruption or discontinuance, deficiency or failure of the water supply hereby agreed to be furnished by Newark, whether occasioned by accident, shutting off water to make repairs or connections or by interruptions in Newark's supply.

3. Elizabeth hereby agrees to indemnify Newark and save it harmless from all liability, claims, demands, actions, costs and charges to which Newark may be subjected or which it may have to pay by reason of entering into and performing this agreement with Elizabeth.

4. Elizabeth agrees to pay to Newark for all water supplied to it under this contract in quarterly installments not later than January 15, April 15, July 15, and October 15, in each year, for the respective preceding quarter, at the rate of ninety dollars (\$90.00) per million gallons, Newark agrees to carefully measure all water delivered under this contract by meters set by Newark for that purpose at the points or connections between its mains and the mains of Elizabeth, the expense of said meters and the setting thereof to be paid for by Elizabeth. The meter readings shall be taken at least quarterly by representatives of Newark in company with and checked by representatives of Elizabeth. In the event that either party believes the meter or meters to be incorrectly recording the delivery, it may cause the meter or meters to be tested upon notice to the other party to this agreement. Should the meter or meters be found incorrect, the same shall be replaced or repaired at the expense of Elizabeth.

5. Elizabeth agrees to pay to Newark the sum of \$250,000 for the increased cost to Newark of enlarging the size of said pipe line beyond that necessary to supply the southern portions of the City of Newark, as above described. Such payment to Newark to be made as follows: \$50,000 within thirty days from the date of the award of a contract by Newark for the laying

of said enlarged pipe line to the Elizabeth City Line, and \$50,000 each three months thereafter for four additional payments. In the event that at any time hereafter the said enlarged pipe line shall be utilized by Newark for a supply from some source to the south of its boundary, or Newark ceases to supply water to Elizabeth, then the City of Newark shall make a refund to Elizabeth of a proportional part of the original payments made to it by Elizabeth on the basis of the remaining useful life of such pipe line.

6. It is further covenanted and agreed that this contract shall not become effective nor binding upon the parties hereto until and unless approval is secured by Elizabeth and Newark from any State commission or agency having jurisdiction over matters of this kind.

IN WITNESS WHEREOF, The City of Newark has caused this instrument to be signed by the Director of the Department of Public Affairs, attested by its City Clerk and its corporate seal to be hereto affixed; and said The Mayor and City Council of the City of Elizabeth have caused the same to be signed by the Mayor and President of the City Council, attested by the City Clerk and its proper corporate seal to be hereto affixed, and said the Board of Public Works of the City of Elizabeth has caused the same to be signed by its President, attested by the Clerk of the Board of Public Works and its proper corporate seal to be hereto affixed, all in duplicate, the day and year first above written.

Signed, sealed and delivered  
in the presence of:

THE CITY OF NEWARK

By, .....  
Director of the Department  
of Public Affairs.

Corporation Counsel of the City  
of Newark.

Approved as to form:

.....  
City Attorney of the City  
of Elizabeth.

and the Director of the Department of Public Affairs and the City Clerk are hereby authorized and directed to execute said agreement on behalf of the City of Newark.

2. This ordinance shall take effect immediately upon final passage and publication in accordance with law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Murray moved that April 30th, 1929, at 10 A.M. Standard Time, 11 A.M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe introduced the following ordinance and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to provide for the construction of a system of sewers to be known and designated as the "Cleveland Avenue and Bayard Place Storm and Sanitary Sewers."

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That a system of sewers to be known and designated as the Cleveland Avenue and Bayard Place Storm and Sanitary Sewers shall be constructed as follows: In Stuyvesant Avenue from Allen Street to Ivy Street; in Ivy Street from Stuyvesant Avenue to Sandford Avenue; in Bayard Place from Ivy Street to Schofield Street and in Cleveland Avenue from Bayard Place to Sandford Avenue. The sewer in Stuyvesant Avenue from Allen Street to Ivy Street to be thirty-six (36) inch reinforced concrete pipe; in Ivy Street from Stuyvesant Avenue to Bayard Place to be twenty-four (24) inch reinforced concrete pipe, and from Bayard Place to Chapman Street fifteen (15) inch reinforced concrete pipe; in Bayard Place from Ivy Street to Cleveland Avenue twenty-four (24) inch reinforced concrete pipe, and in Cleveland Avenue from Bayard Place to Sandford Avenue fifteen (15) inch reinforced concrete pipe. The above sewers to be used for storm water only. Together with sewers for house sewage only from Ivy Street to Schofield Street; in Ivy Street from Chapman Street to Sandford Avenue and in Cleveland Avenue from Bayard Place to Sandford Avenue. These sewers to be eight (8) inches in diameter, with four (4) inch cast iron house connections to the curb lines, together with all appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 11, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement

shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$25,000.00 is hereby appropriated pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$25,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that May 7th, 1929, at 10 A. M. Standard Time, 11 A.M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion

was declared adopted by the following votes.

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for alterations to the Bay Avenue Pumping Station, from a steam to an electric plant.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the Bay Avenue Pumping Station shall be altered from a steam to an electric plant, together with all the appurtenances necessary to complete the same, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated April 12, 1929, and now on file in the office of the Department of Public Affairs.

Section 2. That said improvement shall be undertaken as a general improvement and the cost thereof assessed against the City at large, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$16,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$16,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Fin-

ance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that April 30th, 1929, at 10 A. M. Standard Time 11 A.M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

... resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED**, That David Glaser of 227 Waverly Avenue, Newark, N. J., a resident of the Sixteenth Ward, be and he is hereby appointed a Constable of the said Sixteenth Ward for a term expiring January 1, 1930.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**RESOLVED**, That the following bonds be and the same are hereby approved as to sufficiency:

**Employees' Indemnity Bonds:**

Henry D'Aloia, Deputy Collector of Personal Taxes in Arrears.

Emil J. Schaumer, Temporary Deputy Collector.

John Howe  
Jerome T. Congleton  
Charles P. Gillen  
Jno. F. Murray, Jr.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Congleton.

**WHEREAS**, The Board of Chosen Freeholders of the County of Essex has passed the following resolution:

"**WHEREAS**, South Orange Avenue between Longfellow Avenue in the City of Newark and the D., L. & W. Railroad in the Village of South Orange, is a County road; and

"**WHEREAS**, In order to accommodate public convenience, it is desired that Public Service Coordinated Transport relocate its street railway tracks, poles and wires in South Orange Avenue between Longfellow Avenue in the City of Newark and the D., L. & W. Railroad in the Village of South Orange, which relocation Transport, at

the request of the Board of Chosen Freeholders and with the consent of the City of Newark and the Village of South Orange, is willing to make, said relocation to be made as indicated on the map or plan numbered 21707-L and entitled "Public Service Coordinated Transport Engineering Department, proposed relocation of tracks on South Orange Avenue—Longfellow Avenue, Newark, to D., L. & W. Railroad, South Orange," dated July 27th, 1928, and revised February 26th, 1929; therefore be it

"**RESOLVED**, That request is hereby made to Public Service Coordinated Transport to take up, remove and relocate its street railway tracks from the sides of said Avenue to the center thereof, and also to relocate the poles, and wires from their previous locations, in the manner shown and indicated on said map or plan which is attached hereto and made a part hereof, and consent and permission are hereby given for the same and the said Public Service Coordinated Transport, upon complying with this request, has consent to use, operate and maintain the said railway at the place and places to which same is removed as herein provided; it being understood and agreed that the said Board of Chosen Freeholders will provide and make ready the proper subgrade for said tracks at the new location and will install the pavement, including the concrete base for the same at the new track area, all at its own cost and expense, and that Public Service Coordinated Transport will, at its own cost and expense, provide and, in good workmanlike manner, put in place on the subgrade so to be furnished, the ballast, ties and rails of the new tracks, and, upon completion of the new work, including the pavement, remove the present rails and ties from the sides of the road and thereafter operate and maintain its railway in the new location, the operation of said railway to be subject to the same provisions, restrictions and limitations as such railway is now under, Public Service Coordinated Transport and its successors and assigns to have the right to maintain and operate the said street railway in the new location for as long a period as it had the right to maintain and operate the said street railway in its former location, at the

time of such relocation, all as specified and set forth in the Statute hereto appertaining."

BE IT RESOLVED, By the Board of Commissioners of the City of Newark, that said resolution be and it is hereby accepted; and

BE IT FURTHER RESOLVED, That the relocation of the street railway tracks, poles and wires of Public Service Coordinated Transport be and it is hereby consented to, sanctioned and approved, said Public Service Coordinated Transport, its successors and assigns to have the right to maintain and operate said street railway in the new location for as long a period as it had the right to maintain and operate said street railway in its former location, at the time of such relocation all as specified in the Statute hereto appertaining.

Law Offices,  
810 Broad Street,  
Newark, N. J.

April 15, 1929.

William J. Egan, Esq.,  
City Clerk,  
City Hall,  
Newark, N. J.

My dear Mr. Egan:

**In Re: Proposed Mulberry Street  
Widening.**

Answering your letter of the ninth instant, with reference to the ordinance covering the proposed widening of Mulberry Street, in this city, may I say that I think this is a matter which might well be taken up between the engineers of the City and the engineers of the property owners represented by Mr. Lum and me. Instead of taking the time of the whole Commission at one of their regular meetings, I think a round table discussion of the questions involved and the plans suggested might well be had some time before the next meeting of the Commission. If agreeable to the City authorities Mr. Lum and I will hold ourselves in readiness, any time on Friday, the nineteenth instant, or Saturday, the twentieth instant, to come to the City Hall, with our engineers, and discuss the whole matter of the proposed widening of Mulberry Street with his Honor, the Mayor, and/or representatives of the City Engineering Department. May I ask you to let me know your pleasure in the matter of a meeting, and if such a conference is thought advisable, please advise me the time which will be convenient and agreeable?

Yours very truly,

J. H. Harrison.

Ordered referred to Mayor Congleton.

A communication dated April 4th, 1929, from the Essex County and Vicinity District Council, U. B. of C. & J. of A., relative to wages of carpenters and joiners and hours of employment was received, read and on motion a copy ordered sent to each Commissioner.

A communication dated April 9th, 1929, from sixty-one property owners on South Street relative to lights on that street was received, read and on motion ordered referred to Mayor Congleton.

Mayor Congleton: I might say, gentlemen, that that is all being attended to. In reference to the communication from the carpenters, I received one also from the plumbers. I don't know whether you did or not, about the five day week. I would suggest that we take both communications up at our next conference.

Mayor Congleton: Does any person have any matter to bring to the attention of the Commission this morning?

Judge Minisi: Mr. Mayor, I am appearing here in a rather formal manner and making an appeal from a decision of the Zoning Board. Now, I understand that it has been done on previous occasions where a citizen is dissatisfied with the ruling of the Zoning Board they appeared before the Commission and this Commission has referred the matter back to the Zoning Board with a recommendation. Now, if I am mistaken in my impression I don't think I ought to go any further.

Mayor Congleton: I don't think we go quite as far as recommending. We sometimes refer it back for further investigation, but we don't attempt to recommend without hearing both sides.

Judge Minisi: Now, this matter involves a property on Stone Street—49 and 51 Stone Street in the City of Newark. On the premises there is constructed a garage that is now owned by a man named Frank Lucciano. Frank Lucciano bought the property upon a representation made to him that this property could be used as a public garage, and the record of the Bureau of Combustibles, a subdivision of the municipal government, indicates that a permit for the operation—

permitting the operation of this property as a public garage and the storing of 500 gallons of gasoline was actually issued. On this representation this man purchased the property—

Commissioner Gillen: When was that issued?

Judge Minisi: During the year 1928. It expires May 1, 1929. Now, the property was used as a public garage for the period of one year. No damage has been done to anyone, no injury has been sustained by any of the residences of that section of the City, and I have a petition here signed by practically every property owner and resident within 200 feet of the premises in question. Now, the matter came up before the Board last week and there were three objectors—or rather, three groups of objectors of two each—about six people appeared here and they represented that they were the owners of three pieces of property. Now, two of the objectors are operating garages in the same locality. One is next door to this property and one is directly across the street. And I say that these people who are objecting to the use of this property as a public garage certainly come here with very, very poor grace when they are operating garages themselves. Now, one is a commercial garage—I am not trying to mislead the Board of Commissioners at all—one is a commercial garage and the other is a private garage, but nevertheless the building is used for the purpose of storing automobiles and the commercial garage has a capacity equal to the property in question, and it is used for the storing of big trucks—five and six and seven ton trucks, as I am informed.

Commissioner Gillen: On Stone Street?

Judge Minisi: On Stone Street. There is a demand for garage space in the neighborhood. This man now has every square inch of that garage filled and is filled to capacity and the people in the neighborhood who need this space have signed this petition requesting that the Zoning Board grant permission to the owner of this property for the use of that property as a public garage. The only other objector is the owner of a tenement house and I understand that he comes here because of some hard feeling that has been

created between the applicant and the owner of this tenement house. Now, that is the situation. I think the Commissioners are familiar with the neighborhood. It is a neighborhood where garages are very, very common as indicated by the fact that there is one next door and one directly across the street. I certainly feel that this man who has put every dollar that he owns, hard earned dollar, on the representation that this property could be used, a representation indicated by a document issued by a subdivision of this municipality, and I certainly feel that he is entitled to relief.

Mayor Congleton: Isn't this the case where application was made in the first instance for a garage and it was turned down and they revamped their application for a warehouse and got that and then converted the warehouse into a garage?

Judge Minisi: Yes, sir; but not by this owner. This man comes here with clean hands.

Mayor Congleton: It is a case Commissioner Brennan has had up and I wouldn't feel I would want to take any action in his absence on the matter. He has taken some stand in the matter, I think.

Judge Minisi: I quite agree with you, Mr. Mayor.

Mayor Congleton: I would suggest that the matter be received and that we postpone final action until next week when Commissioner Brennan is here so we might hear his side of the matter.

Commissioner Gillen: I don't think it could be used for anything but a garage.

Mayor Congleton: It was built as a warehouse.

Judge Minisi: This man knew nothing about it. He bought the property on the basis of a permit that was issued by the City.

Commissioner Gillen: I move it be laid over until Commissioner Brennan returns.

Judge Minisi: May I be permitted to lay it before the Commission when Commissioner Brennan is here?

Mayor Congleton: Yes.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe,  
Murray, Mayor Congleton.

The following petition was received  
and read:

We, the undersigned, property owners and residents in the vicinity of the garage owned by Frank Luciano on premises 49-51 Stone Street, Newark, N. J., hereby express our willingness and desire to have permit to conduct a public garage upon said premises 49-51 Stone Street, Newark, N. J., granted to the said Frank Luciano.

We further certify that said garage has been conducted as a public garage by the said Frank Luciano during the year of 1928, and that no complaints of any kind have ever been heard by us or made by us to the manner in which said garage was operated.

We further certify that said garage is a necessity for the neighborhood, and that many persons owning cars in said neighborhood are unable to store their cars except in the said garage space provided by the said Frank Luciano.

(Signed by sixty-one property  
owners and residents.)

Commissioner Howe moved that the matter be laid over for one week until Commissioner Brennan's return and taken up in conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe,  
Murray, Mayor Congleton.

Adjourned without motion.

APPROVED:

JEROME T. CONGLETON  
JOHN HOWE  
CHARLES P. GILLEN  
JNO. F. MURRAY, JR.

The Board of Commissioners of  
The City of Newark, N. J.

W. J. EGAN,  
City Clerk.

Newark, N J, April 23, 1929

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The minutes of meeting of April 16th were read and approved.

The City Clerk presented An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance at this time?

Mr. William Righter, 196 Market Street: Mr. Commissioners, as it goes over for two weeks—yes, it is necessary to speak now as to division of costs of this improvement. Now, it appears to me as to other ordinances passed the division of cost is a prime matter in my mind. Now, this widening is not for the benefit of the people in the immediate neighborhood—at least, I find it isn't so. I have a piece of property, as you know, included in the boundary of the costs. The opening of Branford Place was assessed partly on that property, from which I could never see that it realized any benefit whatever. Now, the benefit of the widening of this street seems to me to be more of a city affair than it is of the immediate neighborhood. Now, I have a piece of property on Mulberry Street just south of Mechanic Street and as I offered the other night to Mr. Murray if he would take over the property to yield me a little interest on the assessment I would be glad to rent it to him. Now, that property with all these benefits that have been assessed upon it is rented temporarily for \$65. a month. A store and two stories above. And the person in it could not make a living and now if

you are going to add expenses on it all the time that have benefited people from Elizabeth and people from Belleville so as to get a direct route through I don't see it is right. I think that the other part of the city should be assessed partly for this benefit.

Mayor Congleton: Colonel Righter, we have told it time and time again that this street won't be treated any worse than Washington Street or Jones Street or some of the other main arteries where the city has borne 75 per cent.

Mr. Righter: Mt. Prospect Avenue?

Mayor Congleton: No, Mt. Prospect Avenue was an entirely different proposition. That was a paving; this is a widening. On Washington Street the City assumed 75 per cent. of the cost and the City assumed 75 per cent of the cost on Jones Street, and it has on most of the widenings for the purpose of through traffic.

Mr. Righter: Thank you, very much. I didn't understand so, but I couldn't see it in the ordinance.

Mayor Congleton: It isn't in the ordinance, but the Assessment Commission is charged with a certain duty and they have been performing it and I assume they will do it in this case.

Mr. Righter: Assuming is one thing

Mayor Congleton: If they don't, you have your redress.

Mr. Righter: I never found it so.

Mayor Congleton: Well, most people have.

Mr. Righter: Most people. Mention some, please.

Mayor Congleton: Oh, plenty of them.

Mr. Righter: Well, if the property owners are only to be assessed 25 per cent., why, well and good.

Mayor Congleton: Well, they won't be assessed more than that, I can guarantee.

Mr. Righter: Will you? All right. Thank you.

Mayor Congleton: If there is no one else to be heard at this time, I desire to offer an amendment to this ordinance reducing the width from 110 feet to approximately 100 to 101 feet. The description is being checked and it is here before us and I would like to

offer that first amendment at this time if some one will second it.

No one else appearing, Commissioner Gillen moved that the hearing be closed:

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

"An ordinance providing for the opening and widening of Mulberry Street from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street) by the addition thereto of the eleven (11) following described parts."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

The clerk then read the ordinance by sections:

Title declared open to amendment.  
Section 1 declared open to amendment.

Commissioner Howe offered the following amendment: "Amend Section 1 by striking out Part No. 1, and inserting in lieu thereof the following:

"Part No. 1. On the easterly side thereof from Market Street northerly to Clinton Street:

Beginning at the southeasterly corner of Clinton Street and Mulberry Street; thence running easterly along the southerly line of Clinton Street 35.25 feet, more or less to the division line between lots 1 and 38 of block 148 on the Newark City Tax Map; thence southerly along the easterly line of lots 38 and 30 of Block 148 on aforesaid map 175 feet, more or less, to an angle point in the division line between lots 30 and 28 of Block 148 on aforesaid map; thence easterly along said division line 2 feet, more or less, to another angle point in said line; thence southerly still along said division line 47' 3" to the northerly line of Market Street; thence westerly

along the same 47 feet, more or less, to the northeasterly corner of Market Street and Mulberry Street; thence northerly along the easterly line of Mulberry Street 225.29 feet to the place of beginning; being lots 38 and 30 of Block 148 on aforesaid map."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following amendment: "Amend Section 1 by striking out Part No. 2, and inserting in lieu thereof the following:

"Part No. 2. On the easterly side thereof from Clinton Street northerly to Commerce Street, being a strip 35 feet in width extending from the northerly line of Clinton Street northerly to the southerly line of Commerce Street."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following amendment: "Amend Section 1 by striking out Part No. 5, and inserting in lieu thereof the following:

"Part No. 5. On the easterly side thereof from Commerce Street northerly to Canal Street:

"Beginning at the northeasterly corner of Commerce Street and Mulberry Street; thence northerly along the easterly line of Mulberry Street 117.25 feet to the southeasterly corner of Mulberry Street and Canal Street; thence easterly along the southerly line of Canal Street 20.04 feet, more or less, thence southerly parallel to and distant 108 feet measured easterly at right angles from the second course of Part No. 3 herein, 117.15 feet, more or less, to the northerly line of Commerce Street; thence westerly along the same 36.23 feet to the place of beginning."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the fol-

wing amendment "Amend Section 1 by striking out Part No. 10, and inserting in lieu thereof the following:

"Part No. 10. On the westerly side thereof, from East Park Street northerly to Aronson Square (formerly Center Street), being a strip 35 feet in width extending from the northerly side of East Park Street northerly to Aronson Square (formerly Center Street)."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Commissioner Howe offered the following amendment: "Amend Section 1 by striking out the second paragraph of Part 11, and inserting in lieu thereof the following:

"All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1299-O, dated April 22, 1929, under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilen, Howe, Murray, Mayor Congleton.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

The ordinance as amended was then read through by the clerk, as follows:

An ordinance providing for the opening and widening of Mulberry Street, from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street), by the addition thereto of the eleven (11) following described parts:

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1 That Mulberry Street from a point about 27 feet south of the southerly line of Market Street northerly to Aronson Square (formerly Center Street) shall be opened and widened as a public street or highway, by the addition thereto of the eleven (11) following described parts:

Part No. 1. On the easterly side thereof from Market Street northerly to Clinton Street:

Beginning at the southeasterly corner of Clinton Street and Mulberry Street; thence running easterly along the southerly line of Clinton Street 35.25 feet, more or less, to the division line between lots 1 and 38 of Block 148 on the Newark City Tax Map; thence southerly along the easterly line of lots 38 and 30 of Block 148 on aforesaid map 175 feet, more or less, to an angle point in the division line between lots 30 and 28 of Block 148 on aforesaid map; thence easterly along said division line 2 feet, more or less, to another angle point in said line; thence southerly still along said division line 47' 3" to the northerly line of Market Street; thence westerly along the same 47 feet, more or less, to the northeasterly corner of Market Street and Mulberry Street; thence northerly along the easterly line of Mulberry Street 225.29 feet to the place of beginning; being lots 38 and 30 of Block 148 on aforesaid map.

Part No. 2. On the easterly side thereof from Clinton Street northerly to Commerce Street, being a strip 35 feet in width extending from the northerly line of Clinton Street northerly to the southerly line of Commerce Street.

Part No. 3. On the westerly side thereof from Commerce Street northerly to Mulberry Court:

Beginning at the northwesterly corner of Mulberry Street and Commerce Street; thence along the northerly line of Commerce Street north 63° 31' west 4.95 feet; thence north 27° 29' east 62.43 feet to the southerly line of Mulberry Court; thence along the same south 63° 19' 40" east 13.71 feet to the southwest corner of Mulberry Court and Mulberry Street; thence along the westerly line of Mulberry Street south 35° 27' 20" west 63.15 feet to the place of beginning.

Part No. 4. On the westerly side

thereof from Mulberry Court northerly to Canal Street.

Beginning at the northwesterly corner of Mulberry Court and Mulberry Street; thence along the northerly line of Mulberry Court north  $64^{\circ} 32' 40''$  west 17.43 feet; thence north  $27^{\circ} 29'$  east 44.74 feet to the southerly line of Canal Street; thence along the same south  $68^{\circ} 4' 40''$  east 24.03 feet to the southwesterly corner of Canal Street and Mulberry Street; thence along the westerly line of Mulberry Street south  $35^{\circ} 27' 20''$  west 46.88 feet to the place of beginning.

Part No. 5. On the easterly side thereof from Commerce Street northerly to Canal Street:

Beginning at the northeasterly corner of Commerce Street and Mulberry Street; thence northerly along the easterly line of Mulberry Street 117.25 feet to the southeasterly corner of Mulberry Street and Canal Street; thence easterly along the southerly line of Canal Street 20.04 feet, more or less; thence southerly parallel to and distant 108 feet measured easterly at right angles from the second course of Part No. 3 herein, 117.15 feet, more or less, to the northerly line of Commerce Street; thence westerly along the same 36.23 feet to the place of beginning..

Part No. 6. On the easterly side thereof from Canal Street about 67.45 feet northerly.

Beginning at the northeasterly corner of Canal Street and Mulberry Street; thence northerly along the easterly line of Mulberry Street 67.45 feet, more or less, to the division line between lots 50 and 51, of block 139, of the Newark City Tax Maps; thence southerly in a straight line 64.79 feet, more or less, to the northerly line of Canal Street; thence westerly along the same 10 feet to the place of beginning.

Part No. 7. On the westerly side thereof from Canal Street northerly to Boudinot Street.

Beginning at the northwesterly corner of Canal Street and Mulberry Street; thence westerly along the northerly line of Canal Street (formerly North Canal Street) 37 feet, more or less, to a point in extension northerly in a straight line across Canal Street

of the second course of Part No. 4 herein; thence northerly 79 feet, more or less, to the southerly line of Boudinot Street, along a line of which if extended northerly across Boudinot Street would intersect the northerly line of same at a point 51 feet westerly from the southeasterly corner of lot 26, block 141, of the Newark City Tax Maps; thence easterly along the southerly line of Boudinot Street 52 feet, more or less, to the southwesterly corner of Boudinot Street and Mulberry Street; thence southerly along the westerly line of Mulberry Street 83.39 feet to the place of beginning.

Part No. 8. On the westerly side thereof from Boudinot Street northerly to a point about 73 feet south of the southerly line of East Park Street measured along the westerly line of Boudinot Park.

Beginning at a point in the northerly line of Boudinot Street, which point is also the southeasterly corner of lot No. 26, block 141, of the Newark City Tax Maps; thence westerly along the northerly line of Boudinot Street 51 feet; thence northerly 187.65 feet, more or less, to a point in the westerly line of Boudinot Park distant southerly 73 feet from East Park Street; measured along the westerly line of Boudinot Park, which point is the division line between lots No. 17 and 15, block 141, of the Newark City Tax Maps; thence southerly along the westerly line of Boudinot Park 180.33 feet, more or less, to the place of beginning.

Part No. 9. On the westerly side thereof:

Being all that triangular plot of land known as Boudinot Park, extending from the southerly line of East Park Street southerly about 290 feet to its terminus at or near Boudinot Street and extending from the westerly line of Mulberry Street westerly 80 feet, more or less, to the easterly line of lots 26, 21, 19, 17 and 15 of block 141, of the Newark City Tax Maps.

Part No. 10. On the westerly side thereof, from East Park Street northerly to Aronson Square (formerly Center Street), being a strip 35 feet in width extending from the northerly side of East Park Street northerly to

Aronson Square (formerly Center Street).

Part No. 11. On the easterly side thereof from Market Street southerly about 27 feet.

Beginning at the southeasterly corner of Mulberry Street and Market Street; thence southeasterly along the southerly line of Market Street 75 feet, more or less, to the northerly line of lot 16, block 162, of the Newark City Tax Maps; thence southwesterly along the same 35 feet, more or less, to the northerly line of lot No. 10, block 162, of the Newark City Tax Maps; thence northwesterly along the same 79 feet, more or less, to the easterly line of Mulberry Street; thence northeasterly along the same 27 feet, more or less, to the place of beginning; being all of lot No. 13, block 162, of the Newark City Tax Maps.

All as shown on a map prepared under the direction of this Board, which map is hereto attached and made a part hereof and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1299-O, dated April 22, 1929, under and by virtue of the provisions of an Act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P.L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received, and in no case shall any assessment for said improvement exceed in amount such peculiar benefit, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$3,850,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$3,850,000.00, under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or

any municipality governed by an improvement commission," approved March 22, 1916 (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Commissioner Howe moved that May 14th, 1929, at 10 A.M. Standard Time, 11 A.M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Congleton.

Mayor Congleton: This ordinance having now been amended in a material respect will have to go over to May 14th.

Mr. Righter: Isn't that Election Day?

Mayor Congleton: It isn't a legal holiday. Further hearing on this ordinance is postponed to May 14th.

The City Clerk presented An ordinance to provide for the grading, curbing, flagging and paving of Van Vechten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Congleton: Does anyone desire to be heard on this ordinance?

(No response.)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-  
len, Howe, Murray, Mayor Congleton.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to provide for the grading, curbing, flagging and paving of Van Vechten Street from Frelinghuysen Avenue to the City Line with asphalt pavement (1½" top-1½" binder) on a new six (6) inch concrete base.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
